## HOME MISSIONS.

### NINETEENTH ANNUAL REPORT

(The eighty-seventh from its Organization)

OF THE

# BOARD OF HOME MISSIONS

OF THE

PRESBYTERIAN CHURCH IN THE UNITED

STATES OF AMERICA.

Presented to the General Assembly, at New York, N. Y.
May 16th, 1889.

Presbyterian Mouse:

No. 53 FIFTH AVENUE, NEW YORK.

1889.

## MEMBERS

OF THE

# Board of Home Missions of the Presbyterian Church,

IN THE UNITED STATES OF AMERICA.

The term of service of the following expires in May, 1890.

MINISTERS.

LAYMEN.

REV. THOMAS A. NELSON, D.D. " WILSON PHRANER, D.D.

JOHN S. KENNEDY. JOHN TAYLOR JOHNSTON. JOHN E. PARSONS.

The term of service of the following expires in May, 1891.

MINISTERS.

LAYMEN.

REV. JOHN HALL, D.D.

" HENRY M. BOOTH, D.D.

" JOHN R. PAXTON, D.D.

GEO. R. LOCKWOOD.

TITUS B. MEIGS.

The term of service of the following expires in May, 1892.

MINISTERS.

LAYMEN.

REV. THOS. S. HASTINGS, D.D. JOS. F. JOY. REV. CHAS. L. THOMPSON, D D.

JACOB D. VERMILYE. WALTER M. AIKMAN.

### OFFICERS.

Rev. JOHN HALL, D.D., President.

- " HENRY KENDALL, D.D. | Corresponding
- " WILLIAM IRVIN, D.D. | Secretaries.
- O. D. EATON, Treasurer.

OSCAR E. BOYD, Recording Secretary.

# HOME MISSIONS.

# THE NINETEENTH ANNUAL REPORT.

With devout thankfulness to Almighty God for all His mercies the Board of Home Missions presents to the General Assembly its eighty-seventh annual report—which is, also, its nineteenth since reunion.

We regret to say that death has invaded our ranks again, and the Rev. Alfred Yeomans, D.D., has been removed from the scene of his earthly labors. He died after a brief illness at his home in Orange, New Jersey, March 20th, 1889.

Otherwise the names of the members and officers of the Board have remained the same during the year, and a great degree of harmony has prevailed in regard to all the features of their work.

But we have to record the removal by death of seven missionaries during the year. Their names are:

	REV. S. S. JOHNSONKansas.
" JOHN SILSBYTennessee.	" THOS. JOHNS
" A. A. ROGERSKansas.	" THOS, H. BYINGTONInd. Ter.
REV. EDW. HOPPER, L	O.DNew York.

#### A PROSPEROUS YEAR.

We have on our present list of missionaries 106 more than we had last year. We do not regard this fact as any evidence of prosperity; one evidence of prosperity is the number of churches that release their hold on the Board and become self-supporting. But we are compelled, year by year, to report that a smaller number become self-sustaining than the number organized. We are constrained again to call the attention of the presbyteries to this subject. We are often told with regard to certain presbyteries and synods, that a large number of their churches that ought to be

independent of the Board are still drawing from its treasury. While we are continually needing more money than we can obtain, we desire to remind the presbyteries that what they can save us by urging self-support will aid by so much to carry our work into "the regions beyond," where it is so much needed. Urge the churches to assume self-support, so that they may thereby help the feeble and the destitute.

In other respects, to a very large extent, everything has been encouraging. The country has been prosperous; the seasons, particularly the winter past, have been unusually pleasant; missionaries have been able to keep their appointments, and the people to attend religious services, even where, as in so many eases, they have been protracted through many days. Meanwhile God has given the people "the hearing ear." The missionaries declare that it is easy to preach when the people wish to hear, and that everywhere, even in places most hardened and neglected, the people have shown a disposition to hear and heed the Gospel call. Many souls have been converted; many churches have been organized, and many others have been strengthened and enlarged.

#### THE BOARD OF CHURCH ERECTION.

A large number of church edifices have been built or repaired and dedicated during the year. A church still worshipping in a school-house or a hall is poorly equipped for aggressive work. A church well housed gives evidence of permanence and success. We make heartfelt acknowledgments to the Board of Church Erection for assisting so many of our missionary churches to erect and dedicate houses of worship unto the Lord.

THE BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

We are under obligations to this Board. Like the Church Erection Board it is wholly independent of the Board of Home Missions. Last year, wholly on its own responsibility, it sent out an unusual number of Sabbath-school workers into the Western States and Territories. They there came in contact with our missionaries, many of whom have spoken gratefully and in the highest terms of their good common sense, Christian zeal and successful labors. They have been real helpers in the work of the Lord.

#### THE WORK IN THE OLDER STATES.

From all the Eastern States a great tide of emigration has been rolling outward and westward for many years. The young and vigorous, the enterprising and the brave, have gone out from their old homes and limited environment into the large, free, and open West, or to the great and growing cities of the East, to seek their fortunes. The old people have been left behind, and they have died rapidly; and often when their children return after a few years they are shocked to find the great congregation of their earlier years dwindled down to a handful, the Sabbath-school almost abandoned, and the sad evidences of increasing weakness and decay abounding on every hand.

Railroads, that have done so much to facilitate the removal of those who desired it, have done much in producing this result. In many instances they turn away business and travel from what were large towns, and perhaps build up some manufacturing city not far away, and thus deplete the places where once were flourishing churches and communities. The outflow of our own people has made room for foreigners to flow in, and in many a place where forty years ago scarcely one such could be found, now the Roman Catholics have the largest congregations in town. The rural districts that were originally settled by a solid Protestant population are becoming settled by them. The Irish Romanists that forty years ago were largely a floating population, going from place to place where railroads and canals or other public works were undergoing construction, are now buying farms, taking the place of Protestants, and becoming a permanent part of the population.

The American Home Missionary Society has an increasing number of missionary churches in New England every year.

Our own field has suffered to nearly the same extent. According to the last Minutes, there are 518 vacant churches in the large and vigorous synods of New York, Pennsylvania, Ohio, Indiana and Michigan; not all vacant from their own feebleness, but presumably largely from that cause.

To look at it in another light, we find there are 354 churches in these synods that have less than thirty members each. Yet what a small number thirty is to constitute a self-sustaining church! It is fair to presume that many of the churches considered as feeble and decaying have more than that number credited to them on the Minutes. But, taking either estimate, 518 vacant churches in five synods, or on an average of over 100 to each synod, or 354 having less than thirty members each, or over seventy to each synod, the showing is such as sharply to arrest the attention of any synod. It is useless to try to belittle the picture by saying that New York Synod has 804 churches, while it is confronted with ninety-nine vacant churches or seventy-five with less than thirty members each; or that Pennsylvania has 1,059 churches, with 180 vacant and eighty-nine that have less than thirty members each.

But the process of decay is much more alarming than many suppose. It has become a prominent feature in missionary work, and because it is so, our presbyteries are slow to see its magnitude, or to grapple with it. The last year only 206 churches were organized in our bounds, and eighty-eight were dissolved; so that for every twelve churches formed we lost over five. Such a loss and waste cannot fail to arrest the attention of the most careless.

But there is now a growing interest in the welfare of the old and feeble churches and waste places in the older States. It is a most healthy and hopeful sign. There have been times when with the most earnest effort for the extension of the Church into the new country at the West, it was almost impossible to awaken any interest in the feeble churches at the East. It is not so now. The synodical sustentation schemes adopted in New York, New Jersey and Pennsylvania have done something to work this desirable change, and a constant reiteration of facts and appeals have brought the churches to see how great and important a work it is to care for the older portions of the country as well as the new.

Ohio and Indiana are moving in the same direction. They have not completed any synodical plans, but their last synodical meetings had the matter of their own feeble churches under consideration, and that consideration will almost certainly lead to general action.

The schemes, looking to the welfare of the weak and decaying churches in New York, New Jersey and Pennsylvania, differ considerably, and those of Ohio and Indiana may also differ from them;

but if all the presbyteries and synods become thoroughly impressed with the greatness and importance of missionary work in their own bounds, we may safely trust them to correct their own mistakes, and, at length, adopt the best possible methods to do the work. It is a great point gained when the oldest and strongest synods and presbyteries come to consider and provide for the destitution in their own bounds.

#### THE TERRITORY BEYOND THE MISSISSIPPI.

This is, after all, the great field for Home Missionary work. The number of States east of that river is greater than west of it. But the average areas of the States west are much larger than those east of it—yet the population east of the Mississippi is three times as great as west of it. So small a population, distributed over so vast a space, cannot fail to suggest that the churches now existing there must be small and weak, and must need help this year and years to come, and also that there is room for a vastly greater population, which is certain to pour into their bounds, and will make necessary many new churches, that will need aid for long years to come. In that part of the country, till quite recently, there were nine Territories, whose population did not warrant their organizations as States, whose aggregate area was 928,000 square miles—more than twenty times the area of Pennsylvania.

#### FOUR NEW STATES.

Scarcely anything can express the growing need of our work more emphatically than that three of these great Territories, containing 367,000 square miles, have just become four sovereign States in a single day. The fact is unprecedented in our history, and it is a striking illustration of the extension of the population westward.

It is but a few years since we had no Presbyterian church in Dakota. Now we have 184 churches, eight presbyteries and two synods.

Washington Territory that was, which looks out on the broad Pacific, has now become a State. Into the very heart of it projects Puget Sound, a harbor in which the navies of the world might ride in safety, and whose arms reach out in all directions. The new State is assuming new importance. New railroads are penetrating it, bringing in an immense immigration; cities are springing up around the Sound, and large towns are growing up beside its numerous and navigable rivers, and never before have we had such a demand made on us for men to occupy promising points in the State to preach the Gospel. That farther Northwest has waited long, but her opportunity has now come, and so has the day for the Church to press forward and take possession for Christ.

One of the great Navy Yards of the United States is soon to be established on the waters of that State.

Between Dakota and Washington lies the new State of Montana, a great mining, grazing and agricultural State—more than three times the size of New York, and largest of all the forty-two States except California and Texas. It is awaking to the new responsibilities of statehood; and new openings for churches are now, for the first time, urged upon our attention. These four new States—eight times as large as Pennsylvania—but just beginning to be settled, are now clamoring for men; and to a moral certainty they will continue to be settled more and more rapidly for many years to come; and with equal certainty may we calculate on appeals for more churches and more men to preach the Gospel as the years go on.

Add to these the six royal States between the Mississippi and the Rocky Mountains, namely, Minnesota, Iowa, Missouri, Nebraska, Kansas and Texas, none of them recently organized, yet not half settled, into which has been pouring a steady stream of missionaries for twenty-five years and more, with scarcely any abatement in the demand, and we can see what lies before us.

Take that triangle of States lying along the western valley of the Mississippi from the Gulf of Mexico on the south to the British Possessions on the north, and thence westward to the Pacific Ocean, and we have an area of about a million of square miles, more than twenty-two times the size of Pennsylvania, and many of these as capable of sustaining as dense a population as the Key-stone State itself, and on that basis the population would amount to more than 100,000,000 of people—on the basis of the density of the population of Massachusetts, 225,000,000. We are laying foundations for these incoming millions. We are laying

foundations for their evangelization, and whether it be fifty or one hundred years before such a population will be reached, the Presbyterian Church may expect to be called on to furnish missionaries in increasing numbers till the work is done.

California and Oregon on the Pacific are developing much as the States just named, but the six great Territories west of the Mississippi yet remaining, not including Alaska, having an area of 565,000 square miles, or recurring again to Pennsylvania as our unit of measure, more than twelve States of that size, will be laying their burdens on us long before we get done with the work in the States just mentioned. However long or hard the work, it will be for the Master and the salvation of men.

#### OUR WORK IN THE SOUTH.

Our work in Florida has suffered very much during the past year from a terrible visitation of the yellow fever. Business has been nearly prostrated; many of the people have fled from the State, and many will not return till they see that the scourge does not return. This condition of uncertainty and doubt operates unfavorably on all our missionaries and churches. Nearly all we can do at present is to hold what we have and wait for better times.

Texas, whose business was so prostrated by the drought, has been recuperating the last year, but has hardly regained her previous prosperity; still it is most promising for the future. New railroads are passing across the State in various directions; emigration is flowing in at a rapid rate; cities are growing; manufactures are on the increase, and the people are full of hope. Great things evidently await Texas.

Our churches in the States of Missouri, Kentucky and Tennessee, have been as prosperous as could be expected, in view of the fact that Presbyterians are divided between the two General Assemblies.

A few months ago Dr. Geo. P. Hays made a trip through some parts of the South, especially Alabama, and published his observations on the new towns springing up and the new industries established there, which are drawing capital and our own people into that State. Soon after a gentleman from New York came into our rooms and said: "I have been reading Dr. Hays's letter, and

believe what he says, for I have been in most of the places he named." He then added, "draw on me for \$10,000 to establish churches there." We then sent one of our missionaries to look over the field, and see if he could find any promising places where we could plant any churches that would not conflict with existing Presbyterian churches. He has already selected five points and organized churches; and the Synod of Tennessee, within whose bounds they are situated, is about to organize them into a presbytery.

#### CITY EVANGELIZATION.

Another evidence of the growth of the work of this Board is shown by what we are called to do in the matter of city evangelization. Twenty-five years ago this Board did very little work in the cities of the country. There were churches in all the cities, and it was said that people who desired to hear the Gospel could hear it in those churches, and it was the first duty of the Board to give the Gospel to those people who had no such advantages, and who would otherwise be wholly destitute of preaching. But all this is changed. Population concentrates more and more in the cities every year. Of the population in the United States, sixteen millions or one-quarter of the whole are now dwellers in cities that contain eight thousand or more each; and there are no more hopeful or needy fields for missionary operations than are found therein. Large cities are considered the greatest menace to our institutions if not pervaded by religious influences; but it is also believed that there are no fields of missionary labor which offer better prospects of success than in the cities; nowhere does the outlay of missionary money pay better. Though we are generally called upon to pay a larger amount than elsewhere for the first few years, yet such churches nearly always reach self-support much sooner than those planted in the country.

A quarter of a century ago there was scarcely to be found a sadder feature of our church work than the absence of young and growing churches in our cities. There were large, rich and vigorous churches in them all; mission-schools and Sabbath-schools in goodly numbers were maintained; but there was almost no disposition to colonize or to go boldly out into unoccupied portions of the city, plant a

new organization, send in the preacher of the Gospel, and maintain him there till the Gospel reached and gathered in adherents enough to make a vigorous and self-sustaining church.

This, too, is all changed now. Nearly all our cities, the largest, as well as the smallest, are organized for church extension in their own limits. Of cities at the West, Detroit and Chicago are good examples of success in such work, while more recently St. Paul and Minneapolis, Kansas City, Omaha and Los Angeles and Portland, are more shining examples; and Duluth, Sioux City, Des Moines, Hastings, Lincoln, Topeka, Wichita, Dallas, Denver, Oakland, Seattle, Tacoma and Helena, are among many examples of new and growing cities that are on the alert to reach the incoming and destitute populations, and readily turn to us for help; and while we see such good results from the outlay in other cases, we can only pray the Church and the Great Head of the Church that our treasury may not fail in furnishing them adequate assistance.

#### OUR FOREIGN POPULATION.

Our foreign population has not been overlooked by our Church or this Board. We have repeatedly called the attention of the General Assembly to this subject in years past. But, mainly for want of missionaries able to preach in foreign languages, we have not been able to do what we would. Still the recorded statistics of emigration are so startling that the subject forced itself before the last Assembly, and a committee was appointed, which is yet to report on the subject to this Assembly. But the inquiries awakened have already shown the great work to be done among the foreign population.

#### THE GERMANS.

There are great numbers of Germans in all the cities and large towns of the East; but they are more abundant in the West, where they are not confined to the cities and large towns, but fill up large sections of the country as farmers. It is said that there are twenty counties in Texas that are filled with Germans, where, while the English language is taught in the common schools by the enforcement of the law, the common speech of the people is almost wholly German.

#### THE SCANDINAVIANS.

We have been interested, for a long time, in the Scandinavians of the Northwest. We are told that one quarter of the population of Minneapolis, as well as one quarter of the population of Minnesota, is made up of Scandinavians.

We have been limited in our endeavors by the lack of Scandinavians in the ranks of our ministry. We have not more than half a dozen ministers that can preach to this people. But some of our people in the churches of Minnesota have become so much interested in them that they contemplate the founding of two seminaries of learning in that State, not only for purposes of general education, but with an ultimate view to raising up a force of Scandinavian preachers.

We can only rejoice that the Baptists and Methodists, having a better equipment than we have, are accomplishing so much for these people. But they are not doing and cannot do all the work; and their zeal and success ought to put us to shame for the meagerness of our equipment and our limited success.

#### THE FRENCH POPULATION.

In this connection our attention has been called to the French population, meaning almost wholly the French Canadians. In Maine, New Hampshire, Vermont and Northern New York, a large part of the farm hands and house servants are French Canadians; in all the manufacturing towns of New England they abound. They come mostly as devout and narrow-minded Roman Catholics, and intend soon to return to Canada—their former home. But they bring or rear families of children here. The parents mingle in business with our people; their children mingle with our children in school, and they can be won to our Sabbath-schools; they will live and die among us.

While the fearful among us sometimes seem to expect them to Romanize New England, the more intelligent and careful observers say that the tendency is quite otherwise, and that these people constitute a most hopeful field for missionary operations. The Congregationalists, who are strong in New England, are laboring earnestly in their behalf; and we, who are weak there, have been

earnestly solicited to engage in similar work, because the most available ministers for that service are drawn from Presbyterian seminaries in the Canadian provinces.

Other foreigners, as the Italians and Bohemians, are arresting more and more the attention of our churches, as they come to this country in increasing numbers year after year. Coming from countries where they have never had any contact with Protestants they seem to fall more easily under our influence in this country, and we are told that in the late conflict on the school question in Boston they voted very generally with the Protestants.

#### THE SCOTCH AND SCOTCH-IRISH.

But almost the last work for us to undertake among the foreignborn population is that which has been the most successful—we mean among the Scotch and Scotch-Irish. They come to stay; they speak the same language we do; they are grounded in the Protestant faith as firmly as we are—to a larger extent by far than any other foreigners they are Presbyterians. They are our brethren; they are a thrifty people, and, as a whole, make the best of citizens. When they come into the cities or the rural districts where there are Presbyterians, they are soon absorbed into their number. New England, where they have come in the largest numbers, perhaps for the last thirty years, till recently, we have scarcely extended to them a friendly hand or spoken to them a kindly word. As to the necessities of church life it has been said by many, and is said by some to the present day, that "there are many Congregational churches around them where they will be welcome; let them turn to the Congregational churches; they will gladly look after, kindly receive and care for them." Some of them have joined the Congregational churches, especially the more prosperous of them. But that the Congregational pastors and churches have not successfully gathered them in is manifest from the ease with which we as Presbyterians can gather them into Presbyterian churches. It is doubtful if in any other part of the country an equal number of churches have been organized with an equal number of members; and as to the increase of last year there has been a gain of thirtythree per cent. We do not mean to intimate that the Congregationalists have not used all proper endeavors to gather these people into their communion, but there is no church more foreign to them than the Congregational. In the places from which these Scotch and Scotch-Irish come in the old world, or in the Canadian provinces, they are much more accustomed to the Methodists and the Baptists than the Congregationalists; and if we were to grant that these Presbyterians were wholly to blame, it still is clear that it was necessary to band them together under a name which to them was most familiar and with usages to which they and their fathers had been accustomed from their birth.

These people attract their kith and kin, and whether they come from Scotland and Ireland, or the Provinces of Quebec, New Brunswick and Nova Scotia, they continue to come to us in growing numbers. What clearer duty can there be than that we should welcome them as brethren and aid them to secure all the religious advantages that we enjoy.

#### WOMAN'S WORK.

#### AMONG THE EXCEPTIONAL POPULATIONS.

As preaching and teaching pertain to all these people, we may as well treat them under the same head; and of them all there is no more important class than

#### THE INDIANS.

The Indian problem approaches a solution. One grand step in advance was in the *Peace Policy*.

Strange that our foremost man in war, General Grant, as President of the United States, should have devised and proposed and secured the adoption of the Peace Policy. He believed that a school teacher was better for the Indians than a soldier, and the churches better than armies. He devised the districting of Indian reserves, or the different portions of the country where the Indians were, giving to the various Christian denominations certain portions of the whole, and calling on the denominations to nominate agents to establish schools and appoint teachers; and that the Commissioner of Indian affairs should enter into contract with the superintendents of these religious schools, to which a stipulated amount should be paid by

the Government for each pupil. President Grant undoubtedly made some mistakes; the representatives of different denominations made some unhappy nominations. The Indian ring hated the policy; the Army that had had much to do in the matter of Indian schools hitherto, opposed it. Some of the denominations have become disheartened at the working of the scheme, but the Peace Policy in its essential principles has survived all opposition, and it seems likely to continue and prevail.

It seems to be recognized among all friends of the Indians that religious education is essential to their clevation and that the contract schools, where the Scriptures are taught and studied, and the voice of prayer is daily heard, and where the Government renders assistance in their support, are the best schools for them in existence.

Another step in advance is the recent legislation intended to give the Indians their lands in severalty. In our judgment the Severalty Bill is one of the most beneficial measures ever devised for the good of the Indians. They did not devise, or ask for it; many even opposed it.

Most of the Indian wars and difficulties have grown out of the aggressions of the whites, and yet the Indians were never in greater danger than now. The public domain grows narrower and narrower every year. It grows more and more difficult for a white man to pre-empt a homestead. The wave of population rolling westward grows larger continually. It is ready to break on the borders of our Indian reservations. True, these reservations are solemnly guaranteed to the Indians and guarded by treaty stipulations with the Government; but there seem to be well-grounded fears that while the Indians are begging for delay in the execution of the law which gives them security, they will lose everything; that the people waiting on the border will some day break over the line in such numbers that the United States Army could not or would not drive them out; that a sufficient number of men, women and children might thus break in, not to steal nor for war, but because they are tired out and can go no further, and that new adjustments and arrangements would become inevitable, in which the Indians might suffer the loss of all things. If the large number of men

who are waiting on the borders of the Indian Territory for an opportunity to enter in should arise and say, "shall every Indian in this Territory, every man, women and child, have each 551 acres of land, guaranteed to them by the whole force of the United States Army, not one foot of which they cultivate, while I may not hold and cultivate a little fifty-acre patch to keep my wife and children from starvation?" Who dare say the Indian would not go to the wall! It was to prevent the possibility of any such catastrophe that the Severalty Bill was framed and passed. By it the Indian shall choose his farm, which shall be inalienable for twenty-five years. He shall have a good title to it; he may enclose it if he will; his dwelling, his barns, his cultivated fields, will show to all that his farm has an owner, and that he need fear no raids and no attempts to dispossess him of property so manifestly his own. Meanwhile the bill provides that the lands not selected by or for the Indians shall be sold to other men who need homesteads, and the money for the same shall be held for the Indians for school purposes and other useful measures for their improvement.

Another position of great value to the Indian, more distinctly formulated than ever before, is that it is the duty of the Government to educate *all* the Indian children.

As the children of a State are the wards of the State, and the State is bound to see that due provision is made for their education, so all Indian children are wards of the United States, and the Government is in duty bound to provide for their education. We believe that this dogma is tenable, and the more it is thought of the more clear will the duty of the Government appear.

The Government hitherto has had Indian schools in places remote and inconvenient or quite insufficient in number if in convenient places. The churches and the philanthropists have had a few schools; but neither the one nor the other has ever before been brought face to face with the possibility, the necessity and the duty of educating all the Indian children in the country. This is the point we must insist on and press on the attention of Congress; and it is a good time for all the christian denominations to enlist in this work with ten-fold energy. And this is emphasized by the latest developments in the Indian Territory. On April 22d, Oklahoma,

in the very heart of the Territory, was thrown open to settlement. This located there ten thousand families, each with a homestead of one hundred and sixty acres. The President has also appointed a Commission to negotiate with the Indians for all that portion of the Territory west of the ninety-sixth meridian. There is no doubt this Commission will succeed, and then all that land will be open to settlement. A new State will be organized with all that the term comprehends. We need *now* ten strong men for the ten thousand families settled in Oklahoma. Shall we have them?

The last year our work among the Indians has made advance in nearly every particular. Teachers and pupils in their schools have more than doubled in the last two years. Hence there is need for new and enlarged school buildings, and herein lies a large part of the expenses of our Indian work.

The Albuquerque school building that was destroyed by fire has been replaced; the training school has been opened at Tucson, Arizona; an additional hospital building is to be erected at Sitka; a new training school for the Chickasaws is greatly needed, and we expect will soon be established; and various other school buildings need enlargement to accommodate increasing numbers of pupils.

#### THE MORMONS.

Here our work also has been successful. But Utah is a hard field. Our work here has been slow, and it has been costly; compared with ordinary Western work we may say it is discouraging. The churches are neither numerous nor large; our friends and adherents are neither numerous nor rich. But there is ground for exultation to-day, and we may well cry, "What hath God wrought!"

A braver or more consecrated band of missionary workers it would be difficult to find than the missionaries and teachers in Utah. They have gone on with their work, preaching the Gospel, till they now can get a good hearing in all parts of the Territory, and teaching school and doing missionary work so successfully that no girl they have ever taught has become a polygamous wife, and every boy they have taught is ashamed of and disgusted with the whole system.

God has also interposed. Where are the bold leaders of a few years ago, whose voices were loud with ribaldry, vituperation,

blasphemy and defiance of the Government? Brigham Young is dead. John Taylor is dead. Heber Kimball is dead. All the old powerful leaders are dead. The Mormons are substantially without a head. Recruits from foreign lands, that some years have numbered more than five thousand, have nearly all fallen off, and this source of fresh zeal and increasing strength has failed them entirely.

Besides, a Gentile boom has begun. A correspondent in Salt Lake City says:

"The first boom has struck this city. The real estate men are making things lively; about ninety real estate offices. But best of all, the people are beginning to come from the East to settle—from Nebraska, Iowa, Dakota, Ohio and Illinois. Soon there will not be a house to rent in the whole city. Something of the same is true in all the other large towns."

Ogden, which is or is destined to be the largest city in the Territory, is in a very prosperous condition. At a late election it passed out from the control of the Mormons into the hands of the Anti-Mormons—an event which came very near occurring in other towns.

In all of the principal places of the Territory there is a call for increased facilities for school purposes. Salt Lake City, Ogden, Logan and Mount Pleasant, have put in applications for enlarged accommodations for their schools on account of an increase in pupils. These applications, after careful examination by the Board, have been approved and the money ordered to be sent forward as soon as it can be obtained.

#### THE MEXICANS.

Our work has been slow among the Mexicans, for it is a great task to uplift a whole people loaded down with illiteracy and superstition; but it has gone steadily forward, and at no point is it discouraging. The present population consists of a few families of pure Spanish blood, the Pueblo Indians, who have also kept their blood pure, and the mixed population of Spanish and Indian, which is by far the largest portion. With new railroads built there is an increase of northern people, and with the growth of prosperity among the Mexicans the prospects brighten, and we have only to hold on to our work and enlarge it to secure still larger results.

When the work began in the Territory there were 86,000 people, of whom 48,836, or nearly five-eighths of the whole above ten years

of age, could not read, and 52,220, more than five-eighths of the same age, could not write. The first assistant in the school work was Miss Gaston, now Mrs. John Menaul, of Laguna, New Mexico.

Our work began at Santa Fé in the year 1866, when the late Rev. D. F. McFarland and his wife, the latter now so well known for her labors in Alaska, planted a church and a school, which have continued to this day.

The church is doing more for the support of the minister, Rev. G. G. Smith, than ever before. Its numbers and influence have increased. The mission school, under Miss Allison's direction, who has been ably assisted by the Misses Fleming, Johnston and Reed, has never had a more successful year. A number of the pupils have been converted and have joined the Church. The money has been collected and a new boarding school building is in process of erection at a cost of several thousand dollars. The money has been furnished by the women of the Synod of New York. The academy has this year been under the care of the Misses Beekman and McNair.

The church at Las Vegas has become self-supporting under the pastoral care of Rev. James Fraser, and by the liberality of its members. The school has been enlarged and a boarding department added, under the care of Mrs. Garrard, the matron. Enlargement is still needed, and in fact demanded, if we would do the work as it should be done. The day school, under the care of Miss Speakman, has been, if possible, more efficient than ever this year.

Taos is also one of the three missions first begun among this people. It is, in fact, a number of missions in various towns in a beautiful valley containing about 10,000 inhabitants. Rev. S. W. Curtis is the minister in charge.

In Mora is our largest boarding school. Mr. S. V. Dilley is the superintendent, with three assistants. The stations connected with the mission are at Ocaté, El Rito and Llano, at each of which there is a church and school.

Rev. James Fraser, the late pastor at Las Vegas, has been appointed to the temporary charge of the missions in and around Mora. The field is so large that he can only visit it about once a month. A minister speaking the Spanish language would find this

a most interesting and useful field, and in a most delightful and healthful climate.

#### THE SOUTHERN WHITES.

In connection with our school work in the South, it is to the purpose to insert in this report the following lines from a recent report of the General Assembly's Committee on Home Missions:

"A loud and urgent call to enter a needy and promising field comes to the Board from a quarter altogether neglected in the past, and yet second to no other in its claims, and second to no other in its promise of substantial and lasting results. This call is from a class, and a more numerous class than most of us think, and it is only of late that any attention has been paid to them. It is now discovered that within the mountain districts of the States of North Carolina, Southwest Virginia, Southern and Eastern Kentucky, and Eastern Tennessee, there is a white population of about 2,000,000, with a sprinkling of colored people. They are largely descended from that genuine Presbyterian stock, the Scotch-Irish, their ancestors having settled in that country more than a century ago. There they have lived much isolated, and, while progress in all directions has been going on elsewhere, it has scarcely touched them. Our Board has had great success in its efforts among what are called exceptional populations. There is assuredly need to enter this field, which might well be termed one of exceptional illiteracy, for about seventy per cent. of this population can neither read nor write. In this condition of ignorance they have been, and are, the easy victims of Mormon agents, and multitudes, it is said, have been carried away to Utah and destroyed in that vile den of iniquity. The imperative needs of these people are schools and school teachers. They are beginning to realize their condition, and are calling for help. Their history and their condition are sufficient to warrant an earnest effort in their behalf. Two overtures on this subject have been referred to this Committee -one from the Presbytery of Louisville, in Kentucky, and one from Union Presbytery, in Tennessee. These overtures ask for help in teaching the white people of the South. As this matter is in the line of work which the Woman's Executive Committee is doing, the Committee would recommend that it be referred to them for such action as they consider wise, earnestly commending it to their favorable notice."

Nothing in all our school work seems to have a more providential beginning and successful development than our school work among the whites in the South.

In the development of our work for the Freedmen, after the close of the war, a school was opened at Concord, N. C., for colored girls called Scotia Seminary. In 1879 the Ladies' Board of Missions sent two ladies to that point for the purpose of passing about among the families of the late slave population to teach them the various duties of housekeeping that would fall to their lot in their new

relations. But they were immediately confronted with the question, Why not start a school for white girls, for there are thousands of them that are as ignorant and as much in need of schooling as the girls you are gathering into Scotia Seminary?

Acting on that suggestion these ladies opened a school of twentysix pupils in a log school-house three miles from Concord. They soon became acquainted with a Mr. White living there, who was anxious that they should have a Christian school, and gave every help possible to the teachers. They, not content with the simple teaching of the day school, soon began a Sabbath-school and a visitation among the families; also temperance and prayer meetings.

The results were most hopeful. The school grew in interest and numbers. A great awakening began; conversions followed, and the work increased until a larger building was needed in order to meet the wants of the school. A seminary was erected to accommodate about forty boarding pupils, who were taken for what they could pay, and the balance secured by scholarships.

It was managed after the Mount Holyoke plan, and has gone on from success to success until the White Hall Seminary is widely known, not only in its own neighborhood, but in many parts of the North.

The success of this enterprise demonstrated not only the possibility of elevating this long-neglected class, but brought the attention of the Church to their numbers and need, and the true followers of Christ began to ask, What more can we do for them?

Other schools were called for. While making inquiries for a favorable site for another school, the Rev. L. M. Pease, of Asheville, N. C., made an offer of his fine house and thirty acres of land to the Board on condition that a boarding school would be undertaken by the Board of Home Missions. After personal inspection and the kindly aid and encouragement of Rev. D. Stuart Dodge, of New York, the offer was accepted, and in September, 1887, the school was formally opened.

Already the wisdom of the movement is manifest in the success which has attended the school, and in the marked religious feeling which has resulted in the conversion of many pupils. The building was almost immediately filled; there are now 123 pupils, while,

by actual count, hundreds of applicants have been declined because there was no room for them.

Just at this juncture another thing occurred in this series of providential events. Two gentlemen, Messrs. A. and R. U. Garrett, offered to the Board a new hotel, thoroughly equipped, on most advantageous terms. The Board has made the purchase for the purpose of establishing a school of a higher grade; the former owners showing their interest in the enterprise by becoming the largest contributors to the fund for its purchase. It is expected that the school will open in September, 1889.

A gentleman of Brooklyn, who has been at White Hall Seminary, on his return reports the need of enlargement of the school buildings there, and offers liberal aid for that purpose if the Board will add a similar amount. The offer has been accepted, and the appropiration has been made.

A lady who is well acquainted with the work, seeing the need of better school advantages for boys as well as girls, is raising funds among her friends for a boys' school building at another point in North Carolina.

All this school work is supported by the Woman's Executive Committee of Home Missions. They also assist two other schools, Penland Institute, Vaughn Academy, in North Carolina, and in Tennessee, Huntsville, New Market, Kismet, Grassy Cove, Washington and Tusculum.

Objection is made to undertaking schools for the whites in the South; that it is useless because it is, if not an insuperable task, at least, a thousand-fold beyond the ability of the Board.

The magnitude of the work did not deter our Church from undertaking the task of educating the girls among our millions of Freedmen. If we should educate the colored girls in the South why not the whites, without asking whether we can ever complete the work or not? When our Lord said, "Go ye into all the world and preach the Gospel to every creature," His disciples did not stop and say such work surpasses all conception of our capacity or ability; but few as they were they sprang to the attack of a world lying in wickedness with a zeal and a faith that has been the example and inspiration of Christian laborers from that day to this. Start one

school, even though a thousand are needed, and the one may inspire and lead on to the thousand. "A little leaven leaveneth the whole lump." A few successful schools, started by our Church, may awaken the entire South to organize an adequate school system for itself.

Nothing better can be said of each of these women than was said of old: "She hath done what she could."

The entire school work in the hands of the Woman's Executive Committee can be tabulated as follows:

	Schools.	Teachers.	Scholars.
Among the Indians	30	140	2,217
" " Mormons	37	95	2,427
" Mexicans	30	58	1,376
In the South	10	25	765
Total	107	318	6.785

#### THE NEED OF MORE MISSIONARIES.

From the foregoing pages it is apparent that we need many more ministers. It is not because the population is declining in the older States that some of the churches are dying or growing feeble. The population is increasing in all the States. Churches become enfeebled by emigration, and then die by neglect—mainly by neglect of preaching and pastoral labor. The synods, that are endeavoring to care for their own feeble churches and waste places without diminishing their contributions for the new and increasing work in the West, are worthy of all praise. They did not begin too soon. It can be made a most successful work. The work at the West is a most needful work; but what church will care to have the reflection thrust back on itself: "They made me keeper of the vineyards, but mine own vineyard have I not kept."

Every synod and presbytery ought to consider itself solemnly charged to evangelize the people within its own bounds. The survey of the wants of the great field west of the Mississippi is equally painful. Apprehending the need of those western synods, the Board invited five synodical missionaries to come east and confer with the Board, and then visit the theological seminaries and appeal for men. They came on and did their work faithfully; but the result fell far short of their expectations and their wants. Of mem-

bers of the graduating classes for permanent laborers the showing was most meagre; nearly all of them were already engaged by churches in the East, or had expectations from them that led them to decline the ripening harvest fields of the Great West. The West was distant, unvisited by them, full of hardships, real or imaginary, and so for one cause or another they excused themselves, and the synodical missionaries were obliged to supply their places by undergraduates for the temporary service of the summer vacation. Meanwhile the presbyteries are trying to supply the want by taking in a large number from other denominations.

Meanwhile, the question returns again and again, How can we recruit the ranks of the ministry? We believe that if pastors would give the subject more attention more young men could be induced to prepare themselves for the ministry; we believe more college-bred men, teachers and others could be induced to enter the ministry if the matter was rightly put before them; we believe that many elders can be found to do such work as is needed in old or decaying fields under the authorization of presbyteries, as suggested by the General Assembly of 1888; we believe the supply can be greatly augmented by such means when the churches and the ministry become duly awake to the subject.

#### EVANGELISTS OR PRESBYTERIAL MISSIONARIES.

Moreover, out of the necessities of the increasing vacancies we are almost overwhelmed with appeals for such special laborers. We make no objection to the labors of such men. In many instances they do great good. But there are serious objections to the adoption of a line of policy by the Board that should comply with the growing demand.

Such an arrangement is really very costly. Where there is one presbytery in a synod that has such an evangelist or presbyterial missionary, there are likely to be from four to eight or ten others in the synod equally needy. If all were to be supplied in this manner the draft made on our treasury would be so large that the Board and the Church would soon see that a very large share of all the income of the Board would be consumed in this way, and mostly on the old presbyteries, and very little, if anything, would be left for the more destitute fields or the "regions beyond."

If the common suggestion made, that the presbytery served will pay one-half or more of his salary, it is easy to see that that portion will come mostly from what the churches would otherwise give to the Board in their annual collections, and that would be equivalent to furnishing the greater part or all the salary from the Board.

But the standing policy of the Board is to establish stated preaching among the people, and to do this we must plant the living preacher with the church and people he serves.

The great plea for the appointment of a presbyterial missionary is on account of the many vacant pulpits in the presbytery. The first step proposed to remedy the evil is to create another vacancy by making one of their number a presbyterial missionary.

This general, miscellaneous and irregular work is contrary to the policy of our Church, which is based on long and wide experience. We have found that if a missionary has two fields, the one he resides in, where he is met by his people day by day, where he can be in reach of them at all times, where he and his family are at weekly prayer meeting and his children in the Sabbath-school, will usually be more prosperous than the other.

So we have been accustomed to say to presbyteries that inquire of us what they shall do for their vacant churches as follows: "Take your first available man, give him the best field possible, embracing two, three or four vacant churches, as the case may be, and divide his time between them. Have him reside at one of them, where he will be at home, and he can spend every hour in his work in the study or among the people. The churches having a standing arrangement for preaching will adjust themselves to it, and will subscribe for his support a great deal more than they will pay for irregular or hap-hazard appointments, and by so much relieve our Board. Then do the same thing by the next available man till all the vacant pulpits are filled."

#### OUR FINANCES.

The growing magnitude of the work makes obvious the need of an enlarged income. How shall it be secured? In spite of our best efforts there are hundreds of churches every year, that, for one cause or another, have failed to send a contribution to the Board. The most of these are feeble churches; but many others that happen to be without pastors or stated supplies belong to the same list.

#### PRESBYTERIAL COMMITTEES.

These Committees have done much to aid us. As in former years they have been notified of the delinquent churches, and have interested themselves in securing from them collections as far as possible.

#### SABBATH SCHOOLS.

We are glad of the substantial relief given to our treasury by the Sabbath-schools, and of the evidence it furnishes that the youth and children are taking interest in the evangelization of our country.

#### SOCIETIES OF CHRISTIAN ENDEAVOR.

It has been recommended to these young and rapidly increasing organizations to take an anniversary collection every year for one of the great Boards of the denominations which they respectively represent. A considerable number of these societies have already sent their annual collection to this Board. We regard the fact as additional evidence that the young people in our congregations are showing an increasing interest in Home Missions.

But while we gratefully acknowledge the donations from these sources because we need them, does not the magnitude of the Home Missionary work demand something more? Must there not be a higher standard of giving cultivated among the people? The wealth in the Church is undoubtedly growing as rapidly as our work grows. The great lesson for the Church to learn is for its members gratefully to recognize the open doors which God has set before us as God's call, and to advance their scale of giving to meet the emergency.

The amount set before the churches at the last General Assembly, as the sum likely to be needed during the year, was \$850,000. The receipts of the year have been \$810,391.03 for current work; \$6,159.16 for permanent and trust funds, and \$16,097.37 for Sustentation department. The school work of the Board closes the year with a deficit of \$27,619.47, and Sustentation has a deficit of \$9,994.50, while Home Missions has a balance to its credit of \$4,236.08. The Treasurer's report will exhibit all details.

# OVERTURES OF THE GENERAL ASSEMBLY REFERRED TO THIS BOARD.

In the matter of the overtures to the General Assembly from two of the presbyteries in the Indian Territory (Cherokee and Muskogee), "asking the Assembly to take action defining the sphere and functions of a synodical missionary, and also his relations to the schools established by the Board, and likewise the relations of the presbytery and its ministers to these schools and their teachers," which overtures were referred to the Board of Home Missions by the General Assembly, the following action was taken:

- 1. "The sphere and functions of the synodical missionary was settled by action of the General Assembly."—Minutes, 1883, page 644.
- 2. "The successful management of the school work of the Board of Home Missions requires its direct control by the Board, and that the relation of ministers and presbyteries is advisory; and therefore that whoever is appointed by the Board to superintend such school work shall have entire control, subject to this Board."

The Board also received from the General Assembly for its consideration an overture from Santa Fé Presbytery, asking if the Board has the power to discriminate in unequal ratios between ministers and between fields in the same presbytery in the matter of appropriations.

In regard to this overture the Board would say, that such discrimination is in discharge of the Board's duty and function as authorized and directed by the General Assembly in its action on this very point, which reads as follows:

"The Board should not, in ordinary cases, decline to grant an appropriation recommended by a presbytery, unless in its judgment, after viewing the whole field to be supplied, it will appear that the funds at its disposal are all needed for more deserving or more promising work; and whether it does thus appear must be determined by the Board."—Minutes, 1883, page 644.

The Board in like manner received an overture from the Presbytery of Cherokee Nation, asking the General Assembly to authorize the Board to commission, as catechists and interpreters, such Indians as may be recommended by the respective presbyteries for the work among the Indians.

In regard to this the Board would say, that it has in effect been doing the very work here suggested and desired, having a number of native Indian preachers, catechists and interpreters already

employed; and it will readily increase the number of such native laborers as far and as fast as it shall find ability and opportunity.

The following resolution was passed by the last General Assembly:

Resolved, That in accordance with the communication from the present Secretaries of the Board, received by the Standing Committee, and transmitted by them to this body, and in view of the obvious need growing out of the constant enlargement and increasing complexity of our Home Mission work, this Assembly hereby authorizes the Board to make such further provision for service as it may find expedient.

In accordance with the above resolution, the Rev. Wm. C. Roberts, D.D. was unanimously elected by ballot at the meeting of the Board held April 2, 1889.

### NUMBER AND DISTRIBUTION OF MISSIONARIES.

The number of missionaries who have labored the whole or a part of the year in connection with the Board is 1,592, and they have been distributed as follows: in

ALABAMA 2	MONTANA
ALASKA 7	NEBRASKA100
ARIZONA 6	NEVADA 3
ARKANSAS 1	NEW HAMPSHIRE 2
CALIFORNIA 83	NEW JERSEY
COLORADO 48	NEW MEXICO 28
CONNECTICUT 1	NEW YORK141
DELAWARE	NORTH CAROLINA 2
FLORIDA	NORTH DAKOTA 48
GEORGIA	оню 39
IDAHO	OREGON 42
ILLINOIS 69	PENNSYLVANIA 57
INDIANA 44	RHODE ISLAND 2
INDIAN TERRITORY 37	SOUTH CAROLINA
IOWA110	SOUTH DAKOTA
KANSAS 147	TENNESSEE 28
KENTUCKY	TEXAS 31
LOUISIANA 1	UTAH 19
MAINE 4	VERMONT 1
MARYLAND 14	VIRGINIA 7
MASSACHUSETTS 16	WASHINGTON
MICHIGAN 82	WEST VIRGINIA 7
MINNESOTA 68	WISCONSIN 45
MISSISSIPPI	WYOMING 2
MISSOURI 63	

#### GENERAL SUMMARY.

We condense the main features of the year's work into the following, viz.:

Number of Missionaries, 1,592
" "Missionary Teachers, 318
Additions on Profession of Faith, 10,490
" "Certificate, 6,585
Total Membership 93,188
" in Congregations, 156,748
Adult Baptisms, 4,183
Infant Baptisms, 5,090
Sunday-schools organized, 849
Number of Sunday-schools, 2,439
Membership of Sunday-schools, 149,348
Church Edifices (value of same, \$4,702,614), 1,804
" built during the year (cost of same, \$483,335), - 157
" repaired and enlarged, ( " \$79,088), - 331
Church debts cancelled, \$155,203
Churches self-sustaining this year, 45
" organized, " " 160
Number of Parsonages (value \$474,138), 369

### APPOINTMENT OF MEMBERS.

The term of service of the following members expires with this Assembly, namely:

Ministers—Rev. Thos. S. Hastings, D.D.

Laymen—Jos. F. Joy.

" JACOB D. VERMILYE.

WALTER M. AIKMAN.

A new ministerial member is also to be elected to take the place of Rev. Alfred Yeomans, D.D., deceased.

All of which is respectfully submitted.

By order of the Board.

H. KENDALL, WM. IRVIN, Secretaries.

## TREASURER'S REPORT.

O. D. EATON, Treasurer, in account with the BOARD OF HOME MISSIONS of the Presbyterian Church in the United States of America.

# APPENDIX.

# REPORT OF THE STANDING COMMITTEE ON HOME MISSIONS.

The Standing Committee on Home Missions would respectfully submit the following report:

There has been referred to your Committee the Eighty-seventh Annual Report of the Board of Home Missions, or the Nineteenth Annual Report since the Reunion. This report sets forth in detail the work of the Board during the past year, and the policy it has pursued in its administration. The results achieved are such as call for profound thankfulness, on the part of the Assembly, to the Great Head of the Church, and they also furnish the highest testimony to the fidelity and efficiency with which the Board has conducted its work. The report deserves to be carefully studied, and is full of intelligence for the whole Church. While it does not show phenomenal progress, it declares substantial gain in all the various departments of Home Mission work. There are now 1,592 missionaries in the field, an advance of 106 over last year. There are also 318 missionary teachers in the employ of the Board; 17,075 persons have been added to the various churches ministered to by these missionaries; 10,490 of whom were added on profession of faith. The total membership in the churches aided by the Board is 93,188, or nearly one-sixth of the whole Church. During the year 45 churches have become self-sustaining, and 160 new ones were organized. It is very gratifying to notice the testimony given by the missionaries concerning the willingness and even the anxiety of the people to have the Gospel preached to them. Instead of opposition or indifference, there comes to the Church an earnest cry for help. This is indeed a most significant sign, attesting the gracious work of the Holy Spirit in the world in convincing it of its need. But it is a fact which lays additional responsibility on the Church. Confronted by the world's hate and opposition, we might justify a temporary inaction; but when it invites our help by its cry of need, we are most guilty if we refuse to act promptly and vigorously.

The financial report for the past year shows a small advance. The whole amount received from all sources is \$838,334.02, an advance over last year of \$49,752.87; but it still falls short of the amount recommended by the Assembly, which was \$850,000. The amount received this year from the churches is smaller than last year, and it appears that the increase has come largely through the Woman's Missionary Societies. So far as your Committee is able to judge, the Board has exercised a wise economy in the administration of its funds. It has not cut down the appropriations asked for its missionaries, in order to escape debt; but it has earnestly sought to make the funds at its disposal reach as far as possible, by urging the churches to self support or by grouping several into one pastoral charge, so as to diminish as far as possible the amount of aid granted. But in spite of all its efforts it reports a small debt, amounting to \$33,377.89. This is not, however, in

the missionary, but in the school department of its work.

The report outlines the work of the Board under the following heads, to which it is proper to make a brief reference:

### THE WORK IN OLDER STATES.

In these there are a large number of feeble churches, which, as statistics show, are, from various causes, becoming extinct. The process of decay has become so

rapid as to excite alarm.

"Last year," says the report, "while only 206 churches were organized in our bounds, 88 were dissolved." This fact is a most serious one, and the Board is to be commended for calling attention to it, and its policy by which it seeks to strengthen the "things that remain" is certainly a wise one. The Synods of New York, Pennsylvania and New Jersey, with a desire to provide for such cases in their own bounds, have adopted sustentation schemes. So far these plans seem to promise well, but as they are yet new and untried by experience your Committee does not feel competent to pass any judgment upon them.

Next is the

### TERRITORY BEYOND THE MISSISSIPPI.

Filling up rapidly with a population from all quarters of the world, with new towns and cities springing up as if by magic, with four new States organized in a day, and all this but the beginning of greater things to come, it is evident that the needs of that vast region, so far as missionary work is concerned, are greater now than ever before.

Connected with this and scarcely inferior in importance is the

### WORK IN THE SOUTH.

Those who have not visited the region can but poorly appreciate the magnitude of spiritual destitution among our own race, not to mention that of the colored people. And now that immigration from the North is pouring rapidly into that region, it is more than ever our duty as a Church to seek its fullest evangelization. The success already achieved in that region, through the instrumentality of the Board, is a sufficient justification for enlarged expenditures and increased effort in this direction.

In addition to this the report calls attention to the work of the Board in city evangelization, and among our foreign population, and among the Indians, the Mormons, and the Mexicans in the Territories. These different departments of mission work outline, as it werd, a vast field of labor, into which we as a Church are specially called to enter. Your Committee would call attention to this comprehensive and statesman-like view of the whole field presented in the report, because it is the one that should be held before the whole Church to arouse it to the duties of the hour. It is a fitting one with which to begin the second century of the organization of the Assembly. To take a narrow, partial or sectional view of the spiritual needs of our country, is to sink to an inferior position of usefulness. It is the larger view that will lead us to a higher service and more abundant labors.

There has also been placed in the hands of your Committee the Eleventh Annual Report of the Woman's Executive Committee of Home Missions, representing the various Woman's Missionary Societies in the Church. This report shows that the sum of \$321,264.09 was raised by their instrumentality during the past year for Home Mission work. This is an advance of \$94,573.42 over the previous year. is but just to say that this large increase comes from some special donations of largehearted and generous givers, who were interested in the school work carried on by the Executive Committee. Of the whole sum raised, \$22,549.12 have been paid to the Freedmen's Board to aid in that important work. This Executive Committee represents twenty-six Synodical Societies, and 3,986 Presbyterial and local Societies and Boards. It has schools among the Mormons, Indians, Mexicans and Southern whites; in all, one hundred and seven schools and three hundred and eighteen In addition to the money already mentioned as paid into the treasury of the Board, these societies have sent boxes to the schools and missionaries amounting in value to \$60,822. It will be gratifying to the Assembly and to the whole Church to know that this department of woman's work in the cause of missions, which at the close of its first year of labor ten years ago reported collections amounting to \$20,000, now can report the sum of \$321,264 collected in a single year. The report for this year furnishes in its statements a striking testimony to the enthusiasm and

devotion of the women of the Church in the holy cause of missions. It is a reason for devout thankfulness to God that so much has been accomplished through their instrumentality. The history of the past ten years of their organization in this department shows rapid and constant advance. No work which they have undertaken has failed. Their magazine, *The Home Mission Monthly*, is self-sustaining. Their contributions increase each year. Yet without boasting their report modestly says: "If we pause for a moment to compare the figures and the field covered by the first year's report, submitted by our Committee ten years ago, with those of the present year, the progress and growth thus evidenced afford occasion for the most profound gratitude. Our first decade fully completed, we have already entered upon the second with devout thankfulness for the past, and with cheerful courage for the future." Long ago a heathen, moved with admiration for their character and conduct, said: "What women these Christians have!" Nor can the world today see anything fairer and nobler than Christian womanhood ministering with holy enthusiasm and self-denial for its redemption.

In view of all this, your Committee would recommend the adoption of the fol-

lowing resolutions:

This Assembly heartily approves the efficiency and fidelity of the Board of Home Missions in its work during the past year. It also gratefully recognizes the goodness of God in that measure of success which He has granted to the labors of the Church in the Home Mission field.

- 2. The Board is hereby directed to continue the policy outlined in its report, and, as far as its funds will justify, to enlarge its work in the South and West.
- 3. In order that the Board may efficiently carry on its work, it is hereby recommended to the churches to raise the sum of \$875,000, for the cause of Home Missions during the present ecclesiastical year.
- The Assembly hereby directs the Presbyteries to exercise special care in grouping together into one or more pastoral charges the churches asking for aid from the Board, to the end that there shall be no unnecessary demands upon the treasury of the Board.
- 5. The Assembly hereby records its hearty and grateful approval of the work of the Woman's Executive Committee of Home Ysssions. As the simple record of their labors, presented in their Annual Report, furnishes the best evidence of their efficiency, the Board of Home Missions is hereby directed to publish it in connection with its Annual Report.

Inasmuch as a request comes from this Executive Committee, that a day should be set apart in which the children in the Sabbath-schools might contribute to the mission school work of the Home Board, it is hereby directed that the Sabbath preceding Thanksgiving Day, in the month of November, be set apart for this

purpose.

The Committee would recommend the following persons, whose term of service as members of the Board has expired, for reëlection: *Minister*—Thomas Hastings, D.D.; *Elders*—Joseph F. Joy, Jacob D. Vermilye, Walter M. Aikman. Also, Rev. Charles L. Thompson, D.D., to take the place of Rev. Alfred Yeomans, D.D., deceased.

Respectfully submitted.

SAMUEL J. NICCOLLS, Chairman.

Attest—

WM. H. ROBERTS, Stated Clerk.

CINCINNATI, OHIO, June 10th, 1889.

# ANNUAL REPORT OF THE WOMAN'S EXECUTIVE COMMITTEE.

To the Board of Home Missions of the Presbyterian Church:

GENTLEMEN-

We bring the report of the Woman's Executive Committee for the year ending March 31st, 1889, deeply conscious that the record is also written on high, and that to God belongs the praise for whatever of good that record may contain.

The year just closed has been one of the most notable in the history of our work. During its months we have come to the close of our first decade. Ten years ago the Woman's Executive Committee entered upon its work, obedient to the call of the Church and the plain demands of Providence. Probably none, of even the strongest faith, foresaw whereunto the small beginning would grow in one short decade. But though they knew not what lay before them, those heroic women, chosen of God, undertook the work given them with prayerful, patient zeal. Though they often met with perplexing difficulties, yet never did they lose courage. Some of that number have already entered upon their reward; may we not believe that they rejoice with us to-day at the record of these years, as they sit at the right hand of Him in whose name, and for whose sake, the work was undertaken?

The year just closed has been one of advaucement in the various departments of our work. Among Mexicans, Indians, Mormons, Alaskans, and at the South there has everywhere been evidence of more extended appreciation and co-operation on the part of those for whose benefit these mission schools have been established. We have more pupils enrolled than ever before. Last year we reported 4,008; this year 6,785. But it is not in mere increase of numbers that advance has been seen. We believe that many of the children have taken the truth into receptive hearts

where it will spring up into eternal life.

We have also a greater number of mission teachers employed this year than heretofore. This has been necessitated by the natural growth of the work. These faithful teachers keep constantly before them the object of this school work, which is not only to educate, but pre-eminently to Christianize those under their care, and those with whom they come in contact in their visitation among the people where they are stationed. As a result, we thankfully recognize the fact that during the past year a goodly number of the parents, as well as pupils, realizing their lost condition, have sought pardon for sin in the Saviour of mankind.

Death has invaded the ranks of commissioned workers, and removed three faithful missionary laborers. Sickness has also overtaken some, alone and among strangers, and failing strength has caused others to turn aside to rest awhile; yet

all has been borne without repining, and with patient fortitude.

We are able to report a healthful and steady growth in our auxiliaries. Our organization throughout the country is more thoroughly perfected than at any previous time, and there is evidence of wider and more intelligent interest in the work which the Board of Home Missions is doing for the evangelization of our beloved land.

One of the most marked features of the year has been the Decennial Meetings, which have been very generally observed throughout our auxiliary societies, in recognition of the fact of a completed decade. As a result of these meetings, where free will offerings were made, as well as devout thanksgiving rendered, we received a large accession to a treasury which was utterly depleted.

We report the continued prosperity of the *Home Mission Monthly*, and take pleasure in stating that we have an increased list of subscribers. The magazine, which is now in its third year, has been entirely self-supporting from the first, and

is in a better financial condition than ever at the present time.

During the year, Mrs. C. E. Walker, who has served the Committee as Corresponding Secretary with great ability and untiring zeal, has resigned her position to seek needed rest. Our prayers follow her, and we rejoice in the fact that she is

still closely identified with our work as one of its most active Vice-Presidents. Miss Helen Burnet has recently been added to our Committee as Corresponding

Secretary, and has entered upon her duties.

Financially, the year has been one of anxiety, nor was the pressure relieved until its closing month, when the remarkable sum of \$157,517.47 was paid into our treasury, amounting to about one-half of the total receipts. We rejoice to report the receipts of the year as \$320,640.66, an advance over the previous year of \$94,573.42. Of this amount \$22,549.12 has been paid to the Freedmen's Department, having been designated for that work.

This exceptionally large increase stated above, has been due almost entirely to the large and generous individual donations which have come to us for special and new work which the donors wished placed under our care. Important as such work is, and generous and commendable as such donations have been, they afforded no aid in meeting existing obligations, and in order to sustain the work already in hand, the Treasurer of the Board of Home Missions has paid out for school work

\$27,619.47, in excess of the receipts.

Prompt measures have been taken to meet this deficit. The next day after it came to our knowledge, we had formulated and set in operation a plan to raise the necessary funds. We called for a week of self-denial in expenditures among our constituents, the result to be forwarded to our treasury, and already the response is most cheering, leading us to confidently anticipate that the whole amount will soon be made good.

Our summary is as follows:

Synodical Societies	26
Presbyterial Societies 1	76
Local Societies and Bands38	

Number of teachers and schools are:

		Teachers.	Schools.
Among	Mormons	. 95	37
"	Indians		30
"	Mexicans	58	30
44	Southern Whites	$\dots 25$	10
		318	107

Total number of pupils enrolled, 6,785.

Value of boxes sent to the schools and Home Missionaries, \$60,822,25.

Notwithstanding the work which we have undertaken, there are many appeals for help which we have been obliged to refuse, and widespread and important fields

are pressing their claims, urging further enlargement of the work.

If we pause for a moment to compare the figures and the field covered by the first year's report submitted by our Committee ten years ago, with those of the present year, the progress and growth thus evidenced affords occasion for the most profound gratitude.

Our first decade fully completed, we have already entered upon the second with

devout thankfulness for the past, and with cheerful courage for the future.

N. V. FINKS, HELEN BURNET, Secretaries.

Dr.

MRS. M. E. BOYD, Treasurer, in account with the Woman's Executive Committee of Home Missions of the Presbyterian Church.

## FIFTY-SECOND ANNUAL REPORT.

The Fifty-second Annual Report of the Board to the General Assembly, and the Minutes of its transactions, bear continued witness to the blessing of the Great Head of the Church, who has fulfilled during the year, as in all the centuries past, that sacred promise of His presence which accompanied His Great Commission.

The members of the Board have been preserved in life and health, and no change has occurred except in the Treasury Department. Mr. William Rankin, for more than forty years Treasurer of the Board, having resigned the labors so long and faithfully maintained, Mr. Gilbert K. Harroun was appointed as his successor, assuming the duties of his office on the 11th of June.

Mr. Harroun having given notice that he would not be a candidate for re-election at the expiration of the year, William Dulles, Jr., Esq., has been appointed in his place.

The Board records with gratitude God's providential care over the lives of its missionary force. The fact that out of a total number of 502 missionaries, male and female, only seven have died, would indicate that the work of evangelizing heathen lands is not attended with any exceptional degree of mortality. Rev. David Trumbull, D.D., of Valparaiso, Chili, died February 1st, having reached three score years and ten. Though not supported by the Board, he was a voting member of the Chili Mission, and was honored and beloved as the pioneer of evangelical work on the West coast of South America. Wise in counsel, earnest and consecrated in spirit, a man of versatile gifts and most genial character, he had come to be trusted and beloved by natives and foreigners alike.

Mrs. Hunter Corbett, of Chefoo, closed her career of faithful missionary work, in which she had illustrated all the virtues of wife and mother and devoted servant of Christ, on October 7th.

Even the heathen testified that the Lord had done great things for her.

Mrs. W. B. Hamilton, of Chinanfoo, who had reached her field but a few months before, and was just beginning her preparation for a lifelong service, was cut off by a rapid decline, but not without leaving the savor of a blessed influence on those who survive.

Mrs. W. F. Johnson, after a faithful missionary life of over twenty-eight years, died in this country while expecting to return to assume her work in India.

Mrs. W. J. P. Morrison died August 19th, a victim to cholera. She was a daughter of Rev. Reese Thackwell, and was born in India, and her whole life had, in one way or another, been identified with the work of missions. In every capacity she had endeared herself to the missionary circle, and though called to her reward while still in her youth, the savor of a godly influence is bequeathed to the mission circle and to the native church.

Mrs. J. H. Morrison died September 4th. She was the widow of the late Rev. J. H. Morrison, D.D., a veteran missionary of over forty years. She was strong and earnest in spirit, and abundant in labors for the truth.

Rev. Gilbert McMaster, a faithful native minister, of the Presbytery of Lodiana, died at Saharanpore in 1888.

Mrs. F. B. Perry died at Monrovia, Liberia, in January, 1889. She was a woman of good education and of earnest spirit, and was devoted to the spiritual elevation of her race.

The wide-spread work of the Board in many fields has been, on the whole, prosperous. No unusual obstacles have prevented its expansion or thwarted its purposes, though as always before, it has found reason to remember the Divine assurance, that its conflict is waged "against principalities and powers," and can only be successful through the presence and aid of God's omnipotent Spirit. In Syria, persistent obstacles have been thrown in the way of Protestant education and the diffusion of Christian literature by the Turkish Government, and yet progress has been made along all lines of operation, and in spite of difficulties, the outlook of the mission was never more assuring than now. The Persia Mission has kept its record of spiritual life and general thrift, and especially in its educational and medical departments has come more and more to be appreciated by Government officials.

In the India Missions, though the net gain in church mem-

bership has been small, the leaven of Christian influence has been progressive, and the educational work has maintained its high position and its wide and ever-deepening influence. Special attention has been given to the establishment of a college at Lahore, for which the requisite buildings will soon be completed. In the sphere of higher education its great object will be, first of all, evangelistic. In Siam the labor of our missionaries has witnessed, as in the past, a growing favor on the part of the Government toward its educational and medical work. Meanwhile, God has owned the labor of His servants in the conversion of men to Christ, and in the upbuilding of the churches. In the Laos Province of the Siam Mission unusually large numbers have been won to the truth.

The China Missions have experienced more or less restriction on the part of Government officials, and the year has not been one of large accessions to the churches. In some districts the number of communicants, owing to special causes, has diminished. Yet in general, the influence of the truth upon the minds of the people has deepened, and in the special work of distribution of relief to thousands of sufferers from the famine, an impression has been made by that Christlike sympathy and compassion which have so often presented strong contrasts between the Christian faith and the heartless indifference of heathenism. In this instance, as in former famines, the missionaries of the Board have been active in the distribution of alms. and that at the risk of health and life. The Korea Mission has been doubled in its missionary force during the year, and the number of communicants has been multiplied five-fold. Never were its prospects brighter. Japan still continues to gladden the hearts of all Christendom as the most convincing illustration of the feasibility and wonderful success of modern missionary effort. In the extent and in the quality of its development, the Christian Church in Japan fills the mind with ever-renewed wonder, and strengthens the hearts of all who rejoice in the triumph of the truth in the world.

During the year the Board has taken steps toward the extension of its Gaboon and Corisco Mission northward into German territory, where Government encouragement has been proffered, at the same time with the expectation that the evangelization of the tribes along the Ogove would more and more come under the direction of the French Evangelical Missionary Society, though the providence of God has seemed

still to encourage effort in French territory. The results of missionary labor have never been so great, and notwithstanding the difficulties and discouragements involving the health of our missionary force, unusually large accessions have been made to the churches, of those who until very recently had never heard the name of Christ.

On our own hemisphere, the work of the Board has been signalized during the year by the formation of an independent Synod in Brazil, with the sanction and cordial support of the Assemblies of the Northern and Southern Presbyterian Churches. By direction of the Assembly, Rev. Drs. Aspinwall Hodge and Chas. E. Knox proceeded to Brazil, to attend in an official capacity the organization of the Synod, and their reports of that happy consummation and of the general prosperity and promise of the missionary work in that land, have been most heartily received in our Synods and in our churches. The work of the Board has advanced steadily, though not with great increase in the number of conversions, in Chili, the United States of Colombia, Guatemala, and Mexico.

Mexico has done excellent work in theological education and through the press.

The missions among the American Indians, notwithstanding all the difficulties and disadvantages under which their work is conducted, have enjoyed a year of more than usual prosperity. Large numbers, proportionally, have been gathered to the churches. Meanwhile events have transpired looking toward the rapid disintegration of the Indian Reservations and the hastening of new conditions, accompanied by increasing temptations and dangers. In these circumstances the Church would seem to be called upon to increase, rather than to diminish, the efforts that are put forth for these scattered and waning tribes.

The work among the Chinese in this country has progressed favorably during the year, considering the great obstacles which invest the work, and particularly the diminution of the Chinese population. A very prosperous and hopeful feature of this branch of work is that which has been carried on by Dr. and Mrs. Sturge, in San Francisco.

The Board takes occasion to express its gratification at the many assurances that its work is still appreciated and beloved by the churches, and at the many evidences of an increasing zeal for the promotion of the Gospel in all heathen lands. Notwithstanding the criticisms and misrepresentations which

are abroad in regard to the general work of foreign missions, there is continued and increased evidence that the Spirit of the Divine Master dwells in the hearts of His people, leading them to prayer and effort in common with all Protestant Churches for the spread of His kingdom.

Though the total receipts have fallen short of those of the previous year, yet it is with gratitude to God that the Board is able to report so large a contribution. The Woman's Boards have contributed \$278,904.17. The fact that there has been a falling off in the receipts from this source is to be ascribed, not to any want of zeal or effort on the part of these efficient auxiliary societies, but rather to the multiplicity of objects nearer home which call for the gifts of the churches, and to the increasing tendency on the part of many to take up special and undenominational lines of effort, to the neglect of those which are projected and supported under the direction of the General Assembly as its own work. While rejoicing that by every means great good is accomplished, the Board feels called upon to remind its supporters that, as a servant of the churches, it can only reiterate its appeal in behalf of their own cause.

The calls for enlarged effort, especially in the great Mongolian empires which lie directly across the Pacific, were never so great or so urgent as now. The providence of God which has marked this year as one of terrible suffering to millions of people, and which has opened the hearts of Christendom to give unto them the meat that perisheth, would seem to suggest the prompt improvement of the opportunity thus presented for dispensing also the Bread of Life.

And finally, if the past year has not been one of extended outpourings of the Spirit of God upon the missions, and of large accessions to the native churches, the fact should but stimulate all who love the cause to pray for an ever deepening spirit of missions upon the Board, the churches, and the missionaries, and upon all similar organizations engaged in reclaiming the world from darkness and superstition unto Him whose right it is to reign.

The term of service of the following members of the Board having expired, to wit, William M. Paxton, D.D., John D. Wells, D.D., Robert Carter, William A. Booth, and Ezra M. Kingsley, it will be necessary for the General Assembly to fill their places by reappointment or by the selection of others.

#### MISSIONARIES SENT OUT IN 1888-1889.

## Missions to Indian Tribes.

Rev. and Mrs. George Runciman, to the Senecas.

Mrs. W. T. Findley, to the Winnebagoes.

## Missions in Japan.

Rev. and Mrs. A. G. Taylor.

Rev. and Mrs. J. M. Leonard.

Rev. and Mrs. George E. Woodhull.

Rev. and Mrs. James B. Ayres.

Rev. and Mrs. H. M. Landis.

Rev. George P. Pierson.

Miss Emma Hays.

Miss Lily Murray.

Miss Cora B. Lafferty.

Rev. and Mrs. James M. McCauley, returning.

Rev. and Mrs. George W. Knox, D.D., and children, returning.

Reappointed on the Field.—D. B. McCartee, M.D., and Mrs. McCartee.

#### Mission in Korea.

Rev. D. L. Gifford.

Rev. William Gardner (afterward returned).

C. W. Power, M.D.

Miss M. E. Hayden.

Miss Sarah Gardner (transferred to Japan).

#### Missions in China.

Rev. and Mrs. W. B. Hamilton.

Rev. and Mrs. V. F. Partch.

Rev. William Langdon.

Miss M. E. Sinclair, M.D.

Miss Jennie McKillican.

Miss Mary A. Posey.

Miss Mary Lattimore.

Miss Hattie Noyes, returning.

Mrs. P. D. Bergen, returning.

#### Mission in Siam.

Rev. Charles E. Eckels. Benjamin P. Paddock, M.D. Miss Laura A. Olmstead.

Mission in Laos.

Rev. and Mrs. Hugh Taylor.

Missions in India.

Miss Margaret L. Ewalt. Miss Harriet A. Savage. Miss Alice E. Bird. Miss Bessie Babbitt. Miss Mary L. Symes. Rev. U. S. Grant Jones.

Mrs. John Newton, Jr., reappointed.

Rev. and Mrs. J. C. R. Ewing, D.D., and children, returning. Rev. J. S. Woodside, returning.

Missions in Persia.

Rev. and Mrs. J. G. Watson. J. G. Wishard, M.D. Miss M. E. Bradford, M.D. Miss Annie E. Melton. Rev. B. Labaree, returning.

Mr. R. M. Labaree.

Mission in Guatemala.

Miss Imogene Stimers.

Mission in Syria.

Rev. F. E. Hoskins.

Rev. and Mrs. William S. Nelson.

#### MISSIONS AMONG THE INDIANS.

#### Seneca Mission.

ALLEGHANY: Alleghany Reservation, Western New York: Rev. M. F. Trippe and wife, and Rev. William Hall; Rev. II. Silverheels; eight native assistants.

Substations: on Tonawanda, Tuscarora, and Complanter Reservations.

UPPER CATTARAUGUS: Cattaraugus Reservation, Western New York; Mission begun, 1811; transferred to the Board, 1870; Rev. George Runciman and wife.

#### Lake Superior Chippewa Mission.

Odanah: on Bad River Reservation, in the northwestern part of Wisconsin, the Reservation fronting on Lake Superior; transferred to the Board, 1870; missionary work resumed, 1871; Rev. Henry Blatchford.

\*LAC COUR D'OREILLES: on the Reservation of the same name; station begun, 1883; Outstations: at Round Lake, 8 miles from Lac Cour d'Oreilles, and Puhquauhwong, 17 miles from the station, Misses Susie and Cornelia H. Dougherty.

#### Dakota Mission.

YANKTON AGENCY, Dakota Territory: on the Missouri River, 69 miles above Yankton; station occupied, 1869; Rev. John P. Williamson and his wife; Miss Nancy Hunter, teacher; Rev. Henry T. Selwyn, Rev. Joseph Rogers. Outstations, 5; native helpers, 3.

FLANDREAU, Dakota Territory: on Big Sioux River, 40 miles above Sioux Falls; station occupied, 1869; Rev. John Eastman.

POPLAR CREEK, Montana Territory: on the Missouri River, 70 miles above Fort Buford; station occupied, 1880; Rev. and Mrs. George W. Wood, Jr. Outstation, 1; native helpers, 2.

WOLF POINT, Montana Territory: on the Missouri River, 20 miles from Poplar Creek; station occupied, 1883; I native helper.

PINE RIDGE, Dakota Territory: occupied, 1886; Rev. C. G. Sterling and his wife; Miss Jennie B. Dickson and Miss Charlotte C. McCreight; Rev. Louis Mazanakin-yanna; one native helper.

#### Omaha Mission.

BLACKBIRD HILLS, Nebraska: on the Missouri River, about 70 miles above Omaha City; mission begun 1846; Rev. William Hamilton and his wife, Decatur, Nebraska; Rev. John T. Copley and his wife; Mrs. Margaret C. Wade, Miss Margaret C. Fetter, Miss Mary L. Barnes, and Miss Eva M. Woodin, Omaha Agency, Nebraska.

#### Winnebago Mission.

On their reservation, adjoining that of the Omahas; mission resumed, 1881; Rev. Wm. T. Findlay and his wife. Post-office, Winnebago, Nebraska.

#### Sac and Fox Mission.

Mission begun 1883; Miss Anna Skea. Post-office, Tama City, Iowa.

#### The Nez Perce Mission.

LAPWAI, IDAHO TER.: work begun, 1838; Miss Kate McBeth.

KAMIAH: occupied 1885; Miss Sue McBeth temporarily at Mount Idaho.

Native ministers: Kamiah, Rev. R. Williams; Umatilla, Rev. J. Hayes; North Fork, Rev. W. Wheeler; Lapwai, Rev. Peter Lindsley; Spokane Falls, Rev. A. B. Lawyer; Wellpinit, Rev. Silas Whitman; Meadow Creek, Rev. Enoch Pond. General evangelist, Rev. James Hines.

#### The Senecas.

The Seneca Mission has passed through a year of unusual prosperity. The fields of Rev. Mr. Trippe, who is in charge of the Alleghany, Cornplanter, Tuscarora, and Tonawanda Reservations, have all shared the blessing. Sabbath services have been regularly held at five different centres, either by Mr. Trippe in person or by the native assistants under his direction, and from time to time goodly additions have been made.

At Tonawanda the little church has been quickened under the labors of Mr. Trippe and his native assistant, and the Council of the Tonawandas has shown its increased desire for the instruction of the youth of the tribe by offering to the Board the use of a building which was reared some years since by the joint contributions of the tribe and of the State of New York, for the purpose of a boarding-school. A good farm of eighty acres is also offered for the use of the school. agency should be utilized, as among the 700 Indians, old and young, of the Tonawanda tribe, there is a large number who would gladly profit by the privileges which a consecutive and thorough education might afford. And these, under proper Christian influence, would, as we may hope, accomplish great good for their people in later years. The Council guarantee that the school shall be full. Whatever may be the issue of pending discussions concerning the disintegration of reservations, the division of land in severalty, and the near approach of entirely changed conditions for our Indian tribes, one thing is certain, —every year and every day should be improved diligently in the preparation of these wards of the nation, for the changes which are imminent and sure to come. It is certainly a challenge of duty to the Christian people of the Empire State that a building and a farm, with many of the appliances needed for an industrial school, are offered by the Indians, and the invitation thus extended to come over to their help.

The women of the Tonawanda church have shown great interest in a sewing circle which held suppers, etc., for the purpose of raising

funds to repair their church.

The report makes grateful acknowledgment of the co-operation and sympathy of Rev. John McMaster, pastor of the Presbyterian church at Akron, who has preached to the Indians on Sabbath afternoons, and who has also given good counsel in the matter of repairs.

On the Tuscarora Reservation Mr. Trippe reports that the Indians give considerable evidence of the good influence of the Gospel which has been preached to them in the days that are past. The field is small, but the work during the year has, on the whole, been successful.

We receive a good report of the native Indian helpers. Though imperfectly educated, they have done good work for the Master.

The results of missionary labor for the past year for the fields under

the care of Mr. Trippe are summarized as follows:

One church building finished and dedicated; another repaired; nearly \$1,400 raised by the Indians on the various reservations; one Sabbath-school organized; communicants, 198; twenty-five members received into the Church; increased self-support, and the ready cooperation of the Indians in all missionary labor.

## Cattaraugus Reservation.

On the Cattaraugus Reservation there have been some changes, but a good degree of prosperity has prevailed. In the early part of the year, Rev. William Hall, so long and so faithfully employed in the service of the Seneca Mission, maintained the work though amid the infirmities of advancing years. The girls' school was kept up by Mrs. Frank Bailey, who, after her marriage, remained for some months at her post until others could be found to take up the work.

In October Rev. George Runciman commenced his work, and n February he was married to Miss M. A. Alexander. The mission is now under their care. Mr. Runciman's labors have been heartily welcomed by the Indians of the Reservation, who have shown a greatly increased faithfulness in church attendance, and the work is more prosperous than at any time during the last two or three years.

The earnest and efficient co-operation of Mr. and Mrs. Van Valkenburgh, of the Thomas Orphan Asylum, has been given to the general work of the Cattaraugus Reservation during the year. The pupils of the institution form an important part of Mr. Runciman's Sabbath

audience and Sabbath-school.

## Chippewa Mission.

It is at present, as it has been for some years, a day of small things with the Chippewas of Wisconsin. Larger numbers of this tribe are found in Minnesota and on various reserves or portions of reserves. The Chippewas of Wisconsin depend mainly upon the sale of their lumber, and this the great lumber companies are fast wresting from their hands. They are a scattered and discouraged people, and are so widely separated that efforts, either in preaching or in school instruc-

tion, suffer a great disadvantage.

The little station at Odanah is overrun by the influences which come with the advent of the white man and the establishment of a railway station in the very centre of our former missionary operations. Within the last two years the little day-school at Odanah has been suspended as a mission school, owing to the opposition which arose against the teacher there employed, and the only work undertaken has been that of Rev. Mr. Blatchford, a half-breed preacher, who has maintained religious services in the little chapel. Forty-two members are now connected with the Odanah church, five of whom were received during

the year.

At the outstations lying northward of Hayward, namely, Round Lake, Lac Cour d'Oreilles, and Puhquauhwong, faithful work has been maintained by the veteran Rev. S. G. Wright, who, amid the infirmities

of age, has travelled over the triangle enclosed by these three stations, in all weathers and with great exposure and hardship. He has divided his labors as preacher and pastor among the three stations, each small and invested with many discouragements. The influence of lumbermen and of strong drink on the one hand, and of Roman Catholic intrigue and opposition on the other, have been the chief of

these discouragements.

Mr. Wright has found it necessary, on account of age, to close his labors, and some new provision must be made to supply his place.

At Round Lake, Misses Susie and Cornelia Dougherty have been faithful at their post, carrying on the little school in which for years they have bestowed their self-denying labor, not only as teachers, but as guides in the path that leads to Christ. Nowhere is there a more notable instance of faithful, self-denying, uncomplaining labor for Christ. Cut off almost entirely from associations with Christian friends of their own race, surrounded by scattered Indian families—some Christian, some heathen, but all looking with peculiar reverence to these Christian women—they have held on their way, planting the seeds of the truth, and drawing their reward from the approving love of the unseen Master. Whatever may be the sad close of the history of the Indian race, pressed to the wall and finally, perhaps, driven to extinction by the greed of the white man, such examples as these will stand out on the page of history and in the clearer light of eternity as protests against wrong and as testimonies for the truth of God.

#### Dakota Mission.

It is a pleasure to read the report of the Yankton Station of our Dakota Mission for the past year, coming to us from the pen of the Rev. J. P. Williamson.

Scarcely anything is more marked in the history of the year than the abundance of the labors of leading men in the Indian churches. It is evident from his letters that this increased efficiency on the part of the Indians in supplying the necessities occasioned by Mr. Williamson's comparative feebleness, has been to this faithful missionary a source of

great comfort and hopefulness.

Yankton Agency is the principal station of the mission. Williamson resides, and Miss Hunter has her school. In the midst of the scattered group of the agency buildings, one sees the white wooden church, with the dwelling of Mr. Williamson, and the school-The church at this point numbers 118 members, of whom 15 were added during the year on profession of their faith. pastor is Rev. Henry Selwyn, who has for eight years been in charge of this church, and of whom Mr. Williamson speaks as a devoted and eloquent preacher, and a very instructive Biblical teacher. The church has three elders, Noah Onsiyayanka, David Tonwanojanjan, and Thomas Aungie. A fourth was the late Peter Iyuduze. have rendered invaluable aid to their pastor. A Sabbath-school is found, numbering 85, a very active Woman's Missionary Society also, and a flourishing Young Men's Christian Association. The day-school, in charge of Miss Hunter, is crowded in the winter, but small in summer, as the Indian families generally remain out on their farms while tending their crops. The contributions of the church the past year amounted to nearly \$500. A similar liberality on the part of all our American churches would fill and flood every mission treasury.

Hill Church, on the Yankton Reservation, stands about 11 miles east of the agency. At this point there is a small church building, and here, also, the Rev. Henry Selwyn has regular appointments. This church, organized about ten years ago, has now 96 members, of whom

9 were added by profession of faith during the past year. A Sabbathschool and two weekly prayer-meetings are regularly maintained. Having no resident minister, the church would have suffered greatly but for the care of its three excellent Indian elders. One cannot help wishing that all Presbyterian elders were as faithful and zealous as these men. They have labored without reward, maintaining regularly their meetings, and visiting diligently the people, so that now the majority of the Indians in this neighborhood are professing Christians. Winter before last the school in this church was closed through the remarkable orders of the Government with respect to vernacular teach-During the past winter, however, it was opened again with one of the elders as teacher. This congregation had so far outgrown its house of worship that on the Sabbath there was a crowd of listeners not only around the door, but around the windows also. Last fall the Board assisted them in making an addition to the church which has been a source of great satisfaction to them. The Indians themselves contributed liberally toward this enlargement, in money, and still more in labor. The contribution of the Board toward the enlargement was about \$75, while that of the Indians was equivalent to more than \$100.

Cedar is another outstation, located about 15 miles northwest of Yankton Agency. Mr. Williamson writes: "We have had a vernacular school in this neighborhood every winter for 6 years until last winter, when the Government orders closed the doors. Although only taught in the winter, a year ago last fall the school grew into a church, and this now numbers 2 elders and 24 members, two of whom united with the church the past year. The school has been again opened and put in charge of James Garfield Tiokpaza. This people has no house of worship, except an old log-cabin, and the growth of the church must be very limited unless a suitable house is provided. For this they are now asking. In this church also, Rev. Henry Selwyn holds quarterly meetings and other occasional services. The elders of the Yankton Agency church as well, have taken turns in visiting the people and holding meetings with them on the Sabbath."

Red School-House is a third outstation connected with Yankton. Concerning this Mr. Williamson writes: "The dance-house, which is the headquarters of heathenism on the Reservation, is near by, and its influence has hitherto dominated the neighborhood. Of late, however, the Christian leaven has been at work and we have gained a number of converts, while still others are attending church. One of our faithful elders, Peter Iyuduze, has opened and maintained in the Dakota vernacular a school in the old house where years before the Government vainly tried to maintain an English school. His Christian influence soon made itself felt. He was winning the hearts of the people when he was taken away by death last January. The school, however, is still continued and has been put in charge of George Black Owl, a young man whom the mission has been educating for several years at Santee."

Lower Brule Agency is situated about 110 miles northwest of Yankton Agency, on the Great Sioux Reservation. Rev. Henry Selwyn was sent about four years ago, at the urgent request of the Brule Indians, to open a station at this point, and the work has been continued

ever since at White River, a few miles below the agency. The church, organized two years ago with two elders, now numbers 37 members, of whom 7 were added during the past year. The Sabbath-school numbers 40. "Under favorable circumstances," writes Mr. Williamson, "no part of the field under my care gives promise of more speedy growth than this, but the question of opening the Sioux Reservation has for two years kept this people in a state of excitement very unfavorable for missionary work. Sometimes in a log-cabin, sometimes in a teepee, our native helper, Joseph Rogers, a Flandrau Indian, has persevered, holding meetings and teaching school wherever he was, always attracting the attention of large numbers."

The Flandrau Indians live about 150 miles northeast of the Yankton Agency, at Flandrau, D. T. They are a small portion of the Minnesota Sioux, among whom our Dakota Mission was commenced over fifty years ago, and are the only ones of that particular band of Indians now under the care of our Board. The others, constituting 7 churches, have been transferred to the Board of Home Missions. The pastor of the church at Flandrau is Rev. John Eastman, a strong, zealous worker for the improvement of his people. There are 3 elders, and 100 members of the church, 9 having been added on profession of their faith during the past year. The contributions of the Indians themselves amounted to \$321, while the expenditure of the Board on

The survey of these various stations, given by Mr. Williamson, is followed by some notice of the

Native Missionary Society. In this society the Dakota Indian churches, 14 of them being Presbyterian and 3 Congregational, unite for missionary work. The receipts last year were \$1,180. They support three missionaries, Rev. Daniel Renville at Crow Creek Agency, Rev. Samuel Hopkins at Devil's Lake Agency, and elder James Brown at Cheyenne River Agency. The work at Crow Creek has been specially successful the past year, a church of 26 members having been gathered within a year after Daniel Renville commenced work there. Of this Native Missionary Society Rev. Mr. Williamson is one of the directors and the treasurer. His perfect mastery of the Dakota tongue, and lifelong residence among the Indians, together with his strength and kindness of character, give him a wide, and, one might say, an unequalled influence among all these churches, and even Mr. Williamson's feebleness, as we have before observed, has continued to be the occasion of new helpfulness on the part of the Indians themselves. Nothing has shown more clearly than this the genuineness of the work which has been done among them.

The necessary limits of this report will not allow us to transcribe the interesting incidents given by Mr. Williamson of individual conversions among the Indians, and of Christian fidelity, even in the face of the most bitter persecution, and continued to old age, nor can we here describe the deaths which he calls "victories." We shall hope soon to lay some of these interesting narratives before the churches in

the pages of The Church at Home and Abroad.

this field was but \$150.

## Higher Education.

The station schools previously alluded to are all of the primary grade. In the lack of higher schools the children who are prepared for more advanced studies now enter the Government Boarding-Schools at the agencies, or go east to Hampton, Wabash, or other similar institutions. Mr. Williamson writes: "Without reflecting at all on these schools. I may say that none of them meet exactly the want which our mission feels of a training-school for preachers and other Christian workers. Our Indian teachers must have thorough Bible instruction, and moreover their love and sympathy for their people must be maintained, even though it be at the sacrifice of a little fluency in the English tongue and some polish of dress and manners. needful training is made a specialty at the Normal Training-School at Santee Agency, Nebraska, a school now under the auspices of the American Missionary Association, but originally started by the American Board when the Presbyterians and Congregationalists were united in that society." This school is the best in the country for our purposes. During the past year 53 pupils from the field now occupied by our Board have attended at Santee, and we have contributed about \$800 toward their support. Two of its former pupils were ordained by the Dakota Presbytery during the past year, namely, Rev. Joseph Rogers, now located at Lower Brule, and Rev. John Flute, who has labored with great usefulness at Pine Ridge Agency, until recently transferred to the pastorate of the Mountain Head church, at Sisseton Agency.

#### Vernacular Publications.

"When I say," writes Mr. Williamson, "that there are 20,000 Indians who cannot understand common conversation in any language but the Dakota, I may add very rationally that it must be some years before the Dakota language is obsolete, and as a missionary I may further add, just as rationally, that thousands of Dakota Bibles might yet be used with profit among the Dakota people. That noble institution, the American Bible Society, stands ready to furnish the Bibles, but in order to make these useful they must have some simple forerunners in the way of primers and readers, and it will be also a great help to have as a companion to the Bible, the hymn-book, as well as two or three volumes like 'Pilgrim's Progress.' Among these vernacular publications the *Iape Oaye*, or *Word Carrier*, a small weekly newspaper, is of great service, being the only paper which the great majority of our Christian Indian families can read, containing the Sabbath-school lessons, the church news, and other religious information, which makes it almost a necessity in our mission. We have also now in progress a new edition of Woonspie Itakehna, or Precept upon Precept."

A Review of Twenty Years.—On the 20th of March, 1889, Mr. Williamson completed twenty years of service as a missionary at Yankton Agency. It was natural that in his annual report he should take a review of these years. We shall hope in some manner to present

this review in full to our churches, but a few references contained in it

should be included in this report.

"Twenty years ago," writes Mr. Williamson, "the Yankton Sioux were as near as might be in their aboriginal state. They were all pagans. They followed the war-path, spent their time roaming over the prairies, subsisted chiefly by the chase, but received a certain amount of annuities from the Government at Yankton Agency, their headquarters, where a few of them might always be found. No permanent mission of any denomination had been established among them. . . . But though this particular field and work were new, the missionary was not new to the work. I had inherited the business from my father, and had already followed it myself for nine years among the Santee Sioux.

"The next day after my arrival, it being the Sabbath, I gathered a handful of Indians, principally boys, into the corner room of a Government warehouse. This was the commencement of regular Sabbath services for the Yanktons, which have never since been omitted."

Passing by for the present Mr. Williamson's description of the first schools, and the blessings brought by successive revivals, and the establishment of church after church on the Reservation, we quote only the closing words of his survey, giving the present condition of religious interests in that part of the Dakota field:

Number of organized churches 3
" " church buildings 2
Missionaries, Rev. and Mrs. J. P. Williamson
" Miss Nancy Hunter 1
Number of native preachers
" "ruling elders 9
" deacons 4
" church members
" received to the church from beginning
" of additions the past year 27
Contributions the past year\$623
Number of Sabbath-schools
" Sabbath-school scholars 125
" day-schools 4
" pupils in day-schools

"Such is a hasty view of twenty years of labor by one missionary and the assistants whom he has gathered about him—labor expended on those who were found in absolute heathenism. There are far higher and grander motives for missionary work than those presented in the figures above given, but even on this low plane of visible results we need not shrink from the question, 'Does it pay?'"

## Pine Ridge Agency.

The report of the Rev. C. G. Sterling, at Pine Ridge Agency, is also full of encouragement, although it describes a work so recently undertaken, and of course presents in the main the incidents attending the establishment of a new station. No one can obtain any vivid conception of the present state of affairs at Pine Ridge Agency with its thousands of Indians, the majority of them utter pagans, without feeling an intense desire that the efforts of our Board for their evangelization might be more than doubled during the coming year.

The number of missionaries at Pine Ridge has been increased, Miss Jennie B. Dickson and Miss Charlotte McCreight having been transferred to that point from Poplar Creek, Montana. Their many years of service among the Indians there, and their great familiarity with the Dakota tongue, has enabled them from the day of their arrival to render invaluable assistance at their new station. It was not without great regret that they turned away from their old home at Poplar Creek, where, however, the method of dealing with the Indians on the part of the Government made the maintenance of their school impossible, while the scattering of the Indians over such immense areas, and their almost entire removal from the site of the mission station, made efforts to evangelize them almost impracticable. These ladies are stationed at present at Porcupine Tail Camp, living there in the very midst of the Indians, in the new log-house built for them, conducting services in a new, pleasant chapel, and exerting a marked personal influence over the people. The Indians around them have a strong attachment to the church, and are very regular in attendance, while the children seem especially interested, and are doing well in their Bible lessons.

The native helper who was associated with Mr. Sterling last year has been ordained to the ministry and installed as pastor of the Mountain Head Church at Sisseton Agency; his place has been taken by James Lynd, a half-blood Sioux, nearly thirty years of age. In addition to giving assistance to Mr. Sterling at the Agency Village, he has the work of circuit preaching at the many widely scattered Indian camps. While thus engaged he is also pursuing his studies for the ministry. Mr. Sterling writes: "His character and devotion are such that I feel proud of him as a helper, and am sure of his success in the ministry. I desire exceedingly that he should have more instruction in our higher schools, and am asking God to open the way."

Rev. Louis Mazawakinyanna, formerly pastor of a church at the Sisseton Agency, has also gone to the Pine Ridge field, and is to have

charge of a new outpost on White Clay Creek.

Mr. Sterling's work has been, as hitherto, conducting regular services at the Agency village, addresses to the children at the large Government Boarding-School, instructing his helpers, and circuit preaching at the Indian camps. A chapel has been built at the Agency village, and a suitable residence for the missionary. He had previously been living in a log-house with a rotten floor and a roof of mud. His only chapel was an old log structure, previously occupied by an Indian trader as a billiard-saloon. Concerning the chapel Mr. Sterling writes: "The new church is still a novelty, and of course draws some who are merely curious to see it; besides it is in a most conspicuous place, and in the evening is literally a 'light on a hill.'" This pleasant sanctuary, for which the mission had long waited, is in striking contrast to their old dismal quarters. Something deeper than a mere satisfaction with their improved surroundings exists in the congregation. This is seen in the establishment of family altars, the voluntary adoption of grace at meals, and an attentive interest in hearing Bible truth. Mr. Sterling has felt there was need of great care in the admission of members to the church

at such a station as Pine Ridge, where most of the Indians with whom he deals have hitherto been involved in paganism as complete as that which is found in Africa. He has, therefore, admitted but two new members to the church during the past year. Others have made apparently sincere application for admission, but he has deferred their admission that they might have more instruction. "I have admitted two," he says, "and look upon these men as souls plucked from the burning. They are young men who have been to London and our Eastern cities with Buffalo Bill, and under the most demoralizing influences. The wickedness of our large cities is a terrible whirlpool for most of those who join these shows. Surely God has kept these men, and others of our members, who would otherwise have been engulfed in sin. One of these Indians told me that while in London he read constantly the Dakota Bible which he bought from me just before starting off two years ago."

"Upon the whole, the condition of the Pine Ridge field," says Mr. Sterling, "may be described as one of large opportunity. To carry the Word to all quarters and press it upon individual attention, is without doubt the true line of future effort. The need of the field is two-fold:

"(1). The establishment of new outposts to provide for the instruction of those living at a distance whose visits to the Agency Village are infrequent. These outposts can be manned by native helpers and teachers who have been well instructed. Such helpers can come very near to the Indians and do nost useful work. Among other such outposts, one should be established at Cheyenne Camp, where there are 500 people among whom no instruction of any kind has been formally undertaken, either by the Government or by any church. One or two young Cheyenne boys who have studied at Carlisle, and are members of our church, have this summer tried to teach the children a little and to spread the knowledge of Christ." Their simple labors have certainly been blessed by God, and Mr. Sterling's occasional meetings held at this camp have been marked by wonderful interest.

"(2). The second marked need of this field is the establishment of some kind of a boarding-school, where the children could be brought under stated instruction, with home influence." "There are now a number of children," says Mr. Sterling, "whom we look upon as our own. These should certainly be provided for by us, else it is highly probable that they will soon be found in the Roman Catholic school lately established." Mr. Sterling offers to receive several such children into his own home if a teacher could be provided for them and means for their support. "Parents," he says, "are already asking me thus to take the care of their children. One old man came twenty-five miles, through snow and cold, to ask this favor in behalf of two young lads, his grandchildren." Nothing in the world but the lack of means prevents the establishment by the Board on this Reservation of an excellent boarding-school, where from 25 to 50 of these Indian children could be thoroughly instructed and brought under the best personal and home influences. Not only is this plan perfectly feasible, it is a manifest necessity if we are to do our duty by these children, and it certainly ought to be done.

#### Fort Peck Agency.

We have already referred to the way in which the Indians dependent on this agency have been scattered far and near. The villages at Wolf Point, Upper Box Elder, Deer Tails, and Lower Box Elder, have been entirely broken up. The consequence is that the meetings have dwindled to almost nothing, while day-schools for the children are impossible, now that their homes are so scattered. the circumstances which led to the transfer of Miss Dickson and Miss McCreight to Pine Ridge Agency, and which are leading Mr. Wood to question the wisdom of his remaining at Poplar Creek. Something could still be accomplished there through a good boarding-school and by native helpers associated with the missionary, and living at points where Indians could be grouped for religious services. The missionary for this field, however, should be one whose vigorous health and comparative freedom from home cares should allow him to push his evangelizing tours in every direction, and it is questionable whether this field might not advantageously be transferred to the American Missionary Association, who are already conducting work in this part of Northern Dakota at Fort Berthold, Standing Rock, and Oahe, while our own Board could concentrate its effort on the field in Southern Dakota in which Yankton and Pine Ridge lie.

#### Omaha Mission.

In behalf of the Omahas, the same laborers are at work as last year, and their work has been pursued on much the same lines—preaching and teaching. Mr. Hamilton, the senior missionary, notwithstanding his infirm health, has had conversations with Indians on their visits at his own home and on visits to their houses in large number, while also taking part in the services of the sanctuary. He can say, "But few of these Indians can say 'I have never heard of Christ,' and many of them have heard repeatedly and been urged to give themselves to Him and be saved, even of those who do not attend chapel service [referring to the new house of worship]. I have great hopes that the attendance there will so increase that it will be said, 'The place is too strait for me.'" Mr. Copley does not give a particu-

lar account of his labors, but they were no doubt conducted on the same general plan as that adopted by Mr. Hamilton. He speaks of a visit made by the Presbyterial Evangelist, who spent ten days holding continuous services, which he says were effective, and adds that "the seed that has been sown these many years sprang up under his work. . . . . We have received 26 into the church, 3 whites and 23 Indians. . . . . Our present membership is 92,—79 Indians and 13 whites. There are several more to unite."

In external things the erection of a new church is dwelt upon with emphasis. It is neat and attractive, and greatly prized by the Indians. It was built by the gifts of friends of two of the missionaries and the grants of the Boards of Church Erection and Foreign Missions—the larger amount by the former Board. A fence for the church-lot and a bell for the church are yet to be provided, and for these the sum of \$210 is requested. The building cost \$1,700 thus far. It will seat

150 persons.

The boarding-school for girls and for small boys is under the excellent superintendence of Mrs. Wade. The Government Agent says of this school in his report to the Commissioner of Indian Affairs: "I should probably make special mention of the Mission School, as it has done excellent work. This school has attained a high state of perfection, and the management is deserving of praise." Under date of April 6, 1889, Mrs. Wade reviews the year's condition of this school:

"As you know, last year's school closed on the 1st of May on account of measles, and not until three of our little girls had gone from the trials of this life to the peace of heaven. For two months our work was to care for the sick and the dead. Every day there were calls for help from every direction, and it was impossible to return until dark. The fact that it rained almost every day, and the absence of dinner, did not count for much in the face of so much suffering. At least sixty little ones were taken from the tribe, ten of them our own little girls.

"When the school opened, September 1st, little boys were admitted for the first time in five years. Eighteen boys and twenty-seven girls have been received. They were unusually free from sickness all winter, without even colds, until this spring; and now we are threat-

ened with whooping-cough.

"This year will always be remembered as the one in which the desire of many years was fulfilled. At last we have a place of worship, and it has been blessed in bringing many to the light who did not attend service before. But the old school-room, that served for a

chapel so many years, has many precious associations.

"The woman's prayer-meeting was discontinued for a while last year, and once the chain was broken there were many things to prevent getting well started again; but as soon as the busiest season is over, they will be resumed without fail. Three of those who loved it most, and were most regular in attendance, were called home during the year; and another member of our little church, Joseph La Flesche, was laid to rest last September. He was among the first of the Omahas to turn to the light, and has followed it steadily with won-

derful courage. He turned not to the right hand or the left from the Word of God so far as he knew its teachings, and the regret of his life was that he could not read it. His soul seemed hungry for more than he could reach here, and it is good to know that he is satisfied with the fulness of the Saviour's presence now, to be like Him, for he shall see Him as He is."

### Winnebago Mission.

Mr. Findley, on the 5th of April, gave a clear and satisfactory review of the missionary work for the Winnebagoes during the last year, as follows:

"Since the last annual report from this mission, Rev. S. N. D. Martin and his wife have withdrawn, and Mrs. Findley has joined me in the mission work; thus the mission force is the same as in previous

reports.

"I can add but little to past reports as to progress, though I think there are indications of some. The Indians are respectful to the preacher and to his message. Some of them have given glad expression to the prospects of having a church building where they can feel free to attend. Many of them love music, both instrumental and vocal, and would come to services for that reason, if for no other. Some are inclined to be sociable, not in the sense of giving and getting, but seemingly for the sake of companionship.

We hold services in the Government school-house every Sabbath morning, talking in Anglo-Saxon English and using blackboard illus-

trations.

"Usually there are from sixty to ninety present; most of them are the school children, and are pretty generally interested. Not many adult Indians attend, because of the size of the room and the lack of welcome.

"I think we have gained one point advantageous to us, while we hold services in connection with the school—i. e., that we have a definite part in the Sabbath services which is not to be usurped even by

those opposed to us in creed.

"I have not baptized any the past year, though I might have done so. I think it best now to wait a short time. The number of adults baptized is the same as in the last report, twenty; some of them, though, are far from consistent Christians. The old 'camp system' must be broken up before we can expect to see great changes in beliefs and customs. The allotment of the land has been made, but it makes very little difference with the Indians. It will take years to get them to settle on it.

"During the coming summer we expect to erect a house of worship, 30 by 40 feet, costing some \$1,600; part of the native material has been ordered. Just at present we are waiting for word from the Department at Washington as to the site which above others is preferred.

"We are both trying to learn the language, but progress is very slow, from lack of a teacher. We have a great many words, but putting them together is extremely difficult. I still expect, however, to speak my thoughts in the Winnebago better than they are now given through interpreters.

"Quite a number of the Indians can read a little, and in our work among them we use a good many Sabbath-school papers, which we have sent to us from different schools. The Presbyterian Sunday-school of White City, Kan., and a Baptist Sunday-school of Pittsfield,

Mass., each send a roll of papers monthly.

"Mr. Martin labored long among this people without seeing many signs of success; but his sowing is not in vain. He was a living witness to this people that all men are not bought and sold as chattels; and that there was a type of manhood in him that is not in them. They see that he lived as he preached for them to live. That fact alone will be telling years hence in the folding of these sheep.

"We are grateful to the Board for the interest it has manifested in us, for the building fund it has promised to this mission, and for its

prompt response every way."

#### The Sac and Fox Mission.

The missionary work for this band of Indians, so long neglected, was begun in 1883, at the instance of the Iowa Ladies' Auxiliary. Remnants of several tribes, known in their vicinity as Musquakies, are living on their own land, acquired by purchase, near Tama City, Iowa. They are 1,258 in number, occupy a few hundred acres of good land, but until lately were sadly neglected, ignorant, uncivilized, and entirely without God—their reservation a heathen island in the midst of a sea of Christian life and influence. For the present, it is not practicable for the missionary to live among these Indians, nor to teach their children on their reservation. A room has been rented in Tama, two miles distant, which is made attractive, and where the Indians are welcomed and kindly treated. It is the place of many and varied lessons. In their frequent visits to this town, men, women, and children resort to this room, and find there a warm and sympathizing friend.

With these introductory lines, and referring to the special accounts in the Annual Report of 1888, pages 20-24, the present state of the mission may be inferred from what its faithful missionary, Miss Anna

Skea, writes, under date of March 28, 1889:

"In looking over the work from the beginning, we can see advancement, and have great reason for being encouraged; and, viewed by the eye of faith, the unseen and spiritual far exceeds the seen and temporal. The progress made by these Indians since I have known them is remarkable, though others would not see it as I do. Their customs, habits, and way of living have changed very much for the better. As regards their dress, the change is more apparent with the boys and men; very many of them are wearing full suits of citizens' clothes. The women, too, are advancing in this, though more slowly, but as surely. Many of them possess powers of mind and heart that are to be admired, and there are those to be deplored.

"The rude bark-houses which everywhere prevailed six years ago are on the decrease. The houses now built are of pine boards, and many have comfortable surroundings. As to farming, it is quite extensively carried on, though they work under many disadvantages.

The interpreter is steadily improving, and his home and premises ex-

hibit thrift and enterprise.

"The attendance at the mission-room during the past year has been very good, and we have given a number of lessons from books, though there has been no regularity about them. A few have been willing at times to come regularly for a few days together. Quite a number of young men and boys and a few girls read quite well. All come, young and old, and seemingly expect to be interested or taught in some way, and they seldom go away without having learned something instructive.

"There is a growing interest for something better than their own way of living. The chief and others who control have not given their consent for a regular school, yet they know the young people (many of them) have lessons every time they come to the room, and it is evident that they are yielding somewhat, though they would not admit it.

"I cannot tell you how much my heart yearns over these Indians as I move among them day by day; and, although there is much to repel one, the thought of the immortal soul fills me, and I long to be used in a way to hasten their enlightenment. The sowing time may seem long and the waiting wearisome, but God's plans are sure to be carried out, and our work is included in these plans. God's promises are already being verified unto us, and we have cause for thankfulness."

Miss Skea expresses the hope that it may soon be practicable to have a small boarding-school for the benefit of these Indians. This may be practicable eventually, perhaps at an early day.

#### Nez Perce Mission.

The Nez Perce Mission has been carried on as usual in various separate departments, the first represented by Miss Sue McBeth at Mount Idaho, where her time and labor have been spent, as for many years past, in the training of native ministers for work among their tribe. Frequent mention has been made of the success of this theological school, for such it must be called. Nearly all the work among the Indian churches of the mission is now carried on by its pupils.

The desire of Miss McBeth to extend the influence of her school into other tribes than that from which she has drawn hitherto has not been carried out, though none the less worthy of admiration. The Crow and Shoshone Indians of Montana and the regions farther south have long been in her mind, and a year ago, with the approval of the Board, two young Nez Perce ministers were commissioned to visit the Crows. Soon after, however, Roman Catholic missions were established among them, and no effort has been made under the auspices of the Board.

It may not be improper at this point to refer to the increased demand that seems to rest upon the Presbyterian Boards of Missions, Home and Foreign, as well as upon those of other churches, growing out of the fact that Dakota, North and South, and Montana have now become States, while yet thousands of Indians within their borders still remain untouched by Gospel influence. The little that is being

done by the great and wealthy Christian bodies as well as by the Government is by no means a matter of congratulation. conditions brought upon the Indians by the so-called Severalty Bill, all demand increased and zealous efforts for the Indians. Under this law, the process of disintegration of the Reservations will go rapidly forward. The grasping and overreaching cupidity of land speculators and of actual settlers will soon enough get possession of large portions of the land. The new temptations incident to the possession of land in severalty, with white men as neighbors on either side, with all their overreaching pressure and with all the causes and contact of intemperance and vice, will be encountered, whether the Indians are prepared or not. At the present time, after two years of practical operation of the Severalty Bill, we are compelled to state on the very highest authority, that the result thus far seems to have been little more than an increased facility for the transfer of land to the possession of the white man, while almost nothing in the line of substantial aid to the Indian, or of wise direction in the utilization of the land which he has individually possessed, has been done. The whole trend of the new order of things points only toward the supplanting and perhaps final extinction of the Indian race. Never before has the Christian Church been called upon more loudly for effort in behalf of these people.

Miss Kate McBeth has carried on a somewhat different work from that of her sister—among the Indian women at Lapwai, where she has been the only representative of the Board, except the native pastor of the Lapwai church. Her efforts have been devoted to the families in and around the station, and she has embraced such opportunities as an incompatible Indian Agent has allowed, for instruction among the girls connected with the Government school. Her efforts, however, have been greatly restricted even in Sabbath-school work by the official who should have given full and free opportunity for labor among the Indians. Besides attending to her school duties, Miss McBeth has given a good deal of time to visitation from house to house, among the sick and bereaved. She has also assisted the native pastor and people in church work. Rev. G. L. Deffenbaugh, in a recent letter, writes as follows in regard to the general work among the Nez Perces:

"Evidently the Lord has been watching over these groping people. The progress on all sides toward an independent Christian manhood has been very gratifying, such as greatly strengthens the hope that the effect upon the Indians of missionary labor will be abiding."

#### THE MEXICO MISSION.

#### Southern Mexico.

Begun in 1872 in the City of Mexico; Rev. J. Milton Greene, D.D., Rev. Hubert W. Brown and wife, and Rev. H. C. Thomson; Miss Annetta M. Bartlett. Native ministers: Mexico City, Rev. Arcadio Morales, Rev. Severiano Gallegos; Toluca, Rev. Luis Arias; Capulhuac, Rev. Evaristo Hurtado; Ozumba, Rev. J. P. Navarez; Zimapan, Rev. Miguel Arias; Jacala, Rev. Vicente Gomez; Zitacuaro, Rev. Enrique Bianchi, Rev. Felipe Pastrana; Tuxpam, Rev. Maximiano Palomino; Jungapeo, Rev. Leofoldo Diaz; Tixtla, Rev. Priscilinao Zavaleta; Vera Cruz, Rev. Hipolito Quesada; Jalapa, Rev. Antonio B. Lopez; San Juan Bantista, Rev. Salamon R. Diaz; Paraiso, Rev. Manuel Zavaleta; Comalcalco, Rev. Eligio Granados; Chilpancingo, Rev. Plutarco Arellano; Mohonera, Rev. Felix Gomez; Frontera, Rev. Procopio C. Diaz; Merida, Rev. Abraham Franco; Michoacan, Rev. Pedro Ballastra. Licentiates, 5; native teachers, 30; Bible-woman, 1.

#### Northern Mexico.

ZACATECAS: occupied 1873; laborers—Rev. Thomas F. Wallace; Rev. Jesus Martines, Rev. Brigidio Sepulveda, and Rev. Luis Amayo; licentiates, 10; native helpers, 5.

SAN LUIS POTOSI: occupied 1873; laborers—Rev. Marion E. Beall and wife; Rev. Hesiquio Forcada; licentiates, 2; teachers, 4.

SAN MIGUEL DEL MEZQUITAL: occupied 1876; laborers—Rev. David J. Stewart and wife; one teacher.

Saltillo: occupied 1884; Rev. Isaac Boyce and wife; Miss Fannie E. Ward and Miss Mabel Elliott; licentiates, 7; teachers, 3.

In this country: Mrs. H. C. Thomson, Mrs. J. M. Greene, and Mrs. T. F. Wallace.

#### Southern Mexico.

The missionary force in the Southern branch of the Mexican Mission has remained unchanged, and active labors have been put forth in all departments. Dr. Greene has made a visit to the Southern fields of Tabasco and Yucatan, and the principal supervision of the active field work, the employment of the native force, the editing and management of the semi-monthly paper, El Faro, and the management of the treasury have occupied his hands. The work under the native preachers and teachers has been carried on with a fair degree of success.

Rev. Messrs. H. C. Thomson and Hubert W. Brown have devoted their chief attention to the Theological Seminary, though Mr. Thomson has expended a good deal of labor upon a new translation of the Scriptures, in co-operation with Rev. Mr. Pratt, of the American Bible Society.

Mr. Brown has made three itinerations among the distant outstations, one in the State of Hidalgo and two in the State of Guerrero.

The statistics of church-membership in the Mexican Mission show but a slight advance over those of last year, though 140 have been added to the Church. The changing population in many Mexican towns and ranches renders the matter of tabulating church statistics exceedingly difficult. The thorough sifting process of the last two or three years has in some particulars reduced the general exhibit, but making all allowance for this, it must be confessed that the growth of the Church during the year has been discouragingly small, and there is reason for earnest prayer on the part of all who love the cause in Mexico, that the Spirit of God may be poured out upon the churches,

and especially upon the ministers who preach the Word in the various districts, as well as at the great centres. But although the number of accessions to the Church is not large, there have been many elements of prosperity and growth.

The Theological Seminary has averaged 19 students during the year, and the course of instruction now given is more thorough than

at any previous time in the history of the institution.

At the Annual Conference held in San Luis Potosi, the mission adopted the plan of employing theological students during alternate years in practical work, returning again to the Seminary for a year of study, and thus continuing the alternation until a thorough and yet practical ministerial qualification shall be the result. It is thought that this plan will operate favorably: 1st, in testing the men and determining whether they have the qualities that will bear the heat and burden of the day; 2d, in ascertaining their adaptations; 3d, it will be a measure of economy, as the alternation of this labor will furnish them in part at least with the means of defraying the expense of study. While at work in their respective fields the young men are expected to pursue a partial course of study, on which examinations will be demanded. The discouragements which sometimes arise from the unstable character of those who have been chosen for service-discouragements which must be expected in a country which has so long lain under the dominion of error—will, it is believed, be reduced to a minimum by the practical tests of this plan.

In the girls' boarding-school there have been 51 enrolled, of whom 25 were boarding pupils. During the latter part of the year a second story has been added to the school building, by means of which the

number of boarders may be increased to 50.

At the Mission Conference held at San Luis Potosi, a letter was presented from the Girls' Missionary Society of San Salvador, accompanied by a gift of \$5.00, with the request that it should be used as the missionaries might deem best.

The total number of day-schools under the care of native teachers in the Southern branch of the mission is 26. The number of pupils in all schools is 952. There are 27 Sabbath-schools with 777 pupils.

The Southern branch of the mission embraces 56 churches, besides 15 stated preaching places. The number of ordained native preachers is 22, besides whom there are 5 licentiates. Eighteen male and 12 female teachers are employed. The total membership of the Southern churches now stands at 3,224. This number, whether considered in relation to the comparatively short period since the establishment of the Mexican Mission, or in comparison with the results attained in other Protestant missions in Mexico, is full of encouragement.

The general sentiment in the Republic is that of bitter opposition so far as the Clerical party are concerned, but of determined and persistent protection and defense of free thought and perfect liberty of worship on the part of the President and most of the State Governors and other officials of the country.

It must be confessed that some portentous indications suggest an earnest and determined struggle in the future, particularly the substi-

tution of foreign priests in many of the churches, in the place of those of Mexican birth. None can fail to see in all this the workings of a deep design against the real liberties of the people, and taken in connection with the general rehabilitation of Jesuitism in Mexico and in all Papal lands, it gives due assurance that the battle with the ultra-

montane spirit in the Papacy is not over.

The work of the paper, El Faro, has constantly advanced. The receipts from subscriptions have amounted during the year to nearly \$2,000. The present number of subscribers is 3,550. It is advancing in self-support and in far-reaching influence. It is ably conducted by Dr. Greene and those who assist him, and its attractiveness, good sense, and clearness of arguments are making it a power in the land. In three or four places named it has been the means, during the year, of opening the way for the preaching of the Gospel. Everywhere it is the forerunner of the living preacher and teacher. The restless and inquiring mind of Mexico, dissatisfied with the long dominion of a mediæval Papacy, is pretty sure to respond to the influence of such a paper, even after a limited perusal.

The report of the Mission Conference held in San Luis Potosi, February 13th, is full of encouragement, and shows in the record of its transactions that an earnest spirit and competent counsels are in

charge of the work.

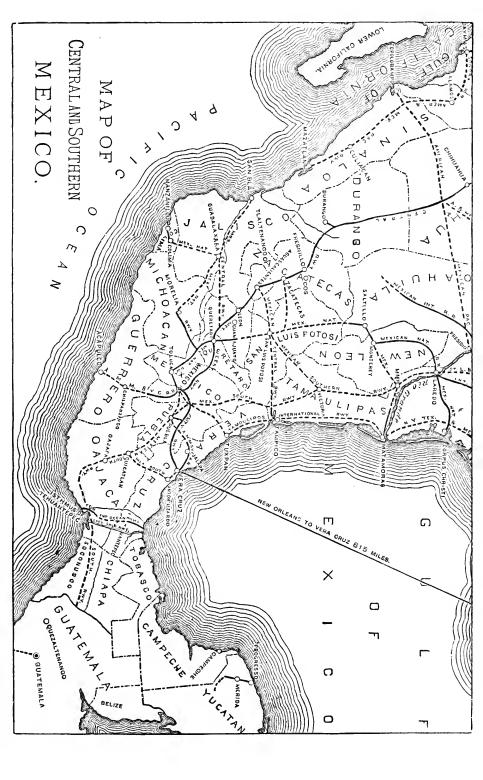

The following action, relative to the extension of the Gospel in

Mexico by native agencies, was taken:

"Resolved, That the missionaries take steps to secure the formation, by their respective Presbyteries, of Mexican Missionary Societies, the funds of which shall be devoted to the extension of Gospel work in Mexico."

#### Northern Mexico.

The work of the Northern branch of the Mexican field has been marked by few changes except in the matter of mission property. At the beginning of the year it was thought best to suspend the girls' school at Monterey for one year, in order to effect a change from that city to Saltillo, which is considered more salubrious and every way more favorable to the work of higher female education. Moreover, the property at Monterey was in such condition that it could no longer be occupied without extensive repairs. In these circumstances the Board has effected, through Rev. Isaac Boyce, the purchase of a property advantageously situated at Saltillo, for a girls' boarding-school and other objects, and steps have already been taken toward the sale of the property at Monterey, which has been so long occupied for the purpose of female education. It is expected that after making certain necessary repairs and changes in the building at Saltillo, the school will be opened under the joint care of Misses Jennie Wheeler and Mabel Elliott, who during the year have spent most of their time in the acquisition of the Spanish language, though at the same time having the oversight of a day-school in Monterey. It is a fact full of encouragement to those who are interested in the prosecution of female education in Mexico, that nine of the girls of the Monterey

school are now employed as teachers in day-schools in different parts

of the country.

As in the Southern field, so also in the North, little growth in the membership of the churches is indicated by the reports. Many causes have co-operated to limit this department of the work, in some cases the unfaithfulness of the native preachers, in others the influence of commercial disaster or general stringency, which has affected especially the poorer classes and necessitated many removals.

#### Zacatecas.

At Zacatecas the vacancy left by Rev. R. D. Irwin, who died more than a year ago, has remained unfilled, and the work has devolved entirely upon Rev. T. F. Wallace, except as voluntary aid has been rendered by the venerable Dr. Prevost and members of his family. His work has consisted of the pastoral care of the church in Zacatecas and a general oversight of the outstations, which are numerous. Sabbath services, Sunday-school, prayer-meeting, etc., have been maintained in the Zacatecas church, and a day-school has been kept up. A general report from the Zacatecas field has not been received.

Rev. D. J. Stewart has continued his work with usual encouragement. He has been located at San Miguel del Mezquital, but his

work has extended into the haciendas and ranches round about.

A good deal of fanaticism and opposition still exists, but the work has gone forward without serious hindrance. On the whole, though the work of the Mexican Mission has not shown great additions in members during the year, a survey of its whole history is full of encouragement, and the attainment of a more complete organization and the establishment of institutions and agencies for the permanent extension of the truth, give reason to hope for abundant spiritual results in time to come.

#### Saltillo,

The Saltillo church, under the care of Rev. Isaac Boyce, has a membership of 56. The number added during the year was 4. At Patos, also under his supervision, 123 members are reported, and at Parras 70, and Monclova 43.

The work at Patos has suffered during the year in an unexpected way. Through the financial reverses of one of the principal church members and supporters of the work, a large number of laborers have been thrown out of employment, and more than half the families in the congregation have been compelled to remove to other places to look for work. This is apparently a sad drawback, but, on the other hand, these scattered ones, like those in New Testament times, have gone everywhere preaching the Gospel. In Monclova, where there was no movement toward the truth, the life-giving leaven is introduced. The Saltillo church has undertaken the support of a school at this place.

In the Monterey division of the field, under the care of Mr. Boyce, there are 7 churches, namely, Monterey, Mesquital, Esborcia, Allende, Cotorra, Durazmo, and Las Abra, with a total membership of 253.

Fifteen have been received during the year. The total membership of the Saltillo and Monterey field is 545. The number added during the year was 36. Five young men are studying for the ministry. There are 8 day-schools, with a total attendance of 179. The number enrolled in Sabbath-schools is 392. Contributions amounted to \$890.

The report states that there is an improvement in the matter of self-support and in the character of the membership of the churches.

#### San Luis Potosi.

At this place Mr. and Mrs. Beall have been at their work during the

year. The report of Mr. Beall says:

"My work for the year has not been unlike that of other years, save that owing to the purchase of property, and the many questions to which it gave rise, I was confined a greater part of the time in the city of San Luis Potosi. At every communion we have been permitted to receive some members, the entire number during the year being 18. We have had two preaching places in the city aside from the central point, and many by this means have heard the Gospel. The attitude of this most fanatical place is, I am sure, gradually changing. We do not suffer that active persecution which in former years was characteristic of this place. The better class now recognize us, but active opposition here, as in other places, seems to have given place to indifference. That they are investigating may be inferred from the fact that 130 copies of *El Faro* are now taken, whereas two years ago there were but 20 subscribers."

"In El Venando, fifty miles north of here, we have commenced new work, because most of our people who were formerly at Zamorelia have been driven away from there, and have gone either to El Venando or to San Luis."

The following are the statistics for this branch of the work: Ordained native, 1; licentiates, 2; native teachers, 4; churches, 4; communicants, 116; added during the year, 26; day-schools, 3; number enrolled, 86. Pupils in Sabbath-schools, 78; contributions, \$196; students for ministry, 2.

#### MISSION IN GUATEMALA.

Organized in 1882: station, Guatemala City, about sixty miles from the seaport of San José; laborers—Rev. and Mrs. Edward M. Haymaker, Miss M. L. Hammond and Miss Imogene Stimers.

Guatemala City is the capital of Guatemala, the most northern of the republics of Central America, with a territory not quite as Its population is estimated at about a large as Pennsylvania. million, chiefly Indian aborigines, and Ladinos, a mixture of Spanish and Indian blood. The liberal party is at present in the ascendant, and is favorable to the establishment of Protestantism. Barillos of the republic has not only treated our missionaries with courtesy, but has promised them all necessary protection in their work, and extended to them the privilege of bringing a limited amount of school supplies to the country free of duty. Substantial advance has been made in the equipment of the mission during the year by the purchase, on advantageous terms, of a very desirable site, upon which a dwelling-house has been erected and a chapel is being built. corner-stone of the chapel was laid on Christmas-day, in the presence of a large and influential gathering, and was the first ceremony of the kind ever witnessed in Guatemala. Preaching both in Spanish and English has been continued throughout the year with encouraging success, as have also the Wednesday-evening prayer-meetings and the Friday-evening services for conference and prayer in private houses, both conducted in the Spanish language. Including the exercises of the Sabbath-school, 249 services have been held, with an average attendance of 35.

In addition to the work in the capital, Mr. Haymaker has laid out several districts for itinerary work. His assistant, Victor Gonzalez, takes these districts in turn, distributing and expounding the Word of God, using his magic-lantern to attract attention by illustrating the pictorial parts of the Bible. During a recent trip he sold most of the Bibles and tracts which three Indians could carry, and met with no decided opposition. In some places the authorities showed him every mark of favor, in one place suspending an evening concert, and giving the public-school building for the magic-lantern entertainment. The work is conducted on the principle of not unnecessarily antagonizing the Romish Church, but of quietly and persistently preaching and distributing the Word of God. Mr. Haymaker says of the outlying towns and villages that "the poverty is so great that no priest will stay, and anything religious is welcomed. So it is with the lower classes in the cities." In addition to the distribution of books and tracts, the El Faro, the illustrated Spanish paper published by our Mexican Mission, has been extensively circulated in the capital. The need of something more immediately adapted to the wants of Guatemala, however, has been deeply felt, and an attempt has been made to supply the deficiency by the publishing of a little paper called the El Mensajero, the first number of which was issued on January 1st.

The school for girls and small boys, known as the *Collegio Americano*, has been open during the entire year, notwithstanding the absence of Miss Hammond on furlough for several months. Twenty-five

pupils were enrolled during the year, and the average attendance was sixteen. Miss Ottaway writes: "With all the discouragements there were daily tokens for the anxious and watchful teacher, telling of character and conscience developing, of real progress in study, and of a growing appreciation by parents of our method and work." deeply to be regretted that under pressure of filial duty Miss Ottaway, who with Miss Hammond has been connected with this school from the beginning, has felt constrained to withdraw. Miss Imogene Stimers was appointed to fill the position, and entered upon her work toward the close of last year. Since the occupancy of the field it has been felt by the ladies in charge of the school, that no substantial progress could be made without having the girls under more constant training than is possible in a day-school. They have already taken one girl into their own home as the nucleus of a boarding department, and authority has recently been given to fit up the rented premises occupied by the school for a few boarders, in order to make a beginning in this direction. It is fully expected that the experiment will so far succeed as to justify more permanent arrangements in the near The ladies, as usual, have rendered efficient service in connection with the Sunday-school, and other parts of the mission work.

The field is an inviting one, and there is most urgent demand for a more adequate missionary force. The Rev. D. Y. Iddings, a recent graduate of McCormick Theological Seminary, has been assigned to this mission and hopes to report for duty in the early autumn. all the countries on this continent, which have been held for centuries in the bondage of Rome, superstition abounds. Mr. Haymaker writes: "Image worship is universal among those who pretend to retain their connection with the Romish Church, even though they be among the intelligent classes. There are here and there over the country images often hideously carved and painted. The Romish hierarchy is in force here, though its hold of late years has materially weakened. With so many forms which the more intelligent can easily see to be devices of mere priestcraft, and with a priesthood, too many of whose members are dissolute, it is but natural that numbers of the more intelligent should lose faith in their old religion, and either look for something better or discard all religion." In the providence of God it has fallen to the lot of the Presbyterian Church to be the sole occupant thus far of this inviting field. The response has as yet been but feeble, but with the substantial foundations laid there is reason to hope for rapid and encouraging enlargement in the future.

### MISSION IN SOUTH AMERICA.

#### Mission in the United States of Colombia.

BOGOTA: the capital of the country; situated on an elevated plain; latitude, 4 degrees north; climate, temperate; population estimated at 90,000; occupied as a mission station, 1856; missionary laborers—Rev. and Mrs. M. E. Caldwell, Rev. and Mrs. J. G. Touzeau, Miss Maria B. Franks; five native teachers; r native helper.

BARRANQUILLA: situated near the sea-coast at the mouth of the Magdalena River; occupied as a mission station, 1888; missionaries—Rev. and Mrs. Thomas H. Candor. In this country: Rev. and Mrs. M. E. Caldwell.

During the past year a new station has been opened in the Colombia Mission at Barranquilla. This place, with the exception of Panama, is the most important commercial city on the Colombian coasts. It stands at the mouth of that extended river system by which the great interior of the country is reached. The city, which already covers a large territory, is situated on an inclined sandy plain, which gives room for growth to any extent. The place is noted for its healthfulness. The population is composed for the most part of the descendants of Spaniards, with Indians and negroes, the larger part of mixed blood. Foreigners are to be found there of almost every European nation, and a few from the United States of America. These, however, do not constitute a permanent part of the population. usual in a tropical climate, the people are disinclined to labor, but this is not as marked as in some other parts of Colombia. lieved that not more than one-third of the people can read and write, and a large proportion of these can merely read a few simple words and write their names. For the entire city there are but four public schools, of one room each. But there are a number of private schools, and others under the care of the Roman Catholic Church. nothing of their quality, all these are not enough to furnish school facilities for the population. The people are nominally Roman Catholics, but many are avowed infidels, and a still larger part are utterly indifferent to all religious interests. The readiness with which they attend Protestant services, even when forbidden by the priests, shows that they are by no means so fully under the power of the Church that they cannot be reached. Both in religious and political matters the tone of the place is liberal as compared with most other cities in Colombia.

Rev. T. H. Candor and his wife arrived in Barranquilla May 27, 1888. They were from the first much assisted by Mr. A. H. Erwin, a lay teacher sent to this place eighteen years ago as a missionary, under the care of the Southern Presbyterian Church, who, entirely unaided for many years by any missionary society, has had a school for boys here, which has been a centre of Christian influence. Our brethren found that both in the city and in the country round about, there was ample opportunity for evangelistic labors. In the city their services were at once commenced in Spanish, and from the first the attendance was good and has been growing. They began their meetings in a building on Mr. Erwin's grounds which, by a few inexpensive changes, was converted into a room somewhat suitable for religious

services. After four months a more central house was rented, and services, both in English and Spanish, held at that place as well as at Mr. Erwin's. Occasional services were also held in the residences of citizens who opened their doors for this purpose. The selling of Bibles, books, and tracts was at once begun. Two Sabbath-schools are held in different parts of the city, with about 40 scholars. A church was informally organized, and about 25 persons, by far the greater part native Colombians, who had been reached through former Christian efforts by Mr. Erwin and others, expressed their desire to become members, professing to receive Christ alone for salvation as He is offered to us in the Gospel.

A school for girls was opened by Mrs. Candor in August, and although laboring under every disadvantage, the attendance constantly grew until it numbered 37 bright girls. A small tuition fee was charged, so that, except for rent, the school has been self-supporting for the past six months.

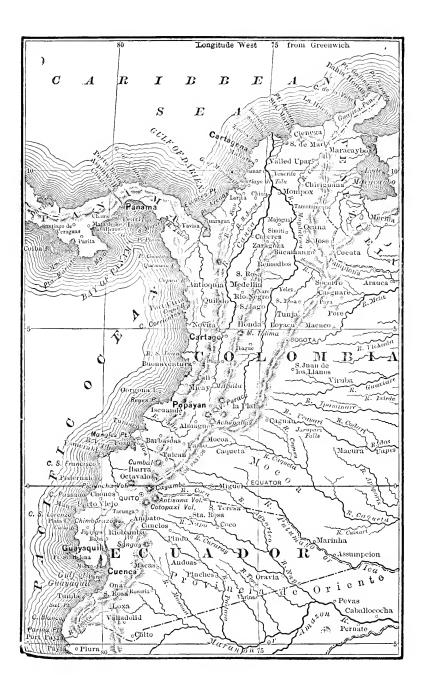

As for future plans and prospects, it has become perfectly evident that as Mr. Erwin's grounds are located on the outskirts of the city, a suitable building should at once be bought or rented in a central situation, so that evangelistic efforts and church services may be conducted in the midst of the people and have every advantage. The readiness shown by the people to commit their children to the missionaries for instruction, is a plain indication that instead of the present temporary and unsuitable quarters, the girls' school should be provided with a suitable building, in an accessible part of the city, and it will be greatly in the interest of economy if a building can be secured which shall serve at once for a missionary residence, for the day-school, and admit also of the reception of a few scholars as boarders. Our brethren at Barranquilla feel that they have great reason for encouragement and thankfulness in the auspicious circumstances under which their labors have commenced, and in the measure of success which has so early attended their efforts. The opening for useful work, in connection with the education of girls by Christian women, seems to be excellent, and the Board has already appointed Miss Addie C. Ramsay, a sister of Mrs. Candor, as a missionary, to be located at this station. It is hoped that she may sail for Barranquilla early this summer.

## Bogota.

The history of the past year at Bogota has been marked by some uncertainty and discouragement. Mr. and Mrs. Caldwell's absence in this country, which was made necessary by Mrs. Caldwell's failing health, and the uncertainty as to the missionary who should supply Mr. Caldwell's place, threw matters into a degree of confusion.

Not long after Mr. Caldwell's departure, Mr. and Mrs. Touzeau took up their residence in Bogota, and the religious services were continued through the year, either by Mr. Touzeau himself or by the aid of some of the leading members of the church. On the 1st of January there were reported by Mr. Touzeau 7 additional members received on profession of their faith during the previous 7 months.

Work through colporteurs has been carried on, although not to the

same extent as in some previous years. A very large number of religious publications, including Bibles, portions of Scripture, catechisms, and pamphlets upon religious subjects, making a total of something like fifteen hundred, were sold during the year. These will be scattered by various means, not only through the city, but in every part of the

Republic.

The girls' school has undoubtedly suffered from the absence of those who have been long accustomed to its management. Native teachers had been associated with Mr. and Mrs. Caldwell and Miss Franks in the care of the school through several years, and it was hoped that they would be able to carry it on successfully during their absence. It is doubtful whether the attempt thus to provide for the school was wise, but the difficulties which arose were in large part remedied when Mrs. Touzeau assumed the care of the discipline of the school, and further improvement was soon manifest on the return of Miss Franks from the United States in restored health, to take the position of Principal.

It is yet uncertain at what time precisely Mr. Caldwell can return, probably early in the summer, and it is expected that there will be sent with him a competent and experienced teacher who will begin preparations for the opening of a boys' school in Bogota, the need of which in a city where now none but Romish or infidel schools can be found, has

long been sorely felt.

## MISSIONS IN BRAZIL.

Bahia: 735 miles north-northeast of Rio de Janeiro; missionary laborers—Rev. Messrs. A. L. Blackford, D.D., and his wife; 1 native assistant and 2 colporteurs. Outstation: Cachoeira—1 colporteur and Bible-reader.

LARANGEIRAS: Rev. J. B. Kolb and his wife; I teacher.

CAMPOS: about 150 miles northeast of Rio de Janeiro—Rev. F. C. Schneider and Rev. M. P. B. de Carvalhosa.

RIO DE JANEIRO: capital of the empire; population variously stated up to 400,000; occupied as a mission station in 1860; missionary laborers—Rev. Messrs. J. T. Houston, John M. Kyle, and their wives, and Rev. A. B. Trajano; 1 native assistant and 2 colporteurs.

SAO PAULO: 300 miles west-southwest of Rio de Janeiro; chief town in the province of same name; population, 27,000; occupied as a mission station in 1863; missionary laborers—Rev. Geo. W. Chamberlain and wife; H. M. Lane, M.D.; Miss Ella Kuhl, Miss Mary P. Dascomb, Miss P. A. Thomas; 9 teachers, 1 Bible-reader, and 1 colporteur. Rev. D. McLaren, part of the year.

SOROCABA: 60 miles west of Sao Paulo-Rev. J. Zacharias de Miranda.

RIO CLARO: over 120 miles northwest of Sao Paulo; occupied as a mission station in 1863; missionary laborers—Rev. J. F. Dagama and wife; Miss Eva Dagama; 3 teachers; 1 licentiate and 2 colporteurs.

BROTAS: 170 miles northwest of Sao Paulo; occupied as a mission station in 1868; missionary laborers—Rev. J. B. Howell and wife; 1 licentiate and 5 teachers.

CALDAS: 170 miles north of Sao Paulo-Rev. M. G. Torres; I native helper and I teacher.

CAMPANHA: Rev. E. C. Pereira; 2 native teachers. Rev. D. McLaren, part of the year.

BOTUCATU: 160 miles west by north of Sao Paulo; missionary laborers— $Rev. \mathcal{J}. R. C. Braga$  and 2 native teachers.

CORYTIBA: about 500 miles southwest of Rio de Janeiro; chief town of the province of Parana; missionary laborers—G. A. Landes and wife and 2 colporteurs.

In this country: Rev. Messrs. J. T. Houston, Geo. W. Chamberlain, G. A. Landes, and their wives, and Miss Mary P. Dascomb.

The event of the year, that which will mark an epoch in the history of the work of the Board in Brazil, has been the consolidation of the results of previous years of labor with those of the mission of the Southern Presbyterian Church, by the formation of the Synod of the Presbyterian Church in Brazil.

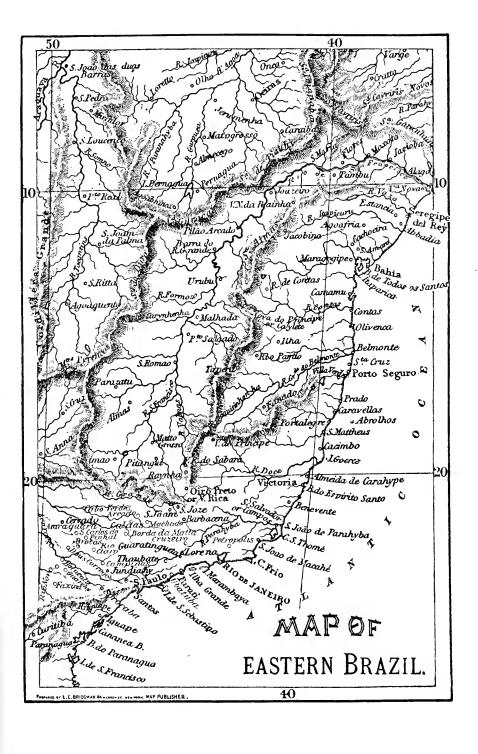

The missions of the Southern Presbyterian Church in the south and north of Brazil have, since their inception in 1869, been steadily maintained, and as a result 616 names of adults are on the rolls of twenty-eight churches, scattered in seven provinces; in S. Paulo 16, Minas Geraes 3, Pernambuco 3, Ceara 2, Parahyba de Norte 2, Maranhao 1, and Alagoas 1. Our own missions, begun ten years earlier (1859), gave as their contingent to the newly-formed synod the names of 2,331 adults on the rolls of 33 churches in seven provinces, in S. Paulo 18, Minas Geraes 6, Rio de Janeiro 3, Bahia 2, Parana 2, Sergipe 1, and Rio Grande do Sul 1. In a total of 61 churches about 3,000 members.

It will be seen that we have planted our standards in seven of the twenty provinces of Brazil, and that jointly with the missions of the Southern Assembly we have occupied but twelve. Eight provinces are yet to receive their first contingent. These are the important provinces of Para, Amazonas, Goyas, Matto Grosso, Sta. Catherina, Rio Grande do Norte, Piauhy and Espirito Santo. There is much land to be possessed. Even of the twelve provinces entered, four have but one church each, four have but two churches each, and two have but three. More than two-thirds of all these sixty-one churches are in the two provinces of S. Paulo and Minas (43), and more than onehalf in the single province of Sao Paulo (34), where the work has developed more rapidly. The Synod of Brazil took action instructing its representatives to solicit from the home churches a reinforcement of twenty-six men to enter destitute fields, indicating localities where this number should be at once stationed. Such is the extent of the work, and such are the open doors that, even if the home churches should respond to this urgent plea, there would still remain three provinces, covering three-eighths of the territory of the empire, without a single missionary.

Since the abolition of slavery, May 13, 1888, immigration has begun

on a scale never before witnessed in the history of the country. What was predicted in the last Annual Report is rapidly taking place. A vast tide of humanity is being turned toward the emancipated empire. One hundred thousand emigrants entered the single port of Santos during the year 1888. Nothing like this has ever occurred in the three centuries of old Brazil. If this is to be a type of the new era, what an emphasis does it give the appeal made by the mission for large reinforcements!

The two witnesses, who on the part of the General Assembly, and in fulfillment of its special commission, were present at the organization of the Synod of Brazil-Rev. Drs. J. Aspinwall Hodge and Charles E. Knox—add their testimony to the necessity of an immediate expansion of missionary efforts in Brazil. A remarkable providence ordered their whole journey, affording them exceptional opportunities to become acquainted with the laborers and their work. At the cities of Maranham, Pernambuco, and Bahia they landed on days when the native churches in these three important places were met in public worship. From these ports they were accompanied to Rio de Janeiro by the workers, native and foreign, in the northern part of the empire. Arriving at Rio they again met with the native church, and were at the opening session of the Presbytery of Rio de Janeiro. They worshipped with the Sao Paulo church at its Sabbath services and monthly concert, inspecting our schools there also. Thence they were accompanied on their return to Rio by the members of the Southern Presbytery of Campinas and Minas. They then witnessed the organization of the Synod, and conveyed the General Assembly's greetings. Since their return they have—before the Synods of New York, New Jersey, Pennsylvania, and Baltimore, and through the press—testified that we are represented by "a noble body of missionaries in Brazil"; that in the native ministers they saw "men of ability, zeal, and adaptation"; "that the opportunities of enlarging our work in Brazil are far greater than our Church has hitherto supposed"; that, "far beyond our expectation, the state of society and the movement of civil government support the advance of Protestant Christianity in that Empire"; that "the present force of missionaries is entirely inadequate to enter upon the next breadth of advance lying immediately before them; . . . . far from being able to move forward, they will not be able to hold their position unless reinforced"; that "extensive evangelistic tours in the interior awaken the liveliest expectation of speedy spiritual results, and these could be more frequently undertaken and prolonged were there sufficient laborers to care for churches already organized"; that "the reputation of the high-schools has brought them scholars beyond their capacity to receive them; that the schools have now come up to the threshold of college education; and that the establishment of a thorough college—with a theological department—would be an imperial advantage to Protestant progress"; that "the volume of immigration is so increasing that evangelization should have immediate reference to these sources of future population"; that "to enlist the Christian heart of the Church in the enlarged support of our Brazilian mission, is needed simply information—knowledge of the land, of the civil and religious condition,

of the corruption of Romanism, of the accessibility of the people to our ministers and teachers, and of the rapid progress which our Church is making"; that "nothing would more stimulate interest in this inspiring missionary advance than visits of delegates from our General Assembly or of our secretaries."

The Board has not been deaf to this appeal; but unless our churches or individual Christians assume the support of the men asked for, we must fall far short of meeting the demand which the providence of the Lord makes upon us. One generous man, with his wife, has already authorized the Board to add another missionary to the force in Brazil, placing in the treasury \$2,000 for that purpose, a gift which he proposes to repeat annually, if God shall enable him to do so.

We have but partial reports from most of the stations. This is due in some cases to the excess of work daily pressing on the mission-aries, which is now, owing to their lessened numbers, heavier than

ever before.

# Larangeiras, Sergipe.

Rev. J. B. Kolb, our sole but very efficient missionary in this province, has had marked encouragement in his enlarging work, both in his evangelistic services in various parts of the province and in the church and school at Larangeiras.

Mr. Kolb narrates in his correspondence striking instances of conversion, of steadfastness in the faith, of Christian peace in death, on the part of those led from the darkness and the superstitious fears of Romanism into the knowledge of Christ as their only and all-sufficient Priest. He describes also the toleration and even public favor given to the missionaries, himself and Rev. Dr. Blackford, where three years ago an infuriated mob threatened the life of their colporteur, and where less than one year ago a large number of people, a committee at their head, sought to intimidate the mission-

aries and prohibit their entering the city.

At a later date he thus refers to the school: "On the night of December 4th we closed up our school term of eleven months, and invited some of our friends of the other side to appreciate the exercises. A large number were present. . . . . At the close a physician asked permission to express his pleasure and surprise, which he did in a neat little speech, saying among other things that they had not anything to equal our methods of teaching. Our teacher will go to Sao Paulo to enter the normal class of our school there, so that he may return to renew his work. We hope much from him. He will need at least two years of study. We so much need a good teacher from the States. Can you not send us one?"

As a result of colporteur work, Mr. Kolb was invited to preach in a remote part of the province, and graphically describes the impotent rage of adversaries and the protection of the Lord where the authorities openly avowed their inability to maintain their laws of

toleration.

#### Bahia.

Dr. Blackford, it should be remembered, is our only missionary in the vast province of Bahia. He writes: "A successful trip of

two colporteurs of the American Bible Society from October to December far into the interior reveals a readiness, even eagerness, to hear the Gospel, to which I long to respond. . . . The necessity is obvious of pushing this work. God is giving us an open door and bids us go up and possess the land. Shall we enter in at once, or, disobeying His command, turn back and go wandering about in the desert?"

By publications in the daily papers of Balia Dr. Blackford has spread an interest in the Gospel far and wide in that vast province. He should at once be reinforced, so as to be enabled to follow up

this interest by itinerating tours.

# Rio de Janeiro.

No report has reached us from this station. The business transactions of the Brazil Mission which devolve on Rev. J. M. Kyle make heavy and exacting demands upon his time, but he has continued, with the help of Rev. Mr. Schneider, to maintain regular worship at Praia Grande, the capital of the province of Rio de Janeiro, and has made evangelistic tours to Rezende and Petropolis.

The church at Rio continues steadfast in self-support under the

ministrations of the native pastor, Rev. A. B. Trajano.

### Sao Paulo.

Under date of November 15, 1888, while Messrs. Chamberlain and McLaren were absent in the interior of the province, Dr. Lane wrote:

"I am again in sole charge of mission work at this point; and, as editor of the Imprensa Evangelica, am in communication with all points of the field. The reports are most encouraging. There is a general bracing up in the native churches in the matter of honest self-support. A healthier feeling toward the Protestant propaganda as a legitimate force in society is noticeable throughout all ranks, in the press, and in Congress. The work grows visibly. The demand for more workers is a constant burden upon the hearts of the few here. The number of workers, instead of increasing, is, alas! decreasing, from natural causes. I am sorry to say also that it is decreasing in efficiency from causes that ought to be prevented. There is an amount of overwork that is disastrous to the mission.

"Mr. Chamberlain is now in the interior of the province on an extended evangelistic tour. The advice of the mission to him, in which I heartily concurred, was to report for a long, complete rest at home. This seemed right at the time, but he recovered tone so rapidly after the adjournment of Synod that with the advice of brethren he decided to make this trip, taking with him Mr. McLaren and Antonio Gomes, the licentiate of this Presbytery. The Lord's blessing has followed them every step of the way, and a very important work is being done in places that have been clamoring for a preacher of the Word for a long time.

"Mr. McLaren's health has been causing great anxiety. At the Synod his overwrought condition was so manifest that members of the mission were in favor of his immediate return to the United States." Mr. McLaren chose rather, in accordance with medical advice of Dr. Lane, to remain on the field, hoping to recover strength by cessation from work without returning to the United States. We fear, however, that he will be compelled to return. Manifestly the station of Sao Paulo must be immediately reinforced or the important and varied work there centred will be crippled.

Dr. Lane writes further: "The school work at this place improves steadily. We have now on the roll 264 pupils, not including the kindergarten, which is independent. Miss Browne is rendering very valuable aid from the start, and will do far more as soon as she acquires the language." Mr. Howell's family is at present staying in Sao Paulo, Mrs. Howell being in charge of Miss Thomas' school during her absence in pursuit of health. Mr. Howell has supplied

the pulpit here part of the time.

The church at S. Paulo having reached, under Mr. Chamberlain's pastorate, which began in 1869, the healthy condition of self-support, was able to place in the hands of the Presbytery a unanimous call for the pastoral services of Rev. E. C. Pereira, promising him a competent salary and a personage. The rare pleasure of handing over his charge into the hands of one whose profession of faith he had received, and whose theological studies he had directed while yet a member of the S. Paulo church and student of the theological school at that city, was thus accorded to our missionary. Mr. Chamberlain presided at the installation, and delivered the charge to the new pastor after Synod adjourned.

This new departure of the S. Paulo church is one of the most hopeful events of the year, and, as a healthy example, will tell far and wide on the native churches. At the same time that it frees the Board of the support of a pastor, it frees Mr. Chamberlain for a wider sphere of evangelistic work, for which his long experience has specially fitted him. He was unanimously elected synodical missionary, with residence at S. Paulo. He hopes to enter on the duties of this enlarged sphere soon. He is at present under

medical orders to rest in this country.

The Imprensa Evangelica, the religious organ of our mission, has entered upon its twenty-fifth year. It has been issued weekly during the year 1888 at S. Paulo. Its chief circulation is in the provinces of S. Paulo, Minas, Rio, and Bahia, but it reaches every province in the empire. Churches have grown up through its influence in places never visited by a minister of the Gospel. The church at Larangeiras, Sergipe, was the result of a stray copy of the little paper. "In view of the fact that it is an important help in strictly evangelistic work, perhaps the most important in the hands of the mission," says Dr. Lane in his report, "it ought to be placed on a better basis editorially and commercially, and one man's whole time be given to the paper." Closing an elaborate report of the schools at S. Paulo, Dr. Lane asks: "What is to be the future of this school work? Accepting the growth of the school as the Lord's work, it necessarily brings us to a point

where the higher education of these youth must be provided for. Can we look forward to having a regular college—in the American sense like Beirut or Robert College? We have already in sight a freshman class; or must we be contented with grammar and high schools as sufficient preparation for the work in which our young men are to engage? Must they all become preachers?"

Who will found this college?

Jahu, Dous Corregos, and Brotas.—Mr. Howell reports: "The year just closed has been one of continuous labor without any special diffi-

culties or encouragements.

"The interest in self-support continues, there having been a slight increase in contributions for home missions. A considerable part of the total contribution has been absorbed by the church edifices which two congregations are completing. Two parish day-schools with a total of 110 pupils have been in operation.

"The farm school has been attended by 12 pupils. The experiment has been more expensive than I anticipated, for various reasons, chiefly the extraordinarily high price of provisions. Owing to the emancipation of the slaves the usual food crops were not planted, while the thousands of immigrants introduced increased the demand for food, thus raising the price to more than double that of other years. The labor of the students has not been as productive as expected.

"Emancipation has also interfered with attendance at school, as many farmers have been obliged to keep their boys at home to help them with their crops while labor was so scarce and expensive. I have not only boarded 8 or 10 boys at my own expense, but have paid dearly for experience in industrial work."

S. Joao do Rio Claro.—We have no report from this station, which is the centre of a large field diligently cultivated by Rev. F. J. Dagama.

#### Santa Catherina.

This province, in the bounds of the Presbytery of S. Paulo, was visited by our missionaries, and the favor extended by the authorities provincial and municipal—shows an open door. An eminent priest residing there has published his divorce from Rome and his sympathy with the Gospel.

#### Rio Grande do Sul.

The church in this large province was confided, for the present, to the pastoral care of Rev. M. Menezes. The expriest who had united with the church has come to S. Paulo to prepare for the ministry. Immediate reinforcements should be sent to this part of the field.

#### Paraná.

Rev. G. A. Landes, now in this country on account of Mrs. L.'s health, reports: "During that part of the year which we were permitted to spend on our field I spent two months or more in the saddle, travelling between six and seven hundred miles. At seven towns reached in these journeys there were received by profession of faith a total of 122 adults, and by infant baptism 94. There would have been a good many more if I could have reached the district of Tibagy, where there are a number waiting to be received. The members of our churches contributed about \$200 toward home missions in Brazil. The congregation of Itaqui has given besides \$300 for a house of worship. Guarapuava is a very encouraging field and will soon produce a selfsustaining church. In May I there received 53 members. Some 40 or 50 more were studying the Bible and catechism with a view to making their profession. This place is 200 miles from Corytiba and can only be reached on horseback. From every part of the province come calls to preach the Gospel; many places have not been visited for want of time. Brazil, from north to south, is ripe for the harvest, and no field in it riper than the province of Paraná. Great changes are taking place—slavery abolished; liberal laws passed; old faiths, customs, and government no longer satisfy. It is highly important that at this time of change, when men are weighing all opinions, the Gospel have a hearing in every city, town, and village."

### MISSION IN CHILI.

Valparaiso, the chief seaport of Chili: Population, 120,000; laborers—Rev. Messrs. W. E. Dodge, J. F. Garvin, and their wives. *Rev. Messrs. Albert Vidaurre and Moses Bercoritz*. Seven outstations, including Constitucion, where there is an organized church.

Santiago, the capital of Chili, 120 miles southeast of Valparaiso, with which it has railroad connection: Population, 200,000; laborers—Rev. Messrs. S. J. Christen, J. M. Allis, W. H. Lester, Jr., and their wives. One licentiate. Six outstations, including Linares, where there is an organized church.

Concepcion, near the coast, about 300 miles south of Valparaiso, connected with Santiago by railroad: Population, 20,000; laborers—Rev. and Mrs. W. B. Boomer, Rev. Francisco Jorquera. Eight outstations.

COPIAPO, about 400 miles north of Valparaiso : Population, 15,000 ; laborers—Rev. and Mrs. W. H. Robinson. Six outstations.

This mission has been sorely bereaved by the death of the Rev. David Trumbull, D.D., which occurred on February 1, 1889. At the time of his death, Dr. Trumbull was senior pastor of the Union Church of Valparaiso, but in various positions he had given more than forty years to the evangelization of Chili, and may be fairly regarded as the founder of Protestant missions in that republic. Though not under commission by this Board, he was thoroughly identified with our mission, gladly consenting to act as a member, and rendering conspicuous service by his wise counsel, far-reaching influence, and personal participation in the work. The mission and the Board unite in recording their sense of the great loss the cause of Christ has sus-

tained in Chili, while they rejoice in the divine goodness which gave to them and that republic such an apostle of our holy religion.

Among the hopeful signs of progress during the year, was the securing by the mission of a charter from the Government, which provides that "those who profess the Reformed Church religion, according to the doctrines of the Holy Scriptures, may promote primary and superior instruction, according to modern methods and practice, and propagate the worship of their belief obedient to the laws of the land"; and that "this corporation may acquire and hold lands and buildings necessary for the expressed object, and retain possession of the same by act of the legislature." This legal recognition is believed to be a long step in the direction of the evangelization of Chili, and the mission is anxious to take advantage of it without delay. For the better occupancy of the field and the building up of a self-supporting work certain districts have recently been laid out with one of the more populous cities or towns as a centre of operations, each district to be under the supervision of an American missionary. The district of Valparaiso, including the city, and seven towns and villages, covers a population within corporate limits alone of 170,000, that of Santiago 280,000, of Copiapo 30,000, and of Concepcion 95,000. As rapidly as native ministers are qualified, they will be put in charge of substations within these districts with a view to establishing self-sustaining churches.

#### Churches.

The Union Church of Valparaiso, a self-supporting church for English-speaking people, under the pastoral care of the Rev. W. E. Dodge, continues to render effective service among the Chilians, pastor and people gladly co-operating with our mission to this end. The Union Church in Santiago, sustained in part by this Board, has been supplied during the year by the Rev. Mr. Allis, Mr. Boomer also rendering some assistance. It is hoped that a pastor may soon be secured so as to enable our brethren to devote their time exclusively to Spanish work. The Chilian Church of Valparaiso, under the care of Rev. James F. Garvin, reports an average attendance at the Sabbath services of one hundred, and of forty at the weekly prayermeetings. There are about three hundred adherents, representing some sixty families. Mr. Garvin deeply laments the lack of tangible fruit, but regards the outlook on the spiritual side as much more hope-He has recently begun a Bible-class for the older girls of the school which is full of promise. Much earnest prayer is being offered for the outpouring of the Holy Spirit. A ruling elder of this church, whose home is in Quillota, has had supervision of the services at that point. He has also visited San Felipe now and then, where it is expected that a church will be organized in the near future.

The Chilian church in Santiago, under the care of Rev. W. H. Lester, had an average attendance during the year of seventy-five, with about thirty at the weekly prayer-meeting and forty in the Sabbath-school. Eight persons were received into the communion of the church, mostly of the artisan class. The report says: "The members

of this church seem greatly interested in the report of Gospel work, and listen to all reports of itinerary trips, and other kinds of Christian work, with intense interest." Chapel services have been held in different parts of the city, which have been productive of good. It is the purpose of the mission to continue these and add to their number as circumstances may warrant. There has been a marked increase in the liberality of the church during the year, their gifts amounting to \$200, U. S. gold, which for persons in their circumstances is regarded as encouraging.

The church in *Concepcion* has been under the care of the Rev. Francisco Jorquera, a young man who received his theological training in our own mission. The attendance at the Sabbath and weekday services has been more regular during the past year than at any time preceding, and there has been evident willingness on the part of the people to aid in the distribution of tracts. An earnest appeal is made for a church building for this little flock, and also for a suitable building in which to open a school. Toward the procuring of the church the people in their poverty have already contributed \$300, U. S. gold. In addition to this the church has raised \$130 toward self-support, and but little more can be expected until a suitable home for the congregation is provided. Hereafter Concepcion is to be the centre of a work including nine towns and villages, with Mr. Boomer as the American missionary in charge, assisted by the present Chilian incumbent.

The church in *Constitucion* has had a year of discouragement, growing in part out of the want of adaptation of the young Chilian minister in charge. The attendance at public worship has been small, and no additions are reported. It is hoped that the measures adopted by the Presbytery for readjusting matters may prove successful.

Efficient service has been rendered during the past year in Copiapo by Mr. Scott Williams, who for several years was a teacher in the Instituto Internacional, and is now to return to this country to complete his theological course. Hereafter this is to be the centre of a field including a large number of towns and villages. Mr. Williams conducted services as a lay preacher in Copiapo and other points, and speaks hopefully of the field of which Mr. and Mrs. Robinson are to have the oversight in the future. The English part of the community is reported as deeply interested in our work. Mr. Williams says: "All have entered heartily into my plans for religious services, and everything has been done in greatest harmony. What has been accomplished in the Spanish work, has been done largely through the coperation of the English-speaking people. In the community at large there is a strong feeling in favor of Protestants; there is but little fanaticism to contend with, and no persecution."

The church at *Linares* has been cared for during the year by a licentiate, Mr. Krauss. The members of this feeble church live for the most part in the country. The enterprise is yet in its infancy, although some twenty families are identified with it. The great drawback is the wretched accommodations available for the services, the priests having exerted themselves to hinder the procuring of a more

attractive room. Priestly opposition, together with the fanaticism which is its legitimate outgrowth, are serious barriers in the way of pressing on with vigor.

Educational.

The mission continues to place a high estimate upon this branch of the work, regarding it as fundamental to the permanent establishment of Protestant Christianity in the republic. The Romish Church understands this and is expending large sums in the erection and equipment of schools which are carried on in her interest. In material appointments these schools far excel anything yet attempted by our mission, though it is conceded that our schools are greatly in advance in curriculum and thoroughness. This is especially true of the Instituto Internacional, the leading school in connection with our mission, located in Santiago. It is a boys' school for boarding and day pupils, 36 of the former and 55 of the latter having been enrolled last year. It is largely self-supporting, the rent of the buildings and the salary of the Principal, Rev. S. J. Christen, being the only charge on the treasury of the Board. The religious character of the school is pronounced, instruction in the Bible occupying a prominent place, and public worship being maintained on the Sabbath, attended by most of the board-During the past year the newspapers have frequently spoken of it as one of the leading institutions of the country, and its Principal had the honor of being appointed one of the judges of the educational department of the National Exhibition of 1888. The school, however, continues to labor under the immense disadvantage of having neither suitable buildings nor equipment. Substantial and permanent progress in such circumstances is impossible, and the mission again sends a most earnest plea for an appropriation with which to secure a site and erect commodious buildings. Would that it might be granted without delay!

The Escuela Popular, of Valparaiso, is a school for boys and girls, under the general direction of the Rev. J. F. Garvin. The report says: "In reviewing the work of the past year we would gratefully acknowledge the measure of divine blessing which has attended our efforts to give a Christian education to the children confided to our care. We believe the general influence of this school to be good. The teachers report an improvement in the truthfulness and in the general conduct of those who attend. As a feeder to our Sabbathschool and church it has been a valuable factor in our mission force. As heretofore, the Bible has been given a prominent place in the curriculum."

This school, like that in Santiago, is very inadequately provided for as to buildings and furniture, and is likely in the near future to be required to remove from its present rented quarters. The mission is of opinion that there is a fine opening for a first-class Protestant school in that chief seaport of Chili, where the requisite means are at hand for securing a permanent location. Mr. Allis and Mr. Boomer have given instruction to several students in course of training for the Gospel ministry, but none of them completed their course this year.

The Sheltering Home, which, as the name suggests, gives the shelter

of a home to needy children, continues under the supervision of Mr. Garvin. It is supported mainly by subscriptions in Valparaiso and receipts for boarding and lodging. Twenty-one children were cared for during the year, twelve boys and nine girls. The Board made a small appropriation last year to aid in this work. The friends of the institution in Valparaiso are contemplating the erection of a new building on a lot already purchased and paid for. This improvement is greatly needed in order that separate quarters be provided for the boys and girls. Mr. Garvin writes: "I am also anxious that the scope of this enterprise be enlarged as soon as possible to include boarding privileges for those who wish to attend the Escuela Popular." Religious instruction occupies a prominent place in the management of this institution.

# Evangelistic.

Two extended itinerary tours were made by several members of the mission, accompanied by one or two Chilian ministers. They travelled as far north as Arica, a place at present claimed by Peru, and southward to a point some three hundred miles from Santiago. They met with substantially the same experience everywhere, being welcomed by many of the people, but opposed by the priests. The division of the field into well-defined districts, already referred to, will enable the mission to prosecute this evangelistic work more systematically and economically in the future. An important feature of this kind of effort is the distribution of tracts prepared with special reference to the needs of Chili. Of these, eighty-six thousand were printed last year and distributed by the mission, carrying the word of life into many a home where the missionary could not enter. Thirty-five hundred copies of the Heraldo, a small evangelical sheet, were also issued bi-monthly and scattered throughout the republic. It is believed that the printed page is one of the most effective methods of reaching and influencing the people. The recent failure of the Congress to pass the Reform Bill, which was intended to secure religious liberty and depose the Church of Rome from her position as the State Church, has somewhat discouraged the friends of Protestantism, but the granting of the charter to our mission in the face of that failure shows that even the Government is not ready to yield unquestioning obedience to the Papal See. It still remains true that, on the whole, no country in South America is more open to the Gospel than Chiliindeed in none can access to the people, with at least the silent approval of the Government, be counted on more surely.

### Statistics.

Number of pupils	334
Pupils in Sabbath-schools	235
Contributions	730

The statistics of this mission were not received in season, hence some of the figures of last year are inserted.

### MISSIONS IN WESTERN AFRICA.

#### Liberia Mission.

MONROVIA: Rev. Frank B. Perry.

BREWERVILLE: Rev. Phillip F. Flournoy, Mr. Albert B. King. CLAY-ASHLAND:

GLIMA, in the Vey country: Rev. Thomas H. Roberts, Mr. Robert D. King.

CAREYSBURGH: Rev. Robert A. M. Deputie.

SCHIEFFELIN: Mrs. S. E. Nurse. GRASSDALE: Mr. John H. Deputie.

GREENVILLE, Sinoe: Rev. David Frazier; Mrs. J. D. Cranshaw, at outstation of

Warney.

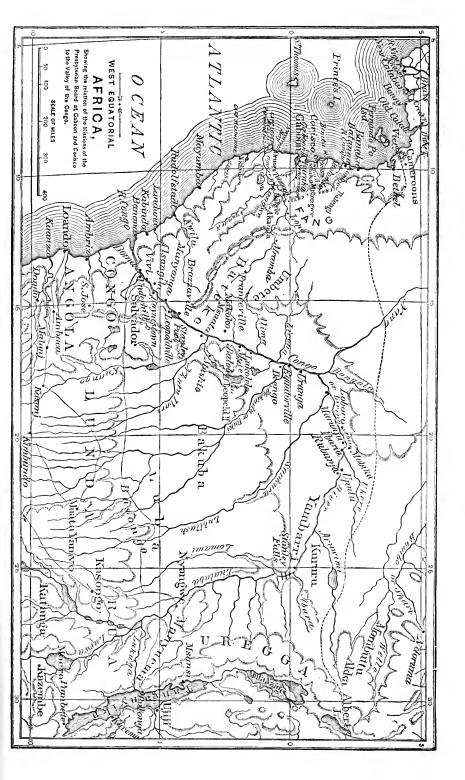

For Bassas: Mr. James P. Herndon.

The staff of missionary laborers remains the same as last year, with the addition of Messrs. J. M. Deputie and J. P. Herndon and Mrs. J. D. Cranshaw, as teachers; while Mr. King entered on his work at Glima. He had been appointed as a teacher at the end of the preceding year, with some reference to Grassdale; but the feeble condition of Mr. Roberts led to his being transferred to this station. The death of Mrs. F. B. Perry in Monrovia, is lamented as a serious loss to her family and to the work of missions for which she was well qualified. All the missionaries are Americo-Liberians, excepting Mr. Roberts, who is a Vey, and Mr. Herndon, a Bassa. Two new men, one a graduate of Biddle University, the other connected with Lincoln University, were appointed during the year to Liberia; but the further medical examinations of the former precluded the Board, much to its regret, from sending him out. The appointment of the latter turned on Presbyterial action and was not completed.

Clay-Ashland Schieffelin Grassdale. Mt. Tabor—Mrs. S. E. Nurse Careysburgh Greenville-outstation at Warne Glima.	y, Mrs. J. D. Cı	anshaw	56 23 8 19

Of the scholars, 39 are girls. Of the whole number, 84 are Americo-

Liberians, and 118 are aborigines, of four different tribes. Sunday-

school scholars, 403.

The Clay-Ashland High-School (Alexander) takes the lead in educational work. The other schools are of varied character—some of them partly boarding-schools; some of them, very elementary. All of them are under Christian influence and instruction. The school and religious services at Schieffelin are under the care of a minister not appointed by the Board, but by the Presbytery. As mentioned in the last Annual Report of the Board, it seems expedient to encourage the support of day-schools, under religious teaching and example—as a part of the Board's agency for the people of Liberia. In their circumstances, it is very difficult to support an efficient common-school system, though their government would gladly favor it. Good women as teachers, such as Mrs. Nurse and Mrs. Cranshaw, and also young Christian men, as teachers, could readily be obtained at moderate salaries—varying from \$200 to \$300, for day-schools.

The station and school at Glima, among the Veys, has been regarded with great interest and sympathy by the Board, not only for the new work well begun amongst an important tribe, but also for the fine promise of the native minister, and of his assistant—an Americo-Liberian, a graduate of Prof. King's school at Clay-Ashland; but especially in view of the serious illness of the former, Mr. Roberts. In his native and warm climate, it is hoped that he may regain his strength and live to be useful for many years. The Presbytery at its last meeting expressed its deep sympathy for him, and special prayers were offered for his recovery. The Board directed the best medical attention to be obtained in Sierra Leone or Monrovia, and sanctioned a sea voyage if the physicians should recommend it. With these means in

use, he is commended to God and to the word of His grace.

The Grassdale school is for the present taught by Mr. John H. Deputie, a son of the late Rev. John M. Deputie. Its prospects are good, but it needs further aid. The Beadle Memorial church is still under the charge of the Rev. R. A. M. Deputie, now living at Careysburgh in missionary work, but visiting Grassdale once a quarter for the communion and other religious services. The prospects of this church are now brighter, after the passing away of some clouds. Its

future is hopeful.

The general outlook of Liberia as a missionary field is not specially hopeful, and yet not discouraging. The Americo-Liberians mostly live in very limited circumstances, and have imperfect opportunities of education. Their influence on the great majority of the inhabitants, the aboriginal tribes, who are heathens and but little civi ized, should not be overrated; too often it may be injurious. Both classes need evangelistic labors, the latter most. Eventually, it is hot ed, the Liberians proper will become the chief agents in the conversion of the purely native inhabitants. The door is open for missionary work among both classes; but the number of people who favor our Church among the Americo-Liberians, as compared with two other churches, is but small—while yet it is gratifying to see that a spirit of harmony seems to prevail among all denominations. In educational and preaching labors

there need be no limits, considering the whole population, excepting what results from the want of men and pecuniary means. Careful statistics seem to show that people of color possess little if any advantage over white persons as to health in Liberia; if so, it deserves consideration whether the Board should not modify its general policy of the last thirty years—that of sending only colored persons as missionaries. Especially should the policy be adopted of sending all or any, who in other respects than complexion are qualified for the work of missions.

It adds not a little to the interest of the case, that the door for evangelization inland from Liberia, after so long a time, seems to be opening; while, on the other hand, it seems to be less open in our mission near the Equator. In both regions the people need the Gospel as their greatest need, and the Church should employ its earnest labors to make it known to every creature.

#### Gaboon and Corisco Mission.

BARAKA: on the Gaboon River, near the equator, 10 miles from the sea; occupied as a station, 1842; transferred to the Board, 1870; laborers—Rev. Jos. H. Reading; French teacher, M. E. Presset; Captain of Nassau, Mr. Peter Menkel; Rev. Ntaka Truman, and one licentiate.

In this country: Rev. and Mrs. W. C. Gault.

ANGOM: above Nengenenge, on the Gaboon River; occupied as a station, 1881; laborers—Rev. and Mrs. Arthur W. Marling, Mrs. T. Spencer Ogden; French teacher, M. Lesage.

Corisco: 55 miles north of the equator and from 15 to 20 miles from the mainland; occupied as a station, 1850; laborers—Rev. Ibia F. Ikenge, and four native assistants. Outstation at Mbiko, on the mainland opposite Corisco.

Benita: 53 miles north of Corisco; occupied as a station, 1864; laborers—one native licentiate, 8 male and 2 female helpers. Six outstations.

Absent on furlough: Rev. and Mrs. C. DeHeer and Mrs. Louise Reutlinger.

BATANGA: 75 miles north of Benita; occupied as a station, 1875; laborers—Rev. Frank Myongo and five male helpers. Four outstations.

KANGWE: on the Ogowe River, 165 miles from the sea, or 90 miles direct; occupied as a station, 1876; Rev. and Mrs. Adolphus C. Good; French assistants, M. Carmien and M. Gacon; one licentiate and five male helpers. Four outstations.

In this country: Miss Mary L. Harding.

TALAGUGA: on the Ogowe River, 50 miles above Kangwe; occupied as a station, 1882; laborers—Rev. Robert H. Nassau, M.D., Miss Isabella A. Nassau, and one native licentiate.

The past year has been one of rich blessing to this mission. A precious work of grace was experienced in several of the churches resulting in the requickening of the membership, the reclaiming of backsliders and an aggregate addition to the church rolls of 253 on confession of faith. Almost in the midst of this harvest-gathering it became necessary for Mr. and Mrs. DeHeer and Mrs. Reutlinger, owing to enfeebled health, to withdraw from the field for a time and seek a more bracing climate. This greatly weakened the already depleted force of the mission and required the northern part of the field to be left in the hands of native helpers, very inadequately equipped for such a responsibility. Happily, the Rev. and Mrs. B. Brier expect to join the mission in June, but additional reinforcements should be sent without delay. The plan of employing French teachers in our schools so as to meet the requirement of the French Government, already

reported to the Assembly, and which has been in operation during the year, has not yet passed beyond the stage of experiment. Under direction of the Board Dr. Ellinwood, in connection with his visit to the London Conference and Presbyterian Council last summer, called upon the representatives of the Société Des Missions Evangéliques in Paris, and conferred with reference to the transfer of our mission work in the French territory on the West African coast. The Society, while contemplating entering the general region of the Gaboon field, was unwilling that our Board should withdraw its force, promising, however, to hold the matter of transfer still under advisement. wood also visited the authorities in Berlin to ascertain what privileges the German Government would be willing to accord our missionaries in the northern part of our field, which lies within German territory. He was cordially received and every encouragement given as to the untrammelled occupancy of the territory within German jurisdiction, save that if a foreign tongue were taught it must be German rather than English. A letter has also been received from the Governor of Kameruns, the representative of the Imperial Government on the west coast, looking in the same direction. In view of the situation, the Board instructed the mission to select at least one desirable site within German territory as a central station, to be manned and equipped as soon as men and means could be secured.

#### Baraka.

This station is frequently spoken of as Gabocn, being but a few miles from the mouth of that river, and the port of entry for our entire Gaboon and Corisco Mission. During the past year the station has been in charge of Mr. Joseph H. Reading, a licentiate of the l'resbytery of Corisco, and soon to be ordained to the full work of the Gospel ministry. The property, which under the influence of the climate had seriously deteriorated, has been put in good shape. The new church provided for in the last appropriations is completed on the outside, and will soon be in readiness for occupancy. Regular service has been maintained in the church with an attendance of from 70 to 95. During the year seven persons were added on confession of their faith, making a total of 52 communicants. Others presented themselves before the session, but their reception was postponed to give opportunity for further instruction.

In the line of cvangelistic effort the native helpers Adande and Igni made three journeys among the plantations and hamlets across the river, spending some three weeks in each journey. They made an excellent impression, so much so that a native chief wrote Mr. Reading, urging that they might be permitted to remain permanently. They also spent some six weeks at Ovendo Point in similar work. The report says that Julia, a Bible-reader, has been "very active and faithful among the women." The mission has been fortunate in the French teacher selected for opening a school at this station, Mon. Presset, a Swiss by birth, but educated in France. He has made good progress in the study of English and Mpongwe, and has rendered excellent service to the mission. The school opened with 60 persons,

including quite a number of men and women. As the weeks went by, however, it was evident that a good many had come from mere curiosity. The roll gradually dropped to 40 children of both sexes. During the dry season some of the children were engaged in trade journeys and on plantations. The return of the rainy season, however, found the ranks again full. The school is opened every morning with reading of the Scriptures and prayer in the Mpongwe dialect. The Bible is also read in the French language and translated into Mpongwe by some of the older scholars. While conforming to the requirements of the Government as to the French language, the teacher conducts the school upon the principle that it is a missionary enterprise and that religious instruction must occupy a prominent place.

As interference by the French Government has been felt more seriously at this station than elsewhere in our mission in the past, the following statement from Mr. Reading may be regarded as encouraging: "Our relations with the authorities can hardly be called cordial, but they are as nearly so as is perhaps possible. No obstacle whatever has been placed in the way of our work. The minutiæ of police regulations are sometimes trying, but these apply to us only as they do to all foreigners. Personally, the officials have been polite and for the most part obliging." Mr. Peter Menkel, captain of the schooner Nassau, submits a detailed account of his services for the year, showing that the little vessel was fully occupied in plying between Gaboon and the stations along the coast, carrying both passengers and goods as occasion required.

## Angom.

This station is located on the Gaboon River some fifty miles above Baraka, among the Fan or Fangwe tribe. Concerning the place as a mission field, Mr. Marling writes: "The population is increasing rapidly about us, three entire villages of people having lately left their previous abodes, and come to settle in our immediate neighborhood. There were already four villages near us, so that with this addition the population has become greater than at almost any other point on the river. Besides, the station is throughout the year visited by large numbers of people from the interior, so that it is very favorably situated for mission work among this large Fangwe tribe." No church has yet been organized among these people, although missionaries have labored in their midst for several years. A number profess to have accepted the truth, but no man has been found qualified for the position of ruling elder. Regular service has been maintained on Sabbath morning in the native tongue, the attendance increasing toward the latter part of the year to upwards of 200. The congregation usually comprises a number of strangers, who are specially invited by the missionary to remain for instruction after the close of the service. Sabbath afternoons have been devoted to preaching in the neighboring villages. Mrs. Marling, as far as the burden of household care would permit, has labored among the women in the villages. Mrs. Ogden, during part of the year, had a class of ten boys and four girls, mainly for religious instruction. In addition to this she devoted part of her evenings to a class of natives who were studying the catechism. She writes: "My dearest work has been a weekly prayer-meeting with the women. They are ignorant and wild and so superstitious I dared not let them know I kept a record of their attendance. Sometimes they laugh outright and dissent in undertones when the most solemn truths are uttered. They are learning a little and their attendance is very encouraging." It is very desirable that the work at this station should be strengthened, as it is in the midst of a tribe which is already large, and, in the judgment of those well informed, is destined to become the leading tribe in that part of the west coast. Unhappily, however, owing to Mr. Marling's serious illness, from which he has but partially recovered, the Board has granted him leave of absence for rest and recuperation, and in the present depleted condition of our missionary force it has been necessary to leave the station in charge of Mrs. Ogden and one of the French teachers.

#### Corisco.

The work on the island, and also at the outstation on the mainland, has continued in charge of the native minister, the Rev. Ibia F. Ikenge. The church numbers 99 communicants, of whom 7 were added during the year, one of them from Elobey, a neighboring outstation. Three excommunicated members, having given evidence of repentance, were restored to the fellowship of the church. For the purity of the church, however, it was found necessary to excommunicate one and to suspend two others. Dark as this picture is, when we remember the degradation and superstition from which these people have been lifted and the heathen surroundings in which their Christian character must be developed, it is not to be wondered at that some fall into open sin and a few go back again to the beggarly elements of the world. Three Bible-readers and an elder, who is also studying for the ministry, have rendered good service. Nineteen boys and four girls have been in attendance at the school. A house which is nearing completion will enable the station to add to the number of girls under instruction. On the island the priests of the Roman Catholic Church have been busy trying to draw the people from the simplicity of the Gospel. The native minister in imperfect English writes as follows: "The whole public knows of no one person of their countrymen among Romanists who lives a Christian life, but all are perfectly heathen like their neighbors." For the time being Ibia has also had the oversight of the Evuni field, comprising four tribes, namely: Evune, Bwitko, Igala, and Bahiki. The minister in charge says that this field is in urgent need of two ministers and a number of Bible-readers.

## Benita.

This is the central station of the northern tier occupied by our mission, being some ninety miles north of Gaboon and seventy-five miles south of Batanga, the most northern of our stations. Mr. DeHeer reports that "the religious interest with which the year commenced has continued and increased. The officers of the church and many of

the members were aroused to renewed zeal and inquirers were added to the class. As a result forty adults united with the church on profession." Prayer-meetings at the station and surrounding towns have been kept up with great regularity and profit. One of the members of the Benita church has been engaged in visiting the towns in the

vicinity and holding services.

The church at Bata, which was under the supervision of Mr. DeHeer, is reported as in a prosperous condition under the ministrations of a native licentiate. During Mr. DeHeer's last visit he held communion and six persons were received into the church. With reference to the outstations the missionary writes: "The outstations connected with this field, some eight in number, have been sustained. The occupants have given good proof of faithfulness and have been instrumental in gathering souls into the kingdom. From the new outstation among the Egara people, the farthest distant from Benita on the north, comes news of much interest, and a spirit of inquiry amongst them which is most hopeful. This completes a chain of outstations extending along a line of about fifty miles and having access to five different tribes, all of whom receive the messengers and message most cordially." The boys' school was continued at Benita until Mr. and Mrs. DeHeer and Mrs. Reutlinger lest on their furlough. opened with 24 boarding pupils. Knowing that no one was at hand to take their place, the missionaries allowed the number gradually to diminish until but 14 were left. These were sent to their homes when the missionaries withdrew from the field. It is deeply to be regretted that a work of such large promise has to be left in the hands of native helpers, who have had but little opportunity for thorough training. With reference to the work among the women Mrs. Reutlinger writes: "We were not able to leave any native women in charge of mission work, our poor native women not being so far advanced as that any such charge could be given without the oversight of a missionary." She speaks of the large school maintained by the Roman Catholics at Gaboon, where there are usually 100 boys and as many girls in the boarding department, and buildings well adapted to the work of education, including an industrial department. Mrs. Reutlinger adds: "Benita would be a splendid place to establish such a school for girls. The pupils could be brought from Corisco, Bapuku, Kombe, Evune, and Batanga. We have always had too small a force to do efficient work. Why should Africa be neglected?"

# Batanga.

This station is north of the Campo River, and therefore within German territory. The native minister in charge, the Rev. Frank Myongo, although seriously broken in health, has continued at his post, and the Lord has greatly blessed his labors. Seventy-five adults have been added to the church during the past year, making a total enrollment of 170. There are still 154 in the catechumen or inquiry class. It has been found by long experience unwise to introduce persons to the full communion of the church without affording them opportunity for special instruction in the things of God, even after they

have given evidence of a change of heart. Of the 154 thus enrolled, presumably a large number have yielded to the power of divine truth, and in time will be admitted as members in full communion. The number of pupils in Sabbath-schools reported for this station and outstations is 380, and the number of pupils in day-schools 160. A new chapel, to which the people contributed largely, has been completed, and the bell, the gift of generous friends, has already pealed forth its summons to the worshippers. The district of which Batanga is the centre is said to have more people within a given area than any other in our mission. It seems imperative that, with the harvest so ripe and the native laborer enfeebled by disease, a foreign missionary be sent without delay.

## Kangwe.

Some fifty or sixty miles south of Gaboon the Ogowe empties into the One hundred and sixty-five miles from the mouth of the river stands Kangwe, the main centre of operations in the southern part of our field. Some two years ago a very precious work of grace was experienced in the district connected with this station. It still continues to bear fruit. Ninety-four of those who have been in the inquiry class for the past year have been added to the roll of communicants, while the class of inquirers has been increased by the addition of 124. field of which this station is the centre is very large, extending up and down the river for many miles. Because of this Mr. Good has found it necessary to establish two permanent outstations, Igenja and Wambolia, where for some time past he has been holding services at inter-The membership of Kangwe church had become so large, and was so widely scattered that he adopted the plan of administering the sealing ordinances at the two substations. This, of course, greatly increased his own labor, but has been of immense advantage to the people. It is expected that churches will be organized at these two points in the near future. Five men have been engaged during the year as Bible-readers, and part of the time six. Mr. Good laments the lack of training on the part of these men, but has reason to believe that they accomplish something in instructing their heathen countrymen in the way of life. Concerning this work the missionary writes: "Bible-readers are employed here under peculiar disadvantages which render the service at once more expensive and less efficient than it should be. We do not have large towns of several thousand inhabitants, hence a Bible-reader must be assigned to a district of from ten to twenty small towns, each containing from 50 to 200 souls. Moreover, there are no paths between these towns, though some of them may not be half a mile apart on the river bank; each laborer, therefore, must have a canoe and one or two boys to help him to paddle it." The Catholic priest has renewed his attempts to interrupt the meetings during the year, but failed so utterly as finally to cease his efforts to suppress the mission work. Two of the French teachers secured through the Evangelical Society of France, and the mechanic recommended by the same society, have been located at Kangwe. latter, who is spoken of as a God-fearing man, has been invaluable in repairing buildings and in fitting up the school room. The teachers have had a school of from 50 to 60 pupils from villages scattered along the river. The report says: "From the first we have followed rigidly the plan of choosing from the mass of applicants those who give promise of making good progress. We have thus weeded out and sent away a large number, but others have been readily found to take their places." The number could readily be increased to 100, but it has been thought best to make progress slowly. That progress has been made at all is something to be thankful for when it is remembered that the teachers did not understand the native tongue and that the children did not understand French. Although but little has been accomplished in the direct line of mission work by this agency, it has met the demands of the French authorities and secured the friendship of the Government. It has also deprived the neighboring Jesuit mission of the great advantage which it had in possessing the only school tolerated by the Government. During the year a missionary residence has been erected on what is known as Kangwe hill, about a quarter of a mile from the river, a location which is thought to possess great advantage as to health. From the scope of the work as sketched in the foregoing report it is evident that at least three ordained missionaries ought to be connected with this field. To fail to send them, is to fail lamentably in meeting the obligation which God in His providence and grace has thrown upon the Presbyterian Church.

## Talaguga.

Dr. Nassau reports that "the outward prosperity of the station has increased beyond the standard of previous years." A neat and commodious bamboo chapel has been erected and occupied, which has proved quite attractive to the Fañ of the adjacent villages. The attendance shows a gratifying increase compared with the former state of things. Dr. Nassau during part of the year was assisted by a licentiate, Mbora, who shared the labor of the Sabbath and prayer-meeting services as well as the daily religious exercises at the station. A decided advance has been made during the year in securing the attendance of children. Fifteen pupils, some of them from distant towns, have been under the instruction of Miss Nassau, and are said to have studied with diligence. several of them having learned to read in a few months. It is an encouraging sign that books are no longer given away, even copies of the Scriptures being sold to those who desire them. Two Bible-readers have been located at an unoccupied trading-house some thirty miles down the river, the privilege of occupancy having been given by the agent of an English firm. Miss Nassau has been busy with her hand press, having printed a few hymns, prepared by Mr. Marling and Mr. Good in the Fan dialect, also a small catechism and the ten commandments. Two of the pupils have given good evidence of the work of the Holy Spirit in their hearts. Miss Nassau has continued her itinerating work, assisted by several natives, moving about from place to place in her boat. She writes: "In the itinerating work there is really encouragement. Bible truth is being remembered, the little hymns and texts are being sung and repeated, and now when we wish to pray, the

people neither disperse in confusion nor raise a tumult with their laughing." The progress thus reported seems small, but it must not be forgotten that the work is prosecuted under great difficulties.

Cannibalism still exists in the vicinity of Talaguga, and the custom of flinging into the river children suffering from chronic disease, and aged parents, is practiced more openly than hitherto. Only time and persistent effort with the grace of God can make a permanent impression on such a community.

# MISSION IN SYRIA.

Beirut: Rev. Messrs. C. V. A. Van Dyck, D.D., M.D., H. H. Jessup, D.D., Wm. W. Eddy, D.D., Rev. James S. Dennis, D.D., Samuel Jessup, and their wives; Mrs. Gerald F. Dale, Miss Emilia Thomson, and Miss Alice S. Barber.

ABEIH: Rev. Messrs. Wm. Bird and Theo. S. Pond, and their wives; Miss Emily G. Bird.

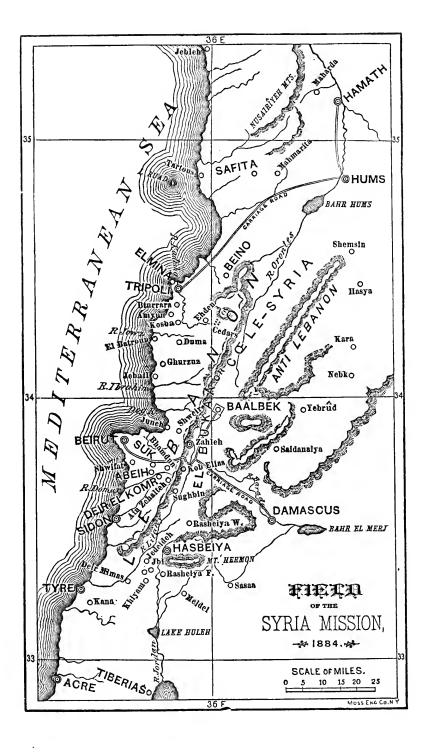

Sidon: Rev. Wm. K. Eddy and wife, Miss Rebecca M. and Miss Charlotte H. Brown. Tripoll: Rev. Messrs. F. W. March and Wm. S. Nelson, and Ira Harris, M.D., and their wives; Miss Harriet La Grange, Miss M. C. Holmes, and Miss Mary T. Maxwell Ford.

ZAHLEH: Rev. George A. Ford and Rev. and Mrs. Frank E. Hoskins.

In this country: Rev. Wm. M. Thomson, D.D., Rev. Dr. and Mrs. James S. Dennis, Ira llarris, M.D., and Mrs. Harris, and Mrs. Mary P. Ford.

Faculty of the Syrian Protestant College: Rev. Daniel Bliss, D.D., President; Rev. George E. Post, M.D., Rev. Harvey Porter, B.A., Charles F. Dight, M.D., John C. Fisher, M.D., Franklin C. Wells, M.D., Robert H. West, M.A., Robert Beattie, B.A., Geo. L. Robinson, B.A., Frederick S. Hyde, B.A., and four native instructors.

During the year Rev. Frank E. Hoskins and Rev. Wm. S. Nelson and their wives have joined the mission. Miss M. C. Holmes has returned to Tripoli. Rev. O. J. Hardin has resigned his connection with the Board. Rev. Wm. Bird, after a brief visit to America, returned to his field in the autumn. Ira Harris, M.D., and Mrs. Harris returned to the U. S. in the spring on account of seriously impaired health. Dr. Harris will soon resume his work. Rev. James S. Dennis

D.D., and Mrs. Dennis and Miss E. D. Everett will return to Syria the coming fall. Rev. Wm. M. Thomson, D.D., remains in America, full of years, after a lifetime of useful labors in Syria. Although his age forbids his return to the field, he retains his connection with the mission, in accordance with the wishes of all.

The attitude of the Turkish Government toward the Press and the educational work of the mission during the past year has occasioned much anxiety and inconvenience. The latest reports of the situation, however, are hopeful and the relations of the Government to the mission work seem to be slowly assuming a more conservative and legal attitude. The missionaries are unanimous in their grateful acknowledgments of the energy, wisdom, and efficiency of both Mr. Straus, the American Minister at Constantinople, and Mr. Erhardt Bissinger, the American Consul at Beirut, in securing to the mission its legal rights and adjusting the difficulties with the Government so that serious danger to the work has been, it is hoped, averted.

The Ministry of Instruction through its Council rejected several manuscripts a year ago "because they were religious works." Since then, however, by the aid of Mr. Bissinger and the help of brother missionaries of the American Board in Constantinople, "permits" have been obtained for eight manuscripts of new books, and it is confidently expected that seventeen more will be favorably reported upon very soon. It seems probable that the remaining publications of the mission not yet sanctioned by the authorities will in time be duly authorized. It is a cheering and notable fact that although the past year has been a time of special difficulty in the conduct of our school work, yet this work has had a remarkable enlargement. More pupils were in actual attendance upon our schools in 1888 than in any previous year. In 1887 the total of pupils reported was 5,391, and in 1888 we find them to be 6,199. About the same proportion of increase is also reported in the attendance upon Sabbath-schools. The additions to the churches were 63.

#### Beirut.

The varied and far-reaching work of this important station has been carried on during the past year with energy and success. It is an intellectual and moral as well as a material port of entry for Syria. It is a centre of educational and literary activity as well as of commerce, for a large outlying region. The issues of the Beirut Press are found wherever there is any call for Arabic literature in the Eastern world, and young men who have been trained in her educational institutions are scattered throughout the Levant, and are rising to positions of influence and usefulness in nearly every prominent centre of active life from Morocco around the Mediterranean coast to Constantinople.

The Press.—Arabic literature has been enriched in the year 1888 by nearly 29,000,000 pages (28,722,968) issued by the Mission Press. Of this vast number 18,045,000 have been pages of Scripture. The number of volumes published is 106,900. Of these, 58,000 are copies of the Word of God. The issues of the Bible are proportionately very large, forming about two-thirds of the entire work of the

year. The number of volumes of Scriptures sent out from the Press in 1888 was 26,848, which is larger by about 3,300 than the issue of any previous year in the history of the mission. As all missions to Arabic-speaking races draw their supply of Scriptures from Beirut, this issue represents not the work of any one mission in the item of Bible distribution, but the combined result of all societies laboring in the Arabic language. The Mission of the United Presbyterian Church in Egypt is conspicuous for its large orders for Bibles from Beirut. The American Bible Society has its depot for the sale of Arabic Scriptures in the Press building at Beirut, and the printing of this kind done by our Press is in filling orders of the Bible Society Agency, which in turn supplies the orders from the various missions. This work for the Bible Society last year, as before reported, amounted to 18,045,000 pages. In addition, the Press printed for the London Religious Tract Society 2,385,000 pages, and for the American Tract Society 1,646,000 pages. It is the exclusive privilege of our Press to fill the orders of these great religious societies in the beneficent work they are conducting in the Arabic tongue. Of the remaining 7,000,000 pages issued, a large part was the religious literature owned and published by our own mission. The first volume of a Commentary on the New Testament, by Dr. Eddy, and the second and concluding volume of a work on Systematic Theology, by Dr. Dennis, were among the books issued last year. In all 14 new books have been published and 20 new tracts; also 10 books have been reprinted and 17 tracts. The number of publications on the Press catalogue has been increased by 34, making a total of 38o.

It will be noted that the work of printing at Beirut is almost entirely in the line of religious literature. Presses are multiplying throughout the East. The call for reading matter of all kinds is increasing enormously. Our own Press is becoming more exclusively a fountain of evangelical truth and religious culture to educated minds, and is a mighty power in guiding aright the religious thought and the intellect-

nal development of many eager searchers after truth.

We can form an estimate of the rapidity with which this literary department of our work at Beirut has expanded, from a statement made in the annual report of the Press for 1888, by its present manager, Rev. Samuel Jessup. He says: "The Press was founded in Malta 67 years ago (1822), and after its removal for a short time to Smyrna, it came to its present home 55 years ago (1834), when its present manager was but a few weeks old. During these 55 years it has sent out 393,835,187 pages. Nearly one-third of this grand total (129,301,290 pages) is made up from the tables of the past five years—those of its present management—or, in other words, these five years have produced half as many pages as were issued during the previous half century of its history."

The College.—Although the Syrian Protestant College is not organically connected with the Presbyterian Board of Foreign Missions, yet its aims are so identical with those of the Board, and its co-operation with our mission is so intimate and harmonious, and its management so largely and happily in the hands of the Syria missionaries,

that it has come to be a gratifying feature of our Annual Report that the College should have an honorable place and a most cordial mention therein. The whole number of students this year is 197, the largest roll ever reported. Of these, 38 are medical, 65 collegiate, and 94 preparatory. Of the whole number, 88 are Protestant in religious faith, 55 Greek Orthodox, 20 Greek Catholic, 16 Maronite, 6 Druze, 5 Coptic, 2 Moslem, 2 Armenian, 2 Latin, and 1 Jewish. Of the 88 Protestants, 41 are church members. Dr. Franklin C. Wells, M.D., has joined the medical faculty, and Mr. Frederick S. Hyde the corps of collegiate instruction, while Dr. Post has returned to his busy life in Syria after an absence in the United States of a year and a half. Rev. Thos. W. Kay has resigned his connection with the faculty. The usual hospital service of the medical faculty has been kept up during the year. Indoor patients treated were 491, and outdoor patients 8,390.

The Theological Seminary.—A class of six young men graduated last June and are now teaching and preaching at various places in Syria. In the autumn of 1888 no new class was admitted, as the necessity of retrenchment led the mission to suspend the seminary for a year. Where to retrench when the necessity for doing so becomes imperative is often a matter of painful perplexity to the missionaries. It seemed to the mission that the closing of the seminary for a year would involve less of a shock to the interests of the work, as a whole, than would be given by the breaking up of established work in cases where even a temporary suspension would be a matter of most serious

difficulty.

The Female Seminary.—The special report of this useful institution is cheerful and grateful in its tone, and records a year of patient and zealous labor on the part of Miss Thomson and Miss Barber and their corps of native assistants. The prospect of Miss Everett's return in 1889 is specially welcome to all. The total number of pupils in all departments has been 155. Of this total, 75 have been in the higher department—57 as boarders, and 18 as day pupils. In the primary day-school there have been 80 in attendance. Two-thirds of the

entire number in the higher department have paid in full.

Church Work.—The Sabbath preaching services have been maintained as usual at five different places, including the College chapel. Evening meetings and the Sabbath-schools have been conducted as in former years. In the spring of 1888 the Beirut native church extended a call to Rev. Salim el Hakim, of Hasbeiya, to become their pastor. This call was not accepted, and subsequently an invitation was extended to Rev. Yousif Bedr, pastor of the native church at Hums, to spend a year in Beirut as assistant pastor. This proposal has been accepted, and has proved a pleasant and useful arrangement. Five have been admitted to membership in this church during the year. A large number were expecting to join at an early communion in 1889. The contributions of the native church and its societies were \$572.

Classes for Adult Women.—An interesting work of this kind has been carried on during the year by several ladies of the station, reach-

ing in all about 200 of the poorer class of native women. Some of the native ladies of the Beirut church have also conducted successful classes of this description.

#### Abeih.

This is one of the older stations and is favored in that its field lies entirely within the domain of the Mt. Lebanon Government. During the absence of Rev. Wm. Bird, upon his brief visit to the United States in the summer, Rev. Dr. H. H. Jessup rendered valuable and efficient services in the conduct of the station. The main burden, however, as is unfortunately the case with so many of the Syrian fields just at present, has fallen upon one missionary—Rev. T. S. Pond.

A Review of the Year. One of the moving forces of the year in Mt. Lebanon has been the spirit of emigration. It is estimated that 25,000 Syrians have left Mt. Lebanon within two or three years for North and South America. In Bhamdoon, where the work has languished for a long period and where strenuous efforts have been made under the patronage of the Russian Consul and by means of Russian funds to push the Greek Orthodox influence, a revival of evangelical work has taken place. Two flourishing schools are now opened, and the Russian Consul has withdrawn his patronage and closed his school, The Protestant Church services are well attended. The school for girls is specially prized and appreciated by the people. In Abadeyeh a healthy progress is noted. Parents gladly send their children to be educated as Protestants, although they themselves are so entangled in their old relations that it is extremely difficult to secure their decisive adherence to a new religious faith. They are the victims of a spirit of indifference which is more to be dreaded than even infidelity in many parts of Syria. In Shweet, Arayeh, and Aleih a good work has been pushed with success. In Wady-Shehroor a desire for Bible study has been apparent in the young men, and the school is full to overflowing. Preaching services are well attended. A place which a few years since was too bigoted to allow the entrance of Protestant agencies is now both cordial and grateful in welcoming them. Shweifat the work has gone steadily forward, with full schools and regular Sabbath preaching services. A boarding-school for girls is established here by Miss Proctor, a benevolent lady from England. and supported by funds provided partly by herself and partly by friends who are interested in her work. This school has 25 boarders and 22 day pupils, and is doing a useful work in harmonious co-operation with American mission agencies. At a recent examination 27 girls received copies of the Bible as a reward for repeating the Shorter Catechism without error. A Bible-woman is employed in Shweifat and there are over 100 members of the Bible and Prayer Union there; a branch of the Young Women's Christian Association meets every week and works for the poor. In Sûk-ul-Ghurb, where there is a handsome church building and a good congregation, the services have been as usual, with a gain in attendance. A Society of Christian Endeavor is established here, and a Sabbath-school of 120 pupils. There were twelve admitted to the Sûk church during the year. The work in Abeih, Deir-el-Komr, Aramûn, and the southern section of the field has been steadily pushed with encouraging results. Miss Emily Bird has done a most earnest and diligent work among the women of

Abeih and vicinity.

The Stik-ul-Ghurb Training-School.—The school has been obliged unexpectedly to change its location to what it is hoped will be a more permanent home. Timely financial aid was given it in this emergency by Mrs. H. H. Jessup and her sister, Miss Lockwood. The new building is one well adapted to its needs. There were 62 boarders in the training-school and 10 day pupils from the village and vicinity. These with the 85 pupils in the village day-school give a total of 157 pupils in Sûk-ul-Ghurb. Several of the pupils of the boarding-school are Druzes, who are not behind the others in Bible study. Nine members of the school have united with the church. Religious instruction has been systematic and thorough.

Signs of Promise.—A new and increasingly potent influence is apparent among the Druzes. They are reading the "signs of the times," and reading them aright. They are seeking American missionary facilities for their sons and daughters. They always desire teachers who have been educated under missionary training. Even in schools established and supported by themselves and wholly for their own people they will allow only a Christian system of faith and morals to be taught. The Catechism, the Bible, Evangelical Sabbath-school and revival hymns are the standards. Among the members of the Oriental Christian Churches the position and influence of the priesthood, when compared with what they were not many years since, may be said to be in a state of collapse. An enlightened and thinking laity is always a serious danger to the power of an assuming and presuming Syrian Christians are testing principles and practices which have been hitherto unchallenged, by new standards of judgment. The Bible is still "mighty to the pulling down of strongholds."

In the entire Abeih field there are 12 native preachers, 47 school teachers, 319 church members, 21 preaching places, 23 Sabbath-schools, 42 common schools, 1,203 pupils in Sabbath-schools, 1,960 pupils in all schools, 1,048 in Sabbath congregations, and 20 additions to the church on profession last year. Total of church contributions, \$285. Total of aid given by natives for education, \$1,770.

#### Sidon.

The Sidon field has been at a disadvantage during the year by the almost constant absence of Rev. Mr. Ford, who has been laboring in Zahleh to supply the need of experienced missionary oversight there. Rev. W. K. Eddy has been struggling with a difficult and responsible task in assuming the entire burden of the work in Sidon and its adjacent regions. Dr. H. H. Jessup, and Mr. Eddy's father, Dr. W. W. Eddy, have given timely aid at different times in preaching tours and special services.

A General Survey.—At various points in the field substantial progress is noted, and many striking and touching incidents attest the power of the Gospel over the hearts of native converts. In Joon a

new church edifice has been built largely by the gifts and labors of the resident Protestants, supplemented by outside gifts. In Salihiyeh a new school of 80 pupils has been opened and is highly appreciated by the people, who give generously to its support. In Jezzeen, a village upon Lebanon, there has been a hopeful advance in the popularity of the school, with twice as many pupils as in any former year, and a good attendance upon the preaching; while the Maronites have been driven to their favorite expedient of inventing miracles to re-establish the waning prestige of the clergy and the church. In Jedeideh a splendid school-roll of 330 pupils gives promise of a coming generation of intelligent Protestants. It is a wide-awake village of the Meri-Ivoon district and a commercial centre for the Houran trade. The enterprise of the place is not all enlisted in the service of the piaster, but is devoted also to the education of the young. We shall hear more of Jedeideh in future reports of Syria. In Hasbeya, Shibaa, and Rasheya the work has been going on efficiently. In Mejdel and vicinity schools which had been closed for four years by the Government were finally reopened, but only for a short period. The doors were soon again under seal and the teachers banished. A delegation to Damascus was in vain, and resulted only in the death of a faithful and aged native helper, Girgius Abood, whose fatal illness was the result of a cold contracted during the exposure of the journey. In Tyre there is a growing congregation. In Alma a new church was dedicated in April. "At the dedication service, in addition to one of the missionaries of the station, there were present Dr. Phraner, of Sing Sing, and Dr. Eddy, of Beirut. The former added materially to the joy of the occasion by the sacrifice of two rams whose meat was given to the poor."

The Sidon Seminary.—The departure of Miss Eddy is here specially noticed, and her good work of many years is pleasantly acknowledged in the report written by Miss Charlotte Brown. The school has had 43 boarders and 68 day scholars. One of the graduates, and a former teacher in the school, is engaged in an interesting work among the Greeks in Hums. She has often an attendance of 200 women at her meetings for Bible study. Other graduates are doing a useful work as teachers of village schools. The educational drill and the religious instruction have been efficient and thorough. At the final examination in Scripture study a class of girls recited entire the 119th Psalm, and another class of 16 recited the Shorter Catechism with proofs. The ladies of the seminary upon Sundays, accompanied by a teacher, have in turn held meetings for the women in adjacent villages, which have proved welcome to many who have few opportunities to hear the truth.

The Sidon Academy.—This flourishing school for boys reports itself as finally lodged in "Wood Hall"—the gift of Mrs. George Wood, of New York—with 140 scholars, 44 of whom are boarders. It numbers among its pupils 32 Protestants—the remainder being from the Oriental Christian and non-Christian sects. It is noticeable that among the latter are several Druzes and Moslems from prominent families.

## Tripoli.

The return of Dr. Harris and wife to America, the departure of Rev. Mr. Hardin from Tripoli, the return of Miss Holmes to her former field of labor there, and the arrival of Rev. W. S. Nelson and wife from the United States to reinforce the Tripoli field, have been important

items in the personal records of this station.

Educational Growth.—An advance all along the line is noted in the educational work. Schools are more highly esteemed, and petitions for new ones come from many directions. The people are more ready to pay a share of the expense, and in the day department of the Tripoli Girls' School tuition fees have been charged for the first time this year, and the school is larger than ever. The Sabbath-school has been made the invariable rule in connection with the day-schools, and in some places no pupils are received in the school during the week who will not attend the Sabbath-school also. The fees paid by Tripoli pupils in the higher educational institutions amount this last year to

\$1,114, against \$697 the year before.

The Narrative of the Churches.—The church in Hums has lost for a time its beloved and honored pastor by reason of his temporary disability. His health called for a change of climate and he removed to Beirut, where a useful work awaited him in the capacity of associate pastor of the church there. The church life, however, has been vigorous, and needed repairs are now in progress upon the church property —the people themselves contributing one-fourth of the expense. In Hamath and Mahardeh there has been special religious interest, and at the former place there are 8 applicants for church membership, and at the latter 10. In Habnumra a company of 8 or more—all mature men-gather together every evening to study the Bible with the teacher. They are severely persecuted, but are firm in their convictions, and seem determined to fortify themselves by a thorough knowledge of Scripture. In Khareibeh there is friendly feeling, especially on the part of the village priest, who befriends our school, and "upon a recent occasion opened his door not only to the American missionary of Tripoli, but also to his horse and mule, an act of hospitality which he refused to his own bishop only a few days before." In Safeeta there is an earnest spirit of self-sacrifice to secure some improvements in their church building. At Minyara there have been special efforts to persecute the native brethren during the year. The Greek bishop meanwhile paid them the unconscious compliment of sending to the village a priest whom he regarded as an excellent dialectician, acquainted with "logic, rhetoric, the writing of the fathers, and several languages." Our Protestant brethren were at first somewhat dismayed, but "soon took courage when they found that the priest's accomplishments did not extend to a knowledge of the Scriptures." A vigorous debate began which stimulated diligent study of the Bible, and resulted in stronger and more intelligent faith on the part of the Protestants, and ended at last in the utter discomfiture of the priest, "those of his own sect being the judges."

Dr. Harris, before his return to America, did good service in his

medical clinics, most of the cases treated in Tripoli being Moslems. A religious service was held each morning and the patients appeared

more than willing to listen.

The Tripoli Girls' School.—The report of the good work of this important agency is written by Miss La Grange, in a spirit of loving enthusiasm for the special service which it is her happy lot, and that of her colleagues, to render. In a general report of this kind we can give only the leading facts and features of a year's work, which is full of personal incidents and interesting details. The boarding pupils in attendance have been 24. The tuition fees received from them amount to about \$200. The school stands high in the esteem of the natives, and many would be glad to send their children and pay for them were it not for the power of religious prejudice in the community against which it is so difficult for single families to contend. The religious authorities, and the prominent families of the Greek aristocracy of Tripoli, are determined that the prestige of the Greek Orthodox faith shall not wane if they can prevent it, and that the daughters of neither the higher nor the humbler families of the city shall be educated in a Protestant school. In the meantime the larger part of the pupils come from outside districts, and the beautiful victories of Christian education are seen in the culture of these simpler natures, fresh from their rude and wild life, while the influence of the school is extended to the remoter regions of the broad Tripoli field.

#### Zahleh.

The Zahleh station has been in charge of Rev. Geo. A. Ford during Rev. Frank E. Hoskins and his bride reached there in October. As Mr. Ford is only temporarily absent from Sidon, his regular station, he will return there as soon as his services can be spared from Zahleh. He has given a long period of laborious supervision to Zahleh, while still partially active in the work of Sidon field. This has happily tided over the emergency in Zahleh, but only at great personal sacrifice to himself, and by a severe strain upon his strength, and in both the sacrifice and the strain his colleague at Sidon must be credited with a full share, as double duties have necessarily fallen to his lot. The repressive measures of the Government have been specially active in the Zahleh district, and have compelled the missionary to give much of his time to the wearisome and unwelcome task of trying to save the schools from utter extinction. The words of Rev. Dr. Dennis have as much truth as wit: "A miniature, but by no means imaginary, supplement to Paul's chapter to the Corinthians might be written by many American missionaries in Asia Minor and Syria during the last year or two, since the recent onslaught of the Government upon our schools began: In journeyings often, in depths of perplexity, in labors more abundant in writings many, in orders from the seraiyah, in calls upon the officials, in visits to the courts, in interviews with the consul, in appeals to Constantinople, in consultations with colleagues, in sympathy with fathers and mothers deprived of schools for their children, and in visits to innocent teachers and colporteurs in prison. Five times went I to Damascus, and

thrice to Constantinople; in snubs often, in vain promises more numerous, in frowns many, in disappointments, in watchings, in sleeplessness, in scorching heat by day and venomous foes by night; in delays, in inventions, in subterfuges, in trials of patience, in temptations to adopt unlawful expedients, weak and yet strong, powerless and yet having God with me, defeated and yet victorious."

In such emergencies the spiritual and strictly missionary work of the field cannot be done with that care and attention to detail which is desirable. Preaching has been maintained at nineteen regular stations, with an average attendance of 565. There have been fifteen Sabbath-schools with 1,020 children in them. Five have joined the churches on profession; others are still on "probation." Twenty-five schools have been in session, with 1,090 pupils. The year previous 690 were reported. A new building for school and worship has been occupied at Baalbec.

Rev. Mr. Ford, in a letter received as this report is passing through the press, writes: "An important relay of workers on the Zahleh field this year has been the three theological graduates of last year, besides nine young teachers of both sexes, who have entered the active work for the first time. We have eleven more native helpers than last year, although our pay-roll is less. We have now twice as many Moslem boys in our schools as one year ago. We have more pupils in college, and they pay almost twice as much as the pupils of last year." Mr. Ford, in describing their common schools, writes of the important place given to biblical instruction. On his tour of inspection he heard one school recite in concert eleven chapters of the Bible and twenty-four hymns; another, sixteen chapters and thirty-six hymns, besides a copious selection of single texts; another, seventeen chapters and thirty-nine hymns; another, thirty-three chapters and thirty-seven hymns.

A significant item is gathered from a recent letter of one of the Zahleh missionaries. The governor-general of Syria has given orders that a charge of one dollar should be made for the privilege of visiting the renowned ruins of Baalbec, and that the proceeds be devoted to the establishment and support of a school for Moslem girls in Baalbec. A novel flank movement, surely, for a distinguished Turkish official to make upon our American mission schools. Official perquisites deliberately set aside for the education of Moslem girls is something new under the Eastern skies.

### IV. MEDICAL WORK AT ST. JOHN'S HOSPITAL,

The Physicians of the Medical Department of the Syrian Protestant College have been appointed by the Order of St. John in Berlin as the Medical Attendants of the "Johanniter-Hospital" in Beirut. This most interesting Charity, supported by the above-mentioned Order, and served also by the Deaconesses of Kaiserswerth, has received during the past years:

<sup>\*</sup> These figures represent the copies of Scriptures sold and sent out from our Mission Press to private purchasers, and to our own and other Missions, and to Bible Society Agencies, for further distribution.

† The distribution has been by the various Missions among Arabic-speaking peoples, and the American and British Bible and Tract Societies.

### 'MISSIONS IN PERSIA.

### Western Mission.

OROOMIAH: 600 miles N. of W. from Teheran, the capital of Persia. Station begun under the American Board, 1835; transferred to this Board in 1871. Laborers—Rev. J. H. Shedd, D.D., Rev. B. Labaree, D.D., J. P. Cochran, M.D., Rev. F. G. Coan, Rev. E. W. St. Pierre, and their wives; Messrs. W. A. Shedd and R. M. Labaree, Mrs. D. P. Cochran, Misses N. J. Dean, M. K. Van Duzee, Maria Morgan, Anna Melton, and Mrs. E. W. McDowell; 28 ordained and 23 licentiate native helpers and pastors.

TIASY: new mountain Station—Opened in 1889; 150 miles west of Oroomiah, in Turkey. Laborers—Rev. E. W. McDowell and J. G. Wishard, M.D.; 3 ordained and 5 licentiate native pastors and helpers.

Tabriz: Nearly 500 miles N. of W. from Teheran; station begun, 1873. Laborers—on the field, Rev. Messrs. J. M. Oldfather and S. G. Wilson, and their wives; G. W. Holmes, M.D., and his wife; Miss Mary Jewett, Mrs. L. C. Van Hook, Misses G. Y. Holliday, A. G. Dale, M. E. Bradford, M.D.; 2 ordained and 4 licentiate native ministers.

SALMAS: Haft Dewan village; station begun in 1884. Laborers—Rev. J. N. Wright, Rev. J. C. Mechlin, and their wives; Misses C. O. Van Duzee and Emma Roberts; 1 ordained and 3 licentiate native ministers.

In this country: Revs. J. H. Shedd, J. N. Wright, Dr. J. P. Cochran and their wives; Mrs. B. Labaree and Mrs. D. P. Cochran; Misses G. Y. Holliday and Maria Morgan.

### Eastern Mission.

TEHERAN (capital of Persia, population 200,000): work begun in 1872; laborers—W. W. Torrence, M.D., Rev. Messrs, S. Lawrence Ward and Lewis F. Esselstyn and their wives; Miss Anna Schenck, Miss Cora Bartlett, *Rev. Kasho Reuben*; I licentiate, and 6 male teachers.

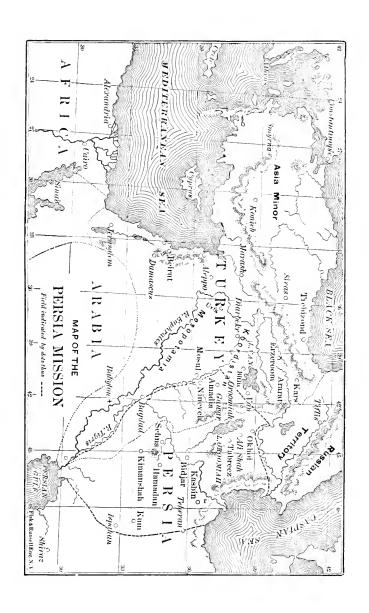

In this country: Rev. and Mrs. J. L. Potter.

HAMADAN (200 miles southwest of Teheran, population 40,000): occupied 1880; laborers—Rev. Messrs. James W. Hawkes and W. G. Watson, and E. W. Alexander, M.D., and their wives; Miss Annie Montgomery, Miss Charlotte Montgomery, Rev. Pastor Shimon; 2 licentiates, 6 male and 5 female teachers.

### Western Mission.

The region to be evangelized by this mission covers a large part of ancient Assyria and Media—50,000 to 60,000 square miles,—and indirectly a much larger region in the Caucasus and beyond, under Russian dominion. The work is first for the nominal Christians, Nestorians or Old Syrians and Armenians, and then for Jews, Moslems, and others. Among the Syrian Christians there are two stations—Oroomiah and Tiary; among the Armenians, two—Tabriz and Salmas.

Three missionaries and their wives completed this year the term of ten years of continuous service, and were given a furlough. Four lady missionaries are also in this country, expecting soon to return to their fields. Miss E. G. Cochran has withdrawn from the mission. The reduction of the force on the field has been heavy. The accessions have been as follows: Kev. B. Labaree, D.D., returning under circumstances of much self-denial, leaving Mrs. Labaree and other members of his family in precarious health; one of his sons, R. M. Labaree, going out a new missionary; Miss Melton to Oroomiah; Dr. Wishard to the new mountain station, and Dr. Mary E. Bradford to Tabriz. Miss Dale was transferred from Teheran to Tabriz.

### Oroomiah.

At this, the oldest station, the work is in the second generation. In general, the year has been one of great missionary activity, with its full share of trials, such as opposition from the Government in secret or open methods; the Anglican ritualistic mission, with its influence of obstruction and reaction; the consequent distraction in the native churches, and in some cases decline in their love and zeal. Amid these drawbacks God has given many encouragements also.

The Reformed Evangelical Church of Persia now numbers over 2,000 members, and has about 40 ordained ministers. In accordance with the advice of the General Assembly of 1887 the missionaries have, a part of them, united with the native presbytery. At the Presbyterian Alliance held in London last July this church was received as a member of the great Presbyterian family. It is the weakest and youngest perhaps in the family, and the object of much anxiety and prayer, as well as hope.

The ecclesiastical meetings of the year have in some instances been of unusual interest. Mr. Coan has made special visitation of many of the congregations. His report says: "The months of January and February were spent in a thorough visitation of the Oroomiah plain. Congregational and church meetings were held in each charge; lectures and talks on the mutual relations of pastor and people, on the Sunday-school, the eldership, mission work, giving, etc., were given and the effort made to put the churches everywhere on a better business basis." By this method often repeated there is hope of a better training of the native churches. There have been some deplorable divisions and disorders that have marred and retarded the Christian life, and there is much still to be done in the cultivation of love, forbearance, and discipline.

One of the best methods of help and instruction is to bring Christian brethren and workers together for united Bible study and prayer. A memorable conference of this kind was held in the summer, attended by over fifty preachers and workers. Dr. Shedd says: "The studies of the eleven days covered a wide range of the responsibilities and privileges of our pastors and laymen, and of the discipline and order of our church; also plans of work for souls and for reaching the unenlightened. There were Bible readings, sermons and lectures, and precious seasons of devotion. The services, of three hours each morning and afternoon, grew better and better till the last, and were fitly closed with a most tender communion season. Our Lord was with us. The closing conference and consecration meeting also evinced the quickening received." Since that time several of the helpers have shown a new spirit and much more earnestness in their work.

Compared with some previous years, the spiritual increase has not been large. Dr. Shedd writes: "It has been more a year of successful resistance than of rapid advance; 196 additions, so far

as heard from, have been made to the church. A present mem-

bership of 2,060 is reported."

The contributions of the year show an increase over last year. They average about one dollar for each communicant—\$2,100 in all. This sum stands for much real devotion and self-denial. The wages of a laboring man are but ten or fifteen cents a day; and of a woman not half this. All the members of the church give something, and a few conscientiously give their tithes.

Evangelization.—The true evangelists of every land are the devoted sons and daughters of that land. The missionaries must be the leaders, but the greater responsibility is laid upon the native church. There is, accordingly, at Oroomiah a native mission board By adding their funds to those furnished by the mission, a system of evangelistic labor is maintained by them which aims to reach as fast as possible all the nominally Christian populations and to carry

the Gospel to others also.

Several special encouragements appear in the reports. One is the growing missionary spirit among the students of the college. Of the class in theology that went out last summer, several chose distant and difficult fields, and all were ready to serve wherever they should be sent. Another sign of good is the more generous giving to the missionary fund, which, according to the plan observed, pays one-fourth of the cost of all advance work. Another sign is the greater effort to evangelize the mountains. The Oroomiah pastors have volunteered to spend each a few weeks in the mountains. volunteers last summer were gladly heard by the common people and returned full of missionary spirit. Mr. McDowell, who has the superintendence of the mountain work, regards this movement as one of great promise. He says: "Let certain strategical points be visited on each tour, and as large a part of the field as possible every year. Let this be followed up thoroughly, persistently, spiritually, and, just as surely as the word of God has power to convert the soul, and God has a seed in those places, just so surely will those souls be gathered into a church."

God is certainly preparing the way for the wider evangelization of this field. One indication is the attention with which the Gospel is heard. The Anglican Ritualists are trying to prejudice the people of the old Nestorian Church against any further evangelistic work. But, except in a few places, the effort is not succeeding. the leading men, notably, who have hitherto threatened robbery, and last year executed their threat on our preachers, have now invited these same preachers to their villages. Another sign of special significance is the desire of many Jews to receive instruction. interest and the large gatherings of the Jews in Oroomiah have, however, raised the old spirit of violence among the baser sort, and for the time the work among them cannot be carried on openly. Reports from the Moslem field also tell of an open door. The missionaries often find Moslems who have been reading the Word and are thinking seriously over it. A few of these, in the face of great peril, profess to accept Christ as their Saviour. The reports of mission tours also yield encouragement. Mr. Coan has spent about twenty-five weeks of the year away from home among the widely scattered congregations, and touring over the more distant parts of the wide field. He writes: "I feel more and more that I must make this my great work, preaching the Saviour to the lost thousands about us, and that all else should bend to this." tours have involved nearly 2,500 miles of travel on horses, mules, and afoot. Of one of these tours Mr. McDowell writes: "I enjoyed it thoroughly. We were among Persians, Koords, Turks, Arabs, Chaldeans, Nestorians, and Armenians; and had freedom to speak to all of Christ and His Gospel. If you could face and talk to some of the audiences we had, people who had never seen a missionary, never heard the Gospel!" The most, sad to say, are blind to their need, but some very cheering incidents are mentioned. the fall the missionaries visited the patriarchal seat at Kochanis and were cordially received by the Patriarch and his family. It occurred at a most critical time, when all were in great apprehension of bloodshed, as there was assembled a great force of Koords to attack the Christian tribes and there was imminent danger of massacre. Patriarch considered the visit of the missionaries as a special providence, and by their prompt action the danger was telegraphed to the representatives of the Christian Powers and to Constantinople, and the attack was averted.

Allusion has been made to the tours of native evangelists and colporteurs. These furnish many stirring chapters of missionary work, and records of preaching not only to nominal Christians, but to Koords and Persians,—labors requiring the wisdom of the serpent and the harmlessness of the dove; discussions with Jews from the Old Testament and with Papists from the New. These evangelists must endure hardness as good soldiers. One was beaten and dragged out of the village by a hostile mob. One was caught by an avalanche on the mountain-side, but providentially instead of being buried beneath the mass, he rode on the crest of the avalanche and was saved. Another was lost all night in a snow-storm, and kept alive only by tramping in a circle with his companion till morning broke and the storm abated. On reaching the nearest village, both fainted from exhaustion.

Church-building.—In a growing work like that in Persia every year calls for several new buildings. The last two years in the Oroomiah field were unprecedented in the number and urgency of such calls. The rule agreed upon is that the native congregations pay at least one-third of the expenses—a liberal portion for so poor a people. But the zeal of the people has furnished their share faster than the mission could supply its portion. Dr. Shedd writes: "It seems hard to be outdone by them when we hear of women giving up their ornaments and working by the day to pay their quota. Seven places at once brought their third, and asked the mission for the other two-thirds. The sum total required of the mission would have been nearly \$2,300, while the appropriation of the Board for this purpose was but \$450. Mr. Coan, however, as-

sumed the responsibility for the largest church, that at Geogtapa, giving a large part of the cost as a memorial of his mother. Another kind gift outside the estimates provided for still another church, and the station undertook three others, so that five churches have been erected, all a credit to the cause of Christ and a great blessing to the people. But there remain as many more places that have similar needs yet unsupplied. The Government has taken alarm and laid troublesome restrictions on the erection of all new churches. This and the lack of funds have compelled the station to decline any further efforts of this character for the present."

Woman's IVork.—While the year, as before observed, has been one rather of defence than of rapid advance, because of its unusual distractions, it is cheering to notice that the women of the congregations have shown steady and growing interest. Their meetings have continued regularly, and several of the pastors find their hearers more and more largely of the female sex. The women are advancing in the giving of tithes and in active Christian work. Two of their Bible-readers have been in constant employ. One of these goes from house to house among the Jews and Moslems and finds great freedom and encouragement in teaching girls and women. The other has travelled, as the year before, from village to village, over the valleys and mountains, finding great needs and great opportunities in her self-denying work. The reports of Layah in "Woman's Work for Woman" have deeply interested multitudes of her sisters in the American churches.

Another very interesting feature of the year has been the work of Miss Van Duzee for Jewish and Moslem women, in connection with the Bible-woman just mentioned. She says in her report: 'My little school of Moslem girls continues unmolested. There is a regular attendance of from 13 to 18. I am surprised that they are permitted to come so long; but so long as God sends them, I want to sow the seed faithfully and rapidly." She also has a Bible-class of Moslem women, and holds meetings with the Jews. Until persecution compelled its closing she had a very flourishing school

of Jewish girls.

Educational Work.—At the head of this work is the Oroomiah College. During the year 13 have graduated from the course of theological study and have gone out as pastors and evangelists; six have graduated from the academical course. The report says: "The college has sent out in the ten years past 65 young men. Of these 34 are native ministers and missionaries, 4 are physicians, and the rest are engaged as teachers or in other business. The aim of the college is—1. To furnish teachers and preachers for the native church and for mission work. This is essential to the permanence of the church and to the evangelization of a vast region in Persia and Koordistan, and to some extent in Russia and the farther East.

2. To educate young men to be physicians, for whom there is a great opening.

3. To furnish leaders of their people in every capacity in which they can be useful. Moreover, the needs of a rising Christian community demand artisans and tradesmen. Young

men must have the means put into their hands to earn an honest livelihood, or be exposed to great temptation and poverty.

"For several years past the number of pupils that apply for admission is much greater than the accommodations at the college, and greater than the demand for mere professional education. The pressure was so great that in the fall of 1887 we began an industrial department, and received a class of over 30. As many more entered last year. The hospital building and yard were left at the service of the college for a time by the absence of Dr. Cochran, and thus the large number of students (130) found rooms. The trades taught, largely pay for this new department, and the need is great for an addition to the college buildings to provide for 140 instead of 60 students."

Industrial education seems to be a necessity in the present state of affairs among the Christian populations of Persia. The annual meeting, in view of the need and of the Rev. Dr. Shedd's return to America for a furlough, recommended that some special funds be raised, and the Board sanctioned a fund of \$3,000 to be raised outside the regular channels of the Board's income. Generous Christian friends have responded to this call, and a special fund is thus added to the receipts of the Board for the enlargement of the college. With this enlargement its prospects are excellent. Mr. St. Pierre is now in charge of the college, assisted by Messrs. Shedd and Labaree and a corps of native teachers. Mr. St. Pierre says: "My heart goes out to this work, so full of wonderful opportunities; in truth, it is fairly aglow with zeal." A new theological class of 15 entered in September. The long vacation is appointed in the winter, to give the students opportunity to teach.

The Female Seminary.—The session was shortened last spring in order to vacate the grounds for the erection of new buildings. Miss Dean bore the burden of the school during the winter alone, with only the help of native assistants. The summer was spent by her in superintending the workmen and attending to the erection of the new buildings. The completion of the new seminary buildings, under the new name of Fiske Seminary, renders the year memorable in the history of female education in Persia. The new building was formally opened and dedicated at the meeting of the General Synod in November, and on the first of December the new term began with 58 boarding pupils and a department for day pupils. In November Miss Melton was welcomed to the work and at once began to render assistance. The school mourns the death of Rabi Hoshebo, who for 25 years has been a teacher of great faith and fidelity. She was a pupil of Miss Fiske, the wife of an excellent pastor, was left a widow in 1865, and probably did more in her life than any woman of her people of any period to elevate and educate her sex. It is difficult to fill her vacant place. The plan of the school-life is somewhat changed by the plan of the new building. The girls are in families with a dormitory in the upper room and eating-room below for each family. The girls do all the housework except some of the heaviest, and much attention is paid to industrial instruction and the duties of housekeeping. The religious state

of the school has shown nothing remarkable. The last letters show a longing desire for spiritual blessing and some pleasant indications of

the Spirit's presence.

Common Schools.—The winter schools that closed in the spring of 1888 were 113 in number, scattered over valleys and mountains, far and near. The pupils reported were 1,548 boys and 607 girls. This is a gratifying increase in the number of girls over the previous year. Nearly half the teachers were college students on their long vacation. Since the plan of employing these students was adopted, every year has witnessed an advance and there are now fifty villages in process of enlightenment that a few years ago were in utter darkness. It was supposed by the Anglican Ritualists that the opening of their schools would be the signal for the schools of the American Mission to close, or greatly to decline, but the effect of planting rival schools in nearly fifty places was to awaken comparison, and the result is that our schools are stimulated to better work. In Gawar the Turkish Government closed several schools and thus the number under instruction was less in the mountain field.

During the summer months only a few schools were in session. Four of these were the intermediate or Grammar Schools, with 154 pupils. The aggregate of pupils in summer schools was nearly 500.

At the opening of the schools in the fall of 1888 some changes were thought best. One was to require more self-support from the pupils though it may reduce the number of pupils—and to depend on keeping up the standard of excellence rather than on reducing the cost of schooling. Another is to make the intermediate schools more numerous and accessible, and at the same time diminish their expense. These experiments may prove valuable. This fall, too, the mission schools were threatened by both the Persian and Turkish Govern-The restrictions of the Persian Government as to building and opening schools seem to have arisen from the sight of an unseemly rivalry of an American and English Mission in the same field. first there was danger that the suspicion awakened in the Moslem mind would result in closing nearly all Christian schools, but later the current changed and the American Mission are unmolested while the Anglican schools have suffered. In Turkey the same suspicions are at work, and an interdiction was laid on mission schools. A clear statement of the case was made to U. S. Minister Straus in the summer, and instructions came to open the schools. More recently the Governor called all the teachers to give an account of themselves. they did, and they plead their cause so well, proving that their teaching from the Bible and their secular instruction were a blessing and not an evil, that they received the Government sanction, and liberty to continue their work. The report of the native superintendent, Rabi Moshe, translated by Mr. Shedd, shows a good grasp of the subject. The following is the outline: 1. The progress of the schools—a, In numbers. b, In their studies. It mentions that 122 scholars passed the second grade and but 26 the year before. c, Increased desire of scholars to advance. They are desirous of leaving behind the ignorance of the past and are awake to the new needs of the future. d, In

the arrangement of studies. Most of the schools are now following the course laid down. 2. The duties of pastors and church officers. 3. Needs of the schools—a, Pious teachers. The object more than all else being to bring into the fold of the Saviour all these little ones. b, New books, with improved lessons and some illustrations.

The Press.—The total issues during the year were 581,000 pages, principally school books, Sunday-school papers, and the monthly paper. The return of Dr. Labaree was hailed by all as a great help in the literary department of the work. He now has charge of the press and also aids much in the counsels of the station and native boards, and is carrying forward by the help of a committee of native scholars the revision of the Old Testament in Syriac.

Medical Work.—Dr. Cochran, for ten years in charge of this work, left the field on furlough in April, 1888. The hospital was open till a short time before his departure, and was doing constant and efficient work. The dispensary at the city is still opened twice a week by the native physician, Hakim Oshana. About 100 patients a week usually

attend the dispensary.

Hakim Yohannan, a graduate of the medical class, was sent as a medical missionary to his people in Koordistan, where he worked faithfully in winning friends among opposers of the Gospel, removing prejudice and doing missionary, medical, and surgical work. He has been during the past winter with Mr. McDowell in the same field.

The call for godly native physicians is emphasized. It comes from every district of the country. There is a grand opening for physicians educated in the Mission College and truly pious and devoted servants of their Lord. It is the special instrumentality to prepare the way for the truth among the Moslems of all ranks and sects.

## The Mountain Department.

In the spring of 1888 Messrs. Coan and McDowell made an extensive tour to examine the feasibility of beginning a station in Tiary. The indications pointed to Zernee, a village in Tiary, as the most favorable place for a base of operations. It is open toward the plains of the Tigris all the year, and is the gateway to the mountain valleys of the Nestorians. It is a healthful place; the people are very friendly and well enlightened, and the Malik, or Chief of that part of Tiary, assures the missionaries of his protection. The great difficulty in the way at the present time is an active feud between the Koords and the Tiary people and other tribes of the Nestorians. This feud has arisen from the general lawless condition of these mountains. There is fault on both sides, and there came a crisis last summer, a party of Koords horribly murdering and outraging helpless women and children. Christians rallied to defend their homes, and the hosts of hostile Koords were arrayed against them for several days. As mentioned above, the missionaries at just this time visited the Patriarch and for the time the danger passed, but the feud may again break out, and may even end in massacre such as occurred in 1845 in the same region. Were this threatening war-cloud to vanish, the prospect seems auspicious for the

new station. At the annual meeting last September the following action was taken:

"We thank God that at last the mountains of Koordistan are open to be occupied by a mission station, and we assure those who go there of our hearty co-operation and sympathy and prayer for a blessing upon their work.

"We appoint Mr. McDowell as the clerical member of the new station in Zernee, Tiary, to occupy it this year in company with a physician who shall come via Turkey; we designate the boundary line between that field and the Oroomiah field to be the mountain ridge between Tkhoma and Baz.

"We express gratitude to God for the way in which He has provided the support of a physician and two assistants for the new station by the generous offer of Mr. James T. Morton, of England, and we acknowledge our indebtedness to Mr. Morton. We hope two medical assistants will be found in Oroomiah to join the medical missionary on his arrival in the mountains and we recommend that the medical work be opened not only in Tiary but also in some point nearer Mosul with a view to reach the Yezidees and others of that region."

In accordance with this action Mr. McDowell in November started for his mountain work, accompanied by a medical assistant and native evangelist. Meanwhile in America the Board secured the services of Dr. J. G. Wishard, of Indianapolis, who sailed from New York January 5th to go *via* the Mediterranean and Mesopotamia to join Mr. McDowell on the field near Mosul.

The winter's work of Mr. McDowell and his assistants in Tiary and the adjacent regions is reported in a letter under date of March 2, 1889. At that time Dr. Wishard was expected in a very few days.

He had been delayed at Constantinople and Aleppo.

The large districts which fall to the care of the new station are Thoma and Tiary, in the rugged mountains, the home of independent tribes of several thousand souls each; Berwer and Bootan, with sixty or more villages, which are terribly oppressed by Koordish chiefs; Supna and the Plains of the Tigris, where the nominal Christians are nearly all under the papal voke. The Anglican Ritualists have thus far failed to obstruct our work in the mountains. The reports concerning Tkhoma are encouraging, mentioning large schools and congregations. The same is true in part of Tiary. In Zernee, where the station is begun, there was a revival in progress. hindrance is not from any opposition of the people to the missionary, but from their lawless condition and the lack of government. The missionary is in a delicate position, having to avoid complications between the lawless tribes of Koords and Nestorians, and between the Turkish Government and their nominal subjects. "So long as there is no Government to control them, provocations will be given and disturbances will follow every year to hinder our work, and it seems to be only a question of time when another massacre of the Christians will be attempted by the Koords." The Christian chiefs desire a just and strict settlement of the grievances on both sides-meting out due punishment to the guilty parties; such a commission as settled the troubles in the Lebanon. There is great danger that if the Christian Powers and the Porte do not soon find a solution of this political question another massacre of Christians will startle the world.

"There is one good sign—the effect of the Gospel as seen in Lezan and Zernee, the men of which villages are enlightened by the Gospel. They and their friends oppose all wrong toward the Koords. The leader of these men is a sincere Christian, a church member, and he and his men are the bravest of all Tiary. One must be on the ground and see these men to appreciate the effect of the Gospel upon them."

In Berwer and Bootan the work is greatly retarded, and the friends of the Gospel are crushed by the violence and oppression of the Koords. The church in Hassan, of fifty members, is in great trouble and danger.

In the Supna a great reformation has taken place during the two winters past, and now there is "a living church, pure, harmonious, very active and interested in foreign missions." Nearer the Tigris, the church at Monsoria is composed of converts from the Church of Rome. In Elkosh, a town of 5,000 people, an evangelist stopped with a view quietly to work for the Yezidees who come there. He soon discovered that the people of the place were tired of the papal yoke. Thirty families joined in a petition for a school and preacher. The place is a papal centre, and the flame of fanaticism arose; a mob was raised, and our preacher was beaten and dragged out of the place with a rope about his neck. Redress from the Government has not yet been obtained, but the affair is a good sign, and the outcome must be good. Mr. McDowell and his assistants are at work, holding in the villages they visit two or more meetings daily. The work of that region requires much self-denial and strong faith, but the Holy Spirit does change the wildest of those mountain men, and there is hope that great progress will be reported in coming years.

#### Tabriz

The city of Tabriz is the commercial centre of Western Persia, with a population of nearly 200,000. About 5,000 of these are Armenians; the rest are Moslems. When the Board opened a station there fifteen years ago there was no other mission work in the city. The Church of Rome have now a band of monks laboring among both Europeans and Armenians. Within the year past two Swedish missionaries, who have been in Russia for several years and find the restrictions there very onerous, propose Tabriz as their headquarters, where they may raise up helpers for their work in the Caucasus.

The Persian Government is watchful and suspicious of the influence of all these missionaries. The year past has seen less bitter persecutions than the year previous, but there is a tireless opposition by the Armenian bishop and chief men. The order prohibiting the sale of the Scriptures has been revoked, with the single condition that only nominal Christians be employed as colporteurs and agents. The rebuilding of the Protestant church in Tabriz upon a new site was prohibited, but afterward permission was given to refer the case to the capital.

Two preaching services have been regularly maintained with some

increase of attendance over the previous year. The church has received nine new members, mostly pupils from the schools. The contributions were \$160.

In the division of work Mr. Oldfather has charge of the church and part of the Turkish services, and is mission treasurer (agent of all the stations). Mr. Wilson has charge of the boys' school and Sabbath-school, preaches in Turkish, and is station treasurer. Baron Gulisarian, the Armenian preacher, has charge of Armenian services, pastoral visiting

and church prayer-meetings.

Schools.—The boarding-schools for boys and girls are flourishing beyond former years. The report says of the Boys' School and Training Class, that a total of sixty have been enrolled in the boys' school; of these twenty-eight were boarders. Every region of Azerbijan was represented among these, but the pressure of the bishop and priests compelled a few parents to withdraw their sons. Six of the training class were sent out as teachers for a year. They taught in Teheran, Tabriz, Soujbulak, Khoi and Chara. Two excellent Armenian teachers are employed, and Russian is now taught, in order that some of the students may be able to do Gospel work for the 600,000 Armenians in Russia. The expectation is to have a class in theological study soon, and to prepare laborers for Russia as well as Persia. school is much cramped for room, so that Mr. Wilson hears his classes in his study, and Mrs. Wilson in her sitting-room. The religious condition of the school is fair, but not especially encouraging. scholars are growing in the knowledge of the truth, and several have made profession of faith during the year.

The examinations in June passed off very satisfactorily. The English, French, and Turkish consuls, the General of the Persian army, the principal of Persian Government schools, the tutors of the children of the Heir-Apparent, and others, honored the occasion by their presence, and expressed themselves as highly gratified. The

mission schools are no longer despised.

The Girls' School.—Owing to the broken health and departure to America of Miss Holliday, the burden has fallen heavily upon Mrs. Van Hook. Miss Dale arrived from Teheran in October, 1888, and at once entered upon school duties. The boarding scholars were twenty-seven, with four day scholars. Of these five were village girls, the "first-fruits" from a new region, "and a more forlorn appearing set can hardly be imagined, as, apparently dazed, they watched the busy fingers of their new companions fashioning clean garments to clothe them." Three of the girls have united with the church during the year. All the graduating class are church members. The interest taken in the examinations of this school also was very gratifying. For the first time they were attended by the Turkish consul and others of standing. The last term of the school opened with larger numbers, and it is plainly to be seen that the position of this school as the leading influence in female education in the great, central city of Tabriz is assured.

Medical Work.—Dr. Holmes has practiced among all classes, and exerted large influence. His very successful practice at the palace of

the Vali Ahd (Crown Prince) has brought him many honors, and at last an urgent request to accept the position of Physician in Chief. This position Dr. Holmes accepted, limiting the contract to one year, and stipulating that no restrictions be placed upon his Christian work. In this capacity Dr. Holmes has enjoyed the utmost freedom in presenting the claims of Christ. The complete failure of Mrs. Holmes' health has suspended, temporarily at least, the doctor's labors.

The arrival of Miss Bradford is a new departure in medical mission work. She is the first lady physician in Persia. She is anxiously sought by the many suffering women, and would be overwhelmed with work did not the missionaries think it best for her to refuse to meet the calls until she has opportunity to learn the language. She makes weekly visits at the palace, and is training two medical students, as well as attending to dispensary practice. Medical missionary work in

Persia seems to have a bright prospect.

Outstations.—These are found in three cities and one large village, each a centre of light and of useful labor—Ilkachi (population 2,000), a village of Ali Allahees, Mohammedans in name but secretly opposed to Islam. At this place Ali Aga, a convert, has a school of eighteen He has met with considerable opposition, and it is probably owing to the fact that the two chiefs are his brothers-in-law that he is able to continue giving Christian instruction. He has also travelled and preached to a considerable extent among the villages of his own sect.—Maragha (population 20,000, mostly Moslems). Here a more quiet year has passed than the preceding, but with continued persecution. There are six communicants and a little increase in the congregation, a school of fifteen pupils, and a Sabbath-school of thirty. The pastor says: "The hearts of the people are with us. If they shall be relieved from fear, the work will advance. The light is spreading among the Moslems, too. It is wonderful how much they come. There is a priest who gave lessons in the mosque from the Gospels, and for this has been expelled. Others come from the villages for the special purpose of spiritual instruction."

Mianduab (population 5,000) has seen a year full of strange providences. First, great prosperity in the work, when the leading Protestant was murdered and the school broken up. After a time the school was again collected, but soon the water-jars of the teacher were found to be poisoned, and much trouble and danger ensued. In June the Jews expressed their desire to have a school, and this led to another effort of the enemies to suppress the truth. In spite of all, the light is spreading and most of the Armenians are more or less brought under the influence of the Gospel, while there are special opportunities of reaching the Moslems. One assembly of 400 heard the truth.

In Soujbulak (population 10,000) the preacher has gained a good name among all classes. There are several inquirers who form the nucleus of a church. One prominent Koord of high family seems to have accepted Christ, and is suffering much in consequence. Another convert is the son of the leading Moslem ecclesiastic, who has confessed before the Governor that he will follow his conscience. The

Governor shows special favor to the preacher, has the Scriptures in

four languages, and appeals to them in discussions.

A fifth outstation, we may say, is Sain Kalla (population 10,000). Sayid Khaleel, a converted Moslem, "sincere, bold and consecrated," has a field in this city, and a large region around it. He travels from place to place on his donkey, in the dress of a teacher, and all reports of him show that he testifies boldly for Christ, and has great skill in answering all objections.

Touring.—Three missionary tours are reported, extending to the outstations and beyond them to the wider field, and giving full opportunities to sow the seed and point inquirers to Christ. Interesting

items as to these tours are found in the mission magazines.

Work for Women embraces labors in Tabriz and at the outstations, and in more extended tours. Miss Jewett and Mrs. Wilson have done much seed-sowing in the villages, and hundreds of Armenian and Moslem women have heard them. The great crowds of Moslem women listen with delight to the teachings of Christ, but His atonement and divinity always arouse discussion. In some cases the tables were turned, and the Moslems tried to persuade the missionaries to "turn" and accept the Moslem faith.

There is a steady work going on in the missionary home in receiving calls and entertaining company, and holding regular meetings Such meetings every week have been kept up by Miss Jewett, with some new-comers. There are great encouragements in the breaking up of prejudice, in the eagerness to hear, and the new openings for instruction and influence.

"It is not often," writes one of our missionaries, "that we have the pleasure of being sought for the truth's sake, but one morning an old woman and her daughter came asking to hear 'the sweet words.' How they had tasted and found them sweet was a thrilling story. The father had been a mirza years ago to an English missionary in Constantinople, had professed Christ, had been poisoned at a friend's house, and came home to die. This woman was the widow, who is now living with her three children in Tabriz, and, remembering the words of her martyred husband, had sought the missionary." Whether she accepts her husband's Saviour is not stated, but plainly the age of martyrs in the lands of Islam is not past.

House to house visiting is the most successful method of woman's work. This is now possible among all classes. The medical services of Dr. Holmes have opened the way into the highest circles, and certainly prejudices are removed, and the spirit and grace of our Lord are in a measure reflected by the examples of His messengers. With Mrs. Van Hook teaching in the palace of the Governor-General, and Mrs. Wilson in that of the Crown Prince, and Dr. Mary Bradford frequently visiting the court ladies, there will be left no doubt in the minds of those powerful personages of the influence of Christianity to elevate women.

All over the broad Tabriz field it is still the time of sowing rather than of reaping, but the promise is sure: "Ye shall reap in due season if ye faint not."

### Salmas.

The burdens of the work of this station, in the absence of Mr. Wright, have fallen upon Mr. Mechlin, a new man, still unfamiliar with the language. His difficulties have been increased by the opposition caused by the presence of the Armenian bishop of Tabriz, who has spent the past winter in Salmas, at Heft Dewan. Notwithstanding these drawbacks the year has brought its encouragements. The congregation at the station chapel in Heft Dewan has risen occasionally to seventy and eighty. As yet there is no church formed. The church at Oola, the nearest outstation, has received three new members, and now numbers thirty-one.

The girls' school, under Miss Van Duzee, reports a good attendance for its first year, fifteen boarding pupils and some day pupils. Some spiritual interest is seen in a few of the boarders, who are really trying to live Christian lives. Miss Van Duzee has found much to do in the large village, and has an especially interesting work among the young men, who attend a social and religious meeting every Tuesday evening. Miss Roberts, owing to her ill-health, which began with an attack of the small-pox, spent the winter in Tabriz, and Miss Jewett has taken her place in Salmas. She finds very easy access to all classes of the women in Salmas and Khoi.

The Outstations are Oola and two other villages in Salmas, where winter schools have been kept up, and the city of Khoi, 30 miles northward. The pupils under instruction in the five schools number about 130. In Khoi (population 50,000) nearly all are Moslems. There is, however, a nucleus for a church among the Armenians and a great deal of inquiry by Moslems. Many are reading the Bible, and many come to converse with the preacher. Although they profess to believe what he teaches concerning Jesus as the Son of God, they are not ready to suffer for His name. The power of the Holy Spirit is the one indispensable blessing to be craved.

The Work of the Bible Society is gratefully mentioned by the West Persia Mission. Rev. W. L. Whipple is the agent of this society for Persia, residing at Tabriz. Hen is the central depot for the distribution of some 5,000 copies of God's Word annually in various languages, besides large numbers of other books. The Bible and colporteur work is conducted in full harmony with the mission.

Tiflis and the Russian Border.—Mention has been made of the relations of this mission to the great Empire of the North. The past year the Board has aided in keeping a preacher from Orocmiah in the capital of the Caucasus, where there are hundreds of Nestorians, many of them members of our evangelical church. A regular service has been kept up for several years for these strangers. Russian intolerance has lately driven out this preacher. The Government called him to account for holding unlawful meetings and reading from unauthorized books, such as the Sunday-school lessons, to his congregation. One part of his offence was his trying to keep his people from coming under the influence of Russian

priests. Every kind of evangelical work in Russia is under great restrictions.

Famine.—The year past was a period of famine in parts of the field. For three months in the spring of 1888 hundreds of families about Oroomiah were aided at the hands of the missionaries from the fund sent on through the Board. The timely rains prevented increased distress, and a portion of this famine fund was devoted to an orphanage in Geogtapa. This work is highly commended by the mission, but, like so many other departments of evangelical effort, it has been subjected to annoyance by the Anglican Ritualists and to injury by the Government.

The reports of the year impress upon us the difficulties of this mission field. How feeble is man, utterly incompetent to adjust all these sacred interests, or even to bear the burden of anxiety, and oftentimes of sorrow, which they involve! It is the Lord's work, and upon Him we and our brethren on the field must cast our care. It is an inexpressible relief to know that He holds His Church in Persia, even the feeblest of His disciples there, dear as the apple of His eye.

### Eastern Mission.

The field covered by this mission is large; its two stations—Teheran and Hamadan—being some two hundred miles apart, with outstations stretching still beyond. The foundation work has been very successfully laid in these two centres of influence, and plans are now in contemplation for extending the sphere of that influence beyond these populous cities. The year has been marked by several changes in the missionary force. The return of Mr. and Mrs. Potter to this country on furlough, and the transfer of Miss Dale to Tabriz—a measure recommended by the mission and authorized by the Board—quite weak-

ened the force at Teheran. On the other hand, however, the force has been increased by the addition of Mr. and Mrs. Watson, who have been assigned to Hamadan. Dr. Torrence having been invited by the Shah to come to the United States as interpreter to the Persian Minister, the expenses to be borne by the Persian Government, and the mission having recommended it, permission was granted by the Board. After an absence of six months from the field, Dr. Torrence returned to Teheran in December. Miss Adeline Hunter has recently been appointed to Hamadan and Miss Mary Ward Greene to Teheran.

#### Teheran

The material interests of this station have continued to require much attention, for, although the buildings were in a measure completed a year ago, much remained to be done to put them into shape for permanent occupancy. The Boys' School building has now been completed so far as authorized for the present. The missionary residence provided for in the last year's appropriations was begun on February 13th and occupied on September 11th. Work upon the hospital, except on the walls enclosing the property, was virtually suspended during the absence of Dr. Torrence. Progress has been made in laying out the grounds connected with the new premises.

Regular Sabbath services in Persian have been continued throughout the year, and in English for the benefit of English-speaking residents during part of the year. Persian Sunday-school and Friday-evening prayer-meetings were held statedly, except in July and August, and English prayer-meetings most of the winter and spring months. Seven were admitted to the church during the year—four Armenian girls from the Girls' Boarding-School, two Jewish boys from the Boys'

Boarding-School, and one Moslem man.

The church at *Rescht*, an outstation of Teheran, under the pastoral care of Cassius Reuben, a native minister, reports a membership of eleven. Mr. Reuben also teaches a class of six boys and his wife one of seven girls. Work has been begun during the year at *Kasvin*, Mirza Ohannes conducting public worship on the Lord's Day and engaging in colporteur work during the week, the expense being borne equally by the mission and the American Bible Society. Mr. Esselstyn has begun a system of village visitation, accompanied by one of the native helpers, with encouraging success. The transfer of Miss Dale interrupted to some extent the evangelistic work among the women, although Mrs. Torrence has done what she could, consistent with her home cares, to meet the exigency.

Mention is made of the kindness of Mr. Pratt, United States Minister, in remitting all personal fees in the transaction of important business connected with the mission premises. This is but one of many favors which Mr. Pratt has conferred upon the mission, and for which

appropriate thanks have been returned.

Girls' Boarding-School.—This school, now settled in its new home, may be fairly regarded as a well-established institution. Opening with a roll of 36, the entire number reported for the year was 66. This number included two little Fire-Worshippers—the first of this class re-

ceived into the school. The custom of early marriage operates seriously against a thorough training of the pupils, as they are usually taken from the school before they have been able to avail themselves of its best advantages. Six of the Armenian girls have been thus withdrawn, although the teachers have the satisfaction of knowing that they had not only professed their faith in Christ, but had given good evidence of Christian character. Four of the girls united with the church during the year. The transfer of Miss Dale and the inability of the Board to supply her place immediately has thrown an unusual burden of care upon Miss Schenck and Miss Bartlett, as they have continued to carry on all the departments of the work. The closing exercises of the second term, ending in June, consisted of examinations and recitations, to which the friends of the school were invited. examination of the Bible-class was conducted in the Armenian tongue, and the visitors listened with marked respect and interest as the girls recited large portions of the Scripture and answered many questions both in the Old Testament and the New. Close attention has been given to the industrial training of the girls as in former years. The summer vacation was devoted to the preparation of the children's wardrobe for the winter season. The report says: "In seven or eight weeks a supply of clothing for, say, 35 children was made, numbered, and put away for use. Most of this was the work of some ten girls, as the others were only able to sew for themselves. The friends at home helped us out again, for a generous supply of gingham aprons shortened our work not a little. This fall, in addition to all the other house-work, it has been so arranged that the girls do their own cooking, without seriously affecting the lessons." Marked improvement has been made in the cleanly habits of the scholars, much to the joy and comfort of the teachers. Progress has been made also in the matter of self-support, the amount realized during the past year being almost four times that of any previous year. The people are gradually realizing that something is expected of them beyond simply furnishing their children to be educated.

Boys' Boarding-School.—This school, fairly begun a year ago, has succeeded even beyond the expectations of its friends. The roll of boarders at the beginning of the year comprised 3 Fire-Worshippers, 4 Jews, and about 20 Armenians. Nine of these were from a distance and the others from the city. There were also 4 day-scholars, besides 2 European boys. The new year, which opened just before the report was presented, showed a large increase in numbers, there being 40 boarders and 20 day-scholars. As the school has still its reputation to make, most of the boys were received without charge. It is expected, however, that, as in the case of the girls' school, tuition fees will gradually reduce the expense to the Board. The examination in June showed a degree of proficiency quite surprising, considering the difficulties under which the work had been done. The curriculum as at present laid out provides for a course of four years, including a large amount of Bible study, besides special instruction in the Word of God on Fridays and Sundays. The Eastern Persia Mission has been greatly in need of efficient native helpers trained on the ground. The hope now is that this school, so auspiciously begun, may develop consecrated talent available for this purpose. With this in view, provision will be made for giving instruction in theology, and such other topics as may be necessary, as soon as the boys are ready for these advanced studies. Indeed instruction was given to several students during the summer in Biblical Theology and Homiletics. Mr. Ward, the superintendent of the school, says: "In Teheran our educational opportunity seems to have arrived. We are prepared with teachers to do good work. Our building, so far as it goes, is good and pupils for boarding and day departments are pressing for admission. We seem to be limited only by means and the need of a large school-room to have at least a hundred students." It is to be hoped that the Board may be able to make provision for this addition during the coming year.

In the autumn of 1887 the school in the Jewish quarter was closed by persecution. Subsequently an order was obtained from the Government to reopen it, but failure to find a suitable teacher rendered

this impossible.

### Hamadan.

Death has been busy within the mission circle at this station during the past year, claiming first one and then another of the children of Dr. and Mrs. Alexander. The precious dust of these covenant children rests in the soil of Persia, while the parents sit childless, though not comfortless, within their shadowed home. The arrival of Mr. and Mrs. Watson was a welcome addition to the working force, and encourages the hope of enlarged effort when they have mastered the

language.

The work among the Armenians has met with some discouragement during the year, owing to certain disturbing elements which had crept in, but, notwithstanding this, ten applied for admission to the sealing ordinances of the church, five of whom were received. The entire number of communicants is 72. It is noted with gratitude that it is becoming more and more common to find Mohammedans attending the public worship of God, sometimes as many as 200 being present at a single service. The report says: "We have almost weekly proofs that the Crescent is waning. Disintegration is rapidly doing its work. Division is giving liberty and individuality. Now is the time to make the home-thrust." The work among the Jews, which number 3,500 in the city, has been continued under the superintendency of Mrs. Dr. Alexander. The report says: "Services have been conducted by Pastor Shimon, Saturday evening and Sabbath morn-The attendance has been small, and but little interest has been manifested. The Jews seem afraid to come lest they encounter persecution." Notwithstanding this, however, a Sabbath-school of some 50, including men, as well as boys and girls, gathered for the study of the Word of God. Some of the boys are thought to be seriously considering the question of their personal salvation. The uncleanly habits of the people, and the custom of crowding large families into small rooms, combine to make the work of elevating them exceedingly difficult. Mothers who mould the character of the children are spoken of as especially ignorant, and adhering with great tenacity to tradition and superstition. The hope for the future centres largely in a school for Jewish girls. Such a school has been carried on during the year with marked encouragement. Although compelled to surrender the building occupied, and move to other quarters, the attendance was not diminished. During the first month in the new room 65 names were enrolled.

The educational work grows steadily in compass and efficiency. The Boys' High-School had an average attendance of 45 during the year, most of them Jews. Quite an addition has been made to the building, greatly increasing the facilities for labor. This was done under the superintendency of Mr. Hawkes, who devotes two hours per day to the school, conducting the opening exercises, hearing classes in arithmetic and Church history, and drilling the school in singing, while Mrs. Hawkes teaches two Bible-classes. The report says: "The closing exercises, which were held in the church, gave evidence of good work done, both by teachers and pupils, and we were pleased to have them listened to by some of the influential men of the city. Among these was Mirza Rezza Khan Sarteeb, who gave this testimony: 'In the eyes of the Government there is no distinction of classes. Jew, Christian, and Mohammedan are one to us, since they are all our subjects. We are pleased to see the proofs of progress, and are thankful to you, and to those who sustain this school, for the trouble you have taken.'"

The Faith Hubbard School has had a year of light and shadow, the former largely predominating. A severe epidemic of diphtheria visited the city, requiring teachers to confine the boarders to their own rooms. Happily, by this precaution and the blessing of God, the pupils were effectually protected, and taught a much-needed lesson of the importance of sanitary regulations. Ninety-three pupils were enrolled, 32 of whom were boarders. Quite a number of visitors had been entertained during the year, some of whom bore delightful testimony as to the character of the work done in the school. An Armenian wrote: "It was my good fortune to be in the school, which is a light-giver and eye-opener for our nation, and I am grateful to the teachers." A visiting missionary testifies: "Two things especially pleased me,—the amount of Scripture the children have committed to memory, and the teachable spirit and order manifested by most of the pupils." A Persian officer, after visiting the school, wrote: "I that am myself from the King's College, and for years learned French and army tactics, arithmetic and geography, and other things, after I arrived in Hamadan I heard that a school had been established here, and I examined the scholars. Verily, they do well." A year ago it was hoped that a fair beginning had been made for the introduction of Moslem girls into the school. During the Easter vacation, however, and under the pressure of some threats, the girls were excused for a time. One was immediately married, and the other at her own earnest entreaty returned, and is now the only Moslem among the girls. Some disaffection among the Armenians interfered for a time with the attendance of the day pupils, but happily that was adjusted, and the children returned to their work. Instruction has been continued in *industrial lines*, and the handiwork of the girls was greatly admired by the women who attended the closing exercises. The Mission Bands have been continued with marked interest, and the spirit of liberality developed to a degree quite remarkable considering the poverty of the pupils.

Four itinerating tours were made during the year by members of the station or persons connected with it. The principal points visited were Senneh and Kermanshah. At the former, about a hundred miles west of Hamadan, Mr. and Mrs. Hawkes spent seventeen days, and the mission sends an earnest application for an additional foreign missionary that a station may be established at this place or at Kermanshah. Repeated efforts have been made to begin work by native helpers, but it has been found that the organizing of new work requires closer supervision by a foreign missionary than is possible at such a distance from Hamadan. The field is regarded as ripe, and the treatment of Mr. and Mrs. Hawkes would seem to indicate a readiness on the part of the people to receive the Gospel at the hands of missionaries.

The detailed report of the *medical work* for the year has not been received owing to the absence of Dr. Alexander at Oroomiah and Tabriz, on urgent professional business connected with the West Persia Mission. The general report, however, says: "Dr. Alexander and his assistants have been very faithful this year, and have seen thousands of patients, visiting many in their homes, and performing a large number of surgical operations. Opportunities for religious conversation have been greater, and have found those in attendance more impressible than heretofore." Close by the dispensary is a new Bible depot where the Word of God is distributed under the direction of Dr. Alexander. The Doctor's necessary absence renders it impossible to give a detailed account of this work.

The work among the women, conducted by the ladies of the station in Hamadan and at the outstations, has been faithfully prosecuted. In addition to welcoming women to the missionary homes, and talking with them of the things of the kingdom, the homes of the people have been visited. The Misses Montgomery write: "At Christmas we made more than 50 Armenian visits; at the Persian New-Year more than 80 Moslem visits; at the Armenian Easter more than 50 Armenian calls. These are in addition to Jewish visits, and the friendly calls we make from time to time, and the sick calls we are constantly wedging in. Always in Armenian homes, and nearly always in Moslem houses, we find opportunity to tell of Him who came to seek and to save."

"Perhaps the most important part of our work has been the weekly prayer-meeting. It was astonishing to see how the Moslem women continued to crowd in. We have had as many as 120, and as few as 6, but the general attendance has been from 30 to 70." The services have been conducted both in Armenian and in Persian, part of the hour being devoted to each. Later, however, Mrs. Hawkes took charge of the service in Persian among the Moslem women, while at the same time the ladies of the school conducted service among the

Armenian women in their own tongue. The Misses Montgomery, in addition to their other labors, have continued their work among Moslem young men and boys, which consists largely of instruction in the Word of God.

The toilers in Hamadan seem to have scarcely less difficulty with the various classes of the population than missionaries in India with the system of caste. The deep-seated prejudice of the Armenian against the Mohammedan, and the bitter hatred of the Mohammedan against the Armenian, and the uncompromising hostility of both toward the Jew, make it exceedingly difficult to build up a homogeneous Christian community. On the whole, however, it is felt that substantial progress has been made, and that gradually the walls of separation are crumbling under the power of the truth, made effectual by the Holy Spirit.

### MISSIONS IN INDIA.

### Lodiana and Furrukhabad.

RAWAL PINDI: 170 miles northwest of Lahore; mission station commenced, 1855; missionary laborers—Rev. J. F. Ullmann, Rev. Robert Morrison and his wife; Miss Margaret A. Craig; native Christian assistants—nine. *Outstation:* Murree. *In England:* Mrs. J. F. Ullmann.

Lahore: the political capital of the Punjab, 1,225 miles northwest of Calcutta; mission station commenced, 1849; missionary laborers—Rev. John Newton, D.D., Rev. Charles W. Forman, D.D., Rev. J. C. Rhea Ewing, D.D., and Rev. J. Harris Orbison, M.D., and their wives; Rev. Henry C. Velte; Rev. P. C. Utpal, Rev. Isa Charran; Miss Clara Thiede; native Christian assistants—nine. Employed by the mission—three Christian female teachers.

FEROZEPORE: 50 miles southwest of Lodiana; occupied as a station, 1882; Rev. Francis J. Newton, M.D., and his wife; Rev. U. S. Grant Jones; native Christian assistants—two.

HOSHYARPORE: 45 miles north of Lodiana, mission station commenced, 1867; Rev. K. C. Chatterjee and Rev. H. Abdullah; native Christian assistants—ten.

JALANDHAR: 120 miles east of Lahore, 30 miles west of Lodiana; mission station commenced, r846; missionary laborers—Charles W. Forman, Jr., M.D., and his wife; Rev. Golak Nath; native Christian assistants—three licentiate preachers.

<sup>\*</sup> Teheran failed to report amount contributed.

LODIANA: near the river Sutlej, 1,100 miles northwest of Calcutta; mission station commenced, 1834; missionary laborers—Rev. Messrs. Wm. Calderwood, Edward P. Newton, and James M. McComb, and their wives; Miss Alice E. Bird; Rev. John B. Dales; native Christian assistants—sixteen. Outstations at Jagraon, Rev. Ahmad Shah and one native teacher; at Rupar, Rev. Matthias and Rev. Henry Goloknath; at Rampur, Rev. Kanwar Sain and one native Christian teacher; at Morinda, one native Christian teacher and two native Christian assistants; at Khanna, two native Christian assistants.

AMBALA: 55 miles southeast of Lodiana; mission station commenced, 1848; missionary laborers—Rev. Benjamin D. Wyckoff and his wife; Rev. William J. P. Morrison; Miss J. R. Carleton, M.D.; Rev. W. Basten, Rev. Sandar Lal; native Christian assistants—eleven. At stations in the plains, in the cold season, and at Ani, in the hills, in the hot season, Rev. Marcus M. Carleton and his wife, and Marcus B. Carleton, M.D., post-office, Ambala Cantonments. Outstation at Jagadri; native licentiate, George H. Stuart, preacher, and two helpers.

SABATHU: in the lower Himalaya Mountains, 110 miles east of Lodiana; mission station commenced, 1836; missionary laborers—Rev. T. W. J. Wylie; two native teachers.

Dehra: 47 miles east of Saharanpur; mission station commenced, 1853; missionary laborers—Rev. Reese Thackwell and his wife, Miss Sarah M. Wherry, Miss Annie S. Geisinger, and Miss Harriet A. Savage. Employed by the girls' school, one Christian female teacher; *Rev. Prabhu Das*; native Christian assistants—five male and eight female teachers; Bible-women and zenana teachers—five.

WOODSTOCK: in Landaur, 15 miles eastward from Dehra; school begun, 1874; missionary laborers—Mrs. James L. Scott, Miss Irene Griffith, Miss Clara G. Williamson, Miss Emily G. Foote, and Miss Clara C. Giddings.

Saharanpur: 130 miles southeast of Lodiana; mission station commenced, 1836; missionary laborers—Rev. Alexander P. Kelso and his wife; native Christian assistants—eight.

MAZAFFARNAGUR: a few miles south of Saharanpur, on the railroad; one native teacher.

In this country: Rev. E. M. Wherry, D.D., Rev. G. S. Bergen, and their families; Miss Mary Fullerton, Miss L. M. Pendleton, Miss C. E. Downs, and Miss M. Given.

On their way to this country: Rev. Charles B. Newton and his wife, Miss Mary E. Pratt.

FURRUKHABAD: on the Ganges, 723 miles northwest of Calcutta; mission station commenced, 1844; missionary laborers—Rev. Rajaram Chitambar; one Christian assistant; two native Christian assistants. Outstation: Chabramow.

FUTTEHGURH: mission station commenced, 1838; missionary laborers—Rev. C. A. Rodney Janvier and his wife; Rev. John N. Forman and Miss Mary P. Forman; native minister, one; native Christian assistants, five. At Saharanpur, Rev. Henry Forman. Employed by the mission—two Christian female teachers.

MYNPURIE: 40 miles west of Futtehgurh; mission station commenced, 1843; missionary laborers—Rev. T. Edward Inglis and his wife; Christian assistants, two; native Christian assistants, eight.

ETAH: not distant from Mynpurie; station begun, 1873; missionary laborers—two native Christian helpers.

ETAWAH: on the Jumna, 50 miles southwest of Mynpurie; mission station commenced, 1863; missionary laborers—Rev. Thomas Tracy and Rev. John S. Woodside; Rev. Nabibaksh; two native licentiates; five native Christian assistants. Miss Christine Belz, teacher and zenana visitor, Two substations.

GWALIOR: capital of the district of the same name; mission station commenced, 1874; Mrs. Joseph Warren; one native minister; two native Christian assistants.

JHANSI: 65 miles south of Gwalior; occupied as a missionary station in 1886; Rev. James F. Holcomb and his wife; two female assistants; one native minister.

FUTTEHPORE: 70 miles northwest of Allahabad; station begun, 1853; missionary laborers, three native assistants.

ALLAHABAD: at the junction of the Canges and the Jumna, 506 miles northwest of Calcutta; mission station commenced, 1836; missionary laborers—Rev. James M. Alexander and his wife; Rev. James J. Lucas, D.D., and his wife, Miss Sarah C. Seward, M.D., Mrs. John Newton, Jr., Miss Susan A. Hutchison, Miss Mary L. Symes, and Miss Bessie Babbitt; two native ministers; three native licentiates; native Christian assistants—ten,

In this country: Rev. William F. Johnson, D.D., Rev. George W. Pollock and his wife, Rev. George A. Seeley and his wife, Mrs. Thomas Tracy, and Miss E. J. Seeley.

### Kolhapur Mission.

Kolhapur: 290 miles southeast of Bombay (by available route); 35,000 inhabitants; mission station commenced, 1853; taken under care of the Board, 1870; laborers—Rev. Messrs, Galen W. Seiler and Jos. M. Goheen and their wives, Mrs. J. J. Hull, Mrs. R. G. Wilder, Miss Grace E. Wilder, Miss Margaret L. Ewalt; 13 native teachers and helpers, and 1 outstation.

PANHALA: 14 miles north of Kolhapur; mission station commenced, 1877; laborers—Rev. and Mrs. George H. Ferris, Miss Esther Patton; 6 native assistants; 3 outstations.

SANGLI: 30 miles east of Kolhapur; work begun 1884; laborers—Rev. Jos. P. Graham, Rev. and Mrs. L. B. Tedford; 3 native helpers.

In this country: Mrs. Jos. P. Graham.

### Lodiana and Furrukhabad.

In the above list of missionaries the names of those sent out last year will be found, viz.: the Rev. John S. Woodside and Rev. J. C. Rhea Ewing, D.D., and his wife, returning; Mrs. John Newton, Jr., reappointed; Rev. U. S. Grant Jones, Miss Harriet A. Savage, Miss Alice E. Bird, Miss Bessie Babbitt, Miss Clara C. Giddings, Miss Mary L. Symes, and Mrs. Forman, wife of Charles F. Forman, Jr., M.D. On the other hand, Mrs. John H. Morrison, Mrs. William J. P. Morrison, Mrs. William F. Johnson, and the Rev. Gilbert McMaster, have been called from this life to enter the heavenly rest. Further notices of these departed friends will be given in connection with the stations occupied, respectively. The Rev. George W. Pollock and his wife, reported last year as at home for Mr. Pollock's health, are in Colorado. His health has received so much benefit that he has taken missionary work there under the Home Board. He hopes to become so well that both himself and his wife, as they earnestly desire, may return to their work in India.

The Lodiana and Furrukhabad missions are here reported together, with their stations in geographical order, from Rawal Pindi in the northwest to Allahabad, a distance by railroad of 900 miles. In this part of India the same languages are spoken, and our missionary work has always been conducted in these provinces on the same methods. The division into two missions is mainly for convenience of local and general administration.

Number of pupils under instruction in zenanas in the Lodiana Mission, not generally reported; in the Furrukhabad Mission, 612. Number of Sunday-school scholars, 2,922. Contributions, so far as mentioned, \$1,058. Further statistics will be found in the General Summary, pages 184-5, infra.

### Notes on Stations.

### Rawal Pindi.

Reports and letters have not been received except from Mr. Ullmann, whose work was much the same as in the preceding year. The Statistical Report of the Mission gives 5 as the number added to the church, 3 of them on confession and 2 by letter, but 6 are in the column of "loss," and 6 resident members of other churches, leaving 35 the number at the end of the year. The work of the missionaries was in the lines of former years.

### Lahore.

A large work is in good progress at this chief city of the Punjab. Fight classes of work are described in the station report. Schools for Boys; College; Schools for Girls; Preaching in Chapels and Bazar, and in the District; Dispensaries; Work at Vaga; Native Congregation; Union Church and Sunday-school and a Chapel for services in English. For statistics of educational and church work, see tables infra. The additions to the church were 18 on confession of faith and

7 by letter; whole number, 104—some of whom were at Vaga, an outstation; others were absent for employment. For detailed information, reference must be made to the station report as printed

or quoted in the usual periodicals.

Special attention is given to the College. Its prospects seem still to be of marked encouragement. The building, on its fine site, is nearly ready for occupancy; its students have increased in number to 121; its aim and object, distinctively Christian, are in striking contrast with other schools of its order; it has the favor of influential friends—European and native, though it has also to encounter opposition from Mohammedans, Hindus, and others. Its chief object is Evangelistic; it is to be an agency for great good, as it is believed, in leavening the public mind with the principles of Christianity, and in leading many young men to Christ as their Saviour, and to His service as the work of their lives.

Dr. Forman having resigned as Principal, preferring to continue in the line of his usual labors, Dr. Ewing was appointed in his place by the brethren; an appointment approved by the Board. Consenting to his being transferred from the Seminary at Saharanpore, he has entered on his work at Lahore, with the warm regard and sympathy of all the missionaries. The support of the Principal and two professors who are now connected with this college is the same as that of the other missionaries; and they expect still to be engaged to some extent in the usual missionary work. The other current expenses of the institution, including support of native Christian teachers, will be provided, it is hoped, from local funds and tuition fees. A dwelling-house for the Principal, and a boarding-house for the Christian students, should be provided as soon as practicable, at an estimated outlay of about \$7,000, of which the sum of \$3,500 is requested from friends in this country. This request is commended to public favor.

Under the usual policy of the Church, this college may soon become separated from the Board, and placed on the same footing as the Anglo-Vernacular Colleges at Beirut and Canton. In the meantime, the large number of scholars at Lahore—in Government, Mohammedan, Hindu, and Christian schools, estimated at not less than 4,500; the kind and liberal influence of friends in that city, as referred to in the Annual Report of last year, and the urgent need of prompt Christian action for those who will become the men of influence amongst many millions of people, have led to the establishment of this college, as connected with the Board. Its germs were first planted by our mission, nearly forty years ago, and for many years its growth in the various schools was gradually developing. The leading school of those days is still continued, and is a school of over 500 scholars. Government Director of Education has lately stated concerning it, that "Among aided schools the Lahore Mission-School holds the first place." The College completes the series, and it will draw its students not only from schools in this city, but from those at other stations.

The notices of the schools for girls in this city and in the outstation at Vaga, 14 miles distant, are of increasing interest. There is evidently a growing desire among many of their parents, even among their

mothers, that they should obtain some degree of education. And the girls are often anxious to learn. "These schools are doing a good work in elevating and purifying some at least of those who attend them." One of the teachers of an elementary school, a young Hindu girl, had to relinquish her work for want of health. The report adds, "She died apparently trusting in the message she had received through a favorite hymn in native measure—

" Gabri wah nadia; náwa puráni; Yasu hai meri, pára karaiya."

"Deep is the river [of Death]; our boat is old; Jesus will carry me over."

### Ferozepore.

Last year's report of this station described an interesting work both in evangelizing and medical lines. In the absence of later information, only the general statistical table can be referred to—showing the number of communicants in the church to be 27, after 4 had been received by letter, and one reported in the column of loss. Mr. Grant Jones will be a valuable accession to this station.

### Hoshyarpore.

This station and its three outstations occupy a district of country containing about 500,000 inhabitants. Its missionaries are all native Christians. They are the Rev. K. C. Chatterjee and his wife, and a daughter who is a teacher; Rev. Mr. Abdullah, pastor and evangelist, and his wife; two licentiate preachers—one a pundit, the other a munshi, teachers; three catechists, two colporteurs, and one Biblewoman.

Mr. Chatterjee begins his report by a grateful reference to the visit made to this country in 1887 by himself and his wife and a young daughter—of which an account was given in the Annual Report of last year, page 101. It was a visit of great interest to our churches, and Mr. Chatterjee was welcomed as a Commissioner to the General Assembly from the Presbytery of Lahore. On his return to his native country he took up his work as usual, and he sends a very satisfactory report, which is his here inserted just as it stands. It is native Christians as the laborers on whom mainly the conversion of the Hindus depends. Here such laborers are seen to be at work.

"We returned from our visit to America on the 29th of December, 1887, and on the same day took charge of the station. The visit was undertaken in response to an invitation sent by the Board of Foreign Missions and in the interests of missionary work in India. It occupied a little more than nine months, five and a half of which were spent in the United States. During our sojourn in the New World, we had an opportunity of attending the highest ecclesiastical assembly, the General Assembly of the Presbyterian Church, and of addressing upward of one hundred meetings in churches, week-day schools, Sunday-schools, colleges, and theological seminaries on the subject of missionary work in India. The reception given to us and our message in these public meetings as well as in private houses was

uniformly cordial, warm, and enthusiastic. We shall always have a most pleasant and grateful recollection of it. We returned home greatly encouraged with the warm missionary interest exhibited everywhere and fresh resolutions to devote ourselves anew to the Master's service with increased earnestness and consecration.

"The new year began with the observance of the week of prayer. The devotional exercises of this season were joined in by all the mission agents and were more or less refreshing to all. These meetings over, we distributed our force as follows: Mr. and Mrs. Chatterjee, with their daughter, Miss Chatterjee, remained at the headquarters as before, being assisted by Pundit Hargolal, Ditt Ram, and Wuzen Masih; Mr. and Mrs. Abdullah, assisted by Gaum Shah, were continued at Ghorawaha. Pundit Rala Ram was sent to occupy a new outstation in Dosuah. This town is twenty-five miles from Hoshyarpur on the north side of it. It is the centre of an important Tehsil of the same name in the Hoshyarpur district, and contains a population of 6,248 souls. The population of the whole Tehsil is 218,644. It is replete with important towns and villages inhabited by Hindus, Muhammedans, and low-caste Churahs. There is a special opening for work amongst the low-caste people of this Tehsil, many of whose relations living on the other side of the Beas have received the Gospel. Rala Ram has worked with considerable acceptance amongst all classes. His labors have been specially successful amongst the lowest. Four of his enquirers out of this class have received baptism and formed the nucleus of a native church. An important feature connected with this work is that it is taken up by the native churches under the care of the Lahore Presbytery, and is entirely supported by them. We solicit special prayers of God's people in behalf of this Muhammad Shah was sent to open another new outstation in Garshaukar. This is also an important place and forms the centre of another important Tehsil. It is situated twenty-five miles south of Hoshyarpur, and has a population of 5,275 souls. The whole Tehsil contains 500 villages, with a population of 235,165 souls. Muhammad Shah has labored in this Tehsil throughout the year, and met with considerable encouragement. There are several enquirers under instruction, and one of them has publicly declared himself for Christ, and is a candidate for baptism. The only Tehsil that still remains unprovided for with a permanent preacher is Una. Ditt Ram and Wuzen Masih have visited this place as itinerant preachers and carried on The months of March, April, and October were speciwork there. ally devoted to itineration, in which all the preachers took their share. This work is carried on in the towns and villages of the district, and consists of open-air preaching in the Bazars and streets, singing of hymns and gospel songs, and conversations with visitors and enquirers. During the summer months Bazar preaching was most actively carried on in the city and the neighboring villages. A Bible-class was also held for the instruction of enquirers and newly baptized converts. Special efforts have been made in connection with all our work to reach the lower classes of the population, such as Churahs, Chamárs, and Ram Dásis, but up to this without marked or extended success.

'The carnal mind is enmity against God,' is as true amongst this class of people as amongst those of the higher classes, and they cavil as much against the truth as the latter do. We hope, however, to persevere in our efforts until we meet with success, and through the Master's grace we are sure to have it if we faint not. The circulation of Scriptures and tracts has been carried on as before by means of a Central Book Depository in Hoshyarpur, and Branch Depositories in Dosuah, Garshaukar, and Ghorawaha. A colporteur has also gone about selling books and tracts. The success in this department of our work still continues to be very small, partly on account of the unwillingness of the people to pay for our books, and partly because the percentage of the reading population in the district is still very small.

"The educational work of this station is carried on through two girls' schools for the heathen, and one girls' orphanage and boarding-school for Christian children. One of the former is for Hindu girls and another for Muhammedans. They are both under Miss Chatterjee, who teaches them with the assistance of one Christian and two Hindu teachers. There are 60 pupils on the roll, with a daily average attendance of 45. The schools are of an elementary character and teach up to the lower primary standard. There are only two girls studying for the upper primary standard. They passed the lower primary examination successfully during the year, and won government scholarships. Scripture lessons are given every day. Sewing, knitting, and embroidery-work are also taught. As a direct evangelizing agency these schools are not of much value. The children attending them are all very young and generally withdrawn on account of early marriage before they attain the age of twelve. It is hoped, however, the seeds sown in their young hearts are not lost, but will bear fruit in due season. One of the schools receives a government grant in aid, of Rs. 200 a year [about \$67].

"The girls' orphanage and boarding-school is a new institution. was opened on the 1st of July last, and has been in operation for only The object of this institution is not to rival the Dehra boarding-school, or the Christian girls' school in Lahore, or the Alexandra school in Amritsur, but to act as a supplement to them. These are meant for the daughters of native Christian gentlemen and bring them up as young ladies, giving them education suited to them. school is intended to afford home and Christian education to orphan girls, and to the children of poorer classes of native Christians suited to their state and condition of life. The want of such an institution has been felt for some years in connection with our mission, and the establishment of this school is an attempt to supply this want. Keeping this object in view, the children attending it are dressed in pure Punjabi costume, and provision has been made to give them careful instruction in the Bible and in secular knowledge, up to the upper primary standard only, and all in the vernacular. Sewing, cutting, knitting, and useful embroidery-work are also taught. Grinding wheat and corn, cooking, and other duties of housekeeping receive their share of attention. It is intended to make the school a home, and the girls attending it a family, all the members of which have their part to fulfil,

so as to make it comfortable. It is hoped the girls brought up in it will make useful wives and mothers in native Christian families of humble means, besides exercising their Christian influence on society in general.

"We have as yet no suitable building for this school. Funds for this purpose have been most generously supplied by the churches in America, and as soon as a suitable site in an open healthy place can be secured, the necessary buildings would be put up. In the meantime the school is held in a house close to the mission premises in the city. It has accommodations for twenty pupils, and amply answers all present wants. Fifteen children have been already admitted—five from Lodiana, two from Ferozepur, one from Dehra Dun, one from Gujranwala, one from Sealkote, one from Vaga, and four from Ghorawaha. Of these fifteen children six are half-orphans, and the rest have both parents alive. With the exception of two children who have come from Miss West's school, the others did not know even their alphabet when they came to us. They have made fair progress during the last six months in reading, writing, and Scripture knowledge.

"The fee for each child varies from one to five rupees a month, according to the ability of the parents to pay it. Those whose parents or guardians cannot pay anything are received free, as also are those orphans who are unprovided for. The amount of fee to be paid in each case is decided by the recommendation of the missionary of the station from which the children are sent. The school is supported by contributions given in America as well as in this country. I strongly recommend the institution to the sympathy and support of the Christian public. They could find no better means of spending their charity than by supporting a needy and destitute girl in this school at a cost of Rs. 6 or about \$2 a month. The school is under the entire supervision of Mrs. Chatterjee, who teaches one hour every day and looks after everything personally.

"The result of our work this year has been mostly of a preparatory character. The word of God has been sown far and wide in the district, and the knowledge of Christ and Christian doctrines has been extensively spread. Many have pondered what they have heard and read, and a few have thoughtfully and seriously examined the claims of Christianity. Of this last number fourteen have embraced the Christian religion—ten men and four women. The incidents connected with their baptism would be most interesting if I had room here to record them. Four out of these fourteen, however, have not been able to stand firm. One has yielded to temptation and three to oppression. The remaining ten are walking consistently in Christ.

"A few words about the native church may appropriately find a place here. It contains 56 communicants and 48 adherents, making in all a Christian community of 104 souls. Some of these live in the city, but the larger number in the villages. For the edification of this body, there are two places of worship—one in Hoshyarpur, and another in Ghorawaha, in which two services on Sundays and a prayermeeting on Thursdays have been kept up throughout the year. In addition to these, in Hoshyarpur a mothers' meeting for women, a

Bible-class for men, and a Sunday-school for the children have been also held, and as far as I have been able to ascertain, most of the families have had family worship in their households. The interest shown in these devotional services, with the exception of a few individual instances, has been very good and encouraging. Some of the members have taken a warm interest in promoting Christian work, and have gone about with the missionary in the district, actively preaching and circulating tracts without any remuneration from the mission. The contribution given for all religious purposes amounts to Rs. 124.

"Notwithstanding these encouraging features, the growth in grace has been far from satisfactory. There has been no case of drunkenness or immorality. The Christian life of the people has been disfigured by pride, jealousy, quarrels, backbiting, and even instances of lying. These and the unruly conduct of one of the brethren have caused much trouble and anxiety to the pastor, and often humbled him to the dust. The relation between the officiating pastor and the congregation at Ghorawaha has been most unsatisfactory. have been occasional frictions and misunderstandings for the last three or four years. These were, however, easily removed, and good understanding restored by the timely intervention of mutual friends. ing the year under review they rose to their climax. The congregation refused to attend the services held by the pastor and held independent services of its own, choosing one of their number to conduct them. After the pastor had retired great efforts were made to bring the parties together, and even a formal reconciliation was effected. This has been, however, neither cordial nor attended with the restoration of good feelings. A change in the relationship is urgently needed for the good of the work as well as for the parties themselves, and it is hoped will be sanctioned by the mission soon.

"Such is a brief account of our labors during the year, and of trials and encouragements connected with them. We close it with the deepest gratitude to Him who has had mercy upon us, not according to our feeble and worthless efforts in His cause, but according to the abundant riches of His grace in Christ Jesus our Lord. May He vouchsafe His guiding and comforting strength also in the year to come."

Jalandhar.

As at Ferozepore, last year's report of this station may be referred to as containing information of much interest, both for medical and evangelizing work. From letters it is learned that Miss Pratt felt constrained to remain at her post until the end of the year, engaged in her official labors as usual, notwithstanding the state of her health, but she may be expected soon to arrive in this country. Letters also refer to Charles F. Forman, Jr., M.D., as having entered into married life. Mrs. Forman, it is understood, will be happy to take over some parts of the work relinquished by Miss Pratt. Another missionary lady is urgently needed at this station. The general statistical table reports 27 communicants in the church; 587 boys and 147 girls in the schools at Jalandhar.

### Lodiana.

Besides the statistics as given above, a printed copy of the report of the Christian Boys' Boarding-School has been received. This school, under the superintendence of the Rev. J. M. McComb, is conducted with the approval of the mission. It consists of Hindu and Eurasian boys, who are expected to pay for their board and tuition, but a good many of them are supported on scholarships, fifty of which are provided by the Philadelphia and Chicago Women's Boards. A marked feature of this school is its industrial department, in which carpentry, tailoring, shoemaking, and carpet-weaving are taught. The boys are not compelled to learn these trades, but some of the best scholars are doing so, and "few if any pretend to despise honest labor." Some of them are looking to the ministry of the Gospel. The number of scholars enrolled last year was 93. The expenses of the school, not including the superintendent's salary, amounted to Rs. 14,397, or about \$4,900. Of this sum, Rs. 8,820, or about \$3,000, is reported as received from the mission treasury.

This school is regarded with great interest by many, and it seems to have been very well conducted by its superintendent. It cannot be doubted that it is doing good. It involves considerable expense. Its general theory was stated in the last Annual Report of the Board (pages 103, 104), to which reference is here made. The Board learns with much regret that the health of Mr. and Mrs. McComb will require them to leave India—perhaps not to go back, but hoping to continue in foreign missionary work. The usual statistics of the station are given in the tables above. The reports of work, excepting of the Industrial School, have not yet been received. The printing press is still continued. Last year its issues were 14,513,714 pages.

### Ambala.

The death of Mrs. W. J. P. Morrison was the afflicting event of the year. She died of cholera August 19th at Murree, a sanitarium near Rawal Pindi. Mr. Morrison and his family were spending a year at Rawal Pindi for reasons of health. Mrs. Morrison was a daughter of the Rev. R. Thackwell, of Dehra, so that two families, and especially her own young children, mourn over her early departure, but they sorrow not as those who have no hope.

At the double station—Ambala, the old city, and Ambala Cantonments, four or five miles distant—Mr. and Mrs. Wyckoff, Miss Carleton, M.D., and the native brethren maintained their usual labors, and not without encouragement, both there and at the outstation of Jagadri. The two native ministers, Messrs. W. Basten and Sandar Lal, and two licentiate preachers—one of them George H. Stuart at Jagadri—found abundant work for Christ among their countrymen. Mr. Wyck-off gave a part of the cold season to itinerant work, and Miss Carleton devoted herself to medical and evangelistic labors, of which no report has yet been received. Miss Marion Janvier, the adopted sister of the Rev. C. A. R. Janvier, is at Ambala in the work of the mission at its request. The church reports 52 communicants, after enrolling 5 new

members and losing 3 by removals, and the boys' schools report 817

pupils.

"Ambala Cantonments" is the post-office of the Rev. M. M. Carleton and his wife and of M. B. Carleton, M.D., but their stations in the cold season are at Santokh Majara in the Ambala district, and at Ladwa in the Karnal District, respectively, in the plains, and in the summer months their station is in the hills at Ani, reached via Kotgurh. Of Dr. Carleton's work no report has been received, nor of Mr. Carleton's, excepting a letter of Mrs. Carleton, May 30, 1888. In the statistics of the mission 23 communicants are reported, of whom 9 by letter and one by examination. In the letter above mentioned, Mr. Carleton's administration of medicine to visitors and his missionary conversations, and Dr. Carleton's large medical missionary work, are referred to with Christian feeling and sympathy. Mrs. Carleton adds that besides aiding Mr. Carleton in his work, she "found ample scope for all her energies in teaching a day-school five days in the week, conducting a woman's prayer-meeting and Bible-class on Saturday afternoons, teaching a children's catechism-class Sabbath afternoons," and teaching the girls and women various domestic matters-instruction much needed

## Sabathu.

This station was occupied, early in the year under review, by Mrs. Morrison, widow of the Rev. J. H. Morrison, D.D., she having been transferred by the mission from Ferozepore to this healthful place in the lower Himalayas. She entered on its duties with her usual energy and with the benefit of experience, having formerly been stationed there with her husband. Her work for the poor lepers was no doubt of great use, though no report of it has been received. But she was not suffered to continue by reason of death. She died on the 4th of September last of a fever, and entered into rest. Mr. Wylie, the native minister, is still at this station, but he should have the aid of a missionary from this country. He is taking charge of religious services in the Leper Asylum, and other missionary work. The small church, consisting in chief part of lepers hopefully converted to Christ, reports 16 communicants, 4 of whom were received on examination, and one by letter, while three are reported in the column of loss, probably having died of their dreadful disease.

## Dehra.

This important station has been efficiently conducted under the general oversight of Mr. Thackwell, notwithstanding his impaired health, making it necessary for him to spend some months in the Hills. He has been admirably assisted by Miss Wherry in charge of the large boarding-school for Christian girls, and Miss Geisinger in the department of zenana work and work for girls' day-schools. Near the end of the year these ladies were much favored by having Miss Savage added to their number. She will be superintendent of the boarding-school after Miss Wherry's expected early visit to this country. At the request of the Mission, and aided by the liberal gift

of a lady in this country, a class of young women is to be formed in this school building to be trained for work in zenanas. Hopeful interest is taken in this method of reaching a secluded but influential class of Hindu women.

In the boys' schools 323 scholars are reported, and a good account is given of their progress. The girls' day-schools have received careful attention, but are hindered and closed for the present. In the Christian girls' school 85 scholars were in attendance, with the usual encouragement. In 69 houses, 96 zenana pupils were taught during the year; but after some changes the number was 57 families at the end of the year, and 70 pupils. Miss Geisinger speaks of this zenana work as interesting and hopeful, but varying in its returns. one of our fifty-seven houses gets two visits a week from a teacher. We aim not so much at numbers as thoroughness of work, and believe in putting on pressure while there is an opportunity—for zenanas are very uncertain quantities. One day you have them, and the next, lo! they have vanished." Encouraging progress has been made by thirty-three of these pupils in learning to read the Word of God in parts of the New Testament, Line upon Line, Peep of Day, or both. And referring to her work generally she is glad to speak of its bright side, cases of hopeful conversion, though not yet publicly acknowledged, but not yielding to persecution; open doors on every side; free access to all classes—Bungalis, Hindus, and Mohammedans alike to all castes, ranks, and conditions. "All our teachers, five in number, are earnest Christian women, and we long to get into the surrounding villages," but the want of missionaries restricts the extension of the labors so well begun.

For the two congregations—English and native—as reported particularly in the last Annual Report of the Board, the services have been maintained as heretofore. In the native congregation, after some changes, the communicants had increased from 54 at the beginning to 71 at the end of the year. In other lines of missionary work—preaching to the heathen in the city by the native minister and some members of the church, as well as by the missionary, and on visits to many villages and to several melas—certainly much good work has been done. Detailed information cannot here be given, but it is encouraging. It is not surprising that Mr. Thackwell should close his report in these words: "It is yearly becoming more manifest that a knowledge of the Scriptures, more or less accurate, is becoming very general; and its effect is beginning to be seen in the changing ideas of the people. Some who did not at one time understand the preacher's motives, now know him to be actuated by benevolence and love in seeking to bring them to Christ. Others, who before were hostile, are now sympathetic. May we not hope that the time is coming when they will receive Christ into their hearts by faith, and confess Him before men? To this end let us pray and work, believing that, formidable as are the difficulties in our way, they are not too great for the Spirit of God to remove in His own good time."

#### Woodstock.

The Woodstock Seminary for girls, at Landaur, a place of resort for health over 7,000 feet high in the Himalayas, is "beautiful for situation." The school is remarkable for its success, under the superintendence almost from its beginning of Mrs. Scott. Former reports of the Board give information of its history and object. Many of its graduates already occupy stations of usefulness and influence—some in homes of their own, some as teachers, and some as Bible-readers, while many daughters of missionaries were under its instruction within reach of their parents before their coming to this country for further education; but the greater number, daughters of English-speaking families, will remain in India in most cases, as warm friends and supporters of Christian missions.

The last year's record of Woodstock was every way satisfactory. The number of pupils was 105; the Government Inspector's report placed it on his list of "Good and well-conducted schools"; the committee of our two missions gave it their endorsement: "filling the house to the utmost"; and in November the list of applications for 1889 was full, so that many had to be refused for want of room. The school is self-supporting as to current expenses, excepting the salaries of the superintendent and some of the teachers, who are missionaries of the Board—supported by its efficient Auxiliaries of the Women's Boards. Mrs. Scott says, "The regular observances of Family, Social, and Public worship were kept up. The Missionary Societies of the School did the work they were pledged to and something more, raising about Rs. 200"—or nearly \$70.

The missionaries of our own and other churches have much at heart a similar school for boys—a subject which has received consideration by many friends of the Board. It is important that early action should be taken in this case. Landaur is also strongly recommended as a regular mission station. It is one which needs a vigorous, strong, and active missionary to labor among the native villagers in that region of the Hills, and who could take the charge of services in the chapel that should be erected at Woodstock. He could be aided by clerical missionaries on their visits.

# Saharanpore.

The changes in the staff of laborers at this station during the year have been serious. Besides the return to this country, on a visit, of Dr. Wherry and his family for reasons of health and for the education of their children, the respected native minister, Rev. Gilbert McMaster, after spending over twenty years in the ministry, and some years previously as a catechist and licentiate preacher, was called from his labors here to his rest in heaven. Mr. Kelso wrote of Mr. McMaster's death with much regret, and expressed the opinion that it would be difficult to fill his place in Saharanpore. Mr. Henry Forman, after continuing his efficient work at Allahabad for two months, and spending a month at Futtehgurh, at the direction of the mission then entered on his duties in connection with the Saharan-

pore Seminary after Dr. Wherry's departure. As the visit of Dr. Wherry may be of somewhat indefinite length, it is arranged that his relation to the Board will be without salary, as in the similar case of Dr. Johnson, of Allahabad. Both are engaged in other ministerial work for the time being; but as they hope to return to their chosen field in India, their names at their own request remain on the roll of missionaries.

The school for the teaching of native ministers is now the principal feature of the Saharanpore station. It is under the oversight of the two missions. Lodiana and Furrukhabad, each of which nominates one of the professors. The number of students the year before last, was 20; last year's number, not received. According to Hindu usage as to early marriages, some of these men had their wives and children with them, and these received the instruction of Mrs. Wherry until March, and Mrs. Kelso. This school of the prophets is regarded as one of great promise and already one of marked usefulness.

In the ordinary evangelistic work, preaching to the native Christians and to non-Christians, both Mohammedan and heathen, and the instruction of native children and youth in schools, much good labor has been expended. The communicants in the church at the end of the year were 57, three having been added on examination and one removed. The day-schools were attended by 208 boys and 221 girls; in the orphanage, 36 boys are reported. The station report, written by Mr. Kelso, contains particulars of interest for which there is not room here.

# Mozaffarnagar.

At the end of the year the Rev. and Mrs. W. Calderwood were transferred by the mission to the station of Lodiana. Up to that date Mr. Calderwood's labors were much the same as in former years -chiefly preaching services, to his regret not marked by more conversions. Only two members of the church are still reported, though five resident members of other churches are referred to. Mrs. Calderwood's efficient charge of a girls' day-school, containing 26 scholars, was maintained. The removal of these missionaries to Lodiana has left Mozaffarnagar to the charge of the Rev. Kanwar Sain, who will endeavor to keep up evangelistic labors, and who should be supported by the prayers and sympathy of the churches. This station needs a stronger force than is now on the ground, and greater grace from on high.

# Futtehgurh-Furrukhabad.

For the same reasons as in the case of Dr. Wherry at Saharanpore, the Rev. G. A. Seeley and his family are now on a visit to this country, so that this station loses their valuable labors for a season, and also Miss Seeley's, for reasons of health.

The staff of laborers now at this double station are, like Mr. and Miss Seeley, of the second generation of missionaries, born in homes among the heathen, though of American Christian parentage, and largely educated in this country. They are among the lately arrived, but are of fine promise. One of them was a faithful and acceptable pastor of a church here, before he went to his present field of work for Christ. They are aided by a goodly number of native Christian laborers, two of whom are ministers of the Gospel. One of these is the Rev. Rajaram Chitambar, lately transferred from the station of Etah, of whose increasing usefulness and influence, good hopes are cherished.

Besides continuing or renewing the study of the language, the new missionaries join their native brethren in the usual kinds of evangelistic work—schools of various grades, including an orphanage for girls, and instruction of women and girls in zenanas; preaching in regular services, by the wayside, and on journeys among neighboring villages. The statistics for the year have been received as these proofs are passing through the press, and are inserted on pages 98, 99, supra.

## Mynpurie-Etah.

These stations are some miles distant from each other, but the latter is for the present a substation of the former and of Etawah, visited by the missionaries of both. Only native assistants are now at Etah.

Mynpurie has the same laborers as in the year preceding, and their work in general is the same; but particular accounts of it have only in part been received. Its statistics, as given by the Mission, are: Communicants, 32; scholars, 133 boys and 127 girls. The varied labors of Mynpurie were no doubt efficiently conducted.

#### Etawah.

Mr. Tracy, and Mr. Woodside at his own instance with the consent of the mission, occupy this station, and Miss Beltz continues her varied labors; Mrs. Tracy is in this country with her children for their education. The two brethren find ample scope for the usual evangelistic labors amongst the people of the city and the large population of the district; full particulars not received. Miss Beltz, as stated in her report, finds increasing interest in her visits to women and children in the city and neighboring villages, and also in zenanas in both city and small towns. In the 106 zenanas visited she superintended a number of schools in which, as in her 300 visits to villages in the district of Etawah, she had the precious privilege of making known the message of the Gospel to many women and children. She visited twelve different melas in the district, and gave 107 days to her work in the city itself. In this city labor her plan was to go to the small, almost hidden places, less exposed to interruption than in the more public neighborhoods. Growing interest in Christian instruction was shown among many thus visited, with less opposition, while some seemed to be not far from the kingdom of God. Her excellent report will probably be found in one of the missionary periodicals.

#### Morar.

Mrs. Warren still remains at this station, where she has continued ever since the death of her lamented husband, the Rev. Dr. Joseph Warren, in March, 1877. She is assisted by native Christians, but as Morar has ceased to be an English military station, the number of Europeans is but few, and her situation is an isolated one, to maintain

which requires her own energy and divine grace. Her health, moreover, has not been so firm as in former years, and some months were spent in the Hills, with some benefit. She is encouraged to think that her unwearied labors are not in vain in the Lord.

## Thansi.

At this lately occupied station Mr. and Mrs. Holcomb are becoming settled and are encouraged in their work. They have entered on the usual kinds of evangelization. Part of the cold season was spent among the neighboring villages. Mr. Holcomb continues to meet with a committee on the revised translation of the New Testament in Hindui, for the N. I. Bible Society. Jhansi is becoming a centre of large railway and military interest; it's population is certain to increase largely. Our staff of missionary laborers ought also to be largely increased. A new building, to include a chapel and a reading-room, is desired by the missionaries at Jhansi, and is endorsed by the mission. Its estimated cost is about \$1,200. It is one of the objects which the Board hopes can soon be provided for, and also the sending of a new missionary and his wife to this station, at an estimated expense for outfit, journey, a year's salary, and a dwelling-house to be built—in all, of less than \$5,000.

## Futtehpore.

Long an outpost of Allahabad, this station is in the charge of native Christian laborers, but they have been visited and encouraged by Mr. Alexander. Accompanied by his wife, he spent some weeks in this district of 680,000 people, during the cold season, preaching in several considerable towns and villages; while the women and children were sought by Mrs. Alexander for personal influence and instruction. Touching conversations were thus held with many Hindus. The church reports 17 communicants. The missionaries urgently call for more laborers for this people. They have thus far been left to our Church for their knowledge of the way of life.

#### Allahabad.

The removal by death, August 10, 1888, of Mrs. Johnson, wife of the Rev. William F. Johnson, D.D., was a great loss to this station. With her husband and children she was in this country on a visit, expecting to return to India. Her missionary life extended over twenty-eight years, but she was still in full service, greatly useful, beloved, and lamented; but she is now "with Christ, which is far better."

The varied work of this large station seems to be making good progress. The boarding-school for Christian girls has been commenced and it has 58 scholars on its list. It was under the charge of an efficient teacher, Miss Lawson, until her health became impaired, and then her withdrawal, with the approval and confidence of the Board, for another field of labor. It is now under the charge of Mrs. John Newton, Jr., whose experience and knowledge of the language, as well as her devotedness to the work, lead to the hope of fine success. This school owes its existence to the liberality of the Woman's Board

of the Northwest, one of the excellent Auxiliaries of the Board. In the medical work, Miss Seward, M.D., has continued in her professional services with marked ability. She has a valuable associate in Miss Symes, a graduate in London of special medical work. More time will now be available for evangelistic as well as medical services among native women. Provision is made for a new building as a dispensary, as soon as an eligible site can be obtained. Mr. Henry Forman had still good reason to be encouraged in the large Anglo-Indian school, which he resigned, to the great regret of the scholars, on his being transferred by the mission to stations farther north.

A marked feature of last year's history was the building and dedication of the new church. In the face of many and great difficulties, but in answer to prayer, as the brethren believe, a very eligible site was obtained in the heart of the city, and the church was erected. It was opened with special religious services, attended by crowds of Hindus and Mohammedans. In these services the missionaries were favored by the presence and most acceptable services of Episcopal, Methodist, Baptist, and Presbyterian ministers and people, foreign and native, all giving thanks to God and invoking His blessing for this House of Worship. It stands as a striking memorial of Christian faith in this large city of Idolaters and Islamites.

Connected with the opening of the church was another great feature of the year—the holding of a Christian Mela. This was attended by native Christians of every denomination. It was observed with religious services, as in the native melas or fairs, with the exception that their secular business matters were omitted. It arrested public attention, and was of very great interest. It was concluded with a feast, in native style. The proceedings were in great contrast with the confused and idolatrous proceedings at the common melas. At one of these lately, several hundreds of fakirs, or religious mendicants, formed in a long public procession, these men being shamelessly indecent, in the entire absence of their usually scant clothing, and yet held in high honor by great multitudes of heathen spectators.

Mr. Alexander specifies his missionary work of the year as—I. Evangelistic, in various parts of the city and suburbs and preaching at mela gatherings of multitudes. 2. Preaching in connection with the Kutra church; assisting its native pastor, Mr. Caleb; to this church 14 new members were admitted as communicants, making the number 74. 3. Educational work; in the mission school, near the Kutra church, 162 scholars, and in a bazar school, 25 scholars. Visiting of the outstation, Futtehpore, and itinerating. 5. Miscellaneous duties, not the least his Treasurership of the mission. And his report contains many particulars of these labors, some of them quite touching, but which must here be omitted for want of space. Similar variety of work might be referred to by the other missionaries, and to some extent by the ladies of the mission and by native evangelists. Work in zenanas by the ladies of the mission receives earnest attention; "three native workers in zenana visits have been under Mrs. Alexander's supervision." The magazine in Hindustani, under the editorial charge of Dr. Lucas, is still exerting a fine evangelistic influence. Visits to the asylums of the blind and the lepers have been continued by him. An interesting narrative of this mela and of the dedication of the church by Dr. Lucas may be found in the April number of *The Church*. The letters of later date give accounts of the attendance at the church, to which thirteen communicants were added, and also of apparently sincere inquirers among the hearers, which are of much interest. The brethren make requests for earnest prayer in behalf of their work.

More missionaries, both men and women, are called for in both these The ladies of the Lodiana Mission united in asking for two additional women at each of six stations in that field; and in view of early furloughs at Woodstock two more should soon be sent there. In the Furrukhabad Mission several could find immediate service, and one is needed without delay at Allahabad. As to men, a vacant place from last year is not yet supplied; other places are waiting for new laborers; and several stations, occupied by brethren who feel that the claims of their families will compel them to spend a few years in this country, then to go back, D. V., to their chosen work, will need to be provided for without delay. The wear of years, moreover, in the climate of Upper India needs to be well considered. The brethren who have been in these missions for more than twenty years each are over one-half of our foreign ministers at present in that country,—viz., one, 53 years; three, 40; two, 33; one, 29; one, 28; two, 23; one, 22; two, 21. The lesson of these statistics bears on the near future. New men should be in preparation to fill up the ranks that will before long become vacant.

The Board does not indeed expect to see India, or any other country of large population, enlightened by the Gospel as preached by foreign missionaries only, or chiefly. To do this all the ministers of our Church would be inadequate for the people within reach of these two missions; even if they were aided by the foreign missionaries of other churches in the same region. The Hindus must have Hindu ministers, teachers, and all Christian instrumentalities; and to train up these Gospel laborers is the work of Providence and Grace, using the Christian Church as the agency. This has been the Board's theory from the beginning. So far as Heathens and Mohammedans are concerned, their conversion to Christ is the missionary's immediate object. follows their organization as churches. Then the training of converts possessing gifts and grace, and also called of God, for the work of the ministry and other evangelistic service. And then, at the very earliest stage of self-support, giving over to them the great work of preaching the Gospel to the multitudes of their own kin, language, and country.

Towards this great end, truly wonderful progress has been already made, even in North India, the latest of the mission fields in India. This is manifest, not yet chiefly by the number of conversions, but by the weakening of caste, the progress of knowledge, the better rule of government, and above all by the leavening influence of the Gospel, widely and deeply penetrating the hearts of the people. The time will come, and it may be soon, when whole castes, numbering multi-

tudes of people, acting together, and yet as individuals, will seek and avow Christianity as their religion. Already striking examples of this have been witnessed in some of the districts of India in which Christian missions have long been established—even tens of thousands having in a few years been gathered into the Church. And our brethren, in these provinces, are praying, believing, hoping that similar blessed results will soon be witnessed at many of their stations. The cause is of God. He will give it victory. Let not the faith of our Church, after so many years of sustaining grace, cease to expect His blessing.

Some administrative subjects have been under consideration, both of the Board and brethren of these two Missions, during the last year. They include questions growing out of the progress and growth of the work, or suggested by the experience of many years—such as, for instance, the more complete transfer of matters that relate to church order and discipline from the "Mission," so called, to the Presbytery; the relation of native ministers and elders to the church courts, which is indeed already complete, but which may need more specific recognition; the executive or business work, in the early stages simple and readily provided for, but which on a larger scale may need a more full reference to general principles; these and other subjects have been under careful consideration, but do not require immediate action, and they will receive further study.

## Kolhapur Mission.

The territory occupied by this mission is divided into two sections by the Western Ghats, a range of mountains running north and south, from twenty-five to forty miles distant from the sea. Within the coast section, called Konkan, we have but one station, Ratnagiri, where work was suspended some two years ago, but which on recommendation of the mission is to be reoccupied as soon as reinforcements can be sent. The most of our work lies east of the mountains in what is called the Deccan or Dakhan (South Country), part of the great central tableland of India. The three main classes with whom our missionaries are brought into contact are the Brahmins, the farmers and artisans who constitute the middle class, and the low castes, such as the Mangs and Mahars. The mission makes an earnest plea for enlargement, recommending the occupation of Miraj, a place likely to become an important railway centre, containing about 24,000 inhabitants, and surrounded by a large number of villages. To enable the mission to do this and reoccupy Ratnagiri, will require the full reinforcement asked for, viz., three ordained missionaries, one medical missionary, and one unmarried lady teacher. A medical missionary, W. J. Wanless, M.D., and one ordained missionary, the Rev. C. S. McElhinny, are now under appointment to this mission.

# Kolhapur.

The church at this station, under the pastoral care of Mr. Goheen, has added six members to its roll, four of them on confession of faith.

It is deeply to be regretted that, after earnest effort and patient waiting on the part of the missionaries, it had become necessary to drop from the roll eight persons who had, within the past three years, gone back to heathenism. Of those who have remained true to their profession, however, it is said that they have manifested more than usual interest in the things of God. The service in the home chapel, on Sabbath afternoons, has attracted quite a number of Hindus, while the Thursday-evening service, held in the Shukruwar school-room, has been well attended by the natives. Mr. Seiler has continued the practice, begun some time since, of preaching in front of the church after the Sabbath-school exercises, in which he has been assisted by several of the native brethren. Four Sabbath-schools have been carried on with success during the year, three in the city, and one at the mission compound, with an aggregate attendance of 475. The one held in the city chapel has been more largely attended by persons not connected with our day-schools than hitherto. It has a roll of 275, more than half of whom are not connected with the mission by any other tie. Mrs. Seiler has superintended the school in the Shukruwar, Mrs. Goheen that in the mission compound, and Miss Wilder a new school started in Shanawar Peit. The two missionaries at this station have devoted as much time as pressing duties in other directions would allow to itinerating, having visited some 60 towns and villages. addition to this the three helpers have preached regularly in the city, and in the towns and villages within a radius of ten miles. The report says: "These men have given a monthly written report of the number of towns visited during the month, the number of hours spent each day in preaching, and the probable number of those who heard the Gospel from them. They have also given a verbal report each Wednesday at our prayer-meeting. Thus the congregation has been kept informed, and has been able to pray with them, and pray for them week by week." These preachers and teachers who live in Kolhapur have held a prayer-meeting in turn in their own homes every Friday evening to seek the divine blessing.

Girls' Boarding - School.—In accordance with the arrangement made by the mission a year ago, the Girls' Boarding-School was opened in August, the boys who formerly attended having been transferred to the Boys' School in Sangli, with the exception of some small boys who attended as day scholars. At the close of the year, twelve boarders and thirteen day pupils were in attendance. In addition to instruction in the usual branches of study, special pains were taken to teach the girls sewing. The new dormitory and school-room have been completed, and add much to the facilities for work in the school. Mrs. Hull notes the marked increase of interest in the education of girls on the part of the Hindus, as compared with earlier years in the history of the mission. Three Day-Schools for boys, with an attendance of 220, and two for girls, with an attendance of 60, have been open during the year. Mrs. Hull says of the day-school in the city, that it has been larger than at any previous time in its history, the roll reaching 46 in October, three of whom were never absent during the year—a remarkable record for Hindu children.

The work in the school has been followed by visits to the homes of the pupils and others by the ladies of the mission, Mrs. Wilder and her daughter devoting themselves largely to this. Mrs. Wilder speaks highly of the outcome of the school work, but adds: "I am sorry to find that some of these girls, if not followed by visitors and books, become so engrossed with family cares as to forget much that they learned at school. To do this has been our chief work for the year, a work which greatly appeals to us, who find we are not reaching nearly all the homes open to us."

In addition to superintending vernacular schools, Mr. Seiler has continued the English school, the maximum enrollment being 150. This school is supported entirely by tuition fees and the gifts of friends on the ground, and is believed to be quite in the line of missionary effort because of the large amount of religious instruction given.

### Panhala.

The ingathering at this station during the past year has not been large, although the Holy Spirit has not left the two churches without witness of His presence. Three were received on confession of faith into the church at Panhala, and one at that of Ayatavadi. Four Sabbath-schools are reported, with a total attendance of 101, where the international lessons have been taught during the year. Three of these are located at the outstations. A large amount of village preaching has been done by native helpers, especially by the native minister, Bhwajosubhano, who has been set apart for this work. Though no tangible results are reported, hope is expressed that from the manner in which the evangelist's efforts were received the truth has met with favor at the hands of not a few. The way seems fully open for the establishing of a new station at Nerla as soon as the necessary force can be secured. Hitherto there have been five Day-Schools connected with this station, three for boys and two for girls. The transfer of the larger boys to the Christian Boys' School in Sangli, however, left but a few small boys for the school in Panhala, and these during the year were transferred to the Girls' School, under the superintendency of Miss Patton. This school is an important feature of the mission work at this station. At the close of the year thirty-two girls were enrolled. In addition to this there were seven zenana pupils, to whom stated instruction was given in their own homes. An important step in advance was taken during the year in discontinuing the practice of giving pice to the girls for attending school. Although some of the parents were displeased with this innovation, none have withdrawn their children as yet. It is worthy of note that the school comprises both low-caste girls and Mohammedans, the one sitting on one side of the room, and the other on the other. It is recorded as a hopeful sign that the employment of a Mahar girl as a pupil-teacher, during part of the year, was not resented by the Mohammedans. Among the zenana pupils taught by Miss Patton was a mason's wife, who found it exceedingly difficult to learn, saying: "The letters do not stay in my mind; I have so much grinding and cooking to do every day I can think of nothing else." As an instance of the breaking down of caste, Miss Patton

says of this woman: "When I began to teach in her home, I had to put the slate and book on the ground, then she would take them up and sit down at some distance from me, and if any of the children came near, some one would call 'Touch, touch' (meaning pollution by touch), but long before they went, she did not in the least mind touching me, nor my touching her."

Mrs. Ferris has done most of the visiting among the zenanas in the villages, besides a great deal of house to house visiting in the city. Miss Patton, in addition to her work in Panhala, made an extensive tour with Mr. and Mrs. Seiler to Ratnagiri for evangelistic work.

The Dispensary, which had been erected by funds contributed by friends in India and America, was completed, and opened in March, 1888, the services of a native Christian physician from Bombay having been secured. Mr. Ferris writes: "There has been a good attendance from the very first, more in the hot season than at other times, as there are more people on the hill then. The daily average has been thirty-five, including new and old patients. The total number treated from March 17 to December 31, 1888, was 7,620. The large daily attendance has given the physician abundant opportunity for proclaiming the truth, and I am convinced that he has well used it. He is frequently invited by the people to visit them in their own villages and talk to them."

## Sangli.

Great disappointment is expressed by the missionaries at this station that but little progress has been made in erecting the church in the city for which provision was made in the appropriations last year. The difficulties in the way are now so far overcome as to give promise of an early completion of the structure. Meanwhile regular services have been continued in the school-house on the mission premises, at the edge of the city, and also on the street as opportunity offered. An encouraging feature of the work at this station is the Thursdayevening meeting, which takes the form of a Bible-class, where parents and children alike attend, and where the international Sabbath-school lessons have been studied. Four men have been received into the church on confession of faith, and one on certificate from the Kolhapur church. The Sabbath-school has numbered 125, including a large proportion of heathen. Mr. Graham writes: "I do not think our non-Christian element ever before gave as good attention, or manifested as much willingness to answer questions on the subjects of the lessons as during this year."

Three native brethren, under the direction of Mr. Graham and Mr. Tedford, spent most of the year preaching in the towns and villages about Sangli. They report an encouraging reception, and frequent invitations to tarry longer and to repeat the visit, in one case even a collection being taken at the suggestion of some one in the crowd, and handed to them for "God's work." The missionaries accompanied these native evangelists at times, and were eye-witnesses of the character of the work done.

Boys' Boarding-School.—In accordance with the action of the mis-

sion last year in establishing one Boys' Boarding-School for the entire mission, to be located at Sangli, such a school was begun in August last with eleven boys, the roll increasing at the close of the year to twentyfive, of whom fifteen were boarders. Mr. Graham says: "The boys were soon well provided for in respect to board and clothing, and arrangements in these matters, I feel free to say, are good, as the credit is due not to myself but to Mrs. Tedford, who has kindly taken charge of these departments." For the time being the teaching has been largely done by Mr. and Mrs. Tedford and Mr. Graham, instruction in reading and writing the Mahratta language only being committed to native teachers. This plan it was thought would secure a higher order of mental discipline than by entrusting the education in a good measure to natives. The aim is to make this school a power in the community where it is located, and also in the mission. The laborers in that field have long desired better facilities for the training of native laborers, who, under proper supervision, might be employed to scatter the Word of Life among the millions of Mahratta-speaking people. In addition to Bible instruction given during the week, Mrs. Tedford organized the boys into a Sabbath-school class, and Mr. Graham also spent an hour each Sabbath with the school in the systematic study of Old Testament history. Mr. Tedford continued to give secular and religious instruction to a large class of Brahmins, as during the preceding year. He says: "The Scriptures and summary of Christian doctrine seemed to gain their respectful, and in many cases serious, attention, and from their essays and private conversations I believe God's Word in their case will not return to Him void." A vernacular school for non-Christian boys, with an average attendance of forty, was taught under the direction of Mr. Tedford. In addition to the religious instruction which forms a part of the regular course, most of the boys attended the Sabbath-school, and enjoyed the advantages of its training. The entire work at this new station may be regarded as full of promise.

Statistics of Kolhapur Mission.

## MISSION IN SIAM.

BANGKOK: on the river Meinam, twenty-five miles from its mouth; occupied as a mission station, 1840 to 1844, and from 1847 to the present time; missionary laborers -Rev. Messrs. E. Wachter, C. A. Berger, T. Heyward Hays, M.D., and their wives, Miss Laura A. Olmstead, Miss Edna S. Cole, two native licentiate preachers, six native Christian teachers.

PETCHABUREE: on the western side of the Gulf of Siam, eighty-five miles southwest of Bangkok; occupied as a mission station in 1861; missionary laborers—Rev. and Mrs. E. P. Dunlap, Rev. and Mrs. W. G. McClure, Benjamin B. Paddock, M.D., Miss Mary L. Cort, Miss Jennie M. Small, five native helpers, two licentiates, ten native teachers. Outstations: Bangkaboon, Paktalay, Ta Rua, Ban Pai, and other places.

RATBUREE: occupied as a mission station, 1889; missionary laborers—James B. Thompson, M.D., and Mrs. Thompson, Rev. Charles E. Eckels.

Christian High-School: principal, Rev. J. A. Eakin; teachers, Rev. J. P. Dunlap, Miss Mary Stoaks.

In this country: Rev. and Mrs. E. P. Dunlap.

The failing health of Rev. E. P. Dunlap, and his return to this country, and the marriage of Rev. Mr. Berger to Miss Mary Van Eman, have made necessary some change in the location of the missionaries remaining on the field. The Rev. and Mrs. W. G. McClure have moved from Bangkok to Petchaburee, where Dr. Benj. B. Paddock will also be stationed. Rev. and Mrs. C. A. Berger have removed from Petchaburee to Bangkok, and will be stationed at Wang Lang, where Mrs. Berger can assist Miss Cole in the care of the girls' school. Dr. and Mrs. Thompson have taken up their residence at Ratburee, the newly opened station, midway between Petchaburee and Bangkok, and Rev. Chas. E. Eckels will also be stationed at that point.

The fact that the missionaries in this part of Siam are almost all new men, has made it impossible that the same amount of evangelistic work should be carried on as in some other years. Messrs, Dunlap and Wachter have been the only missionaries able to preach with any readiness in the Siamese language, and Mr. Dunlap, for the greater part of the year, has been in such extremely feeble health as to confine him to his bed during much of the time, or make necessary his absence from the field for months together, in the hope of regaining his strength sufficiently to prevent a return to America. For some reason the statistical report of the mission has failed to reach the Board. From letters we learn that 6 persons have united with the church, on profession, in Bangkok, but from the five churches in the Petchaburee district no report has come.

Not only has Mr. Wachter been the only one of our missionaries who could preach in Siamese, but even he has been burdened with multifarious duties which have made it impossible for him to give more than a fraction of his time to evangelistic work. In addition to his pastoral care of the church at Sam Ray, numbering 88 members, with its regular preaching services, prayer-meetings, and Sabbath-school, he has had on his hands the boys' school, with an average attendance of 48 pupils, and an enrollment of 85, and has also superintended the printing-office, employing 6 or 7 men, and issuing more than a million pages of printed matter during the year. Much anxiety and trouble are also involved in the care of the large Compound, with all the mission buildings there located, and in the oversight of all the mission employés. Much other secular work has been thrust upon him also in the receipt and shipment of goods for both the Siam and Laos Missions, involving tedious journeys and delays at the custom-house. It should also be said that he has had the direction of the Bazaar chapel in the eastern part of the city, several miles from his own home, where a

native worker has been employed constantly, and Mr. Wachter himself has labored one afternoon of each week. In this list of labors there is work laid out for not less than three men, and had that number been on the field and ready for work, Mr. Wachter, after his five years' study of the language, would have been able to increase his labors in direct preaching of the Gospel fivefold. Fortunately he has had an efficient helper in his wife. Mrs. Wachter, notwithstanding her comparatively feeble health, has taught three or four hours each day classes which have come from the school to her own house. Besides this she has, with the assistance of a native Christian woman, conducted a school for the younger girls, the children of those residing on the Compound. Mr. Wachter, in writing with reference to the school, refers also to the help given to him at one time by Mr. McClure, who took Mr. Wachter's place in the school at a time when it was impossible for him to assume that care.

There is reason for thankfulness that the missionaries more recently arrived are progressing steadily in their study of the language, and will after another year be able to divide more equally the labors of this station among them. Already the Rev. Mr. Eakin, in charge of the Christian High-School in Bangkok, has consented to relieve Mr. Wachter the coming year of the care of the boys' school at Sam Ray, conducting it in connection with the High-School.

At Wang Lang, the upper station at Bangkok, the work has been chiefly but not entirely educational. The church has been in charge of the Rev. Mr. McClure, but the preaching has been done mostly by Yuan, a Siamese licentiate. Both Dr. McFarland and Mr. Eakin have also given assistance at this point in preaching, although neither of them have been connected with the mission, Mr. Eakin being busily occupied in the care of the High-School, and Dr. McFarland engaged as hitherto in what is known as the King's College.

The girls' school at Wang Lang, in charge of Miss Cole, assisted by Mrs. Berger, formerly Miss Van Eman, has had an average attendance of 27, with an enrollment of 40. The industrial department of this school especially attracts the attention of the better class of the

Siamese. This has been in charge of Mrs. Berger.

Miss Laura A. Olmstead, who sailed from San Francisco on the 27th of October last, reached Bangkok in due time, and has been giving assistance in the girls' school at Wang Lang, having opened a Kindergarten department which gave promise of rapid growth. It may be, however, that some changes now in prospect will compel the abandonment of this part of the school work.

Miss Cole, in sending her annual report, gives one or two items which ought not to be omitted, since they show the Christian spirit which is found among both teachers and scholars. She writes: "The school has willingly given to the Lord's work this year. When we heard that the Christians in Chieng-Mai were trying to build a church, the girls wished to make an offering for it. We took for this purpose our Sabbath collections for the year, and many of the girls wished also to make special gifts, until at last, with great delight, we tied the string around the mouth of the bag with one hundred ticals (\$60). Last

Sunday we took up our Christmas offering also, which amounted to 30 ticals (\$18). I want to report the case of one of our assistants who has shown an appreciation for knowledge, and a spirit of sacrifice most refreshing, but, alas, too rare! She is an orphan, and has a younger brother and sister whom she has taken from homes with heathen relatives, and placed them in school, paying tuition for both, and buying clothing and books for both out of her own slender salary of \$6 per month." Notwithstanding these facts Miss Cole closes her report as follows: "It is with great sorrow that I am compelled to say that I cannot report any spiritual interest in the school; but our pupils have all been obedient and have grown very helpful. They bear responsibility better than ever before, and some show an earnestness of spirit which makes us think that they are not far from the kingdom of Heaven."

Medical Work.—This branch of the mission work at Bangkok has had a very successful year. This success has shown the wisdom of Dr. Hays' choice of a location on the east side of the river, in the midst of the most populous portion of the city. The dispensary established last year, through the kindness of a Siamese nobleman, has been continued through the year. Its patronage has increased so rapidly, and such demands have been made upon it for drugs, that the doctor has deemed it wise to increase his stock with a view of covering his expenses in part by his sales. In this his expectations have been more than met; the dispensary, including the cost of assistants, being very nearly supported in this manner. The number of cases treated by the doctor during the past year has been about 3,300.

Early in the fall of 1888 the position of resident physician to the "Bangkok Hospital" was offered to Dr. Hays. This institution was started about four years ago, and is supported by foreigners and native nobles, for the benefit of both foreigners and natives. It is capable of accommodating 32 patients. The doctor takes charge of it without salary, and is therefore perfectly free to follow his own views as to Christian teaching. His connection with this hospital provides for him a comfortable home, while it relieves the mission from all expense for his residence. A branch dispensary has also been opened at the hospital where people come for treatment and medicine. This gives the doctor two points of influence in different parts of the city, both judiciously located, but this extension of his dispensary work, and of his personal practice, necessarily involves much extra labor and care. a city of such immense distances, under a tropical sun, it is, of course, more difficult and exhausting for a physician to carry on his daily duties than in any city of America. The doctor pleads that a minister may be located with him on the east side of the river, that they may cooperate in treating both the spiritual and the physical needs of the people. Their spiritual necessities, however, have not been neglected by Dr. Hays himself. Religious and medical labors have been blended throughout the year, but the doctor is still a new missionary, imperfectly acquainted with the Siamese, and it is self-evident that two men at the very least must be required to give any adequate attention to the healing and teaching of the throngs within his reach, located as he is in the centre of a population numbering hundreds of thousands. This

point should be made the centre of the most vigorous evangelistic efforts in Siam. A mission station as fully organized, equipped, and manned as any other in our entire field, ought to be established without delay, and maintained in the midst of this dense population.

Reference has been made above to the Christian High-School which has been established at Bangkok by Rev. Mr. Eakin. This school, opened on the 7th of January, has already been attended with considerable encouragement. Rev. J. B. Dunlap, a recent graduate of Allegheny Seminary, and Miss Mary Stoaks, have arrived in Siam as additional members of the Faculty of the school. Mr. Eakin's hopes with reference to Government aid for this enterprise have not thus far been fully met. Government assistance would be liberally given if the teaching of Christianity were omitted. There is good reason to believe that even with this teaching such help will still be given when the school is well established. The school hitherto has not been in organic connection with the Board, but both Mr. Eakin and the brethren of the mission, as a result of actual experiment have concluded that it will be best for it to be made an integral part of the mission work.

The Press.—The press, which is continued under the charge of the Rev. Mr. Wachter, has been the centre of much activity. The issues during the past years have amounted to 1,113,400 pages, more than 136,000 in advance of last year. The distribution of tracts especially has been greatly increased, in fact nearly doubled. The mission unite with Mr. Wachter in the request that a practical printer might be sent out to take charge of matters in the printing-office,—certainly no unreasonable request, since no member of the mission has ever had any special knowledge of this business. The only matter of surprise is that under these circumstances such a degree of excellence and efficiency as has been attained could be secured.

#### Petchaburee.

The past year has brought to the missionaries at Petchaburee an unusual amount of sickness. Mr. Dunlap was twice brought very near to the grave. Mr. Berger also for the past six months has suffered much from fever, and it is partly on this account that he has been transferred to Bangkok. Owing to these afflictions the work at Petchaburee in some of its departments has not been carried on as vigorously as in some past years. Especially is this the case in direct evangelistic labor in the five churches connected with this station. Concerning this, however, Mr. Dunlap writes: "Much praise is due to the native helpers for their earnest efforts to keep up the services in all the churches, especially during the months of my sickness. Notwithstanding the fact that these native laborers have sometimes pained us greatly by their faults, we feel it a duty and pleasure to testify to the Church concerning their zeal and faithfulness in the Master's service. At times in carrying on the work we have been absolutely dependent on them, and they have not failed us, but have performed their part cheerfully and well." Mr. Dunlap speaks of accessions to the churches, but, as we have stated above, all the statistical reports of the mission

have, for some reason, failed to reach us. "The native colporteurs connected with this station," writes Mr. Dunlap, "have been very zealous. They have made several long tours in 6 provinces, along the Petchaburee, Meklong, and Tacheen Rivers, and intervening canals; have visited thousands of homes, heathen temples, and numerous villages and cities. They are fearless and aggressive and have sold hundreds of copies of Genesis, Exodus, and the Gospels, with 'Pilgrim's Progress,' 'Evidences of Christianity,' 'Way of Salvation,' etc. Two of them have been so encouraged that they have planned for extensive tours away in the North to regions as yet unreached. By rowing their own boats, and walking long distances they have made their travelling expenses very light. As they have themselves committed to memory very large portions of God's Word, their teachings are marked by being largely in Scriptural language." Other tours have been made by one of the native teachers, down the west coast of Siam. Miss Cort has made ten journeys into the country and among the sea-coast towns, holding meetings especially for women and children, and the mission report expresses regret that they have not a sufficient number of ladies at Petchaburee to allow Miss Cort to spend six months of the year in this kind of work. One very extended tour was also taken by Rev. Mr. Dunlap and Dr. Hays, which is described somewhat at length in The Church at Home and Abroad for the month of May of this year. Beginning at the city of Ratburee they ascended the Meklong River to the extreme northwestern part of the kingdom, to Kanboree, the last walled city before reaching the Burmah line. Multitudes thronged the doctor for the relief of their diseases, and to all these Mr. Dunlap had opportunity to preach the Gospel. A very large supply of Bibles and religious books were also sold, the entire stock with which the missionaries started being disposed of long before their tour was completed. No signs of enmity or suspicion appeared on any part of their journey. In the city of Kanburee itself, through the good-will of the Governor, an audience of fully 800 was gathered one evening, including all the principal men of the place, to listen to the Gospel.

Schools.—During the year Miss Cort has had ten day-schools under her care, with a daily average attendance of 139, and an enrollment of 220 pupils. Four new school houses have been built in country vil-The Howard Boarding and Industrial School is well conducted by Miss Jennie M. Small. It has an average attendance of 33, and an enrollment of 53. There are 24 boarders. Five daughters of the Governor of the province attend the school, and their father takes deep interest in the institution. Miss Small writes: "The spirit of self-help among this people is of slow growth, but I can see that all the time it is increasing amongst the girls, many of whom are now far too independent to ask for anything without paying for it." Miss Small makes thankful mention of a set of new and improved desks and school furniture which has been sent to the school by Thomas Kean & Co., of Chicago, while Mr. Morgan and Mr. McDaniels, two employes of that firm, have sent a handsome globe as a token of their interest in the school. Miss Small closes her report with the same expressions of

sorrow used by Miss Cole in Bangkok: "I am sorry that I cannot report this year a deep interest in spiritual things, but none of the girls have made a profession of religion during this time. Still we work on in faith, believing that in God's own good time the seed-sowing must bear fruit."

Boys' Boarding-School.—This school has had a daily average of 25 in attendance, with an enrollment of 42 pupils; three of these are the sons of the Governor of Petchaburee, who not only attend the school, but religious exercises as well. Two boys who are earnest Christians completed their studies at this school during the year and will continue their education in the Christian Training-School in Bangkok under Dr. Eakin.

Medical Work.—The medical labors of Dr. Thompson have been continued at Petchaburee, not less than 5,500 cases, old and new, coming under the doctor's care during the past year. The hospital at Petchaburee is so near the chapel that all patients physically able attend the daily morning service, as well as the preaching of the Gospel on Sabbath afternoon. Patients still resort to this hospital, not only from neighboring but from distant provinces. As was true last year, they include all ranks of the population from the highest to the lowest. Dr. Thompson, having been requested by the mission to take charge of the medical work at Ratburee, the new station which it has been decided to occupy, has transferred his work at Petchaburee to Dr. B. Paddock, who has recently arrived.

The New Station.—The readers of The Church at Home and Abroad will remember the liberal offers made by the Prime Minister of Siam three years ago, to furnish suitable buildings for a new mission station at Ratburee, if the Board would undertake work at that point. After a long delay the mission has been reinforced with a view to the occupancy of Ratburee, so that our brethren might avail themselves of the liberal aid proffered by this Siamese nobleman. Just before the new recruits arrived the Prince died, and great fears were entertained lest our opportunity of entering this important city under such advantageous circumstances was lost, but it was found that the Prime Minister had left in writing the expression of his desire that his plans in behalf of the missionaries might be fulfilled, and the latest advices assure us that through the good-will of the King the Prince's wishes will The station is probably already established, Dr. Thompson and Rev. Chas. E. Eckels being located there by the recent vote of the mission.

## LAOS MISSION.

CHIENG-MAI: on the river Quee-Ping, 500 miles north of Bangkok; occupied as a mission station, 1876; missionary laborers—Rev. Messrs. Daniel McGilvary, D.D., and D. G. Collins, and their wives; Rev. W. C. Dodd, Miss Eliza P. Westervelt, Miss Isabella A. Griffen, and Miss Belle Eakin; three native assistants; ten outstations.

LAKAWN: Rev. S. C. Peoples, M.D., and his wife, Rev. and Mrs. Hugh Taylor, Rev. Jonathan Wilson, and Miss Kate N. Fleeson; three native helpers.

For several years past the Board has been able to report a rapidly growing work in connection with its mission among the Laos. It is with devout thankfulness that it puts the last mission year (ending September 30, 1888) on record as in many respects the best year this mission has ever known. It has been such in spite of serious interruptions to the work of individual missionaries. The only members of the mission who were able to remain at their posts throughout the entire year were Rev. and Mrs. D. G. Collins and Rev. W. C. Dodd. Miss Griffin spent the year in the United States. Miss Westervelt and Dr. and Mrs. Peoples were compelled to take trips for rest and change, the first to Singapore, the others to Java. Dr. McGilvary, after a serious illness of two months, went to Bangkok, whither Mrs. McGilvary had preceded him, having accompanied their youngest son that far on Before the close of the mission year Dr. and his way to this country. Mrs. McGilvary and Miss Westervelt were back in Chieng-Mai, all in greatly improved health, and the stations had been strengthened by the addition of Miss Belle Eakin to the force at Chieng-Mai, and of Rev. Jonathan Wilson and Miss Kate Fleeson to that at Lakawn. But over against this strengthening must be set the loss of Dr. A. M. Cary, missionary physician in Chieng-Mai. After battling bravely against ill-health for two years, during which time he labored earnestly and successfully, and endeared himself to all who knew him, he was compelled to return to this country.

Notwithstanding these unavoidable interruptions to their work, the brethren have been blessed to a degree which justifies us in calling the past year the "annus mirabilis" in the history of the Laos Mission. This is true not merely nor mainly because of the number of converts, but chiefly in view of three or four events of special interest from their

bearing upon the future expansion of the work.

1. The first of these was the removal of the girls' school at Chieng-Mai to the new building so long in course of erection for its use. This building, with the residence for the ladies having the school in charge, was first planned nearly ten years ago. That it was not completed long ago was due to the difficulties which have hitherto attended building operations in Chieng-Mai. Now that the steam saw-mill has come to stay, it may be hoped that these vexatious and costly delays are a thing of the past. The completion of these buildings is of interest because upon the increase of accommodations there followed immediately an expansion in the number of pupils and in the general efficiency of the school. The number of boarding pupils advanced at once from 25 to 48. In anticipation of such expansion the school was in a measure reorganized. A course of study covering four years in the primary

grades and two in the higher was marked out. The pupils were classified anew. Examinations were instituted, and advancement made conditional upon good scholarship. These new arrangements have been put to the test of actual experiment and found to work admirable results. Best of all, the Holy Spirit has been manifestly present among the pupils. At the close of the year nineteen of them were under the care of the church session as candidates for admission to the Lord's Table.

2. The second event which marked the year just closed as a memorable one was the opening of a boys' school. For many successive years the missionaries among the Laos have in their reports to the Board included a school for boys as one of the most pressing needs of their work; nothing tangible, however, was attained until the year just closed. The right man appeared in the person of Rev. D. G. Collins. By the kindness of the King of Chieng-Mai, a lot of sixty feet front immediately adjoining Mr. Collins' residence was secured. A Buddhist temple once stood on the site, and its half-ruined pagoda still remains. It marks a great advance in the spirit of toleration that ground which the people count sacred to Buddha should thus be given for a distinctively Christian use.

By the aid of the steam saw-mill and the energy of Messrs. Collins and Cary, a suitable and substantial building was made ready in the unheard-of period of nine weeks, and at a total cost of less than nine hundred dollars. The school was opened with sixty pupils, most of them the sons of Christian families. One of the brightest young men among the native Christians was secured as a teacher of the Laos language. A Siamese official resident in Chieng-Mai kindly offered the services of his private secretary as a teacher of Siamese. With these two assistants Mr, Collins was able to teach the boys to read and write both Laos and Siamese, to drill them in their Bible lessons and other Christian studies, and to give them a start in arithmetic and geography.

No tuition fees were demanded, but each boarding pupil was requested to bring with him fifteen buckets of rice, and also to furnish his own bedding and clothing. "The deportment," writes Mr. Collins, "has been reasonably good when we remember what the home training of the pupils has been, and that this is their first experience in school. One of the greatest hindrances is the irregular attendance of some of the day pupils. Neither the parents nor the boys have yet learned the importance of regular attendance. When accommodations shall have been provided, the best interests of the school de-

mand that the number of boarders be increased."

The school was opened on March 19, 1888, and at the close of the mission year had been in actual operation for seventeen weeks. The entire expense for this period, exclusive of Mr. Collins' salary and the first cost of the building, was a trifle more than one hundred dollars, or considerably less than one dollar per day for the whole establishment.

3. A third event of special significance was the establishment under most encouraging circumstances of a permanent outstation at Lapoon,

a walled city eighteen miles south of Chieng-Mai. While not so large or important as Chieng-Mai, it is the capital of a thriving province in which there are now a large number of native Christians. The Chieng-Mai station, and especially its veteran leader, Dr. McGilvary, who has always been mindful of "the regions beyond," had long been desirous of occupying Lapoon. Several attempts have been made within the past few years to secure a suitable lot there by gift from the authorities or by purchase. On one occasion the money had been paid and a deed given, but a few days later the money was returned with an intimation from the owner of the property that he could keep out of trouble with the authorities only by cancelling the bargain. But God has now removed all such obstacles. Mr. Collins writes: "The Governor and some of the important princes are on excellent terms with us, and in an indirect way almost invited us to begin work. ernor offered us a place and posts for a house if we would come." And he was as good as his word. The mission was put in possession of a plot in every way suited to their purpose; a native house was bought and removed to the new property, and two native Christians A letter written since the close of the mission year tells of the first visit made to this outstation by Messrs. McGilvary and Collins: "We were assisted by three of our best men, one of them being one of the elders in the Chieng-Mai church, who was once the head-priest in one of the largest wats (Buddhist temples) in Lapoon, and is known to everybody in the place. He has been stationed there to look after the work." At the communion held during this visit six adults and six children were baptized. Seven of thesefather, mother, and five children—belonged to one household, the head of which is a son of the late Nan Intah, the first convert from among the Laos and the first elder in the Chieng-Mai church.

Mr. Collins' letter speaks of the eagerness of the people to learn to read; of a number of persons, including a prince and two princesses, who came every night to study; and of thirty boys and girls who come daily and had already made some progress in reading, and had learned a few hymns. Still later letters relate that the only opposition made to this growing work resulted in the giving to the missionaries of a written lease of the property so long as they use it for medical or teaching purposes, "which means," as one of them puts it, "until the millennium"; and that the only complaints made by the parents of the children who are under instruction is that the children "will scarcely wait to get a good supper before hastening away to the evening school"; that they stay too late; and that they disturb the family rest when they get home by rehearsing what they have been studying. Eight more adults have been baptized, -- all men, one of them (presumably the prince referred to above), the nephew of two noblemen who are respectively the third and fourth in rank in the whole province. What wonder that under such circumstances Mr. Collins closes his letter in these words: "With a man and his wife to care for this field there is no reason why we should not have a good strong church in Lapoon in a very short time. No new station could be more inviting."

4. Still another event must be briefly referred to as distinguishing this "year of grace": The organization of a church of twenty-three adult members and twenty-eight baptized children in the city of Chieng-San, on the northern edge of the Siamese dominions, about one hundred and fifty miles northeast of Chieng-Mai. To this new church were added before the close of the year twelve more members, half of them adults, making an adult membership of twentynine. This hopeful beginning is due in large measure to the blessing of God upon the efforts of one man, formerly an elder in the Chieng-Mai church. About five years ago he was compelled by government order to remove with his family to Chieng-San, which was then being resettled after lying waste for years. His piety was not only substantial enough to withstand a change of scene such as has proved disastrous to the spiritual life of multitudes in our own land, but through all these years he has been a living power for Christ, and the missionaries at each successive visit have had the joy of baptizing at least one or two persons who had been instructed by him or his family in the wav of life.

It is believed that it will soon be possible also to organize two strong churches in the neighboring province of Chieng-Hai. The Christians already number about fifty, but are dwelling too far apart to

admit of their being formed into one church.

5. Another event of prime importance is the beginning of a new church-building in Chieng-Mai. The old one, which was never anything but a makeshift, became entirely too small for the ordinary Sabbath congregations more than a year ago. For some time services have been held in the main room of the building occupied by the girls' school. But that is no longer large enough. The latest letters speak of four hundred persons in attendance upon the monthly communion service of the Chieng-Mai church, more than half of them communi-There are more than four hundred adult members in connection with this church, although many are living at a distance. Eightynine persons were received to full communion during the mission year, ending October 1st. A letter received while this report was being written states that seventy-three adults have been baptized in the first four months of the current year. There was but one month in the year when there were no accessions. Four new elders were added to The Sabbath-school was reorganized, permanent classes formed and put under the care of regular teachers, and a weekly teachers' meeting instituted. The school has an average attendance of two hundred.

Under these circumstances the mission felt that the erection of a suitable chapel could not be longer delayed. A building of the size and character demanded by the necessities of the case will cost \$6,000, and the contract has been given at that figure. Both the missionaries and the native Christians are making earnest efforts to raise as much of it as possible on the field. Subscription papers are being circulated among the heathen community, and the first Laos minister sets an example to the flock by subscribing one month's wages out of every ten. Surely the brethren in Chieng-Mai may well adopt the brave

words of Nehemiah and those who wrought with him,--" The God of Heaven He will prosper us, therefore we His servants will arise and build."

## Lakawn.

Rev. J. Wilson and Miss Kate N. Fleeson arrived in Lakawn on the 17th of June, 1888, reinforcing that long neglected station. On the 29th of November last Rev. and Mrs. Hugh Taylor also arrived. Relieved by their coming, Dr. and Mrs. Peoples were able to take a trip to Java, from which they returned with health vastly improved.

On the 20th of June Dr. Peoples and Mr. Wilson waited on the Lieutenant-Governor of Lakawn and made request for a new mission lot. The request was granted, and steps taken at once for the building of a second house. "Mr. Wilson," writes one of the missionaries in February, "has just completed a little bamboo house, and bravely gone to housekeeping. With his books, with many mementoes of his lamented wife about him, his garden, his flowers, and his little organ, he is quite cheerful and comfortable." Mr. Wilson is at the head of all the evangelistic work in Lakawn, for which his twenty years' labor in Chieng-Mai well fits him. Dr. Peoples is bending all his energies to the medical work. He has in a marked degree the confidence and love of his patients, and not a few of them are learning faith in Christ. Dr. Peoples has the advantage as a medical missionary of being also an ordained minister, and of being well acquainted with the language of his field.

Miss Fleeson and Rev. Mr. and Mrs. Taylor are reported as in excellent health, and diligently studying the language. Dr. and Mrs. Peoples, who were for so long entirely alone at this isolated station. now look around them on very different scenes from what they saw during the long years of their loneliness. The doctor has erected a convenient dispensary, a sketch of which, from the pencil of Miss Eakin, has reached us. The cost was 3,000 rupees, but so judiciously was the work done that no part of the cost has fallen on the Board. A gift from the King of Siam for the purpose, which the doctor was obliged to keep at interest for three years, has more than completed the building, and will pay for an additional hospital ward. Dr. Peoples, in company with missionaries of the Chieng-Mai station, has accomplished an extended tour to the provinces of Chieng-Hai and Chieng-San. A new church was organized at the latter place, and large numbers, hitherto entirely untaught, were brought to listen to the Gospel. A little church of nine adult members is organized at Lakawn. May a gracious God give to this station growth and spiritual prosperity such as He has sent to our beloved Chieng-Mai!

Appended is an approximately correct table of statistics of the work

of the Laos Mission, September 30, 1888:

# MISSIONS IN CHINA.

#### Canton Mission.

Canton: Rev. Messrs. A. P. Happer, D.D., B. C. Henry, A. A. Fulton, O. F. Wisner, and their wives; John G. Kerr, M.D., and J. M. Swan, M.D., and their wives; Miss E. M. Butler, Miss M. W. Niles, M.D., Miss Hattie Noyes, Miss J. E. Wisner, and Miss M. H. Fulton, M.D.; Lay Assistant, Mr. C. A. Coleman. Rev. Quan Loy, Rev. E. Sikkau, and Rev. Lai Po Tsun; 17 unordained evangelists, 24 native assistants, 37 teachers, and 11 Bible-women.

MACAO: Rev. W. J. White and wife, and Miss Hattie Lewis.

HAINAN: Rev. F. P. Gilman and wife; H. M. McCandliss, M.D., and wife, and Mr. C. C. Jerimiassen.

YEUNG KONG: Rev. J. C. Thomson, M.D., and wife.

In this country: Rev. H. V. Noyes and wife.

#### Pekin Mission.

PEKIN: the capital of the country; occupied as a mission station, 1863; missionary laborers—Rev. Messrs. J. L. Whiting, Daniel McCoy, and John Wherry, and their wives; Rev. Messrs. J. Walter Lowrie and William Langdon, George Y. Taylor, M.D., Mrs. Reuben Lowrie, Miss Mary A. Lowrie, Miss Grace Newton, Miss Marion E. Sinclair, M.D., and Miss Jennie McKillican; Rev. Hsu; 2 licentiates, 13 helpers.

In this country: B. C. Atterbury, M.D.

#### Shantung Mission.

TUNGCHOW: on the coast, 55 miles from Chefoo; occupied as a mission station, 1861; missionary laborers—Rev. Messrs. C. W. Mateer, D.D., Charles R. Mills, D.D., W. M. Hayes, and Geo. S. Hays, and their wives; J. B. Neal, M.D., and wife; Rev. Yue Kih Yin; 6 licentiates, 6 teachers, 2 Bible-women.

Chefoo: the chief foreign port of Shantung; occupied as a mission station, 1862; missionary laborers—Rev. J. L. Nevius, D.D., and wife; Rev. Hunter Corbett, D.D.; Miss Fannie Wight; 3 licentiates, 32 helpers, 4 Bible-women.

CHE-NAN-FOO: capital of the Shantung province, 300 miles south of Peking; occupied as a mission station, 1872; missionary laborers—Rev. Messrs. John Murray, Paul D. Bergen, and W. P. Chalfant, and their wives; Rev. Messrs. Gilbert Reid and W. B. Hamilton; Robert Coltman, Jr., M.D., and wife; 2 helpers.

WEI HEIN: 150 miles southwest from Tungchow; occupied as a station in 1882; missionary laborers—Rev. J. A. Leyenberger and Rev. Messrs. J. H. Laughlin, S. A. Hunter, M.D., and F. H. Chalfant, and their wives; Miss Emma Anderson; licentiates, 5; 15 teachers, 3 Bible-women.

In this country: Rev. R. M. Mateer; Mrs. J. A. Leyenberger.

#### Central Mission.

NINGPO: on the Ningpo River, 12 miles from the sea; occupied as a mission station, 1845; laborers—Rev. Messrs. W. J. McKee and V. F. Partch and their wives, Mrs. John Butler; Rev. Messrs. Bao-kwong-hyi, Uoh-Cong-eng, Zi-Kyuo-jing, Lu-Cing-veng, Yiang-Ling-tsiao, Ye Yin-coh, Lee Ping-fong and Loh-dong-no; 4 licentiates, 8 native teachers and 7 Bible-women.

In this country: Miss Sarah O. Warner.

SHANGHAI: on the Woosung River, 14 miles from the sea; occupied as a mission station, 1850; laborers—Rev. J. M. W. Farnham, D.D., Rev. J. N. B. Smith, Rev. Geo. F. Fitch and their wives, Rev. John A. Silsby, Miss Mary Posey, Rev. Messrs. Tsu-Tsk-San, Wong Vung-lan, Bau Tsih-dzae and Tang-Toh-tsong; i licentiate, i Bible-reader, 11 male and 10 female teachers.

HANGCHOW: the provincial capital of Chekiang province, 156 miles northwest of Ningpo; occupied as a mission station, 1859; laborers—Rev. and Mrs. J. H. Judson, Rev. Messrs. Tsiang-Nying Kwe and Yi Zong-Joh; 1 Bible-woman and 7 male teachers.

In this country: Rev. and Mrs. F. V. Mills.

Suchow: 70 miles from Shanghai; occupied as a mission station, 1871; laborers-Rev. and Mrs. J. N. Hayes, and Rev. D. N. Lyon, and 2 Bible-women.

In this country: Mrs. D. N. Lyon.

NANKING: on the Yang-tse Kiang, 90 miles from its mouth; occupied as a mission station, 1876; laborers—Rev. Messrs. Charles Leaman and R. E. Abbey and their wives, Miss Mary Lattimore, Rev. Zia; 4 male teachers and 1 female.

#### Canton Mission.

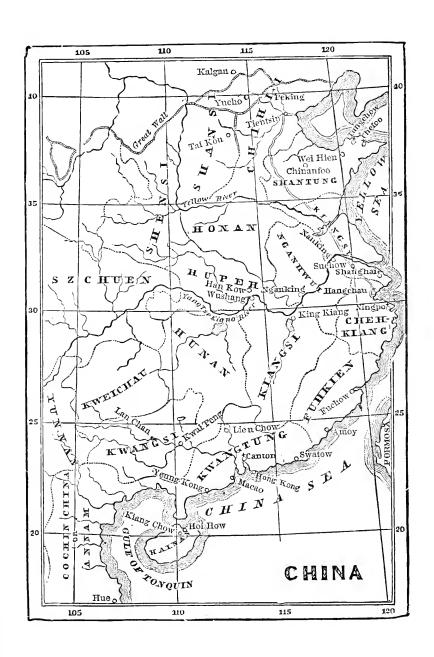

The missionaries of the Canton Mission at various stations have been blessed with uninterrupted health, and have been prospered in their work. Two female missionaries, Miss Alverda Happer and Miss M. Baird, have withdrawn from the force, having entered into marriage with those not connected with the mission. No additions have been made. Mr. C. A. Coleman has been employed as Assistant Missionary. Miss Hattie Noyes has returned to her field of labor, after a leave of absence in this country.

All the churches except one have received some additions, though the total number of accessions is not large. It is noticeable that proportionally the work is more prosperous in the country churches than in those of Canton.

A permanent foothold seems to have been gained at the interesting outstation of Lien Chow, where the occupation by missionaries has hitherto been disputed, and for the first time in three years no opposition has been encountered in the work of native helpers in Kwong The field report states that "there is little doubt that the missionaries could gradually effect a residence at or near Lien Chow." Meanwhile a treaty port has been opened in Kwong Sai, and reinforcements should be on the field in course of preparation for the occupation of that province, as well as of Lien Chow and Yeung Kong.

"Foreign teachers," says the report, "are necessary to the founding of our work, though the main reliance must ever be on the body of carefully trained preachers and helpers. With a view to the latter object, we are able to report that an excellent site has been obtained for the Men's Training-School, and buildings sufficient to accommodate

all the pupils are about to be erected."

## Churches.

The First Presbyterian church of Canton, organized in 1862, reports a present membership of 105; received on profession of faith, 6. The church is under the pastoral care of Rev. U. Sik Kan. A large number of the members of this church reside in the country. The average attendance has been small.

The Second church, under the care of Rev. Kwon Loi, reports 115 members, 16 having been received on profession during the year. The

contributions amounted to \$140.

The Third church, Rev. B. C. Henry, pastor, has received 14 members on profession, and reports a total membership of 88. Contributions, \$55.

The Shek Lung church has suffered from persecution during the year, several members having been obliged to remove to other localities. A good state of feeling still continues, and two persons have been added on profession of faith. The present membership is 44.

The Lin Po church, 70 miles east of Canton, has received 17 adults, and a score of others have given up their idols and are under instruction. The people of their own free will and without aid have secured a house suitable for a chapel, with rooms adjoining, in which a preacher or teacher can live. They are very anxious to have continued instruction.

A dozen miles from Lin Po is a Hakka village among the mountains, many of whose people have shown great zeal in attending church services in Lin Po, and several of these have borne testimony for Christ in their own homes and among their mountain neighbors. The services of the Lin Po church have been well attended during the year, and boys and girls from the mission day-schools have been gathered from Sabbath to Sabbath for instruction. The present membership of

the Lin Po church is 57. Contributions, \$25.

The blessing of God has rested upon the church of Lien Chow throughout the year. The members are scattered among the neighboring villages and in the southern border of the great province of Hu Nan, the larger number being in Sam Kong and Lung Han. They have endured great reproach, and in some cases open persecution, but have remained steadfast, witnessing a good profession. The Sabbath services in Lien Chow and at other various points have been well attended. The zeal of the members is well shown in their strong desire and efforts to bring others of their immediate friends and relatives to Christ, and consequently Christianity is taking deep root in many families. Twenty have been received on profession of faith, and the present number of communicants is 42. The contributions amounted to \$25.

The San Ui church, under the care of Rev. W. J. White, has made but little progress during the year. The field has been considered a hard one, and of late a mercenary spirit has appeared among the peo-

ple. The membership is 27. Contributions \$21.

The Chik Hom church, also under the care of Mr. White, though its members are greatly scattered throughout the district, has nevertheless

greatly prospered during the year. Several members have manifested unusual zeal, and an elder has been ordained. The native assistant has held Sabbath services in the chapel. Laudable effort has been made in self-support. The number received was 6. Present membership, 39. Contributions, \$34.

# Chapels.

The chapels are four in number. That in connection with the First church, under the care of Rev. A. A. Fulton, is situated near the passage-boat landing, and many people from the country are found at its daily services.

The Treasury St. chapel, under the care of Mr. Henry, has continued to be an important factor in the propagation of the Gospel. Daily services have been held during most of the year. Rev. Lai Po Tsun, who resides at the chapel, has been regular and faithful in his work.

The Sz Pai Lau chapel, under the care of Mr. Henry, has been open for services five days of the week, the preaching being chiefly done by native helpers. The attendance has been encouraging.

# Country Stations.

(1). Yeung Kong, situated 250 miles southwest of Canton, is now in charge of Dr. J. C. Thomson. A dispensary has been secured in the city, and medical aid is dispensed almost daily during the year. Itinerations have been carried on in some of the adjacent villages. The presence of cholera during last summer and the medical aid rendered by Dr. Thomson have led to a more friendly feeling on the part of prominent people. A dispensing station was also held part of the year at Mui Lok, and Mr. Coleman, lay assistant of Dr. Thomson, was placed in charge. Placards were posted against the missionaries, and some opposition was shown, especially in certain malicious misrepresentations which appealed to the fears of the superstitious people, but no violence was offered.

Visits were made to Yeung Kong by Dr. and Mrs. Thomson, the latter of whom was encouraged in her efforts among native women. No converts as yet have been received in this field. Mr. Coleman has worked chiefly in the Ko Chow prefecture, selling books and tracts, preaching on the streets and at inns as he visited from point to point.

In addition to the points named at stations, there are several outstations. Sam Kong, ten miles west of Lien Chow, is an important military city and large market town. Many large villages are near, and a number of the members of the Lien Chow church reside in it. Some little friction has been occasioned by the intrusion of Baptists into the field, and the difficulty continues. A few of the members of the Lien Chow church have been led off by their proselyting efforts. In connection with this, on the 27th of September, 1888, a meeting of the Canton branch of the Evangelical Alliance was held, attended by representatives of the various churches in Canton, when the whole matter was discussed and the aggressions above named were strongly

condemned. The Alliance passed the following resolution: "That we urge the Baptist brethren to withdraw from Lung Han, and to confine their work in Sam Kong to such lines as will not interfere with the Presbyterian Mission."

On the whole the work has prospered, and unusually favorable opportunities are presented.

Lung Han, a large village between Sam Kong and Lien Chow.— Nine members of the Lien Chow church reside in this place. Last year a school was opened, but was given up on account of violent opposition. The influence of the Gospel is spreading, mainly through the efforts of native helpers.

From Kong Wa, a district in the Southern Hu Nan Province, the names of ten men have been sent to Lien Chow as inquirers and applicants for baptism. During the year four men from Hu Nan, one a literary graduate, have been baptized and received into the Lien Chow church, all bearing testimony to the spirit of inquiry that is spreading among the people in that district.

Kang Hau.—The work begun at Sai Ngan has been transferred to Hang Hau, which is situated three miles inland from the large town of Ham Kwong, ninety miles from Lien Chow.

At Tai Wan a house was secured for a chapel and school purposes

during the year.

Tai Kat, thirty miles north of Canton, was opened by Mr. Henry in 1888. A friendly spirit is everywhere manifested. The colporteur in charge of the work has done faithful labor. Three men have been baptized and received into the Third church of Canton.

At Sam Kong a moderate degree of work has been carried on. The floods during the year did considerable damage to the school-

building.

Other outstations are San Chenug, Chung Lan, San Wing, and No Fu. At the latter place there are several inquirers, including two or three who are waiting to receive baptism. The native helper in charge is an excellent worker, and in addition to other duties has had several pupils under instruction for Christian usefulness.

At Sha Ho, under Mr. Fulton's care, a number of inquirers have received instruction, and 18 names are reported as pupils for a con-

templated school.

At Lo Kwan Tong, a faithful basket-maker has opened his shop for Christian work. One woman was baptized during the year, and there are several inquirers. The place is an important centre.

From these mere glances the widely extended work may easily be

seen and the greatness of the opportunity.

# Kwong Sai.

Rev. Mr. Fulton has made two visits to this Province during the year, selling books to the people and securing their favor, or at least tolerance, by various means. A native physician has also been employed, administering relief to the people, and hundreds have sought his aid. About 40 villages have been visited. Two schools have been opened in the Province, under the care of native teachers. Miss

Dr. Fulton found a friendly reception among the women at Cheung Chau, and visited the homes of some of the best families. There have been no recent indications of hostile feeling. A treaty port in the interest of French trade has been opened at Lung Chow, in the western part of Kwong Sai. It is believed that Ng Chow will also be opened as a place of residence for foreigners.

## Macao.

From Macao Mr. White has carried on his work in the Southern field. Quarterly visits have been made to the outstations, where about six months of the year have been spent. Part of the time has been spent in itinerating among the neighboring villages, with the special object of trying to find and interest in our work Christians who have returned from California. Sabbath services have been maintained at Macao, both in English and in Chinese, and a Bible-class held on

two evenings of the week has proved profitable.

(2). Lien Chow.—This is under the general supervision of Mr. Henry, and by vote of the mission it is now considered a station. The region around it is regarded as one of the most promising fields in Southern China. Hundreds of villages are easily accessible, and the work of itineration can be carried on with almost no opposition. Mr. Henry has made three visits to this station during the year. Doctors Swan and Niles, Mr. Wisner and Miss Baird also visited the place. The report from the field urges that "new missionaries should be appointed to this station, as there is little doubt that by the time they are thoroughly fitted for work, the way will be open for permanent residence."

#### Schools.

Of boarding-schools there are three, two for men and boys, and one for women and girls. The Training-school in Canton in the absence of Mr. Noyes has been in charge of Mr. Wisner. There have been two departments, one for the education of children of Christian parents, and the other for the training of Christian young men as helpers. Forty-eight names have been enrolled in the boys' department. Two pupils have been received into the church. In the men's training department, students are received from the various churches on recommendation, and trained as colporteurs, teachers, and preachers. Others, not church members, are sometimes received, and two of the latter have made profession of their faith. The men's training department has numbered 14.

The Female Seminary, in charge of Misses Butler, Lewis, and Preston, has four departments, a training-school for women, an advanced department for large girls, and primary and kindergarten departments. In these four departments 129 names have been enrolled, including 23 in the kindergarten, which was opened in the latter part of 1887. Instruction has been given in elementary works, the New Testament and other Christian books. In the advanced class one girl has committed to memory the New Testament and the Psalms, and twelve girls have committed to memory more than one-half the

Gospels and Epistles. Several pupils have united with the church during the year. A missionary society has been organized, also a Bible-class for native teachers, held on Saturdays. The building has been enlarged, and is now of sufficient size to accommodate the applicants for admission. The school is regarded as a most important factor in the mission work. By long separation from idolatrous surroundings and by daily contact with Christian teaching and example, impressions are made which cannot easily be effaced.

The Sabbath-school in connection with the Second church is under the care of Miss Butler, who is ably assisted by Misses Lewis and Preston, Dr. Niles, Mrs. Swan, and several native teachers. Miss

Butler has maintained a Kindergarten Department.

The day-schools for boys are 17 in number. The girls' schools number 14, besides the orphanage, which is under the care of Mrs. Henry. The number enrolled in these schools, which are largely under the care of the Christian ladies of the mission, both married and unmarried, is 804. The Canton Mission is conducted upon the principle that all connected with the missionary force are missionaries, the wives of missionaries also engaging with heartfelt sympathy in the work, so far as domestic cares permit.

# Hospitals.

In the main hospital at Canton 20,000 patients were treated, and as the mission report states, "The entire cost of all the wards would not exceed the amount necessary to endow two beds in St. Luke's Hospital in New York." And the report adds: "Medical treatment, bestowed by thoroughly trained Christian physicians, is one of the noblest aids in heathen countries, and cannot be too highly supported by our Church." This hospital has been under the care of Dr. Kerr, assisted in the male wards by Dr. Swan, and in the female wards by Dr. Niles. In addition to the relief afforded to the sick, instruction has been given regularly to a medical class, and religious services have been held in the hospital chapel by the native pastor, Rev. Kwan Loi. Mr. Henry has conducted services two mornings of each week when in Canton. Two colporteurs have had excellent opportunities for work among the indoor patients. On Sabbaths large numbers of the patients have attended divine service, and have received instruction in a Bible-class taught by the native pastor. During the year several patients have united with the church.

Dr. Swan's work during the year has been chiefly in connection with the Canton Hospital, though many calls have been made on private families with some opportunities for giving instruction. He has also had a large class on Sabbath for Bible study. Mrs. Swan has had charge of a Sabbath-school class, and has been able to do some work in the female wards of the hospital. Both Dr. and Mrs. Swan

have given much time to the study of the language.

Dr. Niles has carried on her work in the female wards of the hospital, where nearly 4,000 patients have received relief. In addition to this labor she has made 229 professional visits at homes in the city, where she has always been treated with the greatest respect. She also

made two visits into the country, accompanied by Miss Baird, one to Lien Chow and one to Lin Po. On these trips 373 patients were treated.

There are two dispensaries in Canton, in charge of Dr. Fulton. One is in connection with the Third Presbyterian church. Medical treatment has been attended with religious instruction, and some have expressed their belief in the Gospel, but are restrained from making open profession through fear. Two Bible-women are in regular attendance, and Miss Preston has rendered valuable assistance during the year.

Dr. Fulton made two visits into the country with her brother, and saw many patients. At Sz Pai Lan dispensary 4,340 patients were treated. At the Tung Tak St. dispensary, also under Dr. Fulton's care, medical aid and Bible instruction have been given on two days of the week. The number treated was 1,434. The 13th Street dispensary, in charge of Dr. Niles, was closed in June, but up to that time 156 patients had been treated and 393 visits received. A Bible-woman was in attendance on dispensary days, and Miss Baird came often to talk with the patients.

The Yeung Kong dispensary, under the care of Dr. Thomson, has made a favorable beginning, and it is hoped that the coming years will

report a great and prosperous work.

It is impossible to appreciate the difficulties of the work in the Canton Province, and to make due allowance for any element of discouragement in the results, without taking into consideration the influence of the Chinese Exclusion Bill passed by the United States Congress, and the bitterness of feeling which it has created in all official circles, particularly in the Canton Province, from which most emigrations are made. The present Viceroy of the Province, a man of strong prejudices and of firm and resisting will, is fully alive to the insults and outrages visited upon his countrymen by the United States, and he is intelligent enough to know how utterly all treaty stipulations beween the two countries have been set aside, and how great the change of front between the kindly and aggressive attitude of our Government at the time of the Burlingame Treaty, and the recent Exclusion Bill. When the full effect of these obstacles is duly considered, we may look upon the work accomplished by the Canton Mission as on the whole full of encouragement.

#### Hainan.

This great island, 250 miles S. W. of Hong-Kong, has a population estimated at 1.500,000. The work was first begun by Mr. C. C. Jerimiassen in 1881 as an independent missionary. He afterward became identified with the Presbyterian Mission. In 1887 Dr. H. M. McCandliss was appointed to Hainan, and a few months later Rev. F. P. Gilman and wife. The mission has also received a very welcome addition in the person of Mrs. McCandliss, daughter of Dr. J. G. Kerr.

The mission has a station at Kiung Chau, the treaty port and capital of the island, with a hospital under the care of Dr. McCandliss,

and two outstations in the interior. Success has not hitherto attended the efforts of the mission to secure property for residence, etc., but during the year favorable leases have been made of desirable property for missionary purposes, which although not altogether adequate to the needs of the mission, will afford a degree of comfort. The mission has secured the release of the man imprisoned in a previous year for favoring the sale of property to the mission.

Two thousand portions of the Scriptures have been distributed,

chiefly in the Yuen Hio district.

The work of Mr. Jerimiassen at Nodoa has been prosperous, both in its medical and in its spiritual features. Nodoa is a market town 90 miles S. W. of King Chow. Mr. Jerimiassen has at this point a hospital, a chapel, and a boarding-school, all in successful operation. About 20 baptized converts have been received, and several applicants for baptism are under instruction. Fourteen scholars have been enrolled in the boarding-school, chiefly from Christian families. The hospital, which is partly the gift of the military mandarin of the Province, has been carried on prosperously during the year, and over 6,000 patients have been treated.

At Nan Fung, ten miles S. of Nodoa and the principal entrance to the district inhabited by the aborigines called Lois, there is a chapel, connected with which are four baptized Christians and one or two inquirers. It is hoped that this place, which contains about 1,000 inhabitants, may prove an important door of entrance to the aboriginal

populations beyond.

At the King Chow hospital Dr. McCandliss has been in charge during part of the year only. The number of patients has not been

reported.

The Kwong Sai dispensary at Ng Chow was opened in June. The native doctor was for many years a student in the Canton Hospital, and is an intelligent man and earnest Christian worker. Numerous applications for medical treatment have been made, and many have heard of the dispensary through work carried on in the surrounding villages.

The following is a summary of the medical work:

# Summary of Medical Work for 1888.

# Literary Work.

Dr. Kerr has continued his work of translating medical books. During the year Dr. Thomson has published, besides cholera and hospital circulars, a vocabulary of medicines in English and in Chinese, as a companion to his list of diseases, published last year. He also published a sketch of the Medical Missionary Society of China.

The blocks of nearly all the colloquial books published by the mission were unfortunately burned during the year. Rev. Mr. Henry had, under the direction of the mission, been superintending the revision of these books and the recutting of blocks for their publication. Several small works have been produced.

Under the direction of the mission, Messrs. Henry and Fulton, assisted by native pastors, distributed about 7,000 books and tracts to students at the triennial examinations.

During the past two years \$1,700 have been raised by the Chinese Christians in connection with the Presbyterian Church in Canton, for the purpose of establishing an independent and self-supporting chapel and home in Canton, the former for the prosecution of direct evangelistic work, and the latter for the accommodation of Chinese Christians. Also \$800 have been raised by Methodists, Congregationalists, and Presbyterian Christians in America, for a similar chapel in a district from which so many of the Chinese have gone to America.

# The Canton College.

The Canton College, under the care of Rev. A. P. Happer, D.D., which, though not sustained by the funds of the Board, is an important adjunct and auxiliary of its work, has made a good beginning during this its first year of operations. The same difficulty that is experienced with all other departments of the work has been felt in this, namely, that of securing proper accommodations. A sufficient test of the

feasibility and usefulness of the enterprise has been made to show that the institution is likely to meet with general favor, and also that it will have an important relation to those who have returned to China from this country. A large number of those enrolled as pupils have been taught in greater or less degree in the Chinese Sabbath-schools of America and other Christian countries. It is altogether a very hopeful enterprise, and is worthy of the sympathy and prayers of all who hope and look for the evangelization of China.

#### Pekin Mission.

The Pekin Mission has received three accessions during the year by the appointment of Rev. William Langdon, Miss M. E. Sinclair, M.D., and Miss J. McKillican, the latter accompanying Dr. Sinclair as a trained nurse. These ladies have taken charge of the work connected with the female department of the Pekin Hospital, the women's department of which was erected by the generous gifts of Miss D. M. Douw, of Albany. They have been warmly welcomed by the mission, and have already won the confidence and esteem of the missionary circle. Rev. Mr. Langdon has been appointed to the general missionary work connected with the Pekin Mission, and has devoted his time thus far mainly to the acquisition of the language.

Mrs. and Miss Lowrie are devoting themselves to efforts among the Chinese women, visiting from house to house and conducting a training-school for women. It is to be hoped that, as a result of this effort, native Bible-women, of promise and character, may be fitted for the much-needed work of visitation from house to house.

The girls' school is under the care of Miss Grace Newton, whose experience in teaching eminently qualifies her for this work. Its pupils have numbered 26.

Dr. B. C. Atterbury has been obliged to take leave of absence during the year on account of ill-health, leaving the hospital and the training of medical students in the care of his associate, Dr. Taylor.

No formal report of the Pekin Mission has been received up to the date of preparing this report, but the different branches of work have gone forward as usual under the care of the respective missionaries. The attention of Mr. Wherry has been necessarily given in part to the erection of a mission-house. When not thus engaged his attention has been devoted to the production of missionary books.

Mr. Whiting, in addition to his regular chapel preaching, has also

been engaged in literary work.

Mr. Lowrie has had charge of the boys' boarding-school, and, although obliged as yet to give much time to the study of the language, has been acting in various other lines of mission work.

Mr. McCoy has had charge of the mission treasury, and has been

engaged in occasional preaching.

Mrs. Whiting, whose labors have always been so acceptable and fruitful among the Chinese women, has carried on this work during

the year, according to the degree of strength and opportunity.

A letter from Rev. Daniel McCoy, received since the body of this report was written, gives an interesting account of the Second Presbyterian church of Pekin, of which Rev. Mr. Hsu is pastor. There has been no communion service during the year without some additions to its membership on profession of faith. The total number added was The church was organized a year ago with 25 members. Mr. Hsu, the young pastor, is proving himself to be the right man for the place. He has illustrated the advantages of the native pastorate. Though so modest and unobtrusive that he at first declined the call of the church from a feeling of unfitness, and though it was only after repeated advice and entreaty that he assumed the position, yet he has shown himself in every way an able and wise pastor. The church had known him thoroughly as one of its own members, and their confidence had been constantly strengthened, so that on the very day that the church was organized, they decided to ask him to be their stated supply for one year, promising to pay his entire salary, a larger amount than any native helper had yet received. They paid him promptly in monthly installments, and at the end of the year were ready to give him a call to be their pastor. As a preacher he is earnest, Scriptural, practical, and successful. The church has not only supported its pastor, but has cheerfully joined in all lines of activity which he has suggested.

The benevolent contributions of this little handful of believers (their number was only 25 at the beginning of the year) have been \$100, and the greatness of their generosity can be measured only by the

depth of their poverty.

## Shantung Mission.

This mission has been saddened during the year by the death of Mrs. Hunter Corbett and Mrs. W. B. Hamilton. The death of Mrs. Corbett occurred under very trying circumstances. She had been ill for some weeks during the summer, but upon her apparent convalescence, Dr. Corbett, accompanied by Rev. Thomas Marshall, of St. Louis, left home for an extended itinerating tour among the churches in the interior. While actively engaged in this arduous work he was suddenly summoned by a special messenger to his home, where his beloved wife had suffered a relapse, which threatened dissolution. Reaching his home by rapid journeying, he found that she had already gone to her rest. Mrs. Corbett will be remembered with deep affection in the mission as well as by many friends in this country.

The tidings of the death of Mrs. W. B. Hamilton were no less startling. She had been only a few weeks on the mission field. While upon the voyage out to China there were some preliminary symptoms of lung disease, and after reaching her field two or three slight hemorrhages were followed by an unusually rapid decline. Ere she had become fairly settled in her new home with bright prospects and with the love of all those about her, she was called by that summons which all must hear, leaving her stricken husband and the mission circle almost stunned by the suddenness of her departure. She leaves a large home circle as well as the members of the mission to mourn her loss. Mr. and Mrs. Hamilton were the only accessions made to the Shantung Mission during the last year, although an earnest call had been made by the united action of the mission for ten clerical

missionaries, and four or five male and female physicians.

The year has been signalized by a terrible visitation of famine, and as this report goes to press the suffering is at its height. One portion of the Shantung Province was overwhelmed by an unprecedented rainfall during the summer, while another was visited by drouth. Nevius and other missionaries have sent their appeals to this country. and gratifying though altogether inadequate responses have been made of funds which the Board has transmitted by cable orders. while Rev. J. H. Laughlin and wife have left their regular work at Wei Hein, and seeking an advantageous position in the very midst of the famine district, have given much time and effort to the distribution of funds supplied by the benevolent of other lands. Enrolling a certain block of the needy population to the number of 6,000, they have distributed ten cash or one cent each per diem. This has barely sufficed to sustain life in the vigorous and healthy, but has been insufficient for many of the aged and infirm, who in consequence have died. Beyond the limits of these insufficient agencies of relief, the starving must number tens and hundreds of thousands.

Out of these inscrutable providences it is believed that spiritual good may come, and that as in former years so now, the masses who have been witnesses to the Christlike charity of strangers in more favored lands, will be prepossessed in favor of a religion whose practical sympathy can extend so far in time of need. There is reason to

hope and to earnestly pray that this famine district may not only be watered with showers of timely rain and clothed with harvests, but that the outpourings of God's Spirit may also be witnessed, and that thousands may be gathered to the fold of Christ.

Rev. W. P. Chalfant has taken some part in the work of distribution in the region northeast of Chinanfoo.

# Chefoo.

In Chefoo the mission force has been dimmissed by the withdrawal of Rev. G. S. Hays, who has been temporarily assigned to the work at Tungchow. The work has gone forward under the care of Doctors Nevius and Corbett, both of whom report some interesting results

of labor. Dr. Corbett in a letter dated February 15th says:

"I have one class of 15 lay preachers and another of 30 inquirers and Bible students, studying daily. The latter represent many villages and new centres widely separated, where as yet we have no work established, and they are the fruits largely of our native preachers and colporteurs. One of the inquirers, who has not yet been baptized, is a man of 70 years. A few days ago he said, 'It seems to me that all my life has been spent in a little cave without a ray of light, but since I began to study and to understand God's Word, a flood of light has come into my heart and I now feel like a man standing in the sunlight with my eyes open.' Tears covered his cheeks as he spoke of the precious Saviour he had found, and he added, 'How can I thank you as I ought for coming to China to bring me the good news of the Saviour and of the mansions which He has prepared for them that love Him. My whole heart rejoices, and I have a peace to which I was an utter stranger.' This man has two friends in his village, of his own age, friends from youth, who told him when leaving that he must learn all he could, so that on his return he could teach them, also, what they must do to be saved."

It is impossible to exaggerate the force of such an appeal as this. It is appalling to think that there may be thousands in the great Chinese Empire, who having all their lives long found only chaff and disappointment in all the deep inquiries of their souls, are waiting to

receive and acknowledge some real and veritable salvation.

Another man, 68 years old, said: "The more I study the Word of God, the more I realize the fulfilment of the promise that 'They who wait upon the Lord shall renew their strength." He is full of peace by day and by night and almost forgets his advancing age. Another of the inquirers, a young man of decided ability, finds himself suffering from the slow development of leprosy, but this is offset by his having, as he says, "found the peace of God which passeth all understanding." A blind man who had his attention arrested one day by the preaching of Dr. Corbett in Chefoo, is now earnestly seeking to know the truth, and he reports 30 other blind men of his acquaintance who are waiting to see whether he will really find joy and peace.

The work of Dr. Nevius has been more than ever given to literary labor. In the early part of the year, however, in company with Mr. Leyenberger he visited the interior churches which he had been in-

strumental in organizing. He has given active effort to the instruction of ministers who have come from different portions of the interior field, and Mrs. Nevius has continued her labors among the women of Chefoo.

The work in the Ching Chowfoo and Chang E districts, which in former years had been under the care of the Chefoo station, has been transferred to the supervision of the missionaries at Wei Hein, as these districts are more accessible from that centre. In the Ching Chowfoo district a church was organized last summer of 152 adult members.

During the year 57 persons have been added to the churches under the care of Dr. Corbett. The total number of communicants is 576. In regard to their faithfulness and fidelity, the report of Dr. Corbett says: "The members as a class have lived honest and upright lives. Some have grown in Christian knowledge and have manifested much zeal in working for the Master."

Twenty-five preachers and four Bible-women have been employed under the supervision of Dr. Corbett, their work covering a district more than 300 miles in extent. "As a class, they have done good work, and God's blessing has been upon their labors. There are now in different places quite a number who are interested in Christianity. Some are searching the Scriptures and observing the Sabbath, and I trust will soon be rejoicing in the hope of eternal life."

One of the preachers, who for many years has been a successful school teacher, feels a special work laid upon him in the visitation of schools taught by heathen teachers, and he reports a number of teachers who willingly receive him, and are glad to read and discuss Christian books.

The Chefoo station now has the oversight of 14 schools, connected with which are 243 pupils. The semi-annual examinations held during the year in each of the schools, have shown that faithful work has been performed on the part of both teachers and pupils.

In regard to the development of self-support on the part of the people, the report says: "The self-denial which not only Christian parents, but many who are not as yet connected with us, have made in order to send their children to school, is truly gratifying."

In closing, the report says: "The future is full of promise. We cannot but feel that large blessings are in store for China, and that the cause of Christ will advance as never before."

The following are the statistics connected with the Chefoo station. Ordained missionaries, 2; licentiates, 3; other native helpers, 36; churches, 8; communicants, 576; added during the year, 57; students for ministry, 2; pupils in schools (14), 243. Contributions, \$200.

# Tungchow.

This station has been reinforced by the Rev. G. S. Hays, who has been transferred from Chefoo to Tungchow with the view of fitting himself to supply the place of Rev. Dr. C. W. Mateer, who has received leave of absence for the year 1889-90.

An important part of the work at Tungchow is that connected with

the College under the care of Dr. and Mrs. Mateer and Rev. and Mrs G. S. Hays. From year to year graduates of this institution and others who have not completed the course, but who have the ministry in view, are sent to Doctors Nevius and Corbett at Chefoo for fuller instruction in theology. Some of the most earnest and successful of our pastors in the Shantung Province are men who have received this more thorough education. In connection with this theological edu-

cation, we may quote the following from Dr. Mateer:

"The last meeting of Presbytery brought with it one of the most important events of my missionary life, namely, the licensure of seven young men, the fruit of our labor in the school. It is impossible for me to describe my feelings as I saw those seven young men stand up for licensure. No one can appreciate them save one who has toiled a quarter of a century for one special object. Four of them came to us little heathen boys over twenty-four years ago. They continued in school until they graduated, then served as teachers and lay preachers for seven or eight years, and then studied theology. The youngest of these men is considerably past thirty. They are tried and able men, and have the confidence of the whole mission. Providence has seemed to call me to the school work, and hence I have not travelled and preached as much as some others, nor gathered in so many converts. The results of my labor are concentrated in these young men and in others who will follow them. They will now go forth to multiply my influence and work in their labor for others. They bear with them the labors and prayers of almost a quarter of a They are the first-fruits, and the earnest, we trust, of many others to follow."

Another theological class is to be started next summer, and nearly

if not quite all the members of it will be from the school.

In secular instruction the Tungchow College far surpasses any other missionary institution in China. The Imperial University of Pekin. though very ably conducted, has different ends in view, and is less practical as judged from the American standpoint. The scientific knowledge imparted at Tungchow has done much to revolutionize the ideas prevailing in Shantung. Through the generous gifts of individuals in this country, the institution is supplied with abundant philosophical apparatus, including a ten inch reflecting telescope, equatorially mounted and set in a suitable observatory. The report of Dr. Mateer says: "We have also the outfit for electric lighting and heating. The dynamo was given to us by Mr. Cyrus N. Field, and the boiler and engine by my brother and other relatives. The whole outfit for lighting and heating is in complete order, and was used successfully during the winter." Great labor has been performed in these years of Dr. Mateer's service, in the preparation of text-books of all kinds.

For the past year the average attendance of students has been 86. The whole number enrolled is 100. Unpromising men are sifted out and dismissed, and thus a high grade is constantly maintained. "The demand for the graduates of this institution," says the report, "is at least five times greater than the supply, and this at salaries

double the amount hitherto paid to natives." The whole number of full graduates from the first is 29, of whom 5 are licentiates acting as general superintendents of country work in the Province, 5 are theological students, I is a medical student, 9 are teaching mission-schools belonging to our own and other missions, and 4 are teachers in the in-Several are employed as personal teachers by the missionstitution. aries. Besides these, there is a large number who for various reasons were unable to complete the course, but are now employed as licentiates, assistants, or have entered into theological and medical classes. Other missions are supporting young men in the institution. Some of the students are from Manchuria. Nine of the students have made a public profession of faith during the year. Its Missionary Society numbers 27, and its meetings are well attended. A little more than half of the whole number are from homes of the heathen. The total cost of the institution to the Board is reported at \$1,700. Rev. W. M. Hayes in addition to his instructions in the college has spent fortytwo days in itineration.

Mrs. Mateer has given instruction in Bible history, geography, "Pilgrim's Progress," etc. Rev. G. S. Hays, mentioned in connection with the Chefoo station, is giving instruction in the college.

Dr. Mills has taught a theological class in the college, and has devoted the remainder of his time to preaching in Tungchow and in

the outstations.

About four months were spent itinerating in the Tungchow district. The people in this region have never shown as great readiness to receive the Gospel as in other parts of Shantung, though they are respectful and kind. In the church in Tungchow, Dr. Mills has had good audiences,—never more so. The house is filled both at preaching services in the morning, and at Sabbath-school in the afternoon. During the winter, one week of extra services were held, with full audiences.

Mrs. Mills has opened a small school for deaf-mutes. It is not her intention to make this a matter of expense to the mission. It is believed that the small expense incurred will be cheerfully borne by deaf-mute institutions in the United States. Two boys and one young man are now receiving instruction. One of these is exceptionally bright, and has made remarkable progress. The Chinese character is supposed to be favorable to this kind of instruction.

The plan is also proposed, according to a letter received from Dr. Neal, for the joint instruction of a medical class by the different medical missionaries connected with the mission, each medical missionary at his station teaching young men by turn in the particular department

assigned him.

Dr. Neal's medical report is delayed on account of a proposed plan for a consolidated report covering all the medical work of the Shantung Mission. This will doubtless follow in printed form, but will be too late for our Annual Report. The total attendance of out-patients during the year was 3,283.

Dr. Neal, besides his dispensary work, has had a medical class of five young men. He has given faithful and earnest attention to their

instruction, and will probably make this his main work. All five of these young men are professing Christians, and most of them are earnest and zealous. Religious services have been conducted on the Sabbath, almost wholly by the natives. It should be said of the medical school, that of the expense put down in the statistical report, three-fifths are borne by individuals, and only two-fifths by the institution.

Mrs. Neal has had charge of the girls' high-school, which has had a prosperous year. The station report commends her able management. She also spent eight weeks itinerating in the country.

The following are the statistics for the Tungchow station: Ordained missionaries, 4; physician, 1; ordained native, 1; licentiates, 6; Bible-women, 2; native teachers, 6; churches, 5; communicants, 238; added during the year, 17; pupils in boarding-schools, 119; pupils in day-schools, 20; pupils in Sabbath-schools, 237. Contributions, \$98.\*

# Chinanfoo.

The Chinanfoo station was reinforced by the arrival of Rev. W. B. Hamilton and wife, but after a brief interval Mrs. Hamilton was removed by death, as mentioned above; Miss Lulu H. Boyd was married to Rev. W. P. Chalfant. Mrs. Paul D. Bergen has returned to her field during the year. The year has been marked by an unusual degree of opposition on the part of the higher classes. A letter from Mr. Bergen states that in the month of December, Rev. F. Harmon, of the English Baptist Mission, residing in Chinanfoo, was severely beaten by a mob. The higher class seem determined to be satisfied with nothing short of the expulsion of the missionaries from that region. The fact that Mr. Harmon is an Englishman will unquestionably lead to such vigorous action by the British representative in Pekin, that the event may in the end result in the securing of more positive guarantees than have existed hitherto. In addition to the usual methods pursued by the opposition, severe pressure and often most cruel treatment have been visited upon those who rent or sell property to foreigners.

Our missionaries have entered upon negotiations for the purchase of a lot outside of the city limits for building purposes, but their pur-

chase is contested, and the result cannot yet be foreseen.

Notwithstanding these difficulties, the chapel and dispensary work has been carried on daily with fair attendance. The boys' school has had its usual number. Fifty pupils could be obtained if there were money to support them and sufficient accommodations.

Mr. Bergen writes that he has spent between five and six months itinerating among the outstations, believing that thus his time was

<sup>\*</sup>The discrepancy which appears between the present statistical report and that of last year with respect to the number of communicants, is not to be accounted for by a great and sudden loss of members, but by a degree of incompleteness and confusion in the reports of the last two or three years, during which there has been a gradual decline in membership, owing to special causes widely and disastrously affecting the people, also to different position of outstations. It is believed that the winnowing process has passed, and that the growth of the churches will be more healthy and substantial henceforth.

better spent than in the city. It would be easy for our missionaries to content themselves with outstation work, which is always more promising, and to leave the question of property in the city to a future day when there shall be less opposition, were it not for the fact that the life which they now lead in the unwholesome native houses in the crowded and insalubrious portions of the city, involves a great tax upon the health of their wives and children. The confinement to narrow courts in midsummer is intolerable, and the opportunities for exercise are almost entirely cut off. Moreover, rents are very high. The Chinanfoo station has had a long contest with the Government officials, and it seems no more likely to reach a happy issue than in the past. But meanwhile the work goes on. Rev. W. P. Chalfant has devoted much time to the study of the language, but has also been engaged to some extent in itineration. During the great fair in Chinanfoo he preached in a tent erected for the purpose.

A very wide and open field for school work is described by Mr. Chalfant, in what are known as village day-schools. While speaking of the comparative expense of the boarding-school system and that of day-schools on heathen soil, he advocates the former chiefly as the means of training teachers for the latter, and adds: "We have at least two of these village day-schools at present where the boys are educated in the ordinary Chinese branches and in the doctrinal books at an expense to us annually of \$1.50 each per annum. The difficulty is to secure suitable teachers for such schools, and the need, therefore,

of training-schools is all the greater."

It is greatly to be regretted that a report has not been received of the interesting work of Dr. Coltman, whose indefatigable efforts and marked successes hitherto give assurance that the past year has not been without substantial and gratifying results. With an earnest spirit and boundless opportunity, one whose hand is skilful in ministering and whose heart is warm with love for souls, cannot fail of success.

The following are the statistics for Chinansoo: Outstations, 13; ordained missionaries, 5; physician, 1; native helpers, 2; communicants, 122; added during the year, 19; boys in boarding-school, 19; boys in day-schools, 26; pupils in Sabbath-school, 26. Contributions, \$7.50.

#### Wei Hein.

This station has been reduced in its force by the absence of Rev. Robert M. Mateer in the United States. The force remaining consisted of Rev. Messrs. Leyenberger, Laughlin, Hunter, and F. H. Chalfant and their wives, and Miss Emma Anderson. The missionaries

have been in good health.

Mr. Leyenberger's report complains of the efforts of Roman Catholics to draw away the native Christians, but adds that the latter have become expert in replying to their arguments. Not long since a poor man, both of whose arms were crippled and shrivelled with disease, was listening to the pretense of a priest to the power of forgiving sins. This man, who was a firm Protestant believer, at length sprang to his feet, and holding up his two withered hands, said: "When the Lord Jesus Christ was upon earth, the power of forgiving sins was ac-

companied by the power to work miracles. Now, heal my disease and then I will believe that you can forgive sins." No reply was possible, and the hollow pretensions were at a discount.

In December Dr. Hunter and Miss Anderson organized a class of 35 persons, carefully selected, for the study of Bible truth, most of them being leaders of the little Christian communities in which they

live. The effort has thus far proved satisfactory.

No persecution has been suffered during the year in or around Wei Hein, and there have been fair accessions to the churches. The number baptized during the year has been 51 adults and 4 children. The Lord's Supper has been administered 31 times. The number of boys reported in day-schools is 121.

Dr. Hunter's dispensary work has been encouraged by good attendance, and many of the patients have shown some interest in religious truth. The evangelistic work in the Wei Hein district has been carried on in connection with five different villages where there are Christian families. Three persons have been baptized, all of whom were

heads of families.

Dr. Hunter, who had expected to return on leave of absence, has remained during the year at his post, for the reason that no successor had arrived to take his place, although Mrs. Hunter was greatly in need of a leave of absence on account of health.

Rev. F. H. Chalfant has been engaged mainly in the study of the language, though ten days were spent in the country among the natives. Mrs. Chalfant has also given considerable attention to the

study of the language.

Mr. Laughlin's time has been partially occupied by the building of a dwelling-house and an addition to the boys' school. He has also had charge of the boys' boarding-school at Wei Hein, a girls' boarding-school and seven day-schools in the country, and 60 outstations comprising 914 communicants. Visiting these stations periodically has necessitated an absence from home of 110 days. Twenty three persons have been added to the church. Some good old Christians have passed away from earth. Others who seemed to be Christians have gone back to the world. From these causes a net loss is reported, notwithstanding the accessions to the church. Although 51 have been added to the churches as above stated, the total number is smaller by 28 members than at the close of last year. "At the same time," adds the report, "it is a joy to think that those dying in the faith have exchanged the poverty, sin, and suffering of China for the riches, peace, and glory of heaven." And in the other sadder cases, there is also to be found consolation, for those who are not true disciples had better be outside the church than within. The evil effects of the silver mine excitement are gradually vanishing. The native Christians are in a more healthy state of mind than in the last two or three years.

#### Outstations.

There is among the outstations an increased friendliness. There is less persecution of Christians, more frequent attendance upon relig-

ious services, and greater respect to the foreigner as he passes along the street.

Mrs. Laughlin reports a class for women and girls commenced soon after the New Year. The women were chosen from stations in various parts of the field, with the hope that they might be useful as leaders in their own stations and helpful to the women who could not come, and who had not much help in their own homes about learning. Mrs. Laughlin has spent eighty days in itinerating among the outlying villages.

Miss Anderson has been engaged with the study of the language. The heavy rains during the summer caused a great deal of suffering, and as stated above, Mr. and Mrs. Laughlin have left for the famine district northwest of Wei Hein to engage in the distribution of famine funds.

Statistics for Wei Hein: Outstations, 92; ordained missionaries, 5; licentiates, 5; native helpers, 18; communicants, 1,324; added during the year, 51; pupils in boarding-schools (2), 45; pupils in dayschools (13), 121; pupils in Sabbath-schools, 830. Contributions, \$212.

A letter received from Rev. Thomas Marshall, who was long engaged as a synodical missionary of Home Missions in Missouri, but who has spent some weeks of the past year travelling in the Shantung province, bears with such emphasis upon the promise and great needs of the work opening before our Church, that we quote the following in connection with our report:

"In my visit to China I have not only travelled in the province of Shantung, but I have also been as far north as Pekin and the Great Wall. I cannot speak in terms of praise too high of the great excellence of the work of our missionaries and their allies of other Churches,

"China to-day presents one of the grandest fields for missionary operations that the world has ever seen. This ancient land is open from the sea to its very centre. I believe the time has come for the Presbyterian Church, with its strong system of doctrine, its vast resources of wealth, its godly fathers and mothers, and its noble army of young men and women, to make a change in its method of work with

reference to foreign missions. The conquest is for lost souls. The battle is not ours, but God's. Is it not high time for the Presbyterian Church to go into the thickest of the fray with her flag nailed to the mast, while in the sight of earth and heaven she emblazons for her motto the significant words, The Lord's open door is the measure of our responsibility?"

#### Central Mission.

Four new missionaries were added to the roll of this mission last autumn: Rev. and Mrs. V. F. Partch, assigned to Ningpo; Miss Mary A. Posev to the South Gate, Shanghai; and Miss Mary Lattimore to Nanking. Seven ladies had been asked for by the mission and provided for in the appropriations of the year, but it was found impossible to secure more than two. A recent action of the mission, touching educational work and affecting all the stations, may be referred to here. It provides for a graded course of study in all the schools within the bounds of the mission, as far as possible the training in the day-schools to be preparatory to that in the boarding-schools, and the course of study pursued in those to lead up to the high-school. It is further recommended that a high-school be established in connection with the Boys' Boarding-School at Hangchow. The course of training in the day-schools is to cover at least two years, that in the boarding-schools three years, and that in the high-school four years. This is an important step toward the unifying of the educational work, and the laying of deeper and broader foundations for a larger evangelistic work in the future. It looks in the direction of an increased and more thoroughly trained native ministry—an arm of the service which greatly needs reinforcing in most of the stations connected with this mission.

# Ningto.

The transfer of Mr. Fitch to the Mission Press threw a heavy burden of care, which in other years was shared by several missionaries, upon the shoulders of Mr. McKee, who had just returned from a furlough in this country. The illness of Mrs. McKee, since rejoining the mission, has kept her from resuming the work in which she had rendered such efficient service in other years, so that efforts in behalf of the women devolved entirely upon Mrs. Butler and Miss Warner. It is gratifying to learn, however, that the improved condition of Mrs. McKee's health encourages the hope that, by the Divine blessing, she may soon so far regain her health as to quiet apprehension in her behalf. Grateful recognition is made of the arrival of Mr. and Mrs. Partch, a reinforcement all the more welcome in view of the fact that Miss Warner, after a continuous service of ten years, has just returned to this country for rest and recuperation.

The ten churches connected with this station have had a year of rich blessing. The total number of communicants is 630—51 of them having been added during the year. Mention is made of the earnest and faithful character of those who have confessed Christ, and gratitude expressed that but few cases of discipline have occurred. Ningpo church, the largest in the Presbytery, with a membership of 130, re-

ceived 18 to its communion during the year—the largest number admitted for many years past. It comprised farmers, artisans, pupils from the Presbyterial Academy, and the Girls' Boarding-School, and one literary man, a son of heathen parents. One of the number was a Eurasian lady, the wife of the harbor-master at Ningpo, whose devout and godly example bore constant witness to the sincerity of her profession.

Eight miles west of Ningpo is the Kao Gyiao church, where several inquirers are reported, three of whom have probably been received

into the fellowship of the church by this time.

The Bao Ko-tah church, eight miles east of Ningpo, received four members; and the Yu-Yiao church, forty miles west of Ningpo, having a membership of 105, received six. A notable feature in the history of this latter church during the past year was the dedication of a bell, provided by the Mrs. Morrison Mission Band, of Montclair, New Jersey. Ten miles north of this is the church of Tsui-Ong with 73 members, thirteen of whom were added during the year, while thirty inquirers are still enrolled. The church of Hwu Saen, ten miles east of Tsui Ong, welcomed nine to its fellowship. Only one was added to the church of Zong Yu, some sixty miles west of Ningpo, but the case is worthy of note, being that of a man over sixty years of age, and a military graduate. Becoming interested in the Christian religion he walked five miles each way to church every Lord's day, his path lying across a range of hills. His public confession of faith subjected him to severe treatment at the hands of his clan, being virtually expelled and disowned. His zeal for his Master, however, but increased under persecution. Word has recently been received that his toils and sufferings are over, and that he has entered into the joy of his Lord. The church farthest from the centre in this mission is that of Tong Yiang, about two hundred miles from Ningpo, where three were added to the communion roll. Of the other churches connected with this station no special mention is made. Most of the churches have outstations connected with them, which are looked after by the native pastors. The year has not been without its shadows. Cases of petty persecution have been unusually frequent. Mr. McKee ascribes them mainly to two causes: The refusal of Christians to engage in the worship of deceased ancestors, and to contribute money toward idolatrous ceremonies and the repairing of heathen temples.

Evangelistic efforts have been continued in the chapels in the cities. During the warm months night preaching was carried on, and large and interesting audiences gathered, especially in Ningpo and Yu-Yiao. The success of chapel preaching in Ningpo was so marked that the heathen became alarmed, and tried to counteract the influence of the preaching by explaining the Sacred Edict in their temples. Native preachers have also gone out, two and two, on long tours, and brought back encouraging reports as to their work. Miss Warner and her Bible-readers have done good service in this direction. Members of several of the churches, both men and women, have also engaged in the work of disseminating the Gospel, by going out at their own charges to tell the story of Christ's love to their fellow-countrymen.

Educational.—The Presbyterial Academy, located in Ningpo, has had a successful year. Notwithstanding the necessary change of teachers, 25 boarders were enrolled, and eight day pupils. These boarders pay from \$6 to \$20 per annum, according to the ability of their parents. The tuition fees, together with local subscriptions of about \$150 and a grant of an equal amount by the Board, cover the outlay for the institution. Most of the boys are from Christian homes, and four of them have been received into the church during the year. Five of the graduates of this school are studying medicine; one is engaged in the practice of medicine; several are apprentices in the Mission Press in Shanghai; three have gone to prosecute higher studies in Hangchow, and two to the college in Canton, under the presidency of Dr. Happer. The Academy is managed by a Committee of Directors, appointed by the Presbytery of Ningpo, compris-

ing one foreign missionary and two native ministers.

With reference to the Girls' Boarding-School, Mrs. Butler writes: "The school opened with 28 scholars, some being kept at home on account of the cholera, which was then raging at Ningpo and in the surrounding districts. None of the scholars, however, were attacked with the terrible disease, and they were mercifully preserved from any severe or continual sickness during the past year, although nearly the whole school was at one time down with fever and ague. The whole number of names on the roll is 37." Great difficulty is still experienced in getting the consent of parents to have their daughters' feet unbound. It is quite understood, however, that pupils can only be received into the school on this condition. Four girls were dismissed during the year because they refused to comply with this requirement. Mrs. Butler adds: "There have not been any striking religious movements in the school, yet some evidence of a higher religious life amongst the girls, and a greater desire than usual for the salvation of their friends, have been manifested. Eight have united with the church during the year. One girl has, by her Christian example and conversation, been the means of her father and mother coming to an earlier decision to confess Christ, all three having united with the church by baptism during the year. As yet we are only working out the problem of the advancement of women at Ningpo, and are earnestly laboring to hasten the day when the education of women shall be a necessity." The measure of success attained will appear relatively larger if we remember that a child enters school at the age of eight or nine years, and virtually begins a course of training which in Christian homes is begun in the budding days of childhood. Mrs. Butler well says: "If there were no outside influences, no relation to the heathen surroundings, we doubt not much more could be accomplished in the few years they are with us. What we aim to do in the short time they are under our care, is to fit them for the life they enter upon when they leave the school."

Four Day-Schools for boys, and as many for girls, are connected with this station. Of the former, two are located in Ningpo, and two at the outstations, all taught by Christians who have been trained in Ningpo or Hangchow. Of the latter, two have been conducted with

encouraging success; but the other two, owing to the discontinuance of the payment of *cash* for attendance, decreased so much as to justify their being closed in December.

In addition to her superintendency of the Girls' Boarding-School, Mrs. Butler has conducted a class for Christian women and an Industrial Class for heathen women. The former, begun last year, has for its object the instruction of Christian women from the outstations in the Romanized colloquial, so as to enable them more readily to read the Bible for themselves. The class was held for three months, during which time Mrs. Butler gave daily instruction in the Bible, and a Bible-reader rendered efficient help in other directions. The class for heathen women was organized to afford a better opportunity for instructing them in the Gospel. It is composed for the most part of persons "wretchedly poor," who cannot afford to give the time required for their instruction. The method pursued is to give them work to do, so that while they earn a few cash for the wants of the body they may be taught the Word of Life. Several inquirers are reported among them, and a number of them attend the public services on the Lord's day. The work in the class-room is followed up by Mrs. Lii, the Bible-reader, who visits the women regularly at their homes. Fiftyseven have been in attendance during the year, 26 being the largest number present at one time. A similar class, numbering 70, was conducted by Miss Warner in substantially the same way, and with the same end in view. Miss Warner has also superintended the work of six Bible-readers, who are employed at the meagre salary of \$3.00 per month, with an additional 50 cents for rent. Referring to this work Miss Warner says: "These women go out two and two, for two months or longer at a time, stopping in rooms prepared for them and connected with the chapels at the various outstations, and thence they go out to teach in the surrounding villages. To the nearest villages they go in the morning and return at night; in the more distant ones they stay several days, if some church member is willing to give them a lodging. At the end of two months they return and give a report of their work, and after a few weeks of instruction, they go out again to the same or other stations. I visit their stations as often as possible, and give them encouragement and advice, and when not with them I am constantly communicating with them by letter. a way that is unknown to all other Chinese women, they go to places distant from their own homes and dwell among strangers. The most distant station they visit is seventy miles. They often suffer extreme hardship, but no Bible-woman has ever given up her work because it was hard. The results of such work cannot now be accurately computed, but when all those who have gone forth bearing the precious seed come again with rejoicing, these women will also come bringing their sheaves, and we shall be amazed at the greatness of the harvest.'

# Shanghai.

There are two centres of missionary effort connected with this station, located respectively at the Mission Press and the South Gate. The former, within the city limits, in addition to the great printing es-

tablishment which has become historic, has closely connected with it a church and day-school. The latter, outside the city limits, but in the midst of a dense population, uncared for by any other missionary agency, is the seat of the Girls' and Boys' Boarding-Schools, together with a church, and the missionaries at that point have also the oversight of a number of day-schools. Regular Sabbath services have been maintained in the two churches throughout the year, and at the three outstations, Soong-Kong, Tsu-poo, and Au-so. Daily preaching services have been held in the chapels at Wong-po and Su-po. The churches have not been without the manifest presence of the Holy Spirit. Eleven members were added to that at the South Gate on confession of their faith, and two to the one at the Press. Since the annual report of the mission was submitted, Mr. Fitch writes, that at the recent communion another was added on profession of his faith to the Press church. The total number of communicants in the two churches is 179. The pupils in the five Sabbath-schools connected with the station number 400.

Two tours to the outstations were made, one in the spring, by Messrs. Fitch, Smith, and Silsby, and the other in the autumn by Mr. Silsby. During the holidays connected with the Chinese New-Year, a conference of native workers was held at the South Gate church, which is spoken of as having been both interesting and profitable. As the training of our native helpers has necessarily been defective owing to lack of facilities, such efforts to supplement their equipment are to be regarded as of the first importance. A force of 27 native workers is reported in connection with this station, employed at salaries ranging from \$24 to \$128 per annum; Bible-women receive \$24; native teachers from \$39 to \$69; and licentiates and ordained ministers from \$49 to \$128. These figures show that it is possible to do a vast amount of excellent work at a very small cost where competent laborers are to be found.

In the Boys' Boarding-School, 48 boarders and 3 day-scholars have been enrolled. Heretofore the mission has supplied part of the clothing for the boys, but a recent rule adopted requires parents to furnish the entire wardrobe of their children. Ten of the boys are professing Christians, five of them having made their profession during the year. Two of them were received under the care of the Presbytery as candidates for the Gospel ministry. It is gratifying to learn that the deportment of the school has been excellent, and that the prayer-meetings conducted by the boys have been well sustained.

Mrs. Smith, who has had charge of the Girls' Boarding-School, reports an uneventful year, but one in which quiet and successful work has been done. Forty pupils have been enrolled, 15 of whom are members of the church, 4 of them having taken their stand for Christ during the year. Here, as in similar schools, trouble has been experienced because of the feet-binding practice of the Chinese. Early in January, the report states, seven bright, promising girls were received, but it was soon discovered that four of them had their feet bound. The parents being unwilling to unbind them, the children had to be dismissed. On reflection the parents of two of the children

determined to comply with the rule of the school, which they did by unbinding the feet of their daughters, who were afterward welcomed as pupils. Mrs. Smith reports that more attention has been paid to the study of the Bible than formerly, it being a growing conviction that this is the chief business of the school. Gratification is expressed at the arrival of Miss Posey, who is to be associated with Mrs. Smith in this important educational enterprise.

Day-Schools have been maintained at the three outstations, with a total enrollment of 99 boys and 19 girls, and ten in Shanghai with a roll of 142 boys and 39 girls, one of them under the superintendency of Mrs. Dr. Farnham. In these schools instruction is given in the Shanghai colloquial, the Life of Christ, the Bible, Bible History, and the Chinese Classics. The schools are open six hours daily, and one-

half the time is devoted to religious instruction.

The Mission Press has been in operation during the entire year. During the earlier months it was under the superintendency of Dr. Farnham; for a brief period under that of Mr. J. A. Silsby, and during the later months under that of Mr. Fitch, who has been assigned to that position by the Board. The report for the first six months of 1888, the only report received up to this time, shows the total number of pages of the Scriptures printed to be 3,699,000; of tracts, 906,000; of Child's Paper and Illustrated News, 546,480; of sheet tracts and calendars, 78,150; of cards and circulars, 23,592; and of miscellaneous matter, 925,604; making a total of 6,178,806.

# Hangchow.

This provincial capital, with its vast population crowded within the city walls, and overflowing to the extensive suburbs, has been occupied by our missionaries for almost a generation. The tangible outcome of these years of labor, as seen to-day, consists of one organized church with a membership of 68 in the city, and another at the outstation, Sin-Z, with a membership of 44. Death and dismissions to other churches, however, have decreased the total of last year. Dzi, a promising student, who had been sent to Tungchow to complete his theological studies, has returned, and is temporarily engaged in the boarding-school with Mr. Judson, but with the expectation of giving himself to evangelistic work in the near future. The transfer of Mr. Yii, who has just been ordained to the Gospel ministry, to the church of Sin-Z, leaves Hangchow quite stripped of efficient native The two chapels in the city have been open during the greater part of the year, and work has been carried on at the outstation. Zanypeh, as usual. Mr. and Mrs. Mills have been sorely bereaved, having been called to part with their only two children. Notwithstanding this double sorrow they were able to continue their mission work with but little interruption, Mrs. Mills superintending two of the day-schools in the city, and Mr. Mills devoting his time largely to the work of The latter says: "I have spent a good deal of evangelization. time on the streets of Hangchow, selling tracts and Gospels, disposing of over 5,000 in this way. It is impossible to estimate how many of the people have this year received the important truths of salvation at

our hands." Under the advice of the Mission these laborers will soon have a season of rest at home. But little itinerating was done, beyond the visit to the two outstations, owing to the inadequacy of

the missionary force.

Boys' Boarding-School.—The past year was the most prosperous thus far in the history of this school, notwithstanding the breaking out of an epidemic which turned it into a hospital for several successive weeks. Quite a number of the boys were seriously ill, but all recovered, save one. He was the son of heathen parents, and is spoken of as bright and exemplary. He had never made a public profession of his faith, but had manifested a good deal of interest in the Christian religion. Although his parents and relatives were heathen, they did not object to the holding of Christian services at the funeral and to the onission of all heathen rites. Mr. Judson, the superintendent, reports a roll of 40 students, ten of them from Christian families and six of them sons of native pastors in our Ningpo Presbytery. The experiment of teaching English, introduced a year ago, had proved quite successful.

The industrial department has been continued with a fair measure of success,—quite as much as could be reasonably expected with the meagre resources at command. The report says: "Three workbenches fitted up with six iron screw-vises have been made and six students spend an hour each day at shop-work with native tools under the direction of a native carpenter. Had we more room and means, more benches would be added and more boys at work. The present plan is better than nothing, and yet it is far from meeting our idea of a manual training school. Principle, method, and accuracy are three essentials very much lacking among the Chinese. They can recite word for word any number of pages in a mathematical text-book, but when they come to solve a problem by principle and method, many of them fail." This touches a question which comes to the Board from time to time,—one not easily solved and which we dare not thrust carelessly aside. An earnest plea is made for a man thoroughly trained in a manual labor school in this country, who could not only give instruction in the industrial department, but also lend a helping hand in other parts of the work. The year has not been marked by any special religious interest in the school; one of the boys, however, has confessed Christ, and the religious society, begun by the Christian students some two years ago, has been sustained with interest.

Although the harvest which has been reaped is meagre, there is evidence of faithful sowing and prayerful waiting on the part of the laborers. In the day-schools about one-half of the time is devoted to the imparting of religious instruction. Daily prayer is offered and ser-

vices are held on the Lord's Day.

#### Soochow.

The work at this station has been largely that of city evangelization,—sowing the seed of divine truth among the dense population of a great Chinese city by means of church services, chapel preaching, and day-schools. Tours were also made by the missionaries—west as far

as Nanking, and north and east as far as Kong-ing and Dzang-zoh. In addition to this two weeks were spent among the islands of the Great Lake in itinerating. An earnest plea is made by the brethren of this station for additional force to occupy the inviting field between Soochow and Nanking and also the wealthy and populous region between Soochow and Hangchow—a region wholly untouched by missionary effort. The Soochow church is but a feeble flock, numbering 22 communicants. Five of these, however, were added during the year, showing that the work has not been without the seal of the Holy Spirit. Five Day-Schools have been in operation, but only two of them with encouraging success—the entire enrollment of pupils being 49. Of the two specially referred to, Mr. Lyon in the report says: "Examinations show that much Gospel truth is being instilled into the minds of the children. While walking on the city wall not long since a Chinaman, who was following me at a distance, began singing the familiar hymn, 'Jesus Loves Me.' On inquiry I found that he had been some years ago a pupil in one of the day-schools. Truth lodged in the minds of the children may be seed of slow growth, but when the Holy Spirit comes down upon China, as come He will if the Church is faithful, the first hearts to be touched will be some of those who have learned the alphabet of the Gospel in our day-schools." The attempt to have a day-school in connection with the new chapel near Tsangmen failed, largely because of the rumor that foreigners were kidnapping children and taking them to Shanghai for evil purposes. The report suggests that this rumor probably grew out of the fact that the Methodist Mission had sent a boat-load of boarding-school girls home for their vacation via Shanghai.

Family cares have rendered it impossible for Mrs. Hayes to devote much time to instructing the women during the year. In view of the great need of work of this character, it is to be regretted that the Board was unable to find two young ladies for this station, although they had been asked for by the mission and provided for in the appropriations of the year. It is earnestly hoped that two efficient ladies may be sent during the coming year to enter upon this important work. Two Bible-readers have been employed, but as they were strangers in a measure to the Soochow dialect, they accomplished but little during the year. The two street chapels have been kept open for chapel preaching most of the year with a good attendance. It is noted as an encouraging feature in this line of work that an audience can now be gathered without the presence of a foreign missionary, which indicates a growing confidence on the part of the population in the native helpers who conduct these services. The death of Elder Tsiang, who for many years was the only native preacher in Soochow, has been a severe loss to the work. He died in the triumph of the glorious Gospel which it had been his privilege to proclaim to his countrymen.

# Nanking.

A missionary from another station speaks of Nanking as by far the best place for missionary residence of all our Central China stations. It is itself a vast field for missionary effort, besides being the centre of a great outlying population. It combines in a peculiar way both city and country-one-half the space within its walls comprising hills and valleys, bamboo groves, and country hamlets. The educational work continues to be the most encouraging feature of the efforts in this great city. The Girls' Boarding-School, under the superintendency of Mrs. Leaman, reports a roll of 24 pupils—one of whom died during the year, another being withdrawn because the grandfather would not suffer her to attend the "Jesus school," Of the child who died, Mrs. Leaman says: "She belonged to that much-abused class, little daughters-in-law, and her mother-in-law sent her to me, saying, 'If you do not take her, I will kill her, for she is so bad, I can do nothing with her.' In a short time, from being a lazy, disobedient child, she ripened into an obedient little girl. She died from a fever prevalent among the Yellow River refugees. When we discovered the nature of the disease, we were obliged to send her home for the safety of the other children. We furnished her a good bed and sent her food; she had also the kind attention of Dr. Beebe." After the silver cord was loosed and the precious dust had been laid away on the hillside, Mrs. Leaman adds, "the old woman came to me and cried, saying, 'I took her to your school because she was so lazy and disobedient I could do nothing with her, but the last few months she has been a good, obedient child.' The school is conducted on the true missionary basis,—the grand end in view being the instruction of the children in the things of God. The report says: 'A class of eight little girls committed to memory 16,000 verses of Scripture, each one reciting some 2,000."

In addition to the boarding pupils, 21 day pupils were in attendance, besides four women who received instruction in a training-class, where they are taught sewing, and other useful industries. The addition of Miss Lattimore to the force at this station carries much needed help to Mrs. Leaman. It is earnestly hoped that in the course of the ensuing year another lady may be added, provision having been made for the accommodation of two ladies in a dwelling just completed.

Through the indefatigable efforts of Mr. Abbey, a Boys' Boarding-School has been begun with seven pupils enrolled. The schedule comprises a course of seven years of study. Mr. Abbey says: "We shall teach enough of the classics to fit our graduates for day-school teachers, but we have no desire to qualify them for the official exam-Our aim is to give special attention to religious instruction. An important end in view in the establishment of this school is the training of native helpers on the ground, not only for all kinds of evangelistic work, but for giving instruction in day-schools, so as to do away with the necessity of employing heathen teachers." There are also 14 day pupils in attendance at the boarding-school. Two other day-schools in the Pien Ving district, with an average attendance of about 35, are reported. In these day-schools instruction is given from eight o'clock to twelve in the morning, and from two to five in the afternoon. Mr. Abbey regards these as feeders to the boarding-school, preparing the children for entering upon the higher curriculum of the boarding department. The school is conducted

on a most economical basis, the cost of boarding amounting to about

\$1 per month for each boy.

In addition to the house for unmarried ladies just completed, a new chapel is in process of erection, at a very small cost to the Board. This is intended mainly for the accommodation of the children and teachers connected with the two boarding-schools, who have hitherto worshipped in the girls' school building. It is regarded by those interested as a very important addition to their equipment, as the increased attendance at the girls' school demands all available room for teaching purposes.

Mr. Leaman and Mr. Abbey have continued their chapel work during most of the year, although the latter has devoted the more recent

months very largely to the boys' boarding-school.

The continued lack of tangible results in the form of conversions and an organized church, mark this field as a place where strong faith is necessary, especially on the part of those who are face to face with that great mass of heathenism. The workers in that influential centre are commended to the prayers of God's people, that they may be richly sustained in the midst of the discouragements which beset them, and that the blessing of God may so attend their work as that they shall know something of the joy of harvest. "He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves with him." May God hasten the fulfillment of this promise to the workers in Nanking!

# MISSIONS IN JAPAN.

#### Tokyo Mission.

YOKOHAMA: on the bay a few miles below Tokyo; mission begun, 1859; laborers—James C. Hepburn, M.D., and his wife.

Tokyo: the capital of Japan; station occupied, 1869; laborers—Rev. Messrs. David Thompson, D.D., William Imbrie, D.D., Geo. W. Knox, D.D., James M. McCauley, H. M. Landis, D. B. McCartee, M.D., and their wives; Rev. Theodore M. MacNair, Rev. George P. Pierson, Prof. and Mrs. J. C. Ballagh, Mrs. Maria T. True, Miss Kate C. Youngman, Miss Sarah C. Smith, Miss Isabella A. Leete, Miss Annie R. West, Miss Annie P. Ballagh, Miss Bessie P. Milliken, Miss C. H. Rose, Miss Gertrude C. Bigelow, Miss Etta W. Case, Miss Emma Hays, Miss Lily Murray.

In this country: Miss Carrie T. Alexander and Miss Anna K. Davis.

#### Osaka Mission.

KANAZAWA: on the Japan Sea, about 180 miles northwest of Yedo; station occupied, 1879; Rev. Messrs. Thomas C. Winn, James B. Porter, M. C. Hayes, J. M. Leonard, and A. G. Taylor. and their wives; Miss Francina Yorter, Miss Mary K. Hesser, Mrs. S. M. Naylor.

P:OSAKA: a seaport in the Island of Niphon, 33 miles from Miako; station occupied, 1881; Rev. Messrs. Thomas T. Alexander, Charles M. Fisher, John P. Hearst, B. C. Haworth, George E. Woodhull, and their wives; Miss Ann Eliza Garvin, Miss Antoinette Warner, and Miss Alice R. Haworth.

HIROSHIMA: Rev. Messrs. A. V. Bryan, F. S. Curtis, J. B. Ayres, and their wives; Miss M. N. Cuthbert.

In this country: Rev. Messrs. T. T. Alexander, C. M. Fisher, and J. P. Hearst, and their wives.

## Tokyo Mission.

Important changes have taken place during the year in the force connected with this mission. Miss M. L. Reade and Effie Light, M.D. (now Mrs. Falls), severed their connection with the Board; Dr. and Mrs. Knox with their children and Mr. and Mrs. McCauley returned to Tokyo after a furlough in this country; Rev. George P. Pierson, Rev. and Mrs. H. M. Landis, Miss Emma Hays, and Miss Lily Murray joined the mission under appointment of the Board, while Miss Alexander returned to this country on leave of absence. The history of this mission, and indeed of our entire mission work in Japan, continues to be more and more the history of the United Church of Christ in that empire. The fact that several foreign missionary societies are represented in the United Church and that the Japanese element is growing rapidly in numbers and self-support, renders it more and more difficult to determine precisely how much of the general advance is to be credited to the several constituent parts. Most of the ordained missionaries of our Tokyo Mission are very largely engaged in the several departments of the Meiji Gakuin, though in addition to this the older missionaries devote some time to evangelistic work, while the younger men give themselves to the acquisition of the language with a view to wider usefulness in the future. Dr. Hepburn, who still resides in Yokohama, has continued his literary work, notwithstanding the increasing infirmities of age. He writes: "I finished my work on the translation of the Bible last January. Since then I have translated the Book of Psalms into the Roman character. This was published by the Bible Societies in alternative columns with the Revised Version. Along with my native assistant and others, I have also been engaged in adding the References to an edition of the Old Testament, I have also been translating Dr. A. Alexander's 'Bible Truth' into Japanese."

The entire force of foreign missionaries connected with the United Church of Christ is 121, of whom 64 belong to our two missions. Dividing the results of the year by two, we have as our pro rata of additions to the Church 968 adults. The report, however, well says: "This is only a very rough mode of calculation, and the advance of the United Church is the only just test of the results of the work of all combined forces, Japanese and foreign." The evangelistic work of the mission is done for the most part through the Board of Home

Missions, composed of equal numbers of foreign missionaries and Japanese Christians. The report of the mission from the pen of Dr. Knox says: "Only four churches are now aided by the mission, and the largest additions have been in self-supporting churches. Some of the churches and some of the ministers have never had direct aid from any of the missions." When it is remembered that the United Church was formed in 1877 by a union of eight churches comprising 623 members, including baptized children, and that now it numbers 61 churches and almost 9,000 members, of whom nearly 7,000 are adults, the marvellous rapidity of its growth is evident. The report of the mission notes with regret the failure for the time being of the negotiations for union with the Congregational churches of Japan. It is believed, however, that the much-desired consummation has only been postponed.

#### Educational.

The educational work of this mission continues to grow in magnitude and efficiency, the missionaries regarding it as of the first importance in this formative period of New Japan. The Meiji Gakuin (Union College) has enjoyed a year of substantial prosperity. Through the generosity of Dr. Hepburn, a residence for one of the professors has been erected on the college grounds, and Rev. Mr. Miller, of the Reformed Mission, has with equal generosity provided for the erection of a chapel. In addition to this, through the gifts of friends in the United States, the old building of the boys' school has been removed to the college property and greatly improved. friend of the mission has also recently furnished funds for the removal of the theological department of the institution from the Foreign Concession to the handsome grounds on which the other college buildings stand. A total of 246 students were in attendance during the past year, 41 of them in the theological department. Of the entire number, 123 are professing Christians. Since the report was forwarded, intelligence has reached us of a very precious work of grace in the institution, which has touched almost all who had not made a profession of Christianity, many of whom it is believed will now take their stand for Christ.

The faculty of Graham Seminary, situated in the foreign concession, has been increased by the addition of Miss Hays and Miss Murray. Mrs. Davidson also gave instruction in music and English during part of the year. A roll of 176 pupils is reported, with an average attendance of 120. Five students were graduated in June, all of them professing Christians. Twelve of the pupils have been baptized during the year, making the entire number of Christians in the school 32. It is worthy of note that all the members of the present senior class are Christians, and in the next class all but one. A deep religious interest was manifested during part of the year. A society of King's Daughters has been formed with 34 members. The course of study has recently been revised, and the natural sciences are taught in the Japanese language and mathematics in the English. A class has been instructed in foreign cooking during the year. Increased proficiency has also been shown in sewing and in the use of the sewing-machine.

The Sakurai school for young women, located in Bancho, a mile or two from the foreign concession, had 300 names enrolled during the year. Good health, uninterrupted work, and an earnest and faithful spirit on the part of teachers and pupils are blessings thankfully acknowledged in the report. The industrial class, established four years ago, has been continued with an attendance of 13. The object is to assist girls in indigent circumstances to secure an education. study during the morning and work under the direction of Miss Ballagh in the afternoon. Several of the class have already become teachers. As they prove worthy, they are awarded scholarships in the school as these become vacant. Mrs. Kata, an earnest Christian Japanese woman, renders valuable assistance in this department without compensation. It had been thought best by the Board with the approval of the Women's Foreign Missionary Society (Philadelphia) to discontinue the training class for nurses in connection with this school. Before the decision reached Tokyo, however, a contract had been entered into with a new class of six women, who are now under instruction. The course embraces one year in theoretical study and one year in practical nursing, the latter being secured in one of the city hospitals.

Just as this report goes to press an important document has been received from the mission, submitting a plan for the consolidation of Bancho school with Graham Seminary, so that by concentration of effort a first-class institution may be built up in Tokyo. The plan comes with the cordial approval of the entire mission, including the ladies, and will receive the serious attention of the Board at an early day.

Through Mrs. True and Miss Davis a school has been started at *Takata*, northwest of Tokyo. It is intended to be a feeder to Bancho. Miss Davis spent several months there superintending the enterprise. Sixty pupils were in attendance, seven of whom became Christians.

A class of 30 young men was also under instruction.

In addition to the Sunday-school conducted in Bancho, teachers and pupils of the school have given valuable help in several Sunday-schools in the city. Regular preaching services have been held as heretofore at the house of one of the Bible-women, and it is thought that 24 persons have been brought to confess Christ through this

instrumentality.

Miss Smith still continues her connection with the Normal School at Sapparo, an important city in the far north. She devotes part of each day to teaching in the Government School and the rest of the time to more direct mission effort. Of the work in that place she writes: "Our girls' school, which was started two years ago, is in a prosperous condition. Thirteen of the older girls have received baptism, and give promise of becoming earnest Christian women. Several others only await the consent of their parents. In the Normal School there are five Christians, whereas two years ago there was none. On the 26th of August I attended the dedication of the new church at Mombetsu, a place three days' journey from Sapparo. A large, fine house, well built, finished and furnished, was filled with a large and attentive congregation. It was a sight to make our Christian hearts glad. I was the only foreigner present. Five native pastors and

seven elders and deacons were on the platform. When we remember that the first Christian in the town was baptized only two years ago, that the church has more than a hundred members, that they pay their pastor a good salary and have built and furnished a house in which to worship the true God, it seems wonderful."

Misses Alexander, West, and Case have sustained their former relation to the Sho Yei Koto Jo Gakko in the Dai Machi district. The school is a private enterprise, owned and managed by Mr. Okami, an elder in one of our Japanese churches. The teaching of English is in the hands of the ladies and all the religious instruction. Seventy were enrolled during the year, besides 185 children connected with the primary school. The ladies have also charge of the Shinagawa School, which had an attendance of 35, and superintend an important school in Sumi-yoshi Cho, Yokohama, with a roll of 270 children. The facilities for instruction in this last named school have been greatly increased by removal to a building which has recently been secured and fitted up. Miss Alexander has continued her Bible-class for ladies from the houses of the nobles in Dai Machi. Instruction has also been given to five Bible-women. The home built for the ladies in this district has been occupied during the year, greatly to their comfort, besides opening the way for pleasant acquaintance with the people of the neighborhood.

Of the work conducted by Miss Youngman the mission report says: "The schools, primary, under Miss Youngman's care are prospering. One of them has a new house and the other must soon have better quarters. There are 250 children in attendance, and during the past ten years over 1,000 have been taught. The schools are subject to Government control and inspection. The Bible and catechism are taught every day. The Government requires that desks and seats be provided, no longer permitting the children to sit on the mats. It has also decided that the children must assemble on Sundays for moral instruction. Miss Youngman would extend the course of study, adding a 'higher primary school.' Then the boys could go directly to the preparatory department of the Meiji Gakuin, when now they must study for four intervening years in non-christian schools. The Tokyo Bible Institute is rejoicing in its new and ample quarters. Its first class of four members was graduated in 1888. Three of the class are now Bible-women and the fourth is the efficient helper of her husband, a minister. The students combine practice with study, going out as Bible-women in the afternoons. They teach in the primary schools also, and carry on three Sunday-schools with 360 pupils. In the summer the more advanced students help different churches, and the others study for a month at a quiet place in the mountains. The Lafayette Place church of New York has put up a cottage there, Another with room for ten girls is needed. It can be built for \$100. Some of the students are married women with young children, and for their aid a nursery has been started."

From these cheering statements as to all departments of the work, it is evident that the blessing of the Holy Spirit continues to rest upon our mission, and that it is no longer a day of small things with the Christian Church in Japan.

#### Osaka Mission.

The work of the Osaka Mission, as in the case of the Tokyo Mission, is largely blended with that of the "United Church of Christ" in Japan. So far as these common interests and labors are concerned, the main features of the year's history are presented above, in the preceding report, and in the statistical table of the United Church given below. We shall here add the main facts pertaining particularly to the Osaka Mission, whose field lies chiefly, but not wholly, in Western

Japan.

Changes in the Working Force.—During the year the Revs, C. M. Fisher and J. P. Hearst were compelled to return to this country on account of the ill-health of their wives. Miss Warner also, of the Osaka girls' school, reluctantly gave up her work and is now at home recruiting her health. The loss of so many workers in so short a time was keenly felt by the mission. On the other hand the mission has been reinforced by the arrival of Miss Lafferty and of four new men with their wives. With the help of these new arrivals the mission has been able to go forward with the various departments of the work. With the exceptions referred to above, the general health of the missionaries has been good.

New Buildings.—The material interests of the mission have been greatly enhanced by the erection of several new buildings. A large and commodious building for the Osaka girls' school was completed early in the year. Two new dwelling-houses in Kanazawa and one in Hiroshima have been erected. Miss Porter has been provided with a suitable building for her children's school, and the Kanazawa boys' school has a new house built with funds secured by Mr. Winn while in

America.

The Osaka Mission is but a few years old, but God's hand has been with the new enterprise from the beginning, so that every year has been marked by steady growth. The mission now reports one boys' school, one school for children of both sexes, and two girls' schools, all in successful operation. The number of churches is ten, the same as last year. The aggregate membership is over twelve hundred, as against nine hundred for the year before. Several native ministers and a large number of licentiates labor in connection with the churches and in the outstations.

#### Educational Work.

An ever-growing importance attaches to this branch of missionary work in Japan. All the missions in the country recognize the fact, and the great majority of missionaries give more or less time to the work of teaching. An intense longing for an education, including some knowledge of the English language, pervades all classes. From every hamlet and from the most obscure mountain villages the young men and women flock to our mission schools. The Osaka Mission has been doing its part toward meeting this demand. The boys' school in Kanazawa has grown from a small beginning years ago into a flourishing school with 70 pupils. Many of the boys are Christians, and some of them engage in active Christian work, carrying the Gospel

to the neighboring towns and villages. The school has been under the management of the Rev. J. B. Porter for several years. But during the year just past it was thought best for Mr. Porter to remove to Osaka in order to take up the work left by Messrs. Fisher and Hearst on their return to America. The school, therefore, came under the care of the other brethren of the Kanazawa station.

The Kanazawa girls' school has been in a prosperous condition throughout the year. Miss Hesser and Mrs. Naylor have given their whole time and strength to the school and the work among the women

growing out of the school's influence.

Miss Porter has given her time largely to the school for small children which she began some years ago. The work is growing in interest and in importance. The school has now a new building in which Miss Porter has her own rooms. She is, therefore, always present to look after the little ones under her care.

The girls' school in Osaka has been put in a better position than ever before. A large and commodious building has been completed. The Misses Garvin, Haworth, and Lafferty make a good teaching force, and have now 60 girls under their instruction.

All the schools are under a strong religious influence, and many of their pupils have become intelligent and consistent Christians. The schools are centres of Christian light and truth.

#### The Churches.

Among the churches a good work has been done. Most of them have made decided progress, while in some instances the growth

has been remarkably rapid.

The first church of Kanazawa is the oldest in connection with the mission, having been organized in the year 1881. It has been self-supporting for several years, and has been active in missionary work from the first. Its growth is not as rapid as that of some others, but it grows steadily and surely, every year showing an increase in membership. The second church of Kanazawa shows a decided increase both in membership and in the way of contributions also.

The first church of Osaka was organized in 1885 with a membership of 40. Its growth has been rapid from the first. The church became self-supporting soon after its organization. The members had a mind to work, and soon provided themselves with a neat chapel and an organ. The membership is now 250, more than 100 having been added during the year. The second church of Osaka also has made a good record. The growth has been less rapid than that of the first church, but there have been many additions to the church membership, and the zeal and activity of the members have been very commendable.

At Bingo-Machi, Osaka, a preaching place has been kept up for more than a year. About 50 believers have been gathered, and it was expected that a church would be organized some months ago, but owing to some misunderstanding among those who were to form the new church the organization was postponed. It was expected that matters would be satisfactorily arranged, and that soon the

third church of Osaka would be organized. This has no doubt now been done.

The churches at Hiroshima and at Yamaguchi also make a good showing for the year. About 60 were added to the latter during the year 1888.

Reports from the other churches are not at hand, but the above is sufficient to show that God has blessed the churches with His

presence and power to save.

## Evangelistic Work.

Besides the labors of the missionaries and native preachers in connection with the churches there is another important branch of work—viz., that of carrying the Gospel into the remoter parts of the interior. The three mission stations at Kanazawa, Osaka, and Hiroshima are located in the central part of our field, and in connection with each of them there is a large number of outstations where regular work is being done by native preachers assisted by the missionaries, who make tours frequently, visiting the different places. The mission is now in a better position to do this kind of work than ever before. The new missionaries sent out during the year have made it possible to have a strong force at each of the three existing mission stations. But other stations might be occupied without delay if the Board were able to enlarge its work. With the increasing facilities for travel, and the larger treaty privileges, missionaries well placed will be able not merely to attend to the local work of their stations, but also to go everywhere through-

out the surrounding country.

In general it may be said of the field occupied by the Osaka Mission that it was entered much later than the provinces on the eastern coast, and the former has attracted by no means so large a part of the attention of Christendom as the latter, and has consequently received a smaller number of laborers. To say nothing of the region round about Kanazawa, where are important cities yet unoccupied, whose neighborhood also is thickly strewn with smaller towns and villages, there lies in the southern part of the Osaka field the great island of Kyushu, the second in size and population of the three main islands of the empire. Its population is eight or ten At two points on the island, Nagasaki and Kumanoto, various societies have for a long time had stations, but no others of importance have been established, leaving large cities on the coast and in the interior without a missionary of any denomination. Rev. T. T. Alexander, whose residence of ten years in Japan, in connection with the Osaka Mission, entitles his opinion concerning its wants to weight, writes recently in view of the above facts: "In short, our mission needs four or five more men to complete a good working system of stations that will fairly cover our field. With that number of new men we can occupy the more strategic points within our bounds. There are, moreover, several other places where the call for missionaries is loud, and where we might work to great advantage, but I mention only those which now seem to be the most pressing in their demands upon us."

#### MISSION IN KOREA.

Mission begun in 1884; station, Seoul, the capital, near the western coast, on the Han River, and twenty-five miles overland from the commercial port, Chemulpho; laborers—Rev. H. G. Underwood and wife, and Rev. D. L. Gifford; J. W. Heron, M.D., and wife, and C. W. Power, M.D.; Miss M. E. Hayden.

The Korea Mission has been reinforced during the year by Rev. Daniel L. Gifford, Charles W. Power, M.D., and Miss Mary E. Hayden. The present force now embraces two ordained missionaries, two male and one female medical missionaries, two wives of missionaries, and one unmarried female missionary teacher.

The work has been exceedingly prosperous during the year in all its departments. The Spirit of God has rested upon the native Church, and the preaching of the Word by Rev. Mr. Underwood appears to have been attended with Divine power.

In the medical department Dr. Heron has had a threefold work—first, the medical care of the Government Hospital; second, medical practice among natives, including the King and his court; and third, more or less practice among foreign residents, by the special permission of the Board. Though this is generally discouraged, it has been thought that the inception of the work in Korea seemed to justify such an arrangement.

The number of communicants reported is 65, though since the close of the report many additions have been made. Eight young men have received theological instruction for a brief term during the year. Four native helpers are employed, three of whom are at outstations, and four native teachers are under the direction of the mission.

The boys' boarding-school in connection with the hospital reports 36 pupils, and the girls' boarding-school just opening reports 3.

The labors of Mrs. Heron during the year among women and girls have been faithful and assiduous, though at great sacrifice, owing to ill health. Property has been secured for the accommodation of the girls' school, though the mission reports are asking earnestly for the means of enlarging this department of the work. Perhaps in no country recently opened to the Gospel are the encouragements greater than those presented in Korea. The Government realizes the need of caution in regard to what, to the conservative party in the State, may seem undue foreign aggressions; but the general drift of sentiment in high places and in low, if left free and unembarrassed, is in favor of American influence, as the chief hope of independence and rapid advancement in Korea. The fact that teachers for the Imperial College at Seoul have been sought for from this country, is evidence of this, as well as the friendly relations sought for by the Korean Legation at Washington. It is also noteworthy that an American engineer has been employed for opening up the mines of Though to some extent the religious sentiments and superstitious notions of China have been imported into the country, yet there seems to be no such paralyzing influence as the superstitious dread of fung shuay, which has a tendency to keep back the opening of mines, and general advancement in all departments. What is needed is disinterested counsel and sympathy on the part of foreign Governments, and that friendly influence and support which shall strengthen the independence of this Hermit Nation, and not stand in the way of its real progress and the assumption of a recognized stand among the nations. If this can be secured and a basis of confidence and stability reached, there is no reason why the improvement of the country in its educational and its religious interests should not go rapidly forward.

It is a fact worthy of note, that although Christianity, as represented by the Roman Catholic Church, was once supposed to have been expelled from the country, the same was true with respect to Buddhism; the present dynasty has placed the system under restrictions, and the fact remains that Korea is practically without a recognized religion. Shintuism never had any hold in the country, Buddhism is under condemnation, and, although the higher classes are greatly influenced by the Confucian ethics of China, the masses of the people have almost nothing higher than those forms of spirit and demon worship which have found a place among nearly all the savage races of the world.

Here, then, is a country with at least 12,000,000 of inhabitants virtually waiting for a religion worthy of its confidence and its adoption. Here is a race combining many of the best qualities of their Chinese and Japanese cousins, just entering into the family of progressive nations. Such a field should stir the hearts of the Church with earnest desire and prayer that this last decade of the nineteenth century may witness greater and more blessed changes in Korea than have yet been seen in any land.

# MISSIONS TO THE CHINESE AND JAPANESE IN THIS COUNTRY.

SAN FRANCISCO: Mission begun 1852; missionary laborers—Rev. Messrs. Augustus W. Loomis, D.D., and A. J. Kerr and their wives; Miss Maggie Culbertson, Miss E. R. Cable, and Miss M. M. Baskin; three teachers in English; three native helpers.

Among the Japanese: E. A. Sturge, M.D., and wife; one native assistant.

OAKLAND: Mission begun 1877; two teachers; one native helper.

Los Angeles: Rev. I. M. Condit and wife; two native helpers; four teachers in English.

PORTLAND, Oregon: Rev. W. S. Holt and wife.

NEW YORK: One native teacher.

#### San Francisco.

The work in San Francisco has been pursued under the great disadvantages incident to a declining Chinese population. It is difficult to conceive of more untoward influences and surroundings than those which invest religious effort among the Chinese on our Pacific coast. The general sentiment of the lower classes is openly hostile. Political influence, as it appears along all the lines of public service, whether in the courts or in the election precincts, is adverse. To a large extent the Christian communities are more or less indifferent, but there are nevertheless scores and hundreds who realize something of Paul's spirit when he declared himself as "debtor both to the Greeks and to the Barbarians," and who, like him, seem to feel that having in trust that Gospel "which is the power of God unto salvation to all them that believe," they have a responsibility which is only to be met by active and prayerful service. There are devoted men and a much larger number of devoted women of whom as of one in New Testament times it may be said, They have done what they could.

The Sabbath attendance, morning and evening, in the Chinese church of San Francisco has been good. Sabbath-school and Bible-classes have been maintained. Prayer-meetings, and especially the Monthly Concert, have been the centres and the sources of goodly influence. In these meetings for prayer and praise, the singing, which has been largely assisted by the Christian girls from the Chinese Women's Home, has proved an attractive element, and at the same time has wrought a salutary and elevating influence.

The missionaries of the Board have joined with those of other Societies in maintaining a union street-preaching service, which has usually been well attended.

There are at present 96 members in the San Francisco church, 30 of whom, however, are absent in mining towns. In the Oakland church the number of church-members is 64. The number connected with the Sacramento church is 30. Including the members at Napa, Santa Rosa, San Rafael, Alameda, and San Jose, there are 218 members connected with the San Francisco Mission. To these may be added the 79 members of the Japanese church in San Francisco, and the 15 Japanese at Alameda, making a total of 312. The whole number who have been received to the communion of these churches from the beginning is 518.

The contributions of the church in San Francisco for the year amounted to \$734. At Oakland, \$215; Sacramento, \$190; Napa, \$65; Santa Rosa, \$51; San Rafael, \$131; Alameda, \$15; San

Jose, \$10.

The work of the Young Men's Christian Association in San Francisco is well reported. It has afforded earnest Christian young men an opportunity to bring forward their acquaintances and to introduce them first there and afterward to the Christian services, and in the end

to bring them hopefully to Christ.

As in previous years, the correspondence devolving upon Dr. Loomis and Mr. Kerr has been very large, principally with Chinamen in all parts of the country. Many of these have at one time or another been connected with the church or school in San Francisco, and naturally look to their old instructors for advice in many things, and often for help amid the persecutions that they are called to encounter from the failure of local courts to do them justice. A large correspondence, also, is thrown upon these missionaries by those who, in all parts of the country, wish to obtain information in regard to the Chinese and the work among them. These are largely teachers in Chinese Sunday-schools. More or less correspondence, also, is maintained with China, the old home to which many Chinamen have returned. It is gratifying to know, from letters received from the Canton Province, that here and there in the interior towns are found traces of the good work done on our Pacific coast. If the numbers gathered are not large, if the present and conspicuous fruits of the work are not great, the trying circumstances under which it is carried on, and its peculiar relations to the problem of our intercourse with China and the establishment of Christianity there, invest this work with an importance in view of which the hearts of Christian people should not be discouraged.

There is much skepticism even in the Church in regard to the capacity of the Chinese for Christian development and the realization of the Christlike spirit, but no year in the history of our work among the Chinese in this country has yet failed to bring forward marked instances in which the leaven of the Gospel has accomplished blessed results. The following brief sketch from the pen of Mr. Kerr is an

instance :

"Poon Wai came to us from Canton six years ago with a cordial letter from one of the churches in that city. It was evident that he could not endure heavy, exacting labor, so he became the sexton of

our church. We also found work for him in some offices on Montgomery Street. He did his work faithfully, winning from the gentlemen whose offices he cleaned, the character of being the best man they ever had had in their offices and 'a Christian if ever there was one.' But it is his spiritual life that merits special mention. I do not think I ever saw a more truly humble and devoted Christian. Holy Spirit plainly dwelt in his heart. I think all instinctively felt this. Many times, when other members of the church were working for their own advantage or pursuing their own pleasure, have I found him in some quiet room or secluded corner, with one or more young men, to whom he was teaching the way of life, or whom he was endeavoring to lead into the richer pastures of God's truth. Poon Wai was not simply respected in the church, he was beloved, so that when he became seriously ill with a complication of diseases, every endeavor was made to help him, and two physicians were called in to treat him. And when at length in July last he passed away, the Christian community in the Chinese colony in San Francisco mourned as I believe it has mourned for no other man. His death was a triumph, and to the last his concern was about his friends and the church that he loved. The expenses of his funeral were borne by popular subscription, and a goodly sum was also collected and sent to his aged mother and to his widow in China."

# The Occidental Woman's Board of Forcign Missions.

During the year the Occidental branch of the Woman's Foreign Missionary Society of the Presbyterian Church, has, with the cordial acquiescence of the mother Society in Philadelphia, been constituted an independent organization known as The Occidental Woman's Board of Foreign Missions of the Presbyterian Church. This step has been taken only in view of the increasing dimensions of the work and the need of compact local organization, and in recognition of the heavy responsibility which rests upon the Presbyterian women of California. The prayers of all who love the cause of missions will attend its efforts.

#### The Chinese Woman's Home.

The report of the Chinese Woman's Home in San Francisco sets forth in a few terse sentences the nature of its work. "More girls are being rescued than ever before in our history. Miss Culbertson has almost lived in the court-room for the past month, contending for the possession of those recently brought to our city. It will soon be a question where to put them, we are so crowded. No work could more eloquently appeal to the hearts of Christians in America than this. Here are young waifs in tender childhood brought to our shores for the vilest purposes. But the law is all on the side of rescue, for this is now the only remaining and absolute slavery, and a slave can no longer be held on our soil. Still, when these young girls are brought to the Home, legal contests are frequently set on foot by those who wish to reclaim them as their property." This brief sketch describes accurately the real situation.

Numerous homes have been established by the marriage of Christian young men to the girls who have been saved and trained to Christian womanhood in this Home. At present the number of inmates is 24

1s 34.

The Occidental school carried on in connection with the Home, is full to overflowing, many applicants waiting for the first vacant place. The teacher, Miss Dascomb, reports increased interest and a welcome to the homes of the children. Forty-six children are at present enrolled.

In the department of house to house visitation, Miss Cable reports that 100 scholars have been visited in their homes. A large number of calls were made, especially during the Chinese New-Year, when homes not often opened to foreigners were especially accessible.

Miss Worley, a recent graduate of the Medical College of San Francisco, and a prospective medical missionary to China, has given instruction during the year in the primary class of the Chinese Mission church. Miss Houseworth and Miss Margie Culbertson have taught the Home school, besides giving assistance in the duties of the Mission Home. Mrs. Carey in San Jose, Mrs. Wheeler in Sacramento, Mrs. MacKenzie in San Diego, and Mrs. Condit in Los Angeles, all associated with the Occidental woman's work, have elsewhere been noticed in the general report.

### Mission to the Japanese in San Francisco.

The Japanese work in San Francisco is subject, in some degree, to the same difficulties as that of the Chinese. Though there is not the same hostile feeling toward the Japanese, yet they are for the most part only temporary residents who have come to America for the purpose of learning the practical ways of business or for some similar errand, and who after a certain period return to their native land. They are, however, as a class most teachable and even anxious to learn not only business but religious truth, and it is believed that in returning to Japan, they as a rule continue to exert a Christian influence, connecting themselves with those of their countrymen who have found the light of the Gospel at home.

Dr. and Mrs. E. A. Sturge have labored indefatigably for the good of these young men. At the Sabbath and Wednesday-evening services there has been an average attendance of 38. Often every seat of their somewhat narrow quarters has been occupied. Nineteen have been added to the church, six by letter and thirteen upon profession of faith. Among the latter were a father and son of unusual intelligence. The father had been a teacher in the public schools of Japan, and came to California to perfect his knowledge of English. At a recent communion service two earnest young men, one a physician and the other studying with the ministry in view, were ordained elders.

The Sabbath Bible-class has averaged 27 members. The church collections amounted to \$134, one-fifth of which is to be used for mission work in Japan. The contributions of the Japanese Young Men's Christian Association for the support of the Association Home amounted

during the year to \$1,802. The educational classes have continued

about the same as last year, averaging 25.

The work of the Young Men's Christian Association among these young men has proved most useful as a means of uniting them together in a common interest and zeal for the truth, and it promises still wider influence when they shall return to Japan, and in the different communities to which they go, shall extend the leaven of this same influence, and lead, as we may hope, to the formation of numerous associations in their native land.

A young man who returned to Japan not long since to practice as a Christian physician at Osaka, has already been the means of leading his wife to trust in Christ. Three of the young men are availing themselves of the opportunities found in San Francisco to improve their medical knowledge, that they may go back to Japan as physicians, and three others are studying for the ministry in the San Francisco Theological Seminary, one of whom has nearly finished his second year. young men from the mission fields are to come to this country to advance their education, the method pursued in San Francisco would seem to be the wise one. These young men are not pampered and spoiled by the injudicious and mistaken kindness of Christian people. They are not raised out of their own rank and natural circle of sympathies. They are simply strengthened in their qualifications and their earnest Christian purpose, that they may go back to Japan and live among their people and be of their people, taking their chances as Japanese ministers and physicians and not as would-be Americans, and therefore objects of jealousy and distrust on the part of their countrymen.

It is a matter of regret that Dr. and Mrs. Sturge have been compelled to resign their work among the Japanese of California on account of ill health.

#### Oakland.

In the Chinese work in Oakland there has been a decided improvement during the year. Two earnest ladies have given special attention to it, and with blessed results. Six young men, all of whom were scholars in the school, were baptized during the year, and appear to be bright, hopeful Christians. The Sabbath congregations have largely increased in numbers and interest, and the Sabbath-school has grown under the sympathetic superintendence of Mr. Knight, a deacon in the First Presbyterian church. Four young men were dismissed during the year to churches in New York City. Ng Pang Chew, a young man of promise, has been under instruction in preparation for the ministry. During vacation he did excellent work among the Chinese in the fishing villages around the bay.

Of the 64 members of the Oakland church, 10 are in China, and may not return unless the present Chinese Exclusion Law is repealed or modified. Others are scattered in different parts of this country. Correspondence is, however, maintained with them, with a view to encouraging constancy and active devotion. Very generally these young Chinamen are supporting families, either wives or children, or parents, brothers or sisters in China. Notwithstanding these drafts they have

been liberal contributors.

#### Sacramento.

At Sacramento the work has suffered during the year by the sickness and removal of the young lady who had taught the school with much acceptance. The vacancy has of late been filled, and new hopes are entertained. The young men have raised about \$120, with which they have renovated and beautified their school premises. Two young men were baptized during the year and two children. During the interval in which the school was left without a teacher, Mrs. Dr. Wheeler, wife of the pastor of Westminster church, has carried on the school. Her interest has been helpful and constant through the year.

# Napa.

The little band of Christians at Napa have remained faithful, "holding the fort." Lee Sing, the leader of this little band, is one of the most humble and devoted disciples of Christ. Before his conversion he was a man noted for violence of temper, but since he has learned the law of Christ, all accounts bear witness to the complete change of character which rules his heart and even lights up his Chinese face. For a time, as the report states, when tempted to anger he would run to his room for a moment and bury his face in his hands, while he prayed for help. He is head cook in the Collegiate Institute, where his influence over the other Chinamen is such that it has often been remarked that "no Chinaman need go to work there unless he is willing to become a Christian." Such testimonies are worthy of regard and imitation by men of whatever race.

#### Santa Rosa.

At Santa Rosa the Chinese school continues to be small. Two young men have applied for baptism. Earnest ladies, volunteering their services, have kept up the work of instruction.

# San Rafael,

At San Rafael, Miss Walker, though in feeble health, has continued throughout the year her devoted labors. The school has grown until the room has been crowded. One young man was recently baptized. Three others have united with the Young Men's Christian Association. The native helper, Nam Art, is doing good service.

#### Alameda.

At Alameda, Mrs. Fraser continues to give one of her parlors, and her own valuable services, to the mission with a rare devotion and zeal. Her scholars have caught something of her spirit, and are faithful students. The Christian young men are members of the Oakland church. Mrs. Fraser in a local report says: "Notwithstanding frequent changes we have many encouragements. On prayermeeting evenings we have a larger attendance than on any other evening of the week. The pressing need for this year is a mission building where we can hold services on the Lord's day, and a home for our Christian young men."

### San Jose.

At San Jose the Chinese quarter has been burned, and other difficulties have stood in the way of a successful prosecution of the work. Matters are now settling down, and the outlook is more favorable.

# Los Angeles and its Outstations.

The Chinese church at Los Angeles, under the care of Rev. I. M. Condit, assisted in many ways by Mrs. Condit, has been fairly encouraging, notwithstanding many difficulties. The number of members at present is 36, two having been added during the year. There have been about 100 different scholars in attendance at the evening-schools. Mrs. Noble and her son and daughter have been faithful assistants of Mr. and Mrs. Condit in the work. At a recent union meeting, held in the chapel, 60 Chinamen filled the principal seats. At another Chinese Sabbath-school union meeting over 100 Chinamen were present, when a young Christian, who not many years ago studied his alphabet under Mr. Condit, made an effective and eloquent address in the English language.

About \$180 has been contributed by the Chinese for carrying on the work, which, however, has not grown correspondingly with the rapid growth of the city. As the city becomes larger, the Chinese are more and more scattered, and the difficulty of attendance upon religious services is increased. The aggregate of work is greater than appears from this report, inasmuch as other Christian denomina-

tions are taking hold of the common work with laudable zeal.

The Sabbath-school numbers about 40 pupils, and has from the beginning been under the faithful superintendence of Mr. J. C. Salisbury.

The report speaks with deep regret of the decease of Wong Kwong, whose loss is greatly felt in the church. His life was one of earnest devotedness, presenting the graces of the Spirit in an unusual degree.

Mrs. Condit has continued her work among the Chinese women, having had 10 under regular instruction, besides 5 children; and 1 has united with the church. During the absence of Mrs. Condit for a period last summer, Miss Duncan and Mrs. Chapin carried on her work among the women.

### Santa Barbara.

At Santa Barbara, Miss Twitchell has been engaged with encouraging success as a teacher. There have been 8r pupils under instruction during the year. Two have been received into the church, and three others are desirous of being baptized. Miss Mary Rowan has given musical instruction to some of the promising pupils, with good results.

The first Chinese convert baptized in Santa Barbara—Chong Wung, a prosperous merchant—has recently married a wife from the San Francisco Woman's Home. The event is important chiefly as illustrating the practical influence of the work in all its aspects. While the young, brainy Chinaman, full of enterprise, is being taught the

English tongue and the precepts of the Gospel in a Chinese mission school at Santa Barbara, a young girl—snatched from destruction and trained up to pure, Christian womanhood in the San Francisco Home—is in the providence of God being prepared to become his worthy wife, and the twain present to the skeptical and the bitterly opposed the grand object-lesson of a Christian Chinese home. It is by littles that such work goes forward, perhaps; but its influence stretches away into the future, and it is of such elements as these that all Christian civilization, even our own, has been built up from age to age.

### San Diego.

Work has just been opened in San Diego, the Presbyterian church in that place having for a long time manifested an interest in the Chinese. A school has been formally opened, due largely to the interest of Rev. W. B. Noble, D.D., and others who have seconded his efforts. In a letter dated January 15th, Dr. Noble says: "I am happy to report the formal opening of our Presbyterian Chinese mission last night for regular work. It has seemed to be imposed upon us as a duty, and I have finally set it going, trusting that the Lord will provide funds for its support." The teacher of the school, Mrs. McKensie, is an experienced and devoted Christian teacher. The school numbers 20, and is held in the room of the Christian Endeavor Society connected with the church. Dr. Noble's church numbers 13 Chinese communicants. Three others, pupils in the school, are candidates for baptism.

A work is also being commenced at San Bernardino. Rev. J. A. Merrill is superintendent of the Chinese school, and having previously worked among the Chinese in San Francisco, is well fitted for this service.

At Colton, Mrs. Donald, wife of the Presbyterian pastor, has manifested her love for the souls of the Chinese by opening a school, which has been attended by 7 Chinamen.

# Portland, Oregon.

The mission in Portland, under the direction of Rev. W. S. Holt, has made fair progress. In addition to the work carried on by Mr. Holt in the evening-school and Sabbath-school, and the efforts among the women by Mrs. Holt, there are now eight schools in the various towns and cities outside of Portland, connected with the general movement for instruction to the Chinese. Now, as heretofore, much opposition is found in public sentiment, which sets strongly against the Chinese; but at the same time there are earnest Christians in many places who seem resolved to present the better side of our Christian civilization, and to demonstrate the difference between sordid commercial and political interests, and the Christlike spirit which is supposed to actuate His Church. The providences of God are pointing in the direction of manifest duty, and as the general movement of the Gospel and of Christian civilization has been from East to West, so its Westward course should still continue until the great empires

of the Eastern Hemisphere shall have acknowledged the name of Christ.

Fifteen communicants are reported as representing the professedly Christian Chinamen of that city. The number of Sabbath-school scholars reported there and in two smaller towns, is 46. Sixty-eight pupils have attended the night-school in Portland, a smaller number than heretofore, owing to the migration of the Chinese. The attainment of the Sabbath-school and Bible-class pupils in the knowledge of the Scriptures has been very encouraging. Three weekly prayermeetings have been held, which were attended by all the Christians as a rule, and frequently by others. House to house visitation has been carried on by Mrs. Holt and by Ah Ho, who gives her assistance gladly.

# The Woman's North Pacific Board of Missions.

The Woman's North Pacific Board of Missions was formed several months ago, under the presidency of Mrs. W. H. Ladd, of Portland, and is organized for efficient work in both Home and Foreign Missions.\* It is with much gratification that the Board sees evidences of a growing interest all along the Pacific coast, in the work of extending the Gospel to the heathen as well as to the frontiers of our own land. It is felt that the time must come when the churches of our Pacific coast will more than ever realize their obligations to the heathen nations just beyond them across the deep. Commercial intercourse will be close and intimate, and spiritually the bonds of sympathy must be direct and heartfelt. The extended hand of womanly help and sympathy is now stretched across the seas.

### New York and other Eastern Cities.

The work among the Chinese on the Atlantic coast is extended throughout nearly all the principal cities, and is in the main a volunteer work, having no dependence upon the Board of Foreign Missions. That in New York, however,—the mission carried on under the direction of Mr. Huie Kin,—is still supported by the Board.

The Sabbath services and the school sessions during the week

have been maintained with increasing numbers, and with a good degree of interest. Six have been received into the church, of which Rev. George Alexander, D.D., is pastor. This work is designed to supplement that of volunteer Chinese schools, and it is carried on by faithful volunteers, only Mr. Huie Kin receiving aid from the Board.

<sup>\*</sup> The territory covers Oregon, Idaho, Washington, and Alaska, and embraces six Presbyteries, all within the Synod of Columbia.

### PAPAL EUROPE.

Steps have been taken during the year toward a more systematic plan for aiding the Protestant Churches of the Presbyterian faith and order in Continental Europe. The different missionary organizations of France united at the beginning of the year in the employment of Rev. L. Y. Bertrand to interest the American Churches in the missionary work of the French Protestant Societies, with the understanding that the funds contributed in answer to his appeals should be divided pro rata among the missionary interests which he represented. Mr. Bertrand has been laboring with a fair degree of success among Presbyterian churches as well as others. In accordance with his desire, the Board in January took action expressing earnest sympathy in the missionary work of the French Protestant Churches, and offering to receive and transmit or hand over to Mr. Bertrand, without charge, all contributions which our Presbyterian churches might choose to entrust to its care. The Board has received from Presbyterian churches under this arrangement \$1,785, which has been handed over to Mr. Bertrand.

It is to be hoped that the different churches and missionary organizations of the Continent of Europe which are connected with the Presbyterian Alliance, may agree upon some general plan of this kind as a permanent arrangement. When fully understood and recognized by our churches, such a plan will, it is hoped, result in securing a much larger total contribution for these worthy objects. Many of the infelicities attending the rival efforts of several different organizations in Papal Europe, all involving large expenditures in the collection of funds, would be removed, and the confidence of the churches, resting upon stable foundations, might be expected to result in a more steady support. Whatever agencies should be employed for the purpose of diffusing information and of stimulating the gifts of the people, would be recognized as working in harmony and for a common object.

In addition to the funds named above, the Board has distributed amounts in aid to the various Continental Churches as follows:

Evangelical Society of Brussels\$489.00
Evangelical Society of Geneva 489.00
The Waldenses,019.16
The interest on permanent Waldensian fund1,326.00
Funds collected through Mr. Bertrand2,135.31
Total\$5,458.47

A SUMMARY VIEW of the Foreign Missions of the Presbyterian Church, May 1, 1889.

## ACTION OF THE GENERAL ASSEMBLY.

The Report of the Board of Foreign Missions, and the manuscript volume of its Minutes, for the year from May 1, 1888, to May 1, 1889, were presented to the General Assembly at its meeting in New York, on May 16, 1889, and were referred to the Standing Committee. This Committee consisted of Ministers M. Woolsey Stryker, Frederick H. Brown, D.D., Robert H. Fulton, D.D., Thomas H. Cleland, D.D., George J. E. Richards, Walter S. Rudolph, Jesse F. Forbes, Joseph L. Potter, and Elders Edward Wells, David Cory, James C. Woodruff, Charles B. Adamson, Henry Small, John Abercrombie, Samuel Irwing.

On Wednesday, May 22d, this Committee reported to the Assembly recommending the approval of the Minutes of the Board and the adoption of the following resolutions, both of which recommendations were approved:

Resolved: 1. That the Minutes of the Board be signed as approved.

- 2. That William M. Paxton, D.D., John D. Wells, D.D., Robert Carter, William A. Booth, and Ezra M. Kingsley, whose term of office is now expired, be re-elected.
- 3. That we utter our gladness over the zeal and labors and unceasing petitions of all our Women's Boards.
- 4. That we urge upon all our sessions to see that the superintendents of our Sabbath-schools secure a far larger attention to the work of this Board as part of the education of our children and that all proper means be used to secure offerings from all our schools for Presbyterian Foreign Missions in the month of December, if no better time is preferred.
- 5. That we counsel all our pastors and ministers to guard against lethargy in fully acquainting their people with the history, the needs, the motives, the progress, and the hope of this blessed work.
- 6. That in response to an overture from the Presbytery of West Jersey referred to this Committee, which asks for the appointment of a special committee by this Assembly to secure Simultaneous Missionary meetings to be held in all our churches in November, we reply that such a committee is not needed to do what may safely be left to the Standing Committee of Synods and Presbyteries.

But that we reiterate the recommendations made by the last two Assemblies touching this matter and trust that all our Presbyteries will plan for and secure such concerted action. And we recommend that the first Sabbath in November

of this year be observed as a day of special supplication for missions through our entire Church.

7. That we recommend to our Board of Foreign Missions to formulate some plan by which all our churches shall be induced year by year, and in time for each Assembly, to report a certain sum to which they will severally stand pledged for the work of Foreign Missions for the Assembly's year next following, thus obviating many of the harassing uncertainties incident to the present casual methods of giving, and securing contributions from a large number of churches who do not remember this cause.

And further, we recommend the Board to consider whether one of the present Secretaries might not wisely be assigned to the work of securing such pledges and their fulfilment.

8. That we cannot retreat from the recommendation of the last Assembly that not less than a full million of dollars should be the present and cheerful offering of our Church to this cause.

## BOARD OF FOREIGN MISSIONS.

### MEMBERS OF THE BOARD.

1887-1890. CHARLES K. IMBRIE, D.D., GEORGE ALEXANDER, D.D., —————————,\* HENRY 1DE, WARNER VANNORDEN.

1888-1891. Charles H. Parkhurst, D.D., R. R. Booth, D.D., Hooper C. Van Vorst, LL.D., George S. Coe, Darwin R. James.

1889-1892. WILLIAM M. PAXTON, D.D., JOHN D. WELLS, D.D., ROBERT CARTER, WILLIAM A. BOOTH, EZRA M. KINGSLEY.

#### OFFICERS OF THE BOARD.

JOHN D. WELLS, D. D., President.
MR. WILLIAM A. BOOTH, Vice-President.
JOHN C. LOWRIE, D.D.,
FRANK F. ELLINWOOD, D.D.,
ARTHUR MITCHELL, D.D.,
JOHN GILLESPIE, D.D.,
WILLIAM DULLES, JR., ESQ, Treasurer.

LETTERS relating to the Missions, or other operations of the Board, may be addressed to any of the Corresponding Secretaries, 53 Fifth Avenue, New York.

LETTERS relating to the pecuniary affairs of the Board, or containing remittances of money, may be sent to WILLIAM DULLES, Jr., Treasurer, same address.

THE CHURCH AT HOME AND ABROAD contains a large amount of Foreign Missionary matter. It is the organ of all the Boards; price, one dollar a year; published by the Board of Publication and Sabbath-School Work, 1334 Chestnut Street, Philadelphia, Penn.

Woman's Work for Woman and Our Mission Field, published monthly, under direction of the Woman's Foreign Boards and Societies, at 53 Fifth Avenne, New York. Price, 60 cents a year. Address orders as above.

CHILDREN'S WORK FOR CHILDREN, published monthly for the Woman's Foreign Boards. Price, 35 cents a year. Address, 1334 Chestnut Street, Room 25, Philadelphia, Penn.

FORM OF BEQUEST.—The Board is incorporated by an Act of the Legislature of the State of New York. The corporate name to be used is—The Board of Foreign Missions of the Presbyterian Church in the United States of America.

CERTIFICATES of Honorary Membership may be had on the payment of thirty dollars; and of Honorary Directorship on the payment of one hundred dollars.

<sup>\*</sup> A vacancy occasioned by the death of the Rev. James P. Wilson, D.D., which occurred during the sessions of the General Assembly.

An Act to incorporate the Board of Foreign Missions of the Presbyterian Church in the United States of America:

Passed April 12, 1862.—Chapter 187.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1.—Walter Lowrie, Gardiner Spring, William W. Phillips, George Potts, William Bannard, John D. Wells, Nathan L. Rice, Robert L. Stuart, Lebbeus B. Ward, Robert Carter, John C. Lowrie, citizens of the State of New York, and such others as they may associate with themselves, are hereby constituted a body corporate and politic forever, by the name of the Board of Foreign Missions of the Presbyterian Church in the United States of America, for the purpose of establishing and conducting Christian Missions among the unevangelized or Pagan nations, and the general diffusion of Christianity; and by that name they and their success ors and associates shall be capable of taking by purchase, grant, devise, or otherwise, holding, conveying, or otherwise disposing of any real or personal estate for the purposes of the said corporation, but which estate within this State shall not at any time exceed the annual income of twenty thousand dollars.

SECTION 2.—The said corporation shall possess the general powers, rights, and privileges, and be subject to liabilities and provisions contained in the eighteenth chapter of the first part of the Revised Statutes, so far as the same is applicable, and also subject to the provisions of chapter three hundred and sixty of the laws of eighteen hundred and sixty.

SECTION 3.—This act shall take effect immediately.

# SEVENTIETH ANNUAL REPORT.

With gratitude to God for favors manifold and thanks to friends for their helpfulness by word and deed, the Board of Education presents to the General Assembly its Seventieth Report. The days of its years have thus been three-score and ten; and by reason of strength ever increasing, it seems to give promise of surviving beyond fourscore.

The meetings of the year have been well attended, and a deep interest and happy harmony have characterized all its proceedings. Towards its close two members left us, having been called away to distant fields of labor—one, our president, the Rev. J. F. Dripps, D. D., who had served in his office with great acceptance for six years, and was invited to settle over the Independent Presbyterian Church in Savannah, Georgia, and the other the Rev. Marcus A. Brownson, who was invited to the First Presbyterian Church, in Detroit, Michigan. Their resignations leave two vacancies to be filled—one in the division whose term expires this year, and one in that which expires next year.

The number of candidates recommended to the Board continues steadily to increase. Those accepted amount to 772, which makes 33 over those of the year previous. Several were declined because they came after the Board had decided not to receive any more in consequence of a lack of funds; and others, who being "special cases" and not coming strictly under the rules, added so largely to the number of this class already received that the Board thought it wise to wait for further warrant from the Assembly before accepting them. Owing evidently to the great demand for laborers, the Presbyteries seem to have been forced to recommend to us more than usual of those who proposed to take a short course of study in preparation for ordination. The question presses: Shall the Board encourage them in this tendency? Shall its rules be changed in this direction? It is referred to the Assembly for a definite answer. The Board earnestly requests it.

But the contributions have not come in proportionately with the increase of the candidates. At first, soon after the issue of the circular

sent out by the Assembly's committee, there was a liberal response on the part of many Churches. But later the interest awakened seemed to subside, and with the exception of a few notable instances of largeheartedness the donations have been mostly small, even from churches whose size warranted the hope of a larger blessing. little wonder that we look at the long columns of 1's and 2's and 5's that run down our day-book, and we ask ourselves, can it be possible that the pastors or elders of these churches have let their people know how pressing is the want for ministers throughout our country, and how real is the necessity for helping to educate a large portion of our candidates, if we would have them such as our work But perhaps, being new-comers, they did not understand the merits of the cause; or the collection was taken up on a rainy day; or there were too many applications for money crowding each other; or the church as a whole had been prejudiced against the policy and work of the Board by some unfortunate failure in the character and conduct of a candidate that had been under the care of the Board. We will not therefore complain; but express our thanks for the amount of support that has been granted during the year, and our hope for more next time.

# AN IMPORTANT QUESTION.

Here, perhaps, it may be well to consider how far the Presbyterian Church is actually succeeding in supplying itself with a ministry educated up to its standards. Its aim is high. It may be asked: Is it reaching it? The answer to this question will indicate the degree of practicability there is in its high aim, and what the effort to attain it calls for. In determining this matter it will be fair to take an average of the supply of ministers for the last five years, and compare it with the average demand.

On the supposition that our regularly educated ministers are nearly all sent out from our Theological Seminaries, we naturally look to their catalogues for information in regard to supplies. Taking then the number of graduates from our twelve Institutions, including those for the Germans and for the Colored people, we find that they have averaged 161 per year for the term specified. But all these cannot be counted on for our service. A number come from other bodies to get the benefit of our excellent advantages, and will in all likelihood return to them—some to the Southern Church, full forty of whom are

reported in a Southern journal as studying with us, and some to the North, to New England and Canada. Several also are fitting themselves to become Professors and Teachers; and some may prove incompetent. Making then a fair deduction of at least twenty on these scores, we may put our available annual supply at about 140 ministers. But it must be remembered that not all these graduates have taken a full course of study. A few are admitted to the Seminaries as exceptional cases and are permitted to dispense with Greek, or Hebrew, or both; and a still larger number are not college graduates. Judging from the indications in the catalogues a low average for these classes would be 30 per year; for it must be borne in mind that we include our colored institutions in our estimate. Accordingly our fully rounded educated supplies furnished out of our own body may be reckoned at 110 annually. It is right, however, to add here that there has been an increase in the number of graduates within the last two of the five years under consideration which gives better hope for the future.

Now for the demand. With the above mentioned 140 graduates from Seminaries, there is, first of all, a gap to be filled, left by 110 ministers who die annually, plus the 30 dismissed to other bodies, in all 140. Then there are over 1,000 vacant churches of all sizes to be supplied. Besides these, we are adding to our list 118 new churches every year, which form our net increase that remains after losing 77 by dissolution and dismission. So much for the adequacy of our supply of regularly educated men to meet the home demand alone. It must be confessed that on the grade of our standard the deficiency of the supply is painfully large. We have thus far been hardly more than holding our own.

But there is another source of supply which we may suppose to be drawn from our body. The average number of ordinations is reported at 166. This is 26 more than our Seminary graduates. Moreover we are licensing 179 candidates yearly, which is 39 more. These numbers reveal approximately the extent to which our Presbyteries feel constrained to call into service partially educated men to help out the deficiency just shown. So far are we failing to keep up to our standard of qualifications in the ministry we are furnishing.

In view of these facts, it may be asked how we are getting along as well as we are. This is explained by another important fact. We

are taking? in yearly 82 ministers from other bodies to make up for our lack. This is nearly three times as many as we give in return. And several of these bodies, we know, ordain on a lower grade of qualifications than that fixed by us. Still further, we are admitting into our churches as "stated supplies," ministers who do not belong to our Presbyteries. How many these are it would be difficult to state exactly. Some years ago a careful statistician reckoned them at about two hundred. Such, notwithstanding the large number and fine character of our institutions, and the intelligence and, we may add, the professed piety of our membership, is the extent to which we are dependent on outside help for carrying on our work.

Plainly enough then, whatever may be some aspects of our condition which seem to indicate the contrary, we are far from meeting the demand in the number of ministers that we are supplying, nor are we maintaining our standard in trying to do so.

Accordingly, another question arises: Is our Church aiming at the impracticable? Can it accomplish what it has set out for? Or must it acknowledge failure and change its policy? Or, again, must it adhere to its policy, and limit its efforts at church expansion? To keep a thousand churches constantly vacant in its own body is a source of weakness. To have seventy dissolved every year, largely from want of care, is a discredit to our zeal, and shows a waste of missionary effort. To lower its standard is to go counter to its long-cherished traditions, and to abate somewhat of its high claims as the conservator of sound Christian doctrine.

One thing is plain. If we are to keep to our policy and do our full share in the evangelization of the country and of the world, it becomes our ministers and churches to put forth far greater efforts than they are now putting forth, to enlist young men in the Gospel service. There are large numbers of students in our colleges, professedly religious and endowed with the requisite natural gifts for the ministry, who might, by an earnest and thoughtful presentation of the claims of Christ upon them, be induced to consecrate themselves to this blessed calling. And this should be the work both of pastors and professors. Much has been done in this line by individuals who had the cause at heart; and much more might be done by others if only their attention were turned to the subject. What is needed is a trumpet voice from the General Assembly to rouse the churches to a just consideration of our

actual condition, and to earnest prayer and effort for obtaining more laborers to enter into the waiting harvest.

The Assembly should also urge the ministers to a more explicit presentation of the cause to their churches that they may be induced to contribute more liberally to the Board. Our yearly experience convinces us that the meagreness of contributions to us is due to the absence of information and impulse from the pulpit. No cause that requires moral effort can be left to take care of itself. If it is to be properly sustained the reasons and motives for it must be frequently reiterated. And this is a duty which pre-eminently devolves on the ministers. When they send us candidates for aid let them therefore see to it that their churches furnish also the means for aid. There are whole Presbyteries that are sending us three and four candidates each, while all the funds they send will not amount to a single scholarship. And some of our larger Synods are annually drawing two and nearly three times as much from the treasury of the Board as they contribute. Under such circumstances it is not surprising that the Board should feel obliged to refuse candidates, and to incur a heavy debt in supporting those whom it If the Church insists on having liberally educated ministers, it is but fair that it should help to educate them when it is necessary.

# CONSEQUENCES OF FAILURE.

First, this large dependence on ministers from other bodies can not but operate unfavorably in many instances. Some of those who have come to us in their maturity from closely related denominations have undoubtedly proved to be most valuable accessions. They have joined our body with enlightened convictions and their names are starred upon our roll of honor. But can this be asserted of all? Will not the majority be likely to bring with them their old habits and preferences, remain in ignorance of our ecclesiastical polity and and methods of operation, and fail to develop as they ought the faith and activity of their churches homogeneously, so as to preserve their Presbyterian character? This is what might be expected. It would be strange indeed were this not the case. Nor is it surprising that so many of the churches under their management give little or nothing to many of our Boards, not being instructed in the merits of their causes, or even being made aware of their existence. Evidently this large dependence on alien leaders, while it adds to our strength in part, can not but be attended with serious disadvantages. Yet, at our rate of ministerial productiveness, the thing is inevitable. The churches must have preaching and care; else they die. And if they cannot get ministers of their own kind, they naturally get them where they can. We cannot blame them.

Another result is the temptation on the part of churches and Presbyteries to license and ordain imperfectly educated men for pulpit The recently developed activity among the laity has brought into exercise such gifts of effective address and skill in dealing with persons religiously, as encourage the hope of success in the ministry even without a scholastic training. Such young men accordingly are often licensed and ordained as they are (no provision being made for giving them even a partial education), in the belief that they will be able to do something towards sustaining at least some of our mission organizations. And it must be confessed that not a little good has been accomplished by them. But there is danger that such licensing and ordaining of men trained only in a practical school will open a gap too wide between different portions of our ministry, and free scope will be allowed for the venting of crude doctrines and opinions and of strange interpretations of Scripture under the sanction of our church. And is not this an evil to be deprecated and avoided? Yet it must be incurred if we fail to make provision for educating adequately all that appear to be called of Christ to his service. And to incur it is to create a scandal where there should be edification. If ever there was a calling which required a good training in those who are engaged in it, it is the Christian ministry. And if we cannot secure in all a knowledge of science and philosophy and of the Greek and Hebrew languages, let us insist at least on a thorough acquaintance with the English Bible and with the doctrines of our Church, and with the art of public discourse, and also that no less important art of dealing skillfully with individuals in all their varieties of age and character and temperament so as to win the respect and confidence of the congregations served. Better this, than resort so largely to those brought up Our Church should see that she makes the under alien influences. most of her own sons before she has recourse to comparative strangers.

# PROSPECT FOR THE COMING YEAR.

The prospect of supplies for the coming year as indicated by the catalogues of our Theological Seminaries is an improvement on that of last year.

The graduates from Princeton number 53, an increase of 1; from Western, 18, a decrease of 4; from Auburn, 32, an increase of 10; from Lane, 14, a decrease of 5; from McCormick, 41, an increase of 5; From Danville, 2, an increase of 2; from San Francisco, 2; from Biddle, 5, one more; from Lincoln, 18, an increase of 8; from the German Theological School at Bloomfield, 5, two more; from that at Dubuque, 4; total, 194. This is a happy advance of 16 beyond the number last year. Yet it must be remembered that all these are not in our connection.

But a review of the above figures shows that the capacities of several of our Seminaries for accommodating students are by no means exhausted. They could take in many more very profitably if only they could be had. And why can they not be had? It is not because there are not Christian young men in our colleges sufficient enough to fill them and meet all the demands for service. The number of these is now unusually large. What is needed is greater effort to turn their attention to the high claims of Christ and of their Church and of their country and of the world upon their spiritual labors.

# CONTRIBUTIONS.

The number of churches that have contributed to this Board the past year is 2900, less than half the whole number. The burden of this cause, it will be seen is sustained by a comparatively small proportion of our congregations. And to them the Church as a whole owes a large debt. May their pulpits always be filled with able ministers of the new covenant.

The result of this withholding by the others has been, first, the necessity of declining 17 recommendations sent to us by the Presbyteries of men who, as we were assured, needed help and were worthy of it, and would be obliged to suspend their studies for want of it. This is a matter to be deeply regretted. It raises a question which the Board begs respectfully, but earnestly, to put: Whether it is honest and consistent for the Church to go on praying for more candidates for the ministry, and to be calling upon pastors and teachers to urge young men to give themselves to this work, in face of the fact that the Board has been compelled to turn back during the past year so many suitable and promising young men simply and only because of the lack of money. More would have offered themselves had their been any hope of aid. Secondly, there has been a necessity for

keeping the scholarships at the low rate of \$100 cach. This is too little, only about one-third of a student's necessary expenses at college. The problem of obtaining the rest is with many a very hard one to solve. It breaks them down in health and spirits. As an illustration of this we take the liberty of citing a passage from a letter written to us quite recently by one who is well reported to us by his professors. It was dated at the small hours of the night when the writer ought to have been resting. "I thank you," he writes, "for your encouraging words and prompt relief. I am pretty certain that I would not now be in college and would have abandoned all thought of the ministry had the strain continued much longer. What I have suffered here for the last two years is enough to kill a man, soul and body. I am far from being out of poverty yet, as my only income still is the \$10 a month which I get for working two evenings a week and nearly all of Saturday and all of Sunday. If I do not get something better next year I fear I shall have to give up studying." His Pastor who is burdened with other dependents has also kindly aided him with a suit of clothes. Nor is this by any means a solitary case. are some now under our care who started in their course of study with the determination of working their way through independently, but found the task too arduous a one for their strength. And these are the men whom the church cannot afford to lose. Their very hardships are indeed a part of their training; but these should not be allowed to press so hard as to break them down. A third result is a strong argument furnished candidates for taking a short cut into the ministrythe very thing which the Board was appointed to obviate,

# CANDIDATES AIDED.

The number of candidates under care of the Board has increased from 739 to 772. They are distributed through their course of study as follows: In the Theological Seminaries, 326; in Colleges, 387; in the Academic department, 59.

Classified according to race and nationality: 37 are Germans; 108 Negroes; 3 Scandinavians; 3 Bohemians; 5 Bulgarians; 2 Japanese; 1 Spaniard; 1 Mexican; 1 Brazilian; 1 Syrian; I Indian. The rest are Anglo-Saxon, Scotch and Irish.

In point of scholarship, 235 are marked "High," 325 "Medium +," 208 "Medium," 4 "Low." Those marked "Low" are retained on special information from their instructors that their excellence in other respects, warants hope of success in the ministry.

Those who have completed their studies at the Theological Seminaries, and have been graduated this Spring, are as follows: From McCormick, 26; Princeton, 25; Lane, 11; Union, 10; Auburn, 9; Lincoln, 9; Western, 7; Dubuque, 4; Newark, 4; Biddle, 4; Danville, 2; San Francisco, 1; Howard, 1.

Four promising students have been called away by death.

The Board has been obliged to drop 7 on account of ill health, and for marked disqualifications in attainments and character; 5 have withdrawn, having found other means of support.

The Institutions at which our students have been studying, by the advice and consent of our Presbyteries, are tabulated below. It will be seen that they are not all in direct connection with our Church. The wish of the Presbyteries has been complied with in every instance where the rule has not forbidden it. The reason most commonly alleged for desiring to study in other than our own institutions is that it was more economical or more convenient.

The members whose term of service expires this year are as follows: Ministers—J. F. Dripps, D. D., J. S. MacIntosh, D. D., and Irwin P. McCurdy, D. D. Elders—Wm. Fewsmith, A. M., S. Field and Geo. H. Stuart, Jr.

All of which is respectfully submitted.

By order of the Board,

D. W. POOR,

Corresponding Secretary.

# Telling Results of the Educational Policy.

Of the present Roll of 5789 Ministers, 2356 were aided by the Board and are reported in the Minutes of the General Assembly for 1888, as follows:

Doctors	1098	Principals of Academies, 12
Pastors,	556	
Stated Supplies,	990	
(550 of this total are Home Missionaries)	1654	Superintendents,
	93	Secretaries, 9
Foreign Missionaries,	95	Editors,
Church and Sabbath School Mission-	00	Chaplains, 4
aries,	23	Colporteur,
Presbyterial Missionaries,	3	Treasurer, 1
Synodical Missionaries,	2	Librarian, 1
District Missionaries,	1	Agante
Licentiates,	54	Agents, 4
Dicemates,	01	Honorably Retired, 141
Presidents of Literary and Theological Institutions,	21	Without Charge, 245
Professors,	41	2356
		2000

Ninety-seven per cent. of the average amount expended each year in aiding students since 1870, has been invested in men who have entered the ministry.

Do not the fruits of this Board justify its support?

# FORM OF A DEVISE OR BEQUEST.

All that the Board deems it important to furnish is its corporate name, viz.: The Board of Education of the Presbyterian Church in the United States of America.

The State laws differ so much that no one form will answer in all the States.

Letters and Communications for the BOARD OF EDUCATION, relating to the general concerns of the Board, to candidates for the ministry, reports, appropriations, etc., are to be addressed to the Corresponding Secretary (Rev. D. W. Poor, D. D.), No. 1334 Chestnut Street, Philadelphia.

Remittances of Money should be sent to the Treasurer, Mr. Jacob Wilson, same address.

The following form may be used in most of the States:

# RECEIPTS FROM MISCELLANEOUS SOURCES.

# APRIL, 1888.

Miscellaneous.—W. D. Ward, Esq., 18; Rev. J. L. Wilson, 3; C., Pa., 1; Mrs. Richardson, 10 cts; E. P. Gilbert, 27 50; Mrs. Isabel Russell,

Miscellaneous.—John Taylor Johnston, Esq., N. Y., 100; Mary Vance, 5; Rev. S. Huyser, 1; E. A. Darlington, 25; Wm. Elliott, 2; Rev. W. L. Tarbet and wife, 96 cts.; "C., Penna," 2; Society of Inquiry, Union Theo. Sem., 12 75; C. T. Kissam and wife, 27 50.

Refunded.—"O. N. V.," 50; Rev. W. H. Hays, China, 45; Rev. J. D. S., 50.

Miscellaneous.—Rev. Jonathan Edwards, D. D., 1; Rev. Geo. Burliagame, 5; W. S. S., 10; Rev. W. L. Tarbet and wife, 93 cts.; C., Penna., 2; Calvin DeWitt, M. D., 20; George T. Gould, Esq., 27 50; C. P. Ring, 150.

Miscellaneous.—Rev. D. G. Collins, 15; Rev. W. H. Robinson, 10; Rev. W. L. Tarbet and wife, 93 ets.; C., Penna., 2; E. P. Gilbert, 27 50; C. H. Langdon, 25. Refunded.—"O. N. V.." 50.

# AUGUST.

Miscellaneous — W. R. J., 50; Mrs. M. F. Kerr, 5; Miss E. F. Pattison, 2; Rev. L. B. Crittenden, 5, Rev. W. L. Tarbet and wife, 1–89; C., Penna., 2; C. T. Kissam, 27–50.

Refunded.—15; Rev. J. D. S., 25.

# SEPTEMBER.

Miscellaneous.—"D. R. H.," 5; "C., Penna.," 2; Mrs. H. M. Bergen, 100; Mrs. Thomas Russell, 50.

# Refunded.-Rev. George Burlingame, 5. OCTOBER.

Miscellaneous.—Rev. J. E. Nourse, 1; On account of Beebe mortgage, 150; Rev. D. A. tount of Beene mortgage, 150; Rev. D. A. Heron and wife, 8; Herman Bessey, 10; Rev. W. J. Hazlett, 6 40; Miss E. E. Mowbray, 1,000; Rev. W. L. Tarbet and wife, 96 cts.; °C. Penna.." 2: °J. G. T., "Bogota, 10; G. T. Gould, 27 50; Mrs. Lucy J. Grimes, 41 66. Estanded...—50; Dr. D. R. Roger, 20; Rev. R. P. Meronis, 10 Refunded.—50; I R. Marquis, 10.

# NOVEMBER.

NOVEMBER.

Miscellancous.—J. R. Esselstyn, 3 27; Rev. and Mrs. Sherrard, 10; Rev. J. H. Dulles, 8; "From a friend," 5, From Hatch legacy, Rochester, N. Y., 59; Rev. D. R. Crocket, 1; Rev. D. H. Robeson, 5; Rev. W. L. Tarbet and wife, "thank offering," 10 02, "C., Penna," 2; H. T. Schall, 4; "Beginners at Jerusalem" Clinton St. Emanuel ch., 50; E. P. Gilbert, 27 59; Mrs. I. Russell, 50.

Refunded.—66; "J. D. S." 25; Rev. W. T. Findley, 5; Rev. D. R. Rodger, 5; H. B. McBride, 20; Rev. Homer Sheely, 85.

## DECEMBER.

Miscellaneaus.—"For continued health," 10;
Mrs. Jane B. Worth, 1; Sarah E. Aman, 10,
Cash, Jack-sonville, Ill., 3; "J., Kalamazoo,"
5; W. M. Findley, M. D. 5; S. J. M. Eaton;
D. D., 9; Rev. Stephen Torrey, 100; "A. C.,
Lime Springs, Lowa," 1; Rev. S. Murdock 5;
J. P. Jones, 13 50; Miss Margaret Hamilton,
5; Caspar Lott, 3; Mrs. Jane L. Park, 5; "C.,
Penna." 2; C. T. Kissam, 27 50; F. A. Ferris,
130; Mrs. B. W. Raymond, 50; T. W. Synnott,
240. 240.

# Refunded .- " D.." 25.

# JANUARY, 1889.

Miscellaneous.—Rev. H. Loomis, Yokohama, Japan, 50; A friend, 5: Rev. W. J. McKee, Ningpo, China, 5; Rev. Geo. F. Fitch, Shanghai, China, 25; Lydia, 100; Rev. J. L. Wilson, 3; Cash, 15; Rev. A. A. Mathers, 5; Rev. W. L. Tarbet and wife, 96 cts.; C., Ja., 2; Geo. T. Gould, 27 50; Beginners at Jerusalem of Clinton St. Immanuel ch., 50; Mrs. Lucy L. Grippe, 11, 66; Miss Mary Hedges St.

of Clinton St. Immanuel ch., 50; Mrs. Lucy J. Grimes, 41 66; Miss Mary Hedges, 80; Refanded.—19; Porter Lee Chester, New York (prin. and int.), 1056 80; J. J. Charlton (prin. and int.), 261 44; Peter V. Davis (prin. and int.), 111; Rev. J. G. Brady, Sitka, Alaska, 250; J. B. Devins, 30; A. G. Copeland, 50; C. E. F., 10; Dr. D. R. Rodger, 5.

# FEBRUARY.

Miscellaneous.—Rev. W. B. Boomer, Chili, 6–25; A friend, 31–50; Friendsville Academy, 200; Rev. David Wills, D. D., 5; Rev. Alex. Guy. acc't of note, 100; Rev. R. L. Clark, 6; Beebe mortgage (bal. of principal), 575; C. N., a thank-offering, 30; Frank. L. Janeway, Esq., 289–70; K. H., 5; Religious Contribution Soc. of Princeton Sem., 7–19; Rev. W. L. Tarbet and wife, 1–86; E. P. Gilbert, 27–50.

# MARCH 1st. to APRIL 16th.

MARCH 1st. to APRIL 16th.

# APPENDIX.

# ACTION OF THE GENERAL ASSEMBLY.

The Standing Committee of the Assembly consisted of the following persons:

Ministers.

GEO. T. PURVES,
JOHN T. DUFFIELD,
W. W. FARIS,
HARVEY L. VAN NUYS,
DAVID E. PLATTER,
EUGENE H. AVERY,
JAMES A. PAIGE,
WILLIS E. PARSONS.

Elders.

WARNER VAN NORDEN, JOHN S. CROWELL, F. RIDGLEY GRAHAM, JOSEPH D. MILES, GEORGE BREARLEY, JOHN ODELL, ELIAS M. MILLER.

The Committee presented their report on Thursday, May 23, 1889, through their Chairman, Rev. Geo. T. Purves, D. D., which was accepted. The Assembly was then addressed by Rev. D. W. Poor, Corresponding Secretary of the Board, and others.

The Report was unanimously adopted, and is as follows:

The receipts of the Board during the last year, from all sources, have been \$89,934.69, an increase of about \$2,500 over last year. But of this total only \$58,504.98 has come from the churches, a decrease of about \$8,500 from the contributions of the previous year. Only 2,900 churches have contributed to the Board, and the vast majority of them have sent very small sums. The report justly uses this language: "It is with no little wonder that we look at long columns of ones, twos and fives that run down our day book, and we ask ourselves can it be possible that the pastors or the elders of these churches have let their people know how pressing is the want for ministers throughout our country, and how real is the necessity for helping to educate a large portion of candidates if we would have them such as our work requires."

More than half of the churches have contributed absolutely nothing. Not a few of the Synods, including even such large, strong ones as Illinois, Indiana and Ohio, have drawn from the treasury of the Board more than the amount of their gifts to it. The evident inference from all this is either that the cause has not been presented to cur churches or that the Church does not take any general interest in it. We cannot believe that the latter is the true explanation. We feel sure that the cause has not been fairly stated, and, if so, then the responsibility for the comparative failure of the work lies in no small degree upon the officers of the Church herself. It would at least seem manifest that the Church has little reason to expect a sufficient supply of men when she proclaims herself unwilling to provide adequately for the education of those who need her help.

# THE NUMBER OF CANDIDATES INCREASING.

While the receipts are far from satisfactory, the number of candidates is on the increase. The committee said:

The number of candidates, moreover, recommended to the Board continues to increase, so that her resources are quite exceeded by the demand which already exists Seven hundred and seventy-two were accepted during the last year, thirty-three more than in the year previous; and this increase of candidates is matter for great thankfulness

though the supply still falls far short of the demand. Of these 772, fifty-nine have been pursuing their academic studies, 387 have been in colleges, and 326 in theological seminaries. It appears from the report of the special committee, already submitted to the Assembly, that the total number of our candidates was last year 997; this would leave only 225 not aided by the Board, so that more than three-fourths of the Church's candidates for the ministry require assistance in obtaining their education. This fact should be laid to heart by the whole Church.

The ranks of the ministry are not filled from the wealthy or well-to-do classes of the community. All honor to the faithful fathers and mothers who, in comparative poverty, consecrate their sons to the service of Christ, and all honor to the boys who turn aside from the allurements of wealth to struggle into the ranks of the ministry. But the fact (whatever we may think of it or however we may explain it) proves the necessity of such an agency as the Board of Education. It is utterly incredible that these 772 young men do not really need, then, the aid which they receive. We have too much faith in their honesty and in our Presbyteries to consider such a thing possible in anything but a few cases. If the Church call for men, the men who offer themselves require aid or they cannot respond to our appeal. The Church must manifestly enlarge the resources of the Board or limit her supply of ministers.

The Standing Committee on Education recommended:

- 1. That our churches be called upon to pray with special earnestness that the Lord of the harvest may send forth laborers into his harvest; that our ministers be directed to urge the claims and privileges of the ministry on the young men of the Church, and that our people be solemnly exhorted to hold the ministerial office in such honor that the children of our families may be led to consecrate themselves in greater numbers to it. To this end we also recommend that on the first Sabbath of next October (or on a Sabbath as near thereto as may be convenient) our ministers preach to young men with special reference to the Church's need of ministers.
- 2. That the sessions of all our churches be enjoined to see that the Board of Education have its cause fairly presented to the congregations at least once in every year.
- 3. That the Board be informed that in the opinion of this Assembly all candidates recommended by Presbyteries should be aided, so far as the funds will allow and the conduct and diligence of the candidates prove them worthy; since it rests with the Presbyteries to determine what cases should be regarded as "extraordinary."
- 4. That Presbyteries be directed to exercise great care in recognizing cases as "extraordinary."
- 5. That the Board be directed to exercise its discretion in making its appropriations, to the end that the aid received by the candidates of the same grade from all sources may be equalized as far as practicable.
- 6. That in view of the large numbers of ministers who yearly enter our Church from other denominations, the Presbyteries be warned of their responsibility to see that these brethren are not only in full harmony with our system of doctrine and polity, but that they are competent to pass the same tests of preparation which we require of our own sons.
- 7. That each Presbytery be directed to keep a permanent register in which shall be recorded the names of all students that come under its care, their course and place of study, and, if possible, their subsequent fields of labor, and that Presbyteries also be careful to inform the Board when any candidate fails to carry out his original pledges.
- 8. That Revs. J. S. MacIntosh, D. D., and Irwin P. McCurdy, D. D., and Elders William Few Smith, Samuel Field and George H. Stuart, Jr., whose terms of office expire with this Assembly, be re-elected, and that Rev. Hughs O. Gibbons be elected in the place made vacant by the resignation of Rev. J. F. Dripps, D. D., and Rev. John Dickson, D. D., in the place made vacant by the resignation of Rev. M. A. Brownson. Adopted.

# RULES OF THE BOARD OF EDUCATION RELATING TO CANDIDATES FOR THE MINISTRY.

I.—Dependence of the Board of Education upon the Presbyteries of the Church.

- I. The Board of Education shall receive and aid candidates for the ministry of the Gospel only upon the recommendation of a Presbytery of the Church; and the Presbytery is responsible for their examination, subsequent care, and the designation of the annual amount of aid to be granted to them, within the limits set by the General Assembly.
- 2. The Board will in each case look especially to the Education Committee of the Presbytery for filling out and forwarding the form of recommendation required for the reception of a candidate, and also for the pastoral care of the same, until his entrance upon his official duties.
- 3. As a general rule, the Board will receive any young man of whose examination and recommendation in conformity with its requirements proper notification has been given; but it shall be at liberty to refuse new candidates beyond its ability to support them; and it will not give aid to students from the foreign missionary field unless they have been recommended by our foreign missionaries abroad, or have come to study in this country by a special invitation given from this Board upon the request of other duly recognized church authorities, or of missionaries resident on the fields from which they come.

## II.—RECEPTION OF CANDIDATES.

- I. The encouragement of a young man to enter the Gospel ministry is a matter of serious concern both to himself and to the Church; and it should be given only by those who have proper knowledge of his mental and moral character, accompanied with much counsel and prayer, and directly by a single desire for the glory of God. Every candidate should join that Presbytery to which he would most naturally belong; and he should be introduced to it either by his pastor or by some member of the Education Committee after such acquaintance as will warrant his taking the responsibility of so doing.
- 2. The Presbytery, in examining students with a view to their recommendation for aid, must embrace such points as are indicated by the following questions, to which definite answers, by the direction of the Assembly will invariably be required by the Board: What is the candidate's name? Age? Residence? Is the Presbytery satisfied as to his experimental piety? As to his motives for seeking the ministry? As to his talents? As to his health? As to his promise of practical efficiency? Is he free from expensive and injurious habits? What is the lowest amount of pecuniary aid required to supplement his really necessary expenses till the end of the present collegiate year? Of what congregation is he a member? How long has he been in the communion of the Church? What is his stage of study? Where studying? Has he been recommended to Presbytery by his Church Session? If in a Theological Seminary, has he pursued a collegiate course or its equivalent? Can he recite the Westminster Assembly's Shorter Catechism? Give the name of a responsible person (usually a member of the faculty of the institution, or his pastor) through whom the scholarship can be sent.
- 3. No candidate shall be received by the Board who has not been a member of the Presbyterian Church, or of some closely related body, for at least one year; who has not been recommended to the Presbytery by the Session of the Church of which he is a

member; and who is not sufficiently advanced in study to enter college, except in extraordinary cases.

#### III.—Scholarships.

- 1. The annual scholarships to candidates shall be the same in amount for theological and collegiate students, and not exceed \$150; for those in the preparatory course the amount shall not exceed \$100.
- 2. These Scholarships shall be paid to a student only on the reception of particular and satisfactory reports from his professors, embracing the following points: Christian Character? Scholarship? Rhetorical Ability? Punctuality? Economy?
- 3. The Board may increase or diminish, in a general ratio, the Scholarships in case of unusual surplus or deficiency in funds.
- 4. No payment shall be made in advance. Each payment shall be acknowledged by a receipt signed by the candidate, or by the person authorized by him to receive it. And this receipt shall contain a pledge to return the amount given, with interest, in case he of his own accord turn aside from his ministerial calling.
- 5. In order to suit the period when the students most need assistance, and when the reports from professors can be most satisfactorily made, the reports shall ordinarily be made on the first days of October, January and April. The payments of a student whose recommendation is made at any time between those days may be expected to commence at the date of it.
- 6. The Board will in no case be responsible for the debts of students; but it is expected of them that the scholarship shall be first applied to the payment of tuition and boarding.
- 7. The payments to candidates shall cease regularly at the close of the collegiate year, or earlier when the time for which they were recommended by the Presbytery has expired, and these shall not be made in cases of prolonged ill health which may unfit them for the work of the ministry; or when they are manifestly improvident, or contract debts without reasonable prospects of payment; or when they marry; or when they receive assistance from any other educational board or society; or, when from private circumstances, they cease to need aid.
- 8. The sums of money appropriated by the Board shall be refunded to it, with interest in case a student fail to enter on or continue in the work of the ministry (unless it appears that he is providentially prevented); or if he ceases to adhere to the standards of the Presbyterian Church; or if he changes his place of study contrary to the directions of the Presbytery, or continue to prosecute his studies at an institution not approved by it or by the Board; or if he withdraws his connection from the Church of which this Board is the organ, without furnishing a saisfactory reason.
- 9. A scholarship afforded by the Presbyterian Church, through the Board of Education, is not to be given or regarded as a loan, to be refunded by those who comply with these rules and regularly enter the ministry, but as her cheerful contribution to facilitate and expedite their preparation for it; and they are only obligated by it to a warmer interest in her efforts for the advancement of the Redeemer's kingdom, and especially to the use of the means necessary to instruct and stimulate her members in the duty of multiplying and sending forth preachers of the Gospel of salvation to all the world.

## IV.—CARE OF CANDIDATES.

1. Candidates are required, except in extraordinary cases, and then only with the explicit permission of their Presbyteries, to pursue a thorough course of study, preparatory to that of theology, in institutions that sympathize with the doctrinal teachings of the Pres-

byterian Church; and, when prepared, to pursue a three years' course of theological studies in some seminary connected with the same Church, and no work of preaching is allowed to interfere with the diligent and faithful prosecution of their prescribed studies until the close.

- 2. The Board can rely only upon the Education Committee of each Presbytery for the regular care of its own Candidates, which should include the constant exercise of a parental oversight over them in spiritual things, and the bestowment of the counsel they need as to their mode of preparation, their place of study, their trials, and the occupation of their time, while not engaged in study, in employments which will tend to qualify them for effective usefulness as pastors or evangelists.
- 3. The Board shall assist the Presbytery in its care of candidates, by furnishing annually to the Education Committee, a summary of information from the professors' reports as to the standing of each student; and the Corresponding Secretary shall exercise a general supervisory care over them, also visit and address them, when practicable, at the institution where they are, in regard to their duties and the claims of the office which they have in view.
- 4. The recommendation of each candidate must be annually renewed by his Presbytery, if possible, at the spring meeting, in connection with one from the Session of the Church of which he is a member, and a specification must be made of the amount needed by him; and until the notification of these points has been received, a student will not be considered as upon the roll for the year.
- 5. Recommendations, or renewals of them, made by an Education Committee in the interim of the Sessions of a Presbytery, shall be received as sufficient, provided its action is reported to the Presbytery at its next session, and not countermanded to the Board.
- 6. If, at any time, there be discovered in a student such defect in capacity, diligence, and especially in piety, as would render his introduction into the ministry a doubtful measure, it shall be the sacred duty of the Board to communicate without delay the information received to the Education Committee of his Presbytery; and if, on careful inquiry on the part of the Presbytery, no satisfactory explanation of the defect can be obtained, or if no response be received by the Board from the Presbytery or from its Committee on Education, within the current quarter, it shall be the duty of the Board to withdraw its aid altogether.
- 7. Special care should be exercised by the Presbytery in the examination of students who are about to enter upon the theological course, according to the instructions of the Form of Government (Chap. XIV. Sec. III.): and this examination should be conducted by the Presbytery, and be entirely satisfactory as to the "real piety" of the students, "and the motives which have influenced them to desire the sacred office," before they are allowed to take this final step towards assuming its great responsibilities.
- 8. The annual report, occasional publications of this Board, and a copy of the Confession of Faith, shall be sent gratis to all students under its care who request them.

## V.—Particular Duties of Candidates.

I. Inasmuch as the great aim of the Church, in the establishment of the Board of Education, is the increase of holy and faithful preachers of the Gospel; the young brethren who look to this work are earnestly and affectionately reminded that all intellectual acquisitions are of little value without the cultivation of piety, and that they are expected and required to pay special attention to the practical duties of religion, such as reading the Scriptures; secret prayer and meditation; occasional acts of special consecration of themselves to Christ and to His service, as their Redeemer and as the Lord of all; at-

tendance at regular meetings on the Sabbath and during the week; endeavors to promote the salvation of others; and the exhibition at all times of a pious and consistent example.

- 2. Inasmuch as the scholarships granted by the Board will necessarily fall short of a full support of the students, it will be expected that they and their friends will make all proper exertions to supply whatever may be wanting.
- 3. When a student shall find it necessary to relinquish study for a time, in order to increase his means for support, by teaching or otherwise, he shall first obtain the consent of the Education Committee of the Presbytery, or of the Board; and if when given, he shall not be absent from study more than three months, his scholarship will be continued; but if longer, it will be discontinued, or continued in part, according to circumstances.
- 4. It shall be the duty of each candidate connected with the Board to report himself, soon after the meeting of the General Assembly, to the Education Committee of his Presbytery, as to his progress, wants, and prospects; and when any of the requisitions of the Board which affect him may not be carried out by teachers or others, it becomes his duty to see that they are attended to, that delays and losses to himself may be prevented.
- 5. The reception of a scholarship by a student shall be considered as expressing a promise to comply with all the rules and regulations of the Board.

# VI.—Special Rules for Colored Candidates.

- 1. The Board will take none under its care as candidates for the ministry among the negroes during the preparatory course unless after a season of thorough trial and approval both as to piety and ability, through two or three years—as reported by their teachers.
  - 2. Such students are not to be aided more than two years before entering college.
- 3. It is not regarded as advisable for any colored student to pursue a full collegiate course who does not evince an aptitude for study that will enable him to reach at least a grade of 70, out of a possible 100, in sciences and languages.
- 4. In case a colored student evinces peculiar gifts for the ministry, aside from his ability to acquire a knowledge of the sciences or languages, he should be advised to pursue a wholly English course in History, Exegesis, Theology, Moral Science, etc.
- 5. The attention of the Presbyteries and Instructors is called to the great importance of having immoralities on the part of students under the care of this Board reported to it as soon as possible, after such lapses from Christian character shall be known.
- 6. In order to discharge the trust imposed upon the Board with conscientions fidelity, the Committees of Presbyteries, who commend students to the care of the Board, are requested to furnish the Board with full and minute information as to the moral and Christian character, and the real mental ability and promise of the candidates so commended.
- 7. As there is a difference of expense in attendance at different institutions, and as it is one of the rules of the Board that students shall ask for the minimum sum that will meet their needs, therefore when the Board knows that any named sum at the special institution will suffice, the allowance from the Board shall not exceed that amount.
- 8. As it is enjoined in the Rules and urged upon the Board, by a special resolution of the Assembly, of 1878, (see Minutes of General Assembly, p. 47) that candidates enter and remain in the Presbytery to which they naturally belong, and by the Assembly of 1884 (see Minutes of General Assembly, p. 87) it is enjoined that candidates under the care of the Board pursue their collegiate studies in institutions that are in sympathy with both the doctrines and polity of the Presbyterian Church, the colored students under the care of the Board are *enjoined* to remain in connection with their proper Presbyteries, and to attend in both their preparatory and Collegiate courses, schools, either under the care of the Freedmen's Board, or taught by teachers in connection with our Church.

# Presbyterial Recommendation of a Candidate to "The Board of Education of the Presbyterian Church in the U. S. A."

AFTHE Board of Education has been instructed hereafter invariably to require in connection with the acceptance of a student, and before promising him aid from the funds of the Church, definite answers to several important questions which may conveniently be given according to the form below.

A candidate, in order to receive aid, must have been a member of the Presbyterian Church, or some closely related body, for at least one year: be recommended to Presbytery by his church session; and, except in extraordinary cases (colored students, and those of foreign populations, especially), be prepared to enter college.

pared to enter college.

The recommendation, both by church session and Presbytery, must be renewed annually, if possible at the spring meeting of the Presbytery, and should state the lowest possible amount within the limits set by the General Assembly that the candidate requires to meet his necessary expenses for the year.

The following form will also answer for Annual Renewals; such questions as that of the candidate's age, and that of his length of time in communion with the Church, if answered before, evidently need not be repeated; but, on consideration, it will be manifest that almost all the other questions deserve annual inquiry.

This form is for the use of teachers or professors of literary or theological institutions, in reporting to the Board the progress and character of students for the ministry under their care, who have been recommended by the Presbyteries for aid from the finds of the Church. The grade or opinion on the points specified may be given in the terms: High, Medium+Medium, Medium—and Low: or in such other terms as will best express the views of the Reporter. Under "Scholarship," the class standing may be inserted.

The report should be made carefully and conscientiously; and returned, without inspection by others, by the authorized teacher or professor directly to the Seard. Any additional remarks or statements will be gratefully received, and may be very useful to the Board.

Regular appropriations are made at the meetings of the Board within the first half of October, January, and April. All reports (those for a potition of a term included) should be made at those times. The blanks above, for the name and locality of the institution, the term (or portion of it) covered by the report, and the date of sending, should be filled up; and they should be mailed a sufficient time before the close of the preceding month to reach the Office of the Board before the

It is respectfully suggested to instructors that it would be well to privately remind students before the spring meetings of the Presbyteries, of the necessity of the annual renewal of the Fresbyterial recommendation to the Board, in order that aid may be continued.

# REPORT OF THE STANDING COMMITTEE

ON

# THE BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

The report of the Standing Committee on Publication and Sabbathschool Work having been amended, was adopted, and is as follows:

The Standing Committee on the Board of Publication and Sabbathschool Work would respectfully submit the following report:

Our first inquiries were directed to the Sabbath-school work—a most important agency in the evangelistic operations of our beloved Church; and it is with devout thanksgiving to God that your Committee found this department of the Board's work conducted in accordance with the principles adopted at the reorganization of the Board two years ago, and the results have been in a high degree satisfactory.

The operations of the department may be divided into three general classes, namely:

- 1. The organization of new schools;
- 2. The strengthening of schools already in operation; and,
- 3. The securing of the co-operation of old and strong schools in the support of the work.

To secure the organization of new schools, missionaries are employed. We highly commend the employment of well-qualified ministers or laymen as permanent missionaries. Of these, thirty-four are in the service at this time, with seventy theological students now in commission, who will labor during their vacation. This is a large increase of the working force on the Sabbath-school field, and seems to be justified by the results of their labors.

The missionaries report the establishment of S31 schools, with 3416 teachers and 29,615 scholars. This ingathering of neglected youth and adults into the Sabbath-school fold was accomplished by exploring destitute neighborhoods, travelling 177,567 miles, making 4113 addresses and visiting 45,834 families. They also encouraged and aided 1885 schools; they donated 33,123 volumes of our excellent literature, gave away 2707 Bibles and Testaments and 1,631,267 pages of tracts.

We also find that the Missionary Committee granted 14,002 pages, making a total of 1,645,278 pages of choice religious reading.\* Though the employment of students is temporary, involving considerable expense, the usefulness of their appointment is demonstrated by the fact that more than one half of the 831 schools were established by these sons of the prophets. In their labors with the people and for the people, these young men gained valuable knowledge and experience.

The Board, for the extension of Sabbath-schools and for the encouragement of voluntary labors, offered gratuitously the appliances necessary to begin a school and a selection from our valuable literature, on condition that the school thus established should be approved by the committee appointed by the presbytery within whose bounds it is located. As a result of this offer 117 schools were organized.

The fields occupied by our Sabbath-school missionaries not only include the sod houses and dug-outs of Nebraska, Dakota, Montana and Utah, but our missionaries have taken the Bible-school, with its divine text-book, oral religious instruction and Christian literature, into the sunny South, and planted its banner amid the cabins of the freedmen and the humble homes of the poor whites. This department of the work is capable of indefinite extension and full of hopefulness. The impressible and confiding mind of the young is ready to receive the good seed of the word, to learn of Christ and his great salvation, and to realize the uplift of the gospel, intellectually, socially and religiously. Every consideration of interest and duty, of patriotism and religion, touches the great loving heart of the Presbyterian Church and impels its Board in charge of the Sabbath-school work to push with energy, wisdom, faith, liberality and love its Sabbath-school operations, wherever the people sit in moral darkness and in the shadows of spiritual death.

Your Committee consider the contributions of our Sabbath-schools in support of the Sabbath-school Missionary Department of vital importance, both in the education of our young people in the principles and practice of Christian beneficence and in the funds they contribute to sustain the work. We heartily approve of the methods adopted by the Board to connect by correspondence those that give and those that receive. Let the contributors know by communication with the missionary where the money has gone and how it is expended. The simple story of connecting the demand and the supply, establishing

<sup>\*</sup> The Committee granted 14,002 books and 6,373,058 pages. The total grants were 47,125 books and 8,004,325 pages. (See page 29.)—E. R. Craven, Secretary.

the school, the introduction of the library, the singing of sweet gospel hymns and the study of the Holy Scriptures would interest the givers and deepen their purpose of ministering to the spiritual necessities of those who are famishing for the bread of life and those that they would win to Christ, his service and his Church.

The increased interest in the Children's Day and its observance indicates progress in the right direction. This will exalt the Sabbath-school in the estimation of the scholars, help to hold them under religious instruction and to hold on to the Church of their parents in loving confidence and intelligence.

#### PUBLICATIONS OF THE YEAR.

The Board has published during the year 21 new books, 10 different Sabbath-school periodicals, besides 325,000 programmes for Children's Day, aggregating nearly 20,000,000 copies, an edition of the Shorter Catechism and 6650 of its Annual Reports. The material and workmanship in the reproduction of our books and periodicals are excellent. Good paper, clear type, solid binding and beautiful illustrations the taste of our people demands. Books written by the best authors, at home or abroad, instructive, pure, interesting and attractive, thrown vigorously on the market at the lowest price, will be in demand, appreciated and purchased through the length and breadth of the Presbyterian Church and in the regions beyond.

The Children's Day has become an established part of the Sabbath-school operations of very many, if not the most, of our stronger churches, and has become not only the means of spiritual edification, but also a mode of securing pecuniary aid for this important work. If the programme for the services of the day was more simple in arrangement and in the selection of subjects, especially of hymns and tunes, a larger number of schools would participate.

Your Committee has duly considered the overture sent to the General Assembly from the Presbytery of Athens, Synod of Ohio, requesting the General Assembly to order the publication, in detail, of the duties of "Superintendent of Sabbath-school and Missionary Work," for the information of the Church. The Committee would recommend that the request be granted, and that the Board of Publication be instructed to make such a concise statement of his relation to the Board and his special duties as they may deem best to reach the object of this overture.

The overtures from the Presbyteries of Transylvania and Erie, on the subject of revision and substitution of the Church Hymnal, were carefully considered. We concur substantially in the views expressed in the last Annual Report of the Board, as found on pages 5 and 6, with the opinion that any change made should be in the form of a new book, rather than in revision as suggested in the overture. It is recommended that the Board should proceed in this important matter, availing itself of such outside aid as may be obtainable, and to report the results of their action to the next General Assembly.

In answer to the memorial from the Presbytery of New Castle with reference to a cheaper edition of the Standards, in order to their more general circulation, your Committee would report that the Board of Publication has already taken action in this regard, and has published a cheap edition of the Standards at ten cents per copy. We would earnestly recommend that pastors and elders co-operate in securing the circulation of our Standards, so that every Presbyterian family may be supplied.

The memorial from the Presbytery of Baltimore we also answer as above, adding that we recommend the presbyteries to raise the means to secure a copy of the Digest for the use of the sessions of all our churches.

On accounts and finances we have respectfully to report as follows: The limited time in which our examinations were made renders it impossible to give the various matters involved that careful consideration which their importance demanded; nevertheless we have spent considerable time in performing the duties imposed. The fact that the Auditing Committee appointed by the Board has certified to the correctness of the Treasurer's Report would seem to preclude investigation in that direction. This, however, does not indicate the principles on which the finances are administered. The statement of receipts and expenditures, as found in the printed report, appears to be correct.

We find from these statements the total amount of business transacted during the year, in round numbers, to be \$230,000. On this the total gross profits are \$81,000, and the total expense the large amount of \$74,000; and of this (namely \$74,000) the amount paid for salaries seems to be \$37,000, which does not include the salaries of missionaries in the field. Thus, out of the business amounting to \$230,000, the net profits are only \$6600. In the future we hope for a better exhibit in the Business Department.

It further appears that the Business Department charges the Missionary Department a commission of thirty per cent. on all purchases, a burden we hope the Board will soon be able to remove. In view of

the facts stated in our report, the Committee recommend the following resolutions:

- 1. That we hereby express our confidence in the Board, and in their devotion to the great interests intrusted to them.
- 2. That the Board of Publication be requested to confer with the publication societies of the various evangelical bodies, with reference to the joint publication of such Christian literature as is not denominational.
- 3. That while the General Assembly approves the ordinary policy of the Board of Publication in placing its imprint upon its publications, and especially deems it right to thus characterize all books and tracts which inculcate our peculiar denominational views, yet it is believed that the Board's usefulness would be much increased by omitting its distinctive imprint from some of its undenominational books and such other literature as contributes to the general evangelistic work common to all branches of the Christian Church. In such cases, the Board is hereby given discretion to issue editions, or parts of editions, with the name of the Secretary and Business Superintendent, or other appropriate name, as an imprint.
- 4. That we earnestly press on our ministry, our eldership and our people the duty of personally laboring for the circulation of our invaluable literature and periodicals, and urge them to a larger liberality in contributing the means needed for strengthening and broadening the operations of the Board.
- 5. That this General Assembly urges all our presbyteries to consider and devise some means of introducing in all our churches a copy of our Standards, including the Confession of Faith, Form of Government, Book of Discipline, Directory of Worship and the Catechisms.
- 6. We also recommend the election as members of the Board of Rev. Stephen H. Dana, D.D., in place of Rev. W. P. Breed, D.D., deceased; Rev. C. P. H. Nason, in place of Rev. John S. Sands, D.D., who resigned on account of ill health; and for re-election, *Ministers*—C. A. Dickey, D.D., Robert M. Patterson, D.D., LL.D., Charles Wood, D.D.; *Ruling Elders*—Robert H. Hinckley, Esq., John H. Watt, Esq., William Brockie, Esq., Charles H. Biles, Esq.

Respectfully submitted in behalf of the Committee.

B. W. CHIDLAW,

Chairman.

Attest:

WILLIAM H. ROBERTS, Stated Clerk.

# REPORT OF THE COMMITTEE ON BILLS AND OVERTURES

UPON

OVERTURES FROM CERTAIN PRESBYTERIES ON PROCURING A PUBLISHING OUTFIT FOR THE BOARD.

The report of the Committee on Bills and Overtures on procuring a publishing outfit by the Board of Publication was amended, adopted, and is as follows:

The Committee recommend that a committee of five business men be appointed, whose duty it shall be to make a thorough examination into so much of the business of the Publication House as may be necessary to determine if it be advisable for the Board to purchase a complete outfit of type, printing-presses, folding-machines and other labor-saving machinery; that it be the duty of said committee to devise some plan or method by which the publications of the Board can be brought before the members of the Presbyterian Church throughout the United States; that it shall also be its duty to ascertain whether it is possible to reduce the price of books, tracts and so forth below the present list; and that it is hereby instructed to confer with the Business Committee of the Board of Publication on all the matters referred to the committee, and that this Special Committee and the Business Committee of the Board make a joint report thereon to the next General Assembly.

A true extract.

WM. H. ROBERTS,
Stated Clerk.

The General Assembly of 1889 appointed the Committee on the Publishing Outfit of the Board of Publication as follows:

Henry E. Simmons, Chairman (New York), William H. Scott (Philadelphia), Thomas Kane (Chicago), William D. Johnson (Pittsburgh), John S. Crowell (Dayton).

# Attest:

WM. H. ROBERTS,
Stated Clerk.

# FIFTY-FIRST ANNUAL REPORT

OF THE

# PRESBYTERIAN BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

The Presbyterian Board of Publication and Sabbath-school Work respectfully presents to the General Assembly its Fifty-first Annual Report, covering the year beginning April 1, 1888, and closing March 31, 1889. The term of office of the following gentlemen will expire in June, 1889, viz.:

## MINISTERS.

Rev. Charles A. Dickey, D.D., Rev. Robert M. Patterson, D.D., Rev. John S. Sands, D.D.,

Rev. Charles Wood.

#### ELDERS.

Robert H. Hinckley, John H. Watt, William Brockie, Charles H. Biles.

# DEATH OF THE PRESIDENT OF THE BOARD.

It becomes the sad duty of the Board to report the death of its venerated and beloved president, the Rev. William P. Breed, D.D. After a brief illness, he, full of years and honor, departed this life on the 14th of February last. A special meeting of the Board was immediately called, at which it was resolved that, in respect to the memory of Dr. Breed, the office of president should remain unfilled until the next annual meeting in June; a committee also was appointed to draft an appropriate minute. On the day of the funeral the store was closed and the officers, members and employes of the Board attended the public services.

At the stated meeting of the Board, February 26, the following minute was reported and was unanimously adopted:

This Board deeply laments the removal by death of its late president, the Rev. William P. Breed, D.D. His long experience in the cause of publication and missionary distribution of religious literature, both before and after the reunion of our Church, well fitted him for the leadership of the body to which that cause was entrusted. For many years he has stood at our head, a warm, earnest and intelligent champion of the work of this Board. None of us could excel him in devotion to its interests. Few, if any, gave so much of thought and prayer for its prosperity. His voice was often raised in its behalf, and his pen put into language many vigorous appeals for its support.

As an example to follow, and as a stimulus to incite, we shall greatly miss his life among us.

His presence and companionship were a benediction. Strong and vigorous with manly qualities, moved by profound convictions, earnest and bold in his adherence to what he believed to be the truth and duty, he was also a tender, gentle, courteous, considerate, Christian man, whom none knew but to love and revere.

We have no memories of him which are not fragrant with pleasant thoughts and helpful suggestions toward a better life.

We lay him away from sight, therefore, not to pass out of memory, but ever to be remembered as one of the best of friends and the wisest of counsellors, as well as a beautiful type of a Christian man and minister.

# SPECIAL REPORT ON THE PROPOSED REVISION OF THE HYMNAL.

On pages 71 and 72 of the Minutes of the General Assembly of 1888 is to be found the following:

The Committee on Bills and Overtures reported: . . .

Overture No. 17, from the Presbytery of Madison, asking that the Board of Publication and Sabbath-school Work be directed to prepare a revised edition of the Hymnal, with alterations and additions; to incorporate with one edition of the same a suitable selection from the Psalms and other Scriptures for responsive reading, and to furnish all editions of the book to the churches as nearly as possible at cost price.

It is recommended that the Assembly approve the request for a revision of the Hymnal, and that the whole overture be referred to the Board of Publication [and Sabbath-school Work], to be reported upon nextyear. Adopted.

The Board referred this action of the General Assembly to the Editorial Committee, and by that committee it was referred to a sub-committee which brought in the following report. This report was unanimously adopted by the Editorial Committee, and subsequently with like unanimity by the Board, and is now submitted to the General Assembly:

# To the Editorial Committee of the

Board of Publication and Sabbath-school Work.

The sub-committee appointed to consider the matters referred to in the action of the General Assembly of 1888, to be found upon pages 71 and 72 of the Minutes as published, reports as follows:

- 1. That at the present time the only subject which the said action of the General Assembly brings before the Board is the mere consideration of the matters referred to therein, and the formation of a suitable recommendation relative thereto to be submitted to the next meeting of the General Assembly.
- 2. The first point for consideration is a question as to the expediency of preparing and publishing a revision of the Hymnal.

Your sub-committee is of the opinion that it is not advisable to recommend such a revision.

The Hymnal has had a large sale, and is now in use in many churches. In some sections of the country it has been generally adopted by the churches of our denomination. Though, like all other books of the same character, it has met unfavorable criticism, it has many friends who have found that it supplies their wants to their great satisfaction. The present sources of demand will exist for many years to come, in all probability, and it seems undesirable either to discontinue the publication of the book in its present form, or to put forth a revision of it which would necessarily cast a reflection upon the original form, and tend to check sales which will otherwise yet be likely to be made. Any substantial revision would inevitably so alter the book that the original and revised editions could not be used together except at a great disadvantage and inconvenience.

The sub-committee, however, has given careful consideration to a question which is closely allied to that first mentioned, viz., whether or not it is advisable to have a new book of Psalms, Hymns and Tunes prepared and published.

Consultation has been had with persons technically familiar with hymnology and sacred music.

To a considerable extent, also, the sub-committee has become advised of the views of many in our churches upon the subject.

It is, no doubt, true that there is a demand increasing from year to year, that our Board shall publish another and independent Hymnal, possibly not so voluminous as the present book, which shall contain a careful and choice selection of words and music, deferential to existing uses and associations, and yet meeting, in a large degree, the want now generally felt for the fruits of modern progress in congregational tune-making, and the growing appreciation of the better, richer and more spiritual quality of versification.

The sub-committee is in full sympathy with this desire, and is convinced that this is a fit time to move in the direction indicated, by making a recommendation to the General Assembly that leave shall be given to this Board to enter upon the preparation of such an independent work.

3. The other subject embraced in the action of the General Assembly is the question of the advisability of embodying in a separate edition of a revised Hymnal a selection of the Psalms and other Scriptures for responsive reading.

Upon this subject the Assembly expressed no judgment of approval or disapproval, whereas it did, in terms, approve the proposition for a revision of the Hymnal.

The sub-committee, therefore, deems it proper for the Board to proceed with caution upon this branch of the matters referred to it.

Whether or not it is desirable for various churches of our denomination to adopt different orders of worship, including responsive reading, according to their respective preferences and without any ecclesiastical sanction to any given form embracing the same features, is a question about which the members of

1889.]

your sub-committee entertain an entire harmony of opinion, but it is their conviction that the whole subject is one in regard to which the Board should attempt to follow, rather than lead, the General Assembly.

It is, therefore, recommended as expedient that the Board shall ask the General Assembly to be relieved from the duty of making any report or recommendation upon the matter in question.

In consequence of what has been thus stated, the sub-committee advises that the committee report to the Board the following resolutions for adoption by the Board, viz.:

- 1. That it is the judgment of this Board that it is not expedient to publish a revision of the Hymnal now published by the Board.
- 2. That, in the judgment of this Board, it is desirable to prepare and publish a new and independent book of hymns and tunes for use in public religious worship, and the General Assembly is respectfully requested to give their approval to the Board's entering upon such a work.
- 3. That the General Assembly is respectfully requested to discharge the Board from the duty of making any recommendation in regard to the incorporation of selections from the Scriptures for responsive reading in any book of praise which may be published.

# WORK OF THE BOARD.

The year, we are glad to report, has been one of continued prosperity. The departments have worked together in harmony, and all have been prospered in their respective operations, as will appear from the special statements concerning them. As preliminary to these statements it may be said that the business is in a reasonably good condition; that circulation of the periodicals is increasing; that many interesting and valuable books and tracts have been published; that the number of contributing churches and Sabbath-schools, and the amount of contributions, have increased; that the number of well-qualified Sabbath-school missionaries has been augmented;

that a large number of Sabbath-schools have been organized, some of which have already developed into churches; and, finally, that we close the year with a balance of \$34,818.66 in the Missionary Fund. This will enable us to place about seventy theological students in the field as Sabbath-school missionaries for labor during the four months of their vacation, and to increase the number of permanent missionaries for service in fields not yet occupied.

The selection of the permanent representatives of the Board has been thus far made with great care, but we believe that the character of the work which has been accomplished justified the deliberation and caution which have been exercised. We propose to proceed in the same manner toward a much wider occupancy of needy territory, if the Church will support the efforts of the Board.

# "PAPERS FOR THE PEOPLE."

The Board has in contemplation the issuing of a monthly series of popular papers on living themes. These papers, entitled "Papers for the People," are not to exceed in length thirty-two 16mo pages. We expect them to be prepared by prominent and able men, not only in our branch of the Presbyterian Church, but in the Southern Church and in the churches of Great Britain and Canada. A large number of distinguished writers have already promised to become contributors. We hope to be able to commence the publication of the series in the approaching autumn.

# SABBATH-SCHOOL AND MISSIONARY DEPARTMENT.

With gratitude to the great Head of the Church, the report is presented of the second year of the practical working of this Department of the Board, as reorganized by the General Assembly of 1887. Many are the evidences of the divine approval of the efforts to reach and to gather into Sabbath-schools neglected children, and to disseminate among the destitute a pure Christian literature. The reports of our missionaries show the organization, during the year just closed, of more than three times as many schools as in any previous year of the Board's history, and the gathering into mission-schools of three times as many scholars as in any former year. The plan of temporarily commissioning, as Sabbath-school missionaries, juniors from our theological seminaries, has proved successful. The receipts of this Department have been larger this year than ever before. None of the missionaries have been taken from us by death, and but little time has been lost on account of sickness. The synods and presbyteries on mission fields have recognized the value of our work, and have given it their hearty approval.

## INCREASE OF CONTRIBUTIONS.

The total receipts of the Department during last year were \$75,130.68. In order to show the entire amount contributed, it will be necessary to add to the above the sums derived from legacies, etc., which have come into the hands of the Trustees of the Board, and which amount to \$13,301.43;\* so that the entire sum received directly by the Department, and by the Trustees for it, is \$88,432.11. The total amount received by the Department, and by the Trustees for it, exceeds that of last year by \$13,132.64.

<sup>\*</sup> Misprinted in Assembly's edition \$14,301.43.—E. R. CRAVEN, Secretary.

# THE APPOINTMENT AND SUPERINTENDENCE OF SABBATH-SCHOOL MISSIONARIES.

The Report of last year gave the names of fourteen Sabbath-school missionaries under commission by this Board on April 1, 1888. Of these, three are no longer in our employ, viz., C. C. Hembree, G. P. Williams and E. W. Stevenson. Since that date the following persons have been commissioned as permanent Sabbath-school missionaries:

Name.	Synod.	Name,	Synod.
George W. Vansickle,		Hugh Hammond,	Kansas.
William H. Dover,	New Jersey.	J. B. Currens,	South Dakota. Atlantic. South Dakota.
C. F. Brause,	Tennessee.	George T. Dillard,	
Daniel Morrison,	South Dakota.	Edwin H. Grant,	
Arthur F. Bishop,	Utah.	John Ross,	Ind. Ter.
Joseph Brown,	Wisconsin.	W. J. Hayden,	Missouri.
Frank L. Moore,	Colorado.	R. J. Young,	Indiana.
John S. McClung,	Kansas.	E. E. Saunders,	North Dakota.
L. V. Nash,	Nebraska.	William Henry,	Pennsylvania.
W. T. Jackson,	Kansas.	H. C. McBurney,	Pacific.
W. H. Long,	Catawba.	David Brown,	Catawba.
Charles Shepherd,	Columbia.	L. L. Downing,	Catawba.
H. H. Boone,	Catawba.	J. D. Crockett,	Missouri.

Of the above-named, James D. Crockett and Arthur F. Bishop retired from our service during the year, and the commission of W. H. Dover expired March 31. We commence the new year with thirty-four permanent Sabbath-school missionaries in commission, an increase of twenty over the number reported last year.

Besides the permanent missionaries just mentioned, 56 juniors from the different theological seminaries were in the employ of the Board during last summer.

## CO-OPERATION BY PRESBYTERIES.

It was directed by the General Assembly (see Minutes of 1887, p. 104) that, while the selection and appointment of missionaries should be in the hands of the Board, "No missionary of the Board shall labor within the bounds of a presbytery, except with the approval and under the supervision of the presbytery or its appropriate committee." This Department is

under great obligations to the chairmen and the members of the Committees on Publication and Sabbath school Work of all the presbyteries within whose bounds our work has been carried on, for the time, thought and labor which have been expended in counselling and guiding our missionaries. Much of the success of the work is due to the fidelity of the presbyterial committees.

RESULTS OF THE YEAR'S WORK OF THE SABBATH-SCHOOL
MISSIONARIES.

We give, on page 29, a summary of work performed, according to synods and states. Careful attention is solicited to this résumé.

In addition to the foregoing, there are indirect results of the plans of this Department. On June 19, 1888, the following resolution was unanimously adopted:

The Board of Publication and Sabbath-school Work authorizes the Superintendent of Sabbath-school and Missionary Work to offer Westminster Lesson Helps for teachers and scholars, and illustrated Sabbath-school papers for scholars, sufficient in number to supply all for one year, and five copies of the Westminster Sabbath-school Hymnal with music, and thirty copies of the same without music, for the use of the same, to any man or woman in the United States who will organize a Presbyterian Sabbath-school. This offer is made on these conditions:

- 1. That the Sabbath-school is organized with the approval of the Committee on Publication and Sabbath-school Work of the presbytery in which it is established.
- 2. That the committee of presbytery endorses the application of said school for aid from this Board.

The fruits borne by this action have demonstrated its wisdom. In response to the offer 117 Sabbath-schools have been organized, and supplied with lesson-helps, periodicals and hymn-books. The schools thus established by the zeal and earnestness of men and women on the ground are among our very best mission enterprises. These 117 schools, added to the 831 directly organized by the efforts of the missionaries, make a total of 948 Sabbath-schools organized within the year.

An examination of the summary on page 29 will show that

in certain states special exertions have been made by this Department. For instance, in Kansas 114 schools have been planted. In the great state of Minnesota, so rapidly filling up from the four quarters of the earth, the number of schools established reached 145. Nebraska has become a great reservoir for the inflowing tide of immigration, and there 104 schools were established. In the vast plains of the two Dakotas, 151. In eastern Kentucky it was found that there are more than fifteen counties without a church-building or a Sabbath-school, and that there, ignorance, intemperance and lawlessness abound. These facts have led to the putting forth of special efforts to reach the dwellers in the mountain regions of that state; and there, 113 schools were organized. It is impossible further to particularize. A close study of the summary is needed to gain a full understanding of the work.

Upon examination it will be seen that in the schools organized by missionaries, and under the special offer of the Board, 37,000 persons were gathered during the year to receive Christian instruction.

# WILL THESE NEW SABBATH-SCHOOLS LIVE?

The difficulty of so planting Sabbath-schools that a reasonable hope of their permanency may be cherished is fully appreciated by this Department. The Superintendent emphatically instructs the missionaries to establish Sabbath-schools and not simply to organize them. This Board prefers to have comparatively few schools, that are thoroughly established, well officered, and so located as to afford a fair prospect of their living and of their growth into churches, rather than double or treble the number planted only to die. It is probable, however, that, notwithstanding all our efforts, many of the schools that have been organized will succumb to their unfavorable surroundings. In many communities there is scarcely a person to be found who is capable of superintending a Sabbath-school, and in such places there is a general scarcity of material from which to select teachers. Sabbath-schools planted in such localities will naturally wane and die for want of competent instructors. Our reports, however, show that about six sevenths of the schools become permanent. Many, it is to be regretted, are obliged to intermit their sessions during the winter. But a school maintained only through the summer is better than no school at all, and God will bless every faithful effort to teach his truth. Emphatic directions are given to all the missionaries to place the schools, whenever possible, under the care of the session of the nearest Presbyterian church. Where there is no neighboring church, request is made for the co-operation of the synodical missionary of the state, and of the presbyterial committees on Home Missions and on Publication and Sabbath-school Work.

In order, however, to the complete conservation of the fruits of the work of our laborers, it is necessary that means and men be furnished to the Board of Home Missions to enable it to send out hundreds of additional ministers to cultivate the fields opened up by the pioneer work of the Sabbath-school missionaries.

## WORK OF THE STUDENT MISSIONARIES.

Of the 948 new Sabbath-schools, 491, or more than one half, were organized by the juniors from the theological seminaries. From all parts of the field there came good tidings of their labors in preaching publicly and from house to house, in planting schools, in holding meetings for social prayer and conference, and in distributing the word of God and Christian literature. According to their own testimony, too, not the least of the results of their labors is the reflex influence upon themselves. The man who has learned the art of seeking and finding the lost sheep while traversing the broad prairies or toiling up mountain ravines or exploring vast forests, will make all the better pastor because of these experiences.

The following is extracted from a letter written by the Rev. Dr. Kendall, Secretary of the Board of Home Missions, to the Superintendent of this Department:

This gives me an opportunity to call your attention to the various notices we have received of your Sabbath-school boys during the last summer from all the West where they labored. Two or three times

something has been published in "The Church at Home and Abroad," which I hope you have noticed. Wherever these students went they did magnificent service for us as well as for you. I think you have struck a rich vein.

# SEMINARY JUNIORS COMMISSIONED FOR THE SUMMER OF 1889.

The Board was so well satisfied with the success of the student force last year that it has already commissioned over 70 juniors for the coming summer: 17 from Princeton Seminary, 5 from Auburn, 13 from the Western, 7 from Lane, 12 from Union, 13 from McCormick, 1 from San Francisco, 2 from Biddle University, and 2 from Lincoln.

# CHURCHES-THE OUTGROWTH OF MISSION SABBATH-SCHOOLS.

This Department constantly recognizes and urges upon its missionaries that Sabbath-school mission work is for the Church of Christ. The Church is regarded by it as the divinely-ordained teacher, preacher and reformer of the world, and its missionaries are instructed to establish and sustain Sabbath-schools in such places and in such a way as to afford reasonable hope that they may become organized churches. Many churches already have been reported to us as having grown out of schools planted by our missionaries. In the course of time it is hoped that a large proportion of these schools will develop into completely-organized churches, supporting their own pastors.

# MISSION WORK AMONG THE COLORED PEOPLE IN THE SOUTH.

Into the vast mass of ignorance, superstition and poverty represented by the greater portion of the southern negroes, this Board has begun to send its missionaries. Above all things these people need instruction in the Bible. Five colored Sabbath-school missionaries have been selected with the utmost care, and are now laboring in Virginia, North Carolina, South Carolina and Florida. The sympathy and

prayers of the ministers, elders and members of the Church are requested for this new and difficult work.

TESTIMONY FROM THE MEN ON THE GROUND AS TO THE NEED AND VALUE OF SABBATH-SCHOOL MISSIONARY WORK.

The sentiment of the entire West and Northwest can be ascertained from the following specimen extracts from the actions of the synods.

The Synod of Minnesota, last October, unanimously adopted the following report made by the Standing Committee on this Board:

It is with joy that your committee is able to report the last year as a sort of jubilee year in the Sabbath-school Department of our work. We are safe in saying it is the best year we have ever had—a year marked by unusual activity and aggressiveness. This year will go down to history as the new-departure year. The Board of Publication and Sabbath-school Work has this year become in truth what it was formerly only in name—a missionary Board. By order of the General Assembly the Sabbath-school missionary work has become a chief feature of this Board, and Sabbath-school missionaries have been sent into the most destitute parts of our land.

# The Synod of South Dakota bears witness thus:

Our anticipations that the Sabbath-school work undertaken by this Board would have large and precious results for us seem certain to be realized. The reports from the presbyteries confirm this belief. In the Presbytery of Aberdeen, 41 Sabbath-schools were organized by these missionaries, and its Sabbath-school membership doubled.

A correspondent of one of our papers, describing the impression made by this work in the Synod of Iowa, writes:

The Sabbath-school missionary work of our Church has quite changed the aspect of things in relation to our Publication Board. The chord has been struck that makes music in all Presbyterian hearts, viz., missionary work for the children in destitute places.

# THE DISTRIBUTION OF PRESBYTERIAN LITERATURE BY GRANTS AND BY SALES OF MISSIONARIES.

While emphasizing the distinctively Sabbath-school mission idea, this Department also emphasizes the unspeakable import-

ance of the dissemination of the Holy Scriptures and of a pure and orthodox literature. Thousands of Bibles and Testaments, and no less than 47,125 volumes, have been gratuitously distributed during the year. The missionaries have also sold between five and six thousand volumes, the net value of which was \$7,222.11, and which at catalogue prices would have brought \$10.833.16. During the year 944 grants of lesson-helps and periodicals were made to Sabbath-schools, besides 433 grants of books and tracts. The net value of grants of books, tracts and periodicals was \$11,524.65, which, at catalogue prices, would be \$14,915.37. It is worthy of note that this Department made during the last year not only more grants, but gave away a larger amount in money value, than in almost any year of the history of the Board. So numerous are the applications for grants, and so difficult are they of thorough investigation, that the Department has adopted, with the approval of the Board, the following rules:

## RULES RESPECTING GRANTS.

- I. The application of a minister for publications for himself, or for distribution, shall be *prima facie* evidence of its propriety.
- II. The application of every individual not a minister, for a grant of publications for his personal use or for distribution, must be accompanied by the endorsement of the pastor or the session of his church.
- III. The application of a church or a Sabbath-school must be accompanied by the endorsement of its church session, and of the Committee on Publication and Sabbath-school Work of its presbytery.

It is proper to remark that these rules are not intended to govern Sabbath-school missionaries in making grants.

## CO-OPERATION OF THE AMERICAN BIBLE SOCIETY.

This Board expresses its appreciation of the valuable help of the American Bible Society in making liberal grants to this Department of Bibles and Testaments for gratuitous distribution. That noble society has not denied a single application of this Department for such purposes.

# THE ELEVATION AND IMPROVEMENT OF SABBATH-SCHOOLS ALREADY EXISTING.

This is one of the functions of this Department. The endeavor has been made to execute it by the following methods:

- 1. Bibles for Reciting the Shorter Catechism.—The offer of a Bible to every scholar for memorizing the Shorter Catechism has continued to stimulate the study of this grand "form of sound words." During the past year 2553 certificates were sent to the Department and the same number of Bibles were awarded for the correct recitation of the Catechism. The total number of Bibles given away since December, 1887, is 3105.
- 2. Graded Supplemental Lessons.—Some progress has been made in the preparation of the text-books of this series of lessons. Mrs. A. W. Knox is finishing the first year's book, which we now expect to have ready for publication by January 1, 1890.
- 3. Visitation by the Superintendent.—While a great number of institutes and conventions have been held in our presbyteries and synods, the head of this Department has been unable to attend as many of them as he desired. He has, however, either conducted, visited or addressed such meetings at Rushville, Indiana; Calypso Island, Pennsylvania; Zanesville and Cleveland, Ohio; Kirksville, Missouri; South Hadley and Springfield, Massachusetts; Albany, Yonkers and Fort Plain, New York; Baltimore, Maryland; Detroit, Michigan; Newton, Camden, Trenton, Somerville, Woodbury, Bridgeton, Clayton, New Jersey, etc., etc.
- 4. Missionary Letters to Contributing Schools.—Each Sabbath-school sending a contribution to this Department is assigned as part-support of a Sabbath-school missionary. Every three months the missionary sends to the Sabbath-school superintendent a letter, which it is intended he shall read to his school. This plan has received the warmest encomiums of Sabbath-school officers and teachers, and over two thousand schools now receive such quarterly letters.
  - 5. Children's Day.—In the spirit of the commission "Feed

my lambs," the General Assembly has designated the second Sabbath in June as Children's Day. It has likewise recommended that, on that day, "every effort be used to make the occasion a precious means of grace to the children, on which the Lord will surely smile; and that the collections on this day be devoted to the Sabbath-school and missionary work of this Board."

A greater number of churches and Sabbath-schools observed Children's Day on June 10, 1888, than ever before. No fewer than 2200 schools were supplied with over 320,000 copies of the "Order of Exercises" prepared for use on that day. A sufficient number of copies of such "Order of Exercises" are sent free, on application, to all Presbyterian Sabbath-schools, together with suggestions, envelopes, etc. It is difficult to ascertain precisely the amount contributed on last Children's Day, in consequence of the fact that many of the contributions were sent in with those of churches; the amount, however, is considerably over \$22,000. It is hoped that the collections of Children's Day, 1889, will reach a still larger sum.

6. Simple Appliances.—Among the expedients adopted by the Board for rendering the Sabbath-school work more thorough, we mention the "Family Record of Bible Study at Home." This contains a system for home Bible-study in places where the Sabbath-schools may be closed during the winter, or where no school exists. It is designed, also, to stimulate the home study of the Bible lessons in places where the Sabbath-school is kept open.

Another expedient is a "Monthly Report"—a blank on which each Sabbath-school that has been organized by our men is expected to send a report each month to the missionary having special charge of it. By this means the missionary and also this Department are enabled to follow the history of every newly-established school.

## SABBATH-SCHOOL STATISTICS.

The Department, in carrying out one of its duties, viz., that of collecting and reporting to the General Assembly the Sab-

bath-school statistics of the churches, published in the Minutes of the last General Assembly a tabulated statement, which was marred by an important error in the number of officers, teachers and scholars. The summary should have read:

# MEMBERSHIP.

**													
No. of reporting Sabbath-schoo	ls,							5,137					
No. of officers and teachers,								81,202					
No. of officers, teachers and sch	olar	s,						837,737					
,		•

To other benevolent objects,								170,334					
m	•		:	·			Ť	205,736					
ro support or the school,	•	•	•	•	•	•	•						

The figures under the heading "Relation to Church" are very imperfect, on account of the incompleteness of the returns. It is hoped that soon all of the important columns of our report will be generally filled.

Attention is called to the marked improvement in the contributions of the Sabbath-schools to the Sabbath-school missionary work of this Board and the other Boards of our Church, as shown in the above table, and as will appear in the summary to be printed in the appendix to the Minutes of this Assembly. If the future members of our Church are to be intelligent and regular givers, they must be educated in a thorough

knowledge of the work and needs of all our Boards and be trained to contribute to them all. Toward the accomplishment of these important ends constant efforts are being directed by this Department. It is cause for devout thanksgiving that although reports, not only from churches but from many presbyteries, are incomplete, what we have received suffice to show that there were received into the full communion of the Church 23,762 persons from our Sabbath-schools during the year ending April 1, 1888.

# REPORT ON MISSIONARY BIBLE FUND.

Balance to credit of fund, April 2, 1888,	\$3,560	29									
Received during the year,	339	60									
	\$3,899	89									
Paid out during the year, for Bibles which were given as rewards for reciting the Shorter Cate-											
chism, and expenses attending the same,	3,143	29									
Balance in the fund, April 1, 1889, .	\$756	60									

N. B.—In the above amount expended is included the value of 1551 Bibles on hand for distribution, April 1, 1889.

## EDITORIAL DEPARTMENT.

#### BOOKS AND TRACTS.

During the year the following new works have been published:

#### BOUND VOLUMES.

No. 1358. The Silent Man's Legacy. By Annette Lucile Noble, author of "The Professor's Girls," etc. 16mo. Price, \$1.25.

Once before we have met the same family in the author's book "The Professor's Girls." Here we have the story of the household during times of anxiety and considerable distress, and learn many good lessons on the true way to endure such experiences so as to get from them the discipline and strength they are designed to give. The book is specially adapted to young girls during and after school age. Its lessons are healthful and stimulating.

No. 1359. SAVED BY GRACE; or, The Last Week in the Life of Davis Johnson, Jr. By John D. Wells, D.D. 16mo. Price, 60 cents.

This is an interesting biographical sketch of a young man early called to his reward, but not until he had made deep impression for Christ upon those who knew him. The narrative should perpetuate this impression and lead other young people to devote their lives to Christ.

No. 1360. The Y's and Their Work. By Margaret E. Winslow, author of "Michal Ellis' Text," "Rescued from the Street," "West Beach Boys," etc. 16mo. Price, \$1.15.

This story has been written in the interest of Christian temperance, with the hope of arousing the young women of the land to still more earnest thought as to their duty and responsibility in the matter. The story itself is well told, as are all this author's stories. The evils of the drinking eustoms are shown as they exist in much fashionable "society." The work of the "Y's"—that is, of the Young Women's Christian Temperance Union—is well delineated. The book ought to do good, in

inspiring Christian young women everywhere to more earnest interest and effort in behalf of the cause of temperance, which is the cause of salvation for thousands.

# No. 1361. Who Wins? A story for boys. By Belle V. Chisholm. 16mo. Price, \$1.15.

This is a story of ordinary country life—just such life as thousands of boys and young men in Ohio, Indiana and other states will recognize as like their own. It presents both types of life, from boy to manhood. One sets out with many disadvantages of position and circumstances, but with true moral principle which nothing could swerve from the straight line of righteousness. The other starts with many advantages and opportunities, but lacking uprightness. We follow the two boys through their early years. The former's plans are thwarted, but he grows nobler through all discouragements. The latter is prospered in worldly ways, but his character remains the same or deteriorates. We see them both in later life when Archie Dinsmore is the honored and trusted man, and Noel Gilroy is still treacherous and unprincipled as when he was a student. The book is intended to show the value of sturdy moral right in a boy and the blessings to which it leads, and the course and end of the opposite character.

# No. 1362. Some Useful Animals. By Ella Rodman Church. 16mo. Price, \$1.25.

The "Elmridge Series" of books is proving very popular. Young people are learning many interesting facts about the creatures God has made. The books make no pretensions to exhaustiveness as scientific treatises or manuals, but aim only to give such information as all intelligent young persons should have concerning the various objects considered, and to give it in a pleasant way that makes the task of reading an easy one. The present volume treats thus conversationally of "some useful animals." The children and young folks in many other homes have thus the privilege of enjoying in these bright pages what the little people of the Kyle home first enjoyed with their delightful governess.

# No. 1363. The Lost Faith and Difficulties of the Bible as Tested by the Laws of Evidence. By T. S. Childs, D.D. 16mo. Price, 40 cents; cheap edition, 8 cents net.

Two exceedingly valuable articles are bound together in this handsome little volume. There are many in these days who have lost their faith and drifted away from their early teachings. To such as these and to all who have come to believe that our age has passed beyond the Bible, the incidents and arguments of this little book should be of service. No. 1364. Mr. Darwing's Daughter. By Helen B. Williams, author of "The Hastings," "Dr. Trent's Cousin," etc. 12mo. Price, \$1.25.

Mr. Darwing's daughter is a young woman of no more than ordinary gifts. She is not brilliant; neither is she particularly good. When the story opens she is entirely without experience. Her circumstances are hard and trying for a young girl. Hers is just such a life as thousands of motherless girls out of books are living these common days. But there is a perceptible growth in Bertha Darwing's character as she passes through her experiences of trial and defeat. That, we take it, is the lesson of the book—not how a girl may live a brilliant life, but how a girl in the hard conditions in which Bertha lived can make something of her life and grow continually in spiritual beauty and in moral strength and stature, emerging at last from her long discipline a noble woman.

No. 1365. THE ALTAR OF EARTH. By Mrs. T. S. Childs. 16mo. Price, 60 cents.

There are many people, even Christian people, whose ideas of the Old Testament sacrifices are very vague and inadequate. The object of this excellent little volume is to teach the meaning of those sacrifices and their typical relation to Christ as pictures of his one great sacrifice. This is done in the form of a series of letters from a Bible-class teacher to a pupil who is confused on the subject. The various Old Testament sacrifices are taken up and treated, and it is shown how they all pointed to Christ and had their fulfillment in him.

No. 1366. Manual of Law and Usage. Compiled from the Standards, the Acts and Decisions of the General Assembly of the Presbyterian Church in the United States of America. By Benjamin F. Bittinger, D.D. 16mo. Price, 75 cents, net.

We call special attention to Rev. Dr. B. F. Bittinger's "Manual of Law and Usage," recently issued by the Board of Publication and Sabbath-school Work. It includes all the subjects which relate to the government, the order and the discipline of the Presbyterian Church, and to the rights and duties of its membership. As Dr. W. H. Roberts says, "It is, in fact, an alphabetical index to the Government and Discipline of the Church and to the decisions of the General Assembly." It is a book which should be in the hands of all pastors and church officers. Its value is greatly enhanced by a copious analytical index. Dr. Bittinger, by reason of his familiarity with ecclesiastical matters, is admirably qualified for the preparation of such a work.

No. 1367. RUTHIE'S STORY. By Charles Stedman Newhall. 16mo. Price, 85 cents.

This little book is written in a delightful way. It is the story of Jesus told by one child to other children. There are six chapters—Ruthic and the Baby Jesus, Ruthie and the Boy Jesus, Ruthie and the Dear Christ Jesus, Ruthie and the Sleeping Jesus, Ruthie and the Risen Jesus, Ruthie and Jesus Now. Thus the whole story of our blessed Lord is given from his infancy to his ascension and his present work. The book is designed for little people. It contains more than forty illustrations, which will help to make the story real to the children. It is particularly suitable as a gift to a child at Christmas time.

No. 1368. A HUNGRY LITTLE LAMB. By Helen E. Brown. 16mo. Price, \$1.15.

This is a simple story simply told. Without any perfunctory preaching in it, it preaches through all its pages by its tender and elevated spirit and by the beautiful exemplifications of the mind of Christ in its incidents. The book is one which will interest quite young children, as it is written in plain and easy words, and its story is natural and true to life. It cannot fail to leave healthful impressions upon young readers. At the same time, it is a book which will prove helpful and very suggestive to older people, especially to teachers and to those who are interested in work among the children and among the poor in the mission fields of our thickly-populated cities.

No. 1369. Missionary Enterprises in the South Sea Islands. By John Williams. With an introduction by the Rev. William P. Breed, D.D. 12mo. Price, \$1.25.

This intensely-interesting volume takes us back to one of the earlier stories of this century of missionary heroism. For twenty-two years John Williams wrought with apostolic fervor and apostolic success in the islands of the South Sea. At last he fell as a martyr at Eromango. This was about fifty years ago; and not long since word has come from Eromango that a monument has been erected there to the memory of John Williams, and that the man who laid the corner-stone of that monument was the son of the murderous savage that dealt the martyr the deadly blow. This narrative of the missionary work of John Williams reads like a new Acts of the Apostles. It is full of thrilling heroisms and wonderful successes. It is well in these days of missionary enthusiasm to go back and read again the record of such experiences.

No. 1370. BITS ABOUT INDIA. By Mrs. Helen H. Holcomb, of Allahabad, India, author of "Mabel's Summer in the Himalayas." 16mo. Price, \$1.00.

This little book is full of interesting facts about India, its people, its customs, its worship, its private and social life—the very things that really tell most concerning a country, and yet the very things which most writers are apt to overlook. The writer has long been a missionary resident in India, and is thoroughly familiar with the things of which she writes so pleasantly.

No. 1371. The Religious of the World. An Outline of the Great Religious Systems. By David James Burrell, D.D. 12mo. Price, \$1.25.

The ten chapters consider, in their order, Fetichism, The Religion of Ancient Egypt, Zoroastrianism, Brahmanism, Buddhism, The Religion of Greece, The Religion of the Norsemen, Confucianism, Islam, The True Religion. Under their several heads each system is outlined, so that readers acquire a knowledge of the character of all the great religions of the world. In the case of each the test is applied, "How would this system answer the question, 'What must I do to be saved?'" The book is written in a popular style, the author's aim being to furnish instruction not so much for the learned as for the many who, not having time for extended research, must have their reading in simple, plain, compact and concise terms. It is a book in which every working pastor will find in compendious form what he needs to make himself familiar with the subject. Our Sabbath-school superintendents and teachers will find the volume not only intensely interesting, but helpful to them in their work.

No. 1372. Practical Religion. A Help for the Common Days. By J. R. Miller, D.D., author of "Week-day Religion," "Silent Times," "Home Making," "In His Steps," etc. 16mo. Price, \$1.00.

This new book is designed to be a companion to the author's "Weekday Religion," which has met with such kindly and continued favor. "Practical Religion," as its title suggests, is meant to help its readers to live out the religion of Jesus Christ in their daily common lives. It consists of twenty-six chapters, the titles of which will give a fair idea of the scope of the book—The Sweet Odor of Prayer, The Blessing of Quietness, "Ye have Done it unto Me," Transformed by Beholding, Being Christians on Week-days, Compensation in Life, The Cost of Being a Blessing, Life as a Ladder, Seeds of Light, Looking at the Right Side, For Better or Worse, "Doe Ye Nexte Thynge," People as Means of Grace, Shall We Worry? A Word about Temper, Forward and not Back, The Duty of Forgetting Sorrow, People who Fail, Living Victoriously, Shut In, Helpful People, Tired Feet, Hands—A Study, Learning our Lessons, Broken Lives, Coming to the End.

No. 1373. THE FLAW IN THE IRON; or, The Weak Place in the Character that Failed in Temptation. By the Rev. J. A. Davis, author of "The Chinese Slave Girl," "Choh Lin," etc. 16mo. Price, \$1.25.

This book explains in its title its mission and message. Few lessons need more to be learned by boys in their school-days than those which are here taught. There are many temptations to leave flaws and weak spots in character covered up in the growing life. For a time they are not discovered, but there comes a day when the stress falls at the very point of weakness, and the man fails. The only way to be safe in all life's testings is to make the character perfectly honest and good throughout. This story illustrates this vital truth, and also shows well how such character may be formed.

No. 1374. A CHURCH AND HER MARTYRS. By the Rev. Daniel Van Pelt, author of "Walter Harmsen," etc. 16mo. Price, \$1.15.

This volume will prove of intense interest to all readers who desire to know the story of the Church of Holland. The first part is devoted to the history of the Church of Holland, and the second part to an account of the martyrs of Holland. The author lately spent a summer in the country of which he writes, making many researches and familiarizing himself with the places made memorable by the scenes of which he writes. This fact gives freshness to his descriptions. Few lands have a more intensely-interesting story than Holland, and young people in Bible-classes will find in this volume much to instruct them.

No. 1375. Mr. John and his Boys. By M. L. Wilder, author of "Our Girls at Castlewood," etc. 12mo. Price, \$1.25.

This book will have peculiar interest for boys. At the same time, it will prove valuable and suggestive to all who are engaged in work for boys, especially in missionary effort in behalf of the neglected classes of cities and large towns. It is the narrative of an experiment with a party of such boys, and tells first of their condition of homelessness and friendlessness, and then describes the effort that was made for their rescue. The pictures are not overdrawn. The experiment narrated is not an impracticable one. The results are not beyond those which might reasonably be expected from the methods of training and elevation adopted. The book will be read with avidity by young people in Sabbath-schools, and by their teachers as well.

No. 1376. THE PRUNING KNIFE. A story of UNDER By Mary Tucker Magill. southern life. Price. \$1.15.

This is a strong story. Its characters are well defined and consistent throughout the book. The pictures of southern life are well drawn. The two sisters, Eva and Lin, are properly the heroines of the story. In Eva we have a woman who lived only for admiration and selfish enjoyment. She was very beautiful in face and form, but lacked those elements of character which are woman's true adornment, showing on the other hand gravest faults and blemishes which marred and wrecked her life. Lin was the reverse of her sister, levely in disposition, unselfish, thoughtful, rich in all the qualities of true womanhood. The career of the two sisters is in keeping with their respective characters. Young women should gather much instruction from the story, which is well written and is of a high order of merit.

CONFIDENCE IN CHRIST; or, Faith that Saves. No. 1377. By the Rev. A. W. Pitzer, D.D. 16mo. Price, 40 cents.

In this little book the author explains and illustrates his subject in a way that will prove helpful to many who desire clear views of a most vital subject.

- No. 1378. THE FATE OF THE INNOCENTS. A romance of the Crusades. By Margaret E. Winslow, author of "Cherie's Answered Prayer," "West Beach Boys,"
  - "Rescued from the Street," etc. 12mo. Price, \$1.25.

One of the most thrilling stories of middle-age history is that of the Crusade of the Children. It has been told often already in a fragmentary way, but in the present delightful volume the author has gathered all the available legends and traditions of this pathetic episode, and has wrought them into one connected account. The story is told in the form of chronicles. A thread of romance runs through the whole and binds it together, giving it a tender and sustained interest. The book is valuable for its life-like portraitures of the crusading times. Young people will find it interesting and inspiring.

THE WESTMINSTER QUESTION BOOK FOR 1889. 18mo. Price, 15 cents; for 100 copies, \$12.00.

It is on the same plan as that of the former volumes. It covers the International Lessons for the entire year, giving the full lesson passages, daily home readings, golden texts, lesson plans, explanatory questions, notes, practical teachings, general review questions and Cat-It contains also valuable maps which will aid much in the study of the places of the lesson.

#### 16mo TRACTS.

No. 344. Presbyterianism. By the Rev. William P. Breed, D.D. Pp. 32.

All Presbyterians ought to know the distinctive features of their own Church, in its government, doctrine and worship, and also the influence of Presbyterianism in history. These matters are all found in Dr. Breed's delightful tractate.

No. 345. The DUTY OF THE STATE TO ABOLISH THE SALOON. A tract addressed to the Christian citizen. By the Rev. William O. Campbell, D.D. Pp. 32.

This tract has been prepared and issued for the Permanent Committee of the General Assembly on Temperance. The subject is one in which the whole country is now deeply interested.

No. 346. New England Presbyterianism. By the Rev. William Brenton Greene, Jr. Pp. 16.

This is a most interesting story of Presbyterianism in New England, for the telling of which the author, through his pastorate in Boston, is peculiarly fitted.

#### 18mo TRACT.

No. 222. "ALL THINGS ARE AGAINST ME." By the Rev. J. Fewsmith, D.D. Pp. 36.

Words of strong comfort for those Christians who feel that providences are against them.

#### 32mo TRACTS.

No. 64. Philip Martin, the Pardoned Convict. By the Rev. James McLeod, D.D. Pp. 16.

A real incident of the pardon of a convict and the effect produced upon the prisoner, used as an illustration of the effect of God's pardon upon the sinner.

No. 65. A SKEPTIC RECLAIMED. By the Rev. R. M. Patterson, D.D., LL.D. Pp. 16.

An incident of pastoral experience, showing how a wise, loving fidelity led a skeptic into light and peace. The tract will be valuable in many cases.

No. 66. CAN WE LEARN TO BE CONTENTED? By J. R. Miller, D.D. Pp. 16.

The question is answered in the line of St. Paul's experience, and hints are given on the way in which all may learn the lesson.

#### MISCELLANEOUS.

THE WESTMINSTER SHORTER CATECHISM. A fac-simile reproduction from an early English edition. Price, 25 cents.

This is interesting because of its ancient look. It was issued in May, I888, as a centennial memorial.

#### MUSKOKEE HYMN-BOOK.

For use in missionary work among the Muskokee Indians.

CHILDREN'S DAY EXERCISE. By the Rev. James A. Worden, D.D.

Prepared specially, with hymns and music and Scripture readings, for use on Children's Day.

#### PERIODICALS.

During the year no changes have been made in the form of any of the periodicals, nor have any new ones been added. There has been considerable increase in circulation, as the figures of the Business Department will show. The continued favor with which our publications of this class have been received is very gratifying. A brief description of each of our periodicals is here given.

#### THE WESTMINSTER TEACHER.

The Westminster Teacher is issued monthly. It is a handsome magazine, each number containing forty pages. It is
prepared specifically for the teachers and officers of Sabbathschools, and is used also by many Bible-class scholars. It
contains full and varied expositions of the International Bible
Lessons. Its aim is not merely to furnish exegetical notes,
but specially to aid teachers in applying the truths of Holy
Scripture to the consciences and lives of pupils. Warm commendations of the lesson-work in the Teacher have been received from all parts of the world and from many workers in
other denominations. This magazine also gives, each month,
valuable editorial and contributed articles. It is published in
octavo form, monthly. Price, single copy by mail, per annum, 60 cents; school subscriptions, to one address, 50 cents
each copy.

#### THE WESTMINSTER QUESTION BOOK.

The Westminster Question Book, though mentioned among the "Bound Volumes," belongs also to the list of Lesson Helps. It is a complete manual or hand-book, containing the Scripture text, with Home Readings, Golden Texts, Lesson Plaus, Shorter Catechism, Notes, Questions and Practical Suggestions. It thus gives in a single handy and compact volume the basis for a whole year's work. It is adapted in grade to senior classes. Price, \$12 per hundred, net; single copies by mail, 15 cents.

#### THE WESTMINSTER QUARTERLY.

The Westminster Quarterly is adapted to older scholars. It is used in intermediate and Bible-classes. It is issued quarterly, and each number contains full lesson work for the three months. It is an octavo of 36 pages, and is furnished at the low rate of \$12 for one hundred copies to one address for one year; single copies, 20 cents.

#### THE WESTMINSTER PRIMARY QUARTERLY.

The Westminster Primary Quarterly is adapted to the little people in primary classes. It is bright and attractive, with easy explanations and suggestive questions and things to remember. It is prepared by Mrs. G. R. Alden ("Pansy"). Price, school subscriptions, to one address, 100 copies per year, \$8, or 8 cents for each scholar.

#### THE WESTMINSTER LESSON LEAF.

The Lesson Leaf is prepared with special reference to intermediate and younger scholars. It is issued monthly, but so arranged that if desired the leaves can be separated and distributed to scholars weekly. Each lesson leaf contains one lesson complete, with Scripture, Golden Text, Catechism, Notes, Questions, Practical Teachings. Price, school subscriptions, to one address, 100 copies per year, \$5; or 5 cents yearly for each scholar.

The Question Book, Quarterly, and Lesson Leaf are prepared by the Rev. W. M. Rice, D.D.

#### THE WESTMINSTER PRIMARY LESSONS.

The Westminster Primary Lessons is a neat leaf, adapted to the little people. It is issued monthly, but the leaves may be separated and distributed weekly if preferred. It is prepared by Mrs. G. R. Alden, and is illustrated. Price, school subscriptions, to one address, 100 copies per year, \$5; or 5 cents yearly for each scholar.

#### THE GERMAN LESSON LEAF.

The German Lesson Leaf is prepared specifically for the Sabbath-schools of our German congregations, and is heartily appreciated by them. The limited number of Presbyterian German churches renders a large and paying circulation of this leaf impossible. It is published, however, as a help which ought to be given to our excellent German people, even at a financial loss. The price is the same as that of the Westminster Lesson Leaf.

#### ILLUSTRATED PAPERS.

#### FORWARD.

Forward continues to grow in favor. It is designed for older young people, of intermediate and Bible-classes. Its aim is to furnish articles of an instructive and elevating character, and yet to avoid being dull and heavy. The name of the paper is suggestive and fitly embodies its aims—to lead its readers on to better things, to inspire and help them upward and onward.

This periodical is attractively illustrated. It is published twice each month, but may be taken either once or twice a month as subscribers desire. School subscriptions, to one address, once a month, 100 copies per year, \$15; twice a month, 100 copies per year, \$30.

#### THE SABBATH-SCHOOL VISITOR.

The Sabbath-School Visitor is the oldest of the periodicals of the Board, but it has all the sprightliness and vigor of youth. It is adapted to a class of readers a little younger than For-

ward. It is an illustrated four-page paper, each number containing attractive and interesting matter adapted to children. It is a welcome visitor in many thousands of homes. It is published twice each month. It may, however, be taken either once or twice a month, as preferred. School subscriptions, to one address, once a month, 100 copies per year, \$10; twice a month, 100 copies per year, \$20.

#### THE MORNING STAR.

The Morning Star was started to meet the demand for a paper at a small cost. It is of the same quality, grade and style as the Visitor, but is only half the size. It is issued twice a month, and may be taken once or twice a month as desired. School subscriptions, to one address, once a month, 100 copies per year, \$5; twice a month, 100 copies per year, \$10.

#### THE SUNBEAM.

The Sunbeam is certainly one of the brightest little papers in the world. Its large circulation attests its popularity. It is a thing of beauty in its form, and it is always full of pure and pleasant things for the little ones. It is issued weekly and is finely illustrated. School subscriptions, \$20 per 100 copies, for the year. No subscriptions taken for less than a month.

Forward, the Sabbath-School Visitor and the Morning Star each being published twice a month, schools that so desire may have four papers each month. The older scholars can receive Forward and the Visitor each twice; and the younger pupils the Visitor and the Morning Star each twice. Then for the little people the Sunbeam comes every Sabbath in the year.

It is impossible to estimate the value of the work done on these various periodicals, or their influence as they go out with their pure, bright, beautiful pages, bearing holy, helpful thoughts and teachings. They carry into tens of thousands of homes cheer, instruction, inspiration and comfort. It cannot but be that vast good is accomplished by this ministry, the results of which can never be known in this life. We may report a few figures, showing how many thousands of copies of these pages are sent out during the year, but no pen can write the story of the ministry accomplished by these leaves of the tree of life as they go with their messages to homes of rich and poor all over the land. We can only thank God for the privilege of preparing and issuing these periodicals, and leave with him the results.

## BUSINESS DEPARTMENT.

This Department has charge of all the property of the Board, and conducts all its business operations. Of these operations, the most important are, first, the publication (manufacture) of books and periodicals, and, secondly, the placing of the publications on the market.

#### PUBLICATIONS.

According to the statement on p. 50 there have been published during the year 1,092,750 books and tracts and 19,393,679 periodicals, which, together with 6,650 copies of the Annual Report, make an aggregate of 20,493,079 publications for the year. There has been an increase over the publications of last year in books and tracts of 675,750 and in periodicals of 1,328,575, a total increase in books, tracts and periodicals of 2,004,325. There was a decrease of 1,450 in the number printed of copies of the Annual Report.

#### PLACING ON THE MARKET.

This work continues to be performed, as was reported last year, by advertising in the leading papers of our own and affiliated denominations throughout the country, and through the agency of the main store in Philadelphia and twenty-three depositories and branch houses, nineteen of which are in our own land, three in British America and one in England. These agencies are as follows:

#### DEPOSITORIES AND BRANCH HOUSES.

Baltimore, Md., S. W. Harman, 14 East Fayette Street.
Boston, Mass., H. D. Noyes & Co., 13½ Bromfield Street.
Buffalo, N. Y., Otto Ulbrich, 395 Main Street.
Chicago, Ill., Chicago Depository, C. H. Whiting, 44 Madison Street.
Cincinnati, O., Western Tract Society, 176 Elm Street.
Cleveland, O., The Burrows Bros. Co., 23, 25 and 27 Euclid Avenue.
Denver, Col., Chain, Hardy & Co., 1609-1615 Arapahoe Street.

Detroit, Mich., J. T. Burke, 189 Woodward Avenue.

Harrisburg, Pa., S. W. Fleming, 32 North Third Street.

Indianapolis, Ind., Rev. W. A. Patton, 3½ East Washington Street.

London, Ont., N. T. Wilson, 180 Dundas Street.

London, England, Publication Com. Pres. Church of England, 14 Paternoster Square.

Minneapolis, Minn., Clark & McCarthy, 622 Nicollet Avenue.

Montreal, Quebec, William Drysdale & Co., 232 St. James Street.

New York, N. Y., Ward & Drummond, 711 Broadway.

Pittsburgh, Pa., Board of Colportage, 706 Penn Avenue.

Portland, Oregon, J. R. Ewing, 69 Morrison Street.

San Francisco, Cal., Brier & Dobbins, 42 Geary Street.

St. Louis, Mo., St. Louis Depository, Rev. J. W. Allen, D.D., 1107 Olive Street.

Syraeuse, N. Y., George A. Mosher, 330 South Salina Street.

Topeka, Kan., Armstrong & Neely, 825 Kansas Avenue.

Troy, N. Y., Smyth & Co., 266 River Street.

Winnipeg, Manitoba, W. D. Russell, 560 Main Street.

It should also be mentioned that our periodicals are still further brought to the attention of churches and Sabbath-schools through the medium of circulars addressed to pastors and superintendents. Our Sabbath-school missionaries also perform an important work in bringing all classes of our publications to the notice of those who dwell in missionary districts.

It is proper further to state that, in accordance with the direction of the last General Assembly, a package of selected tracts was sent to every session in our Church, together with a circular setting forth the action of the Assembly. Subsequently to this, monthly circulars have been sent to every session, each circular presenting a list of our publications bearing on some particular subject, such as "Presbyterianism," "Prayer," "The Lord's Supper," "Amusements," etc.

#### PERIODICALS.

Our periodicals, including the lesson-helps, designed primarily for the use of Sabbath-school teachers and scholars, form an instrumentality of incalculable power, not only for beneficially influencing the young, but for the general diffusion of knowledge of the truth. They form one great system which is not only of unspeakable advantage to the Church at large, but is remunerative to the Board. Some of these are published at a pecuniary loss; the deficiency, however, is more than counterbalanced by the gains upon the others. Lists of both these classes will be found on p. 51, in the balance sheet. The explanation of the amount of balances against one of these classes is the same as that given last year—they are the accumulation of losses since the establishment of the papers. They are retained upon the balance sheet as being of the nature of investments. All these, with the exception of the German Leaf, which must always be published at a loss, give promise not only of reaching a paying basis, but of ultimately liquidating the charge against them. The deficit in the case of each for the year is as follows:

Westminster Primary Lessons,				\$263 08
Westminster German Leaf,	•			495 52
Forward,	•			1,195 68
Morning Star,	•	•	•	854 28
Total deficit for the year,				2,808 56

#### SALES.

The sales The sales	•	,			\$109,210 121,026	
Total,	•	,	•		\$230,236	68

This aggregate, as it includes credit sales, does not agree with the Treasurer's account, which account exhibits only cash received.

The aggregate includes not only the ordinary sales of the main house and of the depositories and branch houses, but all sales made to the Sabbath-school and Missionary Department for grants, and all sales by Sabbath-school missionaries.\* There

<sup>\*</sup> The above statement relates only to amounts received and credited by the Business Department. In addition to the amount received by this Department from sales by missionaries, \$490.52 was received from those sales by the Sabbath-school and Missionary Department; see page 30. The Business Department sells all its publications to the Sabbath-school

1889.7

has been an advance upon the sales of last year-in books of \$9,348.04, in periodicals of \$3,300.51; a total advance of \$12,648.55.

#### RECEIPTS AND EXPENDITURES.

The receipts into the treasury during the year from all sources were \$337,781.87. To this should be added the balance in the treasury April 2, 1888, making a total of \$411,155.55.

The entire expenditures have been \$326,471.78.\*

The balance in the treasury, April 1, 1889, is \$84,683.77. This balance includes not only the balance belonging to the different Departments of the Board and to the Bible Fund, but also the one due to "The Church at Home and Abroad."

#### NET PROFITS.

The net profits of the year have been \$6,692.04.

Of this sum, two thirds, or \$4,461.36, has been placed to the credit of the Sabbath-school and Missionary fund, in accordance with the direction of the General Assembly. The remaining third, or \$2,230.68, has been added to the capital stock.

#### CAPITAL STOCK.

This, at the beginning of the year, amounted to \$504,250.36; it is now reported at \$506,481.04.

What was said last year in reference to the reported amount of capital it is proper here to repeat, and by repeating to emphasize:

- "Much of what is so reported is unproductive. It consists of books in the library; of stereotype plates of books for which there is very little demand; of printed sheets of books and
- and Missionary Department at a uniform discount from catalogue prices; the missionaries are required to sell, for cash only, at catalogue prices; the excess inures to the benefit of the latter Department.
- \* The apparent discrepancy between the preceding statements of "receipts" and "expenditures" and those given in the Treasurer's Report, page 52 ("cash received," \$415,616.91; "cash paid," \$330,933.14), is due to the fact that, in the report, each of the statements is increased by the amount paid overfrom the Business Department to the Sabbath-school and Missionary Department, viz., \$4,461.36.

tracts that cannot in any considerable degree be placed at once upon the market; of investments in periodicals that have not yet reached a paying basis; and also of real estate. The reported value of real estate, or in other words of the Publication House, is upwards of \$152,000. From the portions of this house not used by the Board, a large rent would naturally be expected by those not acquainted with the facts. In compliance, however, with the well-known wishes of the donors, offices free of charge are granted to the different Boards of the Church located in Philadelphia. The rent value of these rooms together with their heating and care cannot be less than \$8,000 per annum. In reference to such rooms, the value of which is included in its capital, the Board acts as a trustee in the interests of the benevolent operations of the Church at large.

"It is probable that the working capital of the Board does not exceed \$200,000; and that even this amount, in view of the necessary line of the Board's operations, cannot be used for the accretion of profits with aught approaching the power with which it might be employed by an ordinary business publisher."

#### THE CHURCH AT HOME AND ABROAD.

At the request of the committee appointed by the General Assembly, the Board continues to be the publisher of this magazine. The relations of the Board to this publication are, however, different from those which it sustains to other periodicals for which it is directly responsible.

The editor of the magazine is selected by the Assembly's committee, and he works under its general direction, as does also the Board itself, in this particular. The Board is an agent, rather than the principal, in this connection, and assumes no pecuniary responsibility in the matter.

No charge has been made by the Board for anything except actual expenditures directly on account of the magazine, and every effort has been adopted, through the machinery of the Board, to further the success of the enterprise.

The amount of sales of the magazine for the year was \$34,267.95. The number of copies published was 338,110.

A balance of \$13,277.56 now stands to the credit of this magazine in the books of the Treasurer.

C. T. McMullin, Treasurer.

PHILADELPHIA, April 1, 1889.

The undersigned have examined the account of the Treasurer of the Trustees, and find it correct. The balance of cash in the hands of the Treasurer is sixteen thousand seven hundred dollars and thirty-nine cents (\$16,700.39). They have also examined the securities in his hands, amounting to sixty-one thousand dollars (\$61,000), and find them in the name of the Corporation.

CHARLES H. BILES, WILLIAM W. ALLEN, FRANCIS B. REEVES,

PHILADELPHIA, April 15, 1889.

### DIRECTIONS FOR CORRESPONDENCE.

Letters relative to the general interests of the Board, also all manuscripts offered for publication and communications relative thereto, excepting those for Sabbath-school library books and the periodicals, should be addressed to the Rev. E. R. Craven, D.D., Secretary.

Presbyterial Sabbath-school reports, letters relating to Sabbath-school and missionary work, to grants of the Board's publications, to the appointment of Sabbath-school missionaries, and reports, orders and other communications of these missionaries, to the Rev. James A. Worden, D.D., Superintendent of Sabbath-school and Missionary Work.

All manuscripts for Sabbath-school library books, also all matter offered for the Westminster Teacher and the other periodicals, and all letters concerning the same, to the Rev. J. R. Miller, D.D., Editorial Superintendent.

Business correspondence and orders for books and periodicals, except from Sabbath-school missionaries, to Mr. John A. Black, Business Superintendent.

Remittances of money and contributions, to the Rev. C. T. McMullin, Treasurer.

ALL TO 1334 CHESTNUT STREET, PHILADELPHIA.

# APPENDIX.

## NINETEENTH ANNUAL REPORT

OF THE

# BOARD OF THE CHURCH ERECTION FUND.

### MAY, 1889.

#### To the General Assembly of the Presbyterian Church in the United States of America:

With deep sense of bereavement, and yet with gratitude to God, for His continued blessing upon its work, the Board of the Church Erection Fund respectfully presents its nineteenth annual report, as follows:

One month after presenting its last annual report, the Board was suddenly called upon to part with its president, the Rev. Joseph Fewsmith, D. D. Dr. Fewsmith was elected a member of this Board in 1864, and in 1868 became its president. At the time of the reunion when the Board was reorganized, he was re-elected to the same office which he from that time held uninterruptedly until his death. Constant in his attendance upon its meetings, deeply interested in its work, quick to discover its needs, and eminently wise in counsel, his services many and various will never be forgotten by those so long associated with him.

The following minute adopted by the Board at its July meeting, expresses its appreciation of the loss it sustained in the death of its honored president:

"The Board of Church Erection participating in the general sorrow occasioned by the sudden death of the Rev. Joseph Fewsmith, D. D. discharge a very mournful duty, by expressing through this simple yet sincere minute their high esteem for a departed fellow-member, their veneration for his memory and their gratitude for the eminent service he has so long rendered to the Board.

"Dr. Fewsmith is the only president we have ever known, he having been consecutively elected since the reorganization of the Board at the time of the reunion.

"Fully appreciating the responsibility of his official position, he discharged its duties with such dignity, zeal and fidelity that he secured for his administration that large confidence which is betokened by his unanimous re-election, and for the administrator, the genuine respect and true love of every member of the Board.

"Endowed with a singularly well-balanced mind he brought his robust common sense, his mature judgment and his warm sympathy to the consideration of every topic; he stood at an equal remove from weak partiality and overpowering prejudice and in the discussion of all questions arising in the Board, proved a wise counsellor and a safe leader. He never failed to stand loyally by his own convictions of right and duty; he never failed to show a delicate, sensitive and respectful regard to the opinions of those who differed with him; his honor and his integrity were alike unquestioned and unquestionable, and we design it as the highest tribute of affection and respect that the Board know how to pay when we affirm, respecting our beloved president, that he was a Christian gentleman.

"While we are profoundly grateful to the Great Head of the Church for sparing him to us so many years, we still sorrow for our loss and for the loss to the greatly afflicted family, to whom we tender our heartfelt sympathies, conjoined with the earnest prayer that in this hour of bereavement they may each and all realize in personal experience the full import of the Master's blessed declaration, "My grace is sufficient for thee" and may derive hallowed consolation from the record of that well-spent life, the memory of

which is their priceless heritage.

"As a tribute of respect the Board orders this minute to be entered upon the record of its proceedings; a copy be sent to the family and also appoint Messrs. Burnham, Alexander, Magie, McCullagh, and the Corresponding Secretary a Committee to represent the Board at the public services in the Second Church, Newark, on June 26, 1888."

Upon the 22d of October the Rev. Samuel D. Alexander, D. D., who has been a member of the Board since 1872, was elected its President.

The work of the Board has moved on uninterruptedly during the year, and with growing force; manifesting an encouraging if not a rapid advance upon the work of the preceding years. In view of this result the Board desires to express its sincere appreciation of the aid that it has received from the various presbyteral committees upon church erection. It is largely owing to their co-operation that it is able to report an advance not only in the reach of its work but also in the number of churches contributing to its resources.

The details of the operations of the Board must necessarily present from year to year much the same aspect. The needs are the same, the sources from which supplies are drawn are the same, and the story of the struggles, the anxieties, and the perils of young and

homeless churches, though told by different lips, repeats the same touching appeal.

#### I.—THE EVER WIDENING FIELD.

The work of the Board continues and constantly enlarges because the field of the church is ever widening. Were this continent like Europe, long occupied and settled, while the church might grow, its progress would be manifest more in the increased size of long established congregations than in the organization of new, and church buildings would be enlarged rather than multiplied; but when new villages are born every day, and territories are taken possession of in a night, when four young States are added to the Union in a single year, it must needs be, if the Christian Church lag not behind, that new centres of religious life be established and new congregations constantly gathered.

And so it is. In 1888, according to carefully gathered statistics, there were organized in these United States 6,434 new churches—an average of more than 17 a day. Of these the Presbyterian Church claims her due proportion. She, like her sister churches, sees every year more land to be possessed, and she would be untrue to her high privileges and responsibilities were she to hesitate to press on into the goodly territory that is to be claimed and held for her Master. Thus applications have this year come to the Board from regions hitherto unclaimed by our church, and from Presbyteries whose names are first reported to this Assembly. In the North we hear from the Presbytery of the "Black Hills" that "we are late in beginning our work and must take the places now open to us and be prepared when other places open to push into them," with the added statement "we confidently expect 100,000 population in the Black Hills within two or three years:" from the South we hear of a projected Presbytery of Alabama, with five or six churches organized and ready for enrollment; in the East a new population in New England is calling for Presbyterian Churches, and in the West the new synod of Indian Territory is adding every day to the roll of its churches.

From this widening field, there has been an unceasing flow of applications for aid in building churches. In this the church may well rejoice as it is a sign of life and progress. The church sends out every year, through its Board of Home Missions, scores of new men, a pioneer corps, to take possession of new fields, and the roll of applications that the Board of Church Erection reports is an index to the number of new points that have been seized and entrenched, and a proof that the advance guard is there to stay.

The number of such applications, formally received and considered by the Board is 187, and correspondence with scores of other churches indicates that they are also preparing to arise and build.

Moreover, an advance in strength is indicated and an assurance of stability is given when a church erects a home for its pastor. Thirty-one formal applications for loans to aid in building manses have been received, and the Board has reason to know that the interest excited by the establishment of this branch of its work has stimulated many churches to undertake to build, who have found to their satisfaction that they were able to complete the work without applying to the Board.

#### II.—SUPPLIES FOR THE FIELD.

To meet this demand from the ever-widening field, the Board is, of course for the most part, dependent upon the annual contributions of the churches and the personal gifts of friends specially interested in the work.

To these two sources it looks each year with eagerness to forecast the measure of its work. There are indeed other supplies which swell the aggregate of its income, such as the interest upon its permanent fund, legacies, and small returns from the sale of church buildings or the repayment of grants, but the interest of the Church in the Board's work is after all to be judged by the number and the amounnt of its regular contributions. These during the earlier months seemed to suffer, apparently from the reaction that almost always follows hard upon the special excitements of a memorial year; but later, the supplies became more abundant and the Board is profoundly thankful that it can state that there has been a slight advance over last year in the aggregate of receipts, and what is still more encouraging a marked increase (about five per cent.) in the number of contributing churches.

Yet with regret it must be added that more than one-third of the churches upon the roll of this Assembly still make no contribution to the Board. It is probably true of the larger part of these non-contributing churches that they are themselves very feeble; some of them still struggling for existence, others bending every energy to secure homes for their own congregations or to pay the debts yet burdening them; but it is also true that among them are some of our strong and liberal churches, and many that upon the Assembly's minutes report gifts to the general work of church erection. The explanation of this anomaly is two-fold; impressed with the needs at home they give entirely within the bounds of their own presby-

teries, or moved by special appeals that reach them from particular cases, they send direct in answer to the cry and find that they have then nothing left for the treasury of the Board. When this Board was originally constituted it was under the plan and with the hope that all the money that the stronger churches could spare to aid the weaker in building would be sent direct to the Board, and then all applicants for aid be also referred thither. Thus a more equitable distribution of gifts would be secured than was possible in any other way. Thus every weak church would be assured a speedy hearing and prompt relief. Were it possible to carry this plan out in its original intent, the Board believes that the happiest results would be attained; but for the present this seems to be impracticable and as special gifts are still largely made in response to personal appeals, the Board believes that it would be of great advantage were all such gifts to pass through its treasury as "special contributions" for designated purposes; and thus let the annual report of the Board indicate approximately the annual work in church erection.

The actual receipts of the Board from which it has been permitted to distribute to the churches have been as follows:

Contributions from churches	\$57,910.99
Individual contributions	3,763,29
Legacies	12,901.15
Interest upon invested funds	9,897.79
Sale of church buildings	3,635.75
Appropriations returned	1,510.00
Receipts-from insurance	10,356.91
Special contributions	15,467.04
•	\$115,442.92
Contributions to Manse Fund	3,547.41
Repayments to Manse Fund	5,959.80
Interest	251.79
	9,759.00
Total	\$125,201.92

### III.—THE DISTRIBUTION.

This is the most important and most delicate of the duties assigned to the Board. In administering its trust it has endeavored to obtain such information in the case of each application as would enable it to act not simply with prudence in view of the many other claims upon its funds, but also with sympathy evoked by a

knowledge of the trials and self-denial of the church in question. The Board feels that it has a right to trust the wisdom and prudence of the presbyteries and as seldom as possible in its appropriations has it given less than the amount recommended by the committee endorsing the application.

1. Churches.—Appropriations have been made for one hundred and eighty-one church edifices, and this year, as last, these grants have been distributed to every part of the field. The "West" has lost its old meaning and thus it is more exact to say that one-half of these appropriations have been made to the great central region lying between the Mississippi and the Rocky Mountains. To the states and territories there fast assuming imperial dignity, there have gone 87 of the 182 grants.

East of the Mississippi there have been allotted 68 grants, and to the Pacific Slope, 27. To speak more particularly we must again put Kansas first upon the list, her number reaching 23. Iowa, more than doubling her work of last year, comes next with 15. Then in quick succession, California, 12, and Dakota still undivided, 11.

In the east, New England, to which special reference was made in our last report, is opening more and more to the entrance of Presbyterian churches. As was said a year ago, this is in no sense an intrusion upon ground occupied by another denomination. is simply the necessary result of the incoming of a new population largely of Presbyterian antecedents. So perfectly is this understood and appreciated that our Congregational brethren, for the most part, welcome the advent of the Presbyterian church. organization of the youngest of these new churches in Vermont the Congregational minister was present, gave the movement his hearty approval and dismissed to the young church 35 of his members who being Presbyterians from Scotland felt that they must add their strength to the new enterprise. During the last year several of these churches have, with the assistance of friends from without, including their Congregational neighbors, completed their church edifices;—buildings, it should be added, that necessarily involved far greater outlay than is required in the smaller villages of our younger states. While the grants to New England churches (5) have not been many, they have necessarily averaged larger in amount.

Upon the Pacific Coast, Oregon and Washington, as well as California, have moved steadily forward, the latter making specially noticeable progress and receiving 10 grants, as against one last year.

In the aggregate the appropriations to churches (including three chapels) have reached \$93,087; an advance of \$4,837 upon the previous year, and of \$33,337 upon the grants of three years ago.

Adding to this the special gifts, which, however, were not so numerous nor so large as last year, the total number of churches to which appropriations have been made, reaches 204 and the total amount thus promised was \$108,554.64.

The actual payments have amounted to \$118,182.31, of which \$15,106.40 were gifts specially designated, and 9,356.91 were payment of losses incurred by fires.

2. Manses.—The Manse work which is but little more than three years old has now settled down to the well defined limits prescribed by the amount of the fund. As the Assembly is aware, under its rules the Manse Fund is distributed in the form of loans to be repaid without interest in one, two and three years. Thus it is expected that one-third of the fund will each year be returned, to be again sent out to an equal number of waiting churches. During the first year of the administration of this new department, two-thirds of the entire fund was sent out, many churches being ready and waiting for the opportunity thus opened to them. During the second year, the remainder of the fund was called for, and since then as no noticeable additions have been made to it, the Board has been largely dependent upon the annual repayment of loans for its ability to afford new aid.

Thus necessarily this year has come the test of the practical working of the scheme and the returns have been looked for by the Board with an interest not unmingled with anxiety. The result has been very encouraging. While a few of the churches have for one reason or another asked for an extension of time, and here and there one and another has unduly delayed, upon the whole the payments have come in with a regularity that has enabled the Board to meet the most pressing of the calls made upon it during the present year. Two months ago, when the final payment, several weeks in advance of the stipulated date, came in from the first church aided by the Manse fund, that of Villisca, Iowa, the Board felt that it could say that this new department was no longer an experiment—it was a success.

During the year repayments have been made by 50 churches and the aggregate amount thus received was \$5,959.30. By contributions, general and special, there have been received in addition \$3,547.41. The fund now being practically all in use, the amount, even under the most perfect working of the plan, available for grants, in any one year cannot exceed one-third of the full amount of the fund. As a matter of fact in response to the thirty-one applications, twenty-six loans have been made aggregating \$10,360, and three absolute grants amounting to \$600. As the fund now stands at \$31,000

it is evident that with an annual disbursement of \$10,500, the full measure of fruitfulness is reached.

The results thus far attained indicate, in the opinion of the Board, that no more beneficent and remunerative use of money could be made than by increasing this manse fund to the full amount of \$50,000.

To say nothing of the added comfort afforded by an assured home, it is beyond a doubt, to quote the remark of one of our experienced missionaries that "the successful working of the Manse Fund would solve with the young churches the question of self-support."

### IV.—SUMMARY.

1. Receipts and Expenditure.—To sum up in a few words the work of the year, it may be said that including appropriations to chapels, churches, and manses, and payment of losses from fire, the total number of churches touched by the work of the Board has been 250; and the aggregate amount of appropriations has amounted to \$128,871.55. These appropriations have been within the bounds of every synod connected with the Church with the exception of China and India, and have reached to more than 100 presbyteries in 35 states and territories.

A glance at the map that accompanies this report will give a bird's-eye view of the volume and of the distribution of the work, while an examination of the two lists of names, given in numerical and in alphabetical order, will enable those interested to place upon the map any particular church.

The receipts from all sources available for the work of the Board amounted to \$125,201.92. The aggregate of payments was \$135,723.84.

The excess of payments above receipts is to be explained from the fact that many appropriations are paid not from current receipts, but from funds set aside for that purpose when the grants are made. It is true, however, that including the necessary expenses of administration the obligations incurred have somewhat exceeded the net receipts, and have caused encroachment upon contributions that coming in after the final appropriations were made, ought to be reserved to meet the early outlay of the opening year.

It seems proper again to emphasize the fact that the "balance" in the "general fund," indicated in the Treasurer's statement of the "position of funds," consists almost entirely of sums that have been appropriated and that now await the order of churches, and that in its monthly estimate of its resources, the Board always subtracts the amount of this reserved fund.

2. Insurance.—During the past year, as usual, insurance has been effected upon all the church buildings and manses to which payments have been made; and upon an almost equal number, former policies have been renewed. As the insurance is perpetual until the amount secured is returned to the Board, it is evident that the volume of this business is every year increasing. The amount now covered by policies held by the Board is nearly \$1,400,000.

These policies are obtained at a very low rate upon the ground

These policies are obtained at a very low rate upon the ground that the risks are so scattered as to reduce the probable loss to a minimum.

This among other reasons makes it impracticable for the Board to comply with a request often made that it will obtain insurance upon a building for amounts exceeding its appropriations. During the year there were thirteen losses by fire and the amount recovered from the insurance was \$9,756.91.

3. Mortgages.—Every year adds its evidence to the value of the rule by which the amounts granted to the churches are secured by mortgage from the danger of diversion or loss.

Few appreciate how necessary is this provision. The contingency against which it provides is by no means so uncommon as might be supposed. The Presbyterian Church is organizing about two hundred new churches every year. If these were all founded in old and well-established communities, a wise discretion might determine with a good degree of accuracy where they were needed and where with an assured constituency they would be likely to thrive. But, as a matter of fact, the majority of these infant churches must be planted in infant villages, the future of which is in every case more or less uncertain.

That a certain proportion of these young enterprises fail of success is inevitable. Conditions arise that had not been foreseen and the village languishes. It is the necessary waste in the grand progress of the country, and there would be no progress if no town were founded until its permanent success was assured. And necessarily a certain proportion of the churches each year organized must share the fate of the towns in which they are placed. No one can foresee which town is to suffer, and it would be fatal to all advance of our Church were her missionaries to refuse to plant her standard and gather a congregation in a town until its fate could be certainly known. No! Wherever there is good promise, there a church must be organized. Some of them will languish and die, and for this no one is to be blamed.

Thus it comes to pass that every year the Board finds that a certain number of churches that in former years it aided have virtually given up the struggle. Their members have moved away

and sometimes the property is left without any one claiming to own it. It is in such cases, for the most part, that the value of the mortgage is seen. The Board is able to take control of the property, direct in regard to its disposal, and, so far as possible, recover for the use of other churches more happily situated the money once granted to the now deserted field.

In this way there have come back to the treasury during the last year \$5,145.75, an amount which otherwise would have been certainly lost.

In this connection attention may be properly called to the provision made by the last Assembly, by which "any church making an annual contribution to the Board of not less than ten per cent. of the amount originally granted, shall be deemed as paying in such contribution an installment of like amount upon the mortgage held by the Board, provided that such church, at the time such contribution is sent, shall notify the Board that it desires such application to be made."

Under this rule the way is open for churches by means of their annual contributions gradually to refund to the Board all that they have received, and in due time release their property from even the shadow of an encumbrance. Surely it would seem that churches, that in their infancy have been themselves helped by sister churches, would esteem it a high privilege to send back for redistribution the money they no longer need. But aside from this, it may well be borne in mind by churches that are increasing in strength that the time will almost surely come when under the necessity of rebuilding or of enlarging, or of exchanging sites, they will find it a great satisfaction and convenience to have their title free from even such lien as is held by the Board. Not a year passes that the Board does not receive money from churches that, having thus prospered, desire to clear their title. In the way suggested by the Assembly, this end would be attained without any undue effort or anxiety.

4. Architectural Designs.—Through arrangements made with several competent architects the Board is able to furnish to the feeble churches at a nominal price the working drawing and specifications of a number of tasteful, convenient, and inexpensive buildings. It takes pleasure in sending, when request is made, a pamphlet containing designs and perspective views. If the Assembly should approve of the slight expenditure involved, the Board will in the course of the coming year enlarge its book of designs and add materially to its value. In this connection it would express its acknowledgements to Messrs. Isaac Pursell and Chas. W. Bolton, of Philadelphia for many favors, and also to Mr. Chas. Geddes, of San Francisco, for two very acceptable designs presented by him and which appear in the appendix to the report.

### V.—ESTIMATES.

By one of the provisions of the constitution of the Board, it is made its duty in connection with its annual report to give an estimate of the amount probably needed during the coming year. Remembering the steady advance during the past, there is no reason to doubt that the applications of the older States, both east and west, will be this year fully equal to last, while there is every prospect that an unusual demand will result from the changed political relations of so large a portion of the national territory. North and South Dakota, Montana and Washington are already manifesting a new enthusiasm born of admission to the Union, and New Mexico and Wyoming are anxious to vindicate their claims to the same supreme privilege. If the reports that crowd the daily papers in regard to Oklahoma are half true, notwithstanding the disappointments that have brought so many excited hopes to a tragical end, this fertile territory, last year uninhabited, is alive with a crowding population, the religious needs of which would not be met were a hundred churches to be this year built. Judging from the many letters of inquiry that have reached the Board, and from its knowledge of the advancing movement of our church in almost all of its synods, it is within bounds to say that \$150,000, even under present conditions, might most wisely be distributed among the new churches that during this year now opening, are to provide for themselves spiritual homes. More than double that amount would be needed were the original design under which this Board was established fully carried out. As has been already said it was hoped and expected that it would become the intermediary in every case between the churches needing aid and those bestowing it. From its central position, from its constant communication with all parts of the field it was assumed that it would have the best opportunity to measure actual needs and to judge in regard to distribution of funds. It was hoped that through such instrumentality obvious dangers that attach to solicitations by private appeals, either to churches or individuals would be avoided.

Experience has proved that it is no blessing to a church to have its building presented to it. Most wisely the rule of the Assembly requires that a congregation shall raise at least two-thirds of the amount needed for lot and house before it can draw upon the Board. Unless it is able and willing to do this it has usually not reached that development that gives promise for the future or justifies the investment of offerings from outside. Unless the village in which they are organized dies, few churches fail if they have themselves provided their share for the expenditure involved in building. But all esti-

mates are illusive and the Assembly's wise provision is frustrated, if churches without any substantial strength of their own, obtain by personal and private appeals the portion they are expected themselves to raise, and then apply to the Board for the full amount it is permitted to appropriate. The Board therefore ventures to suggest that prudence dictates that churches should not be hastily organized before there is at least a promise of effective membership and support, and that private appeals coming from churches should be met, so far as possible, by contributions sent through the treasury of the Board. In this way not only will the Board be able in every case to render proper assistance, and supplies be justly distributed where there is need, but also the contributions can be secured against possible disaster, and, as was intimated earlier in the report, the full measure of the work done by the church be more adequately displayed.

### VI.—REVISION OF PLAN.

The Board would call attention to the fact that the plan under which it acts, originally adopted in 1854, and approved in 1870, has been frequently amended by subsequent Assemblies. As some important changes have been made, it would seem advisable to have the amendments incorporated in the body of the plan in their appropriate places. The Board has therefore prepared a revision embodying the provisions of the plan as now in force, and presents it herewith in the appendix to the report for the approval of the Assembly.

## VII.—ELECTION OF MEMBERS OF THE BOARD.

The term of office of the following members of the Board expires at this time, viz.:

MINISTERS:

REV. JOHN HALL, D.D. REV. C. CUTHBERT HALL.

ELDERS:

FREDERICK G. BURNHAM.
E. FRANCIS HYDE.
B. F. RANDOLPH.
JOHN SINCLAIR.

It will devolve upon the Assembly to fill these vacancies, and also the vacancy in this class caused by the death of Dr. Fewsmith.

All of which is respectfully submitted.

By order of the Board.

SAMUEL D. ALEXANDER,

President.

ERSKINE N. WHITE,

Corresponding Secretary.

# Report of the Standing Committee on the Board of Church Erection.

The Standing Committee on the Board of Church Erection beg leave to report to the General Assembly:

That they have carefully examined the 19th annual report of said Board, including the Treasurer's report together with the neatly recorded minutes of the meetings of the Board.

The opening paragraph sets forth the profound loss sustained by the Board in the death of its honored President, Rev. Dr. Fewsmith, which occurred on the 23d June, 1888. Dr. Fewsmith was the only President the Board has known in the long period since the re-union. Each year he was re-elected by a unanimous vote of his colleagues. Such was his dignity of character, zeal and fidelity, that he commanded the confidence not alone of the Board, but of the entire church. The vacancy created by the death of Dr. Fewsmith has been since filled by the election of Rev. S. D. Alexander, D.D., who has served upon this Board continuously since 1872.

In common with all our great ecclesiastical agencies, this Board is confronted with an ever-widening field of operations. The once sparsely settled territories, with here and there an humble village or hamlet, have, within a decade or two, reached the dignity of state-hood, with populous towns and large cities.

Within a single year the number of States in this Union has increased from thirty-eight to forty-two.

The home missionary is on the picket-line with the advancing host, ready to seize the first opportunity to organize a congregation that it may become the centre of religious life. Statistics show that more than seventeen Christian churches are organized every day. Our own church is well represented in this aggressive movement. But a congregation without a sanctuary in which to conduct the orderly worship of the Most High must lead a sort of nomadic and uncertain life. A suitable church-home at once gives an honorable station in society, removes from the hearts of the people an oppressive anxiety, and gives impetus to all the activities of the congregation.

The appeal for aid in church building is heard this year from places hitherto silent. From the Black Hills, and from points in the distant North West, from various points in the South, and from the Indian Territory, as well as from the newly-gathered congregations of Scottish Presbyterians in New England very urgent appeals are heard. Our church cannot turn an indifferent ear to these appeals; they are the most conclusive and satisfactory evidences that the advancing army is strongly intrenching itself, preparatory to still further aggresive movements.

During the year covered by this report, the Board of Church Erection has aided in the erection of 182 church edifices. Of these, 87 lay in the region between the Mississippi and the Rocky Mountains; 68 in the region east of the Mississippi, of which 5 were in the New England states; and 27 along the Pacific Slope. The aggregate of appropriations to these 182 churches amounts to \$93,087. This is an advance upon the previous year of \$4,837; and an advance of \$33,337 upon the appropriations of three years ago. If the special gifts that have passed through the hands of this Board be enumerated, as they very properly ought to be, then the whole number of churches aided this past year will amount to 204, while the actual payments made will amount to \$118,182.31.

In addition to the regular work assigned to this Board, of aiding in the erection of houses of worship, the General Assembly three years ago committed to its care the oversight and distribution of what is known as the "Manse Fund." This fund, amounting at first to \$25,000, is loaned for periods of one, two and three years, without interest. The present year has been considered by the Board as one that would give a full and practical test of the workings of the scheme. The results thus far have proven very satisfactory. Repayments have been made with commendable promptness,—and many young missionary churches have realized that as for them the successful working of this Manse Fund has gone far toward solving the question of self-support. This fund has grown from \$25,000 to \$31,000, -but in the judgment of your committee, it ought at once to be increased to \$50,000. Allowing to the Board the proper credit for the work done through this new channel in addition to its regular work, it will be found that in all 250 churches have been generously aided—while the appropriations have reached the handsome sum of \$128,871.55. The distribution of this sacred fund has extended through no less than 35 states and territories.

In the prosecution of this great work there must be neither truce nor cessation by our beloved Church. The new-born states, as well as those that the near future shall bring into existence, must be dotted with Christian sanctuaries. The thoughts of this intelligent Board are justly burdened with the gravity of the problem before it, and it is their solemn conviction that for the coming year a

sum of not less than \$150,000 is needed to meet the demands of their ever-widening field.

An overture from the Synod of the Indian Territory having been placed in the hands of your committee, requesting that such amendments be made to the charter of this Board, as will enable it to give aid to the churches in said Territory notwithstanding they may be unable to furnish the usual mortgage security: the following is recommended for answer: that there be added to article 12, section 6, of the Revised Plan, this Paragraph:

"Provided that in the case of churches located upon Indian reservations, where no title in fee-simple is attainable, the Board may accept, in place of the mortgage, a certificate of the trustees of the church, promising to carry out, as far as possible, the usual conditions of the mortgage; and also promising to execute the proper mortgage so soon as the laws of the territory or of the state will permit."

Your committee unanimously recommend for adoption the following resolutions:—

- I.—That this General Assembly hereby commends the zeal, wisdom and fidelity of the Board of the Church Erection Fund.
- II.—That the minutes of its meetings, together with the various acts therein recorded are hereby approved.
- III.—That the sum of at least \$150,000, exclusive of the Manse Fund, is needed for the work of the current year. And it is hereby declared to be the duty of every congregation to make an annual offering, according to its ability, to this cause.
- IV.—That we earnestly recommend donors and churches to send all their contributions direct to the treasury of this Board, in order that thus the most equitable distribution possible of gifts may be made to all parties; and that such gifts may be properly secured by the usual mortgage.
- V.—It is also recommended that in the case of special donations, designed for the benefit of particular churches, these gifts unless given through organized presbyterial agencies, be passed through the treasury of the Board. This will cause no delay as they will be immediately forwarded to their destination, while the report of the Board, by including them, will more nearly represent the full work of the church in this department.
- VI.—The Assembly desires again to emphasize the great importance of the Manse Fund, and expresses the hope that said fund may be at once increased to the sum of \$50,000.

VII.—That the *Revised Plan* of the Board as re-written and presented on pages 15 to 21\* inclusive of the report, is hereby approved.

VIII.—That the Assembly approves of the efforts made by the Board to furnish suitable plans for appropriate and inexpensive edifices and the Board is authorized, if it seem advisable, to revise and publish a new pamphlet of such designs for church buildings and manses to be furnished to applicants at a nominal price.

IX—As the terms of office of the following persons expire at this time, to wit: Rev. John Hall, D.D., Rev. C. Cuthbert Hall; and elders F. G. Burnham, E. F. Hyde, B. F. Randolph and John Sinclair, this committee recommend the re-election of these gentlemen. And in place of Rev. Dr. Fewsmith, deceased, your committee recommend the election of Rev. John M. Worrall, D.D., of this city.

All of which is respectfully submitted.

(Signed) JOHN F. HENDY.

Chairman.

DESIGNS. ∘ €

### A COLONIAL CHURCH.

The design upon our title page represents St. Peter's Church, in the neighborhood of "Romancoke" and "White House," Virginia, the estate which came into the possession of Washington by his marriage with Mrs. Martha Custis. The tradition of the neighborhood is that the marriage ceremony occurred at this church. The following description of the building is taken from *Harper's Magazine*, March 1888, from which also the picture is copied:

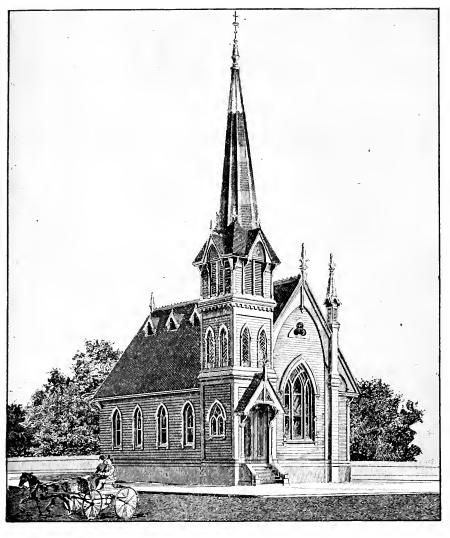

"St. Peter's Church was erected in 1703; at a cost of 146,000-weight of tobacco—currency of the locality; its steeple was put up twelve years afterward. Both on account of its record and its simple, pleasing old English architecture, it is the most attractive colonial church still standing in Virginia. It is built in the form of a parallelogram, with tower and surmounting steeple connecting at one end with the body of the edifice, all the proportions finely harmonizing. The walls of red brick are three feet thick, the windows are small, with rounded tops; the tower is quite large, with four rising projections capped with spheres, and is surmounted by a low steeple, holding on its extremity the cross-keys of St. Peter as a weather vane."

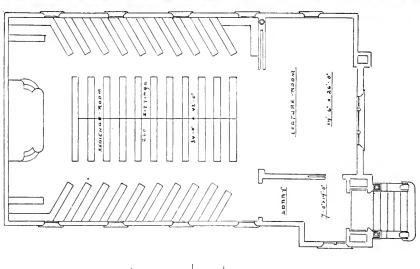

### Design No. 1.

The building represented upon the opposite page was designed by a San Francisco architect, Mr. Charles Geddes, whose effective remarks at the last General Assembly upon the vital importance of church edifices excited much interest. Mr. Geddes has given much gratuitous aid to our young churches in California, and is well acquainted with their needs.

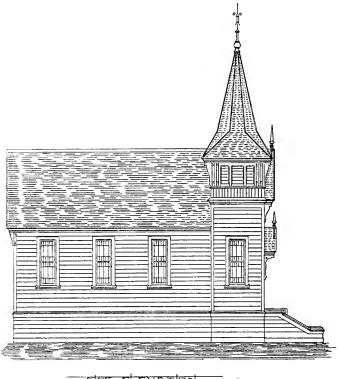

The main audience-room is 34 feet by 42 feet, and will seat 260 people. Mr. Geddes estimates that it can be built in California for \$4,000. In other states, where lumber is less expensive, the cost would not be so great.

Design No. 1.

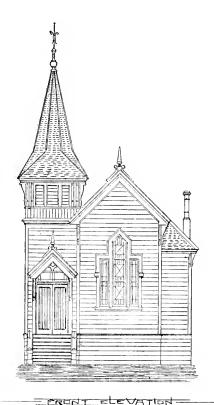

Design No. 2.—Side Elevation.

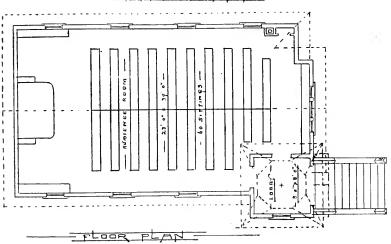

- SIDE ELEVATION-

Upon this page and the following we give the elevations and the ground plan of another design, also by Mr. Geddes. This church is much smaller and less expensive than the preceding. The audience room is 39 feet by 23 feet, and will seat about 120 persons. It is estimated that it can be built for from \$1,500 to \$2,000, according to the locality. Of this church and the preceding, through the kindness of Mr. Geddes, the Board can furnish working drawings at the expense simply of copying.

Design No. 2.—Front Elevation and Ground Plan.

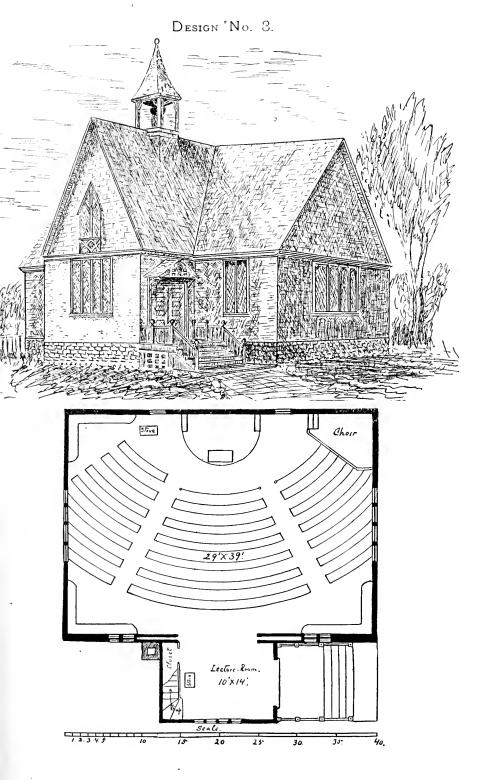

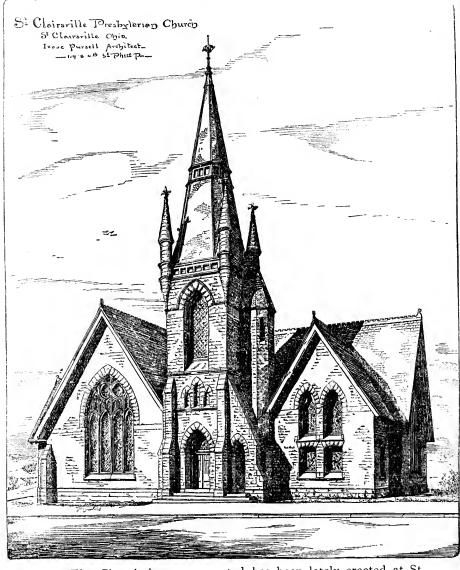

### Design No. 3.

This is designed to furnish at a very small expense a plain building which shall give, in addition to the main audience room, a small lecture room. It will be noticed that the latter also forms the ante-room of main auditorium and that above there is an infant-class room, which can also be constructed so as to open into the main building. A building of this size and upon this ground plan, has been actually erected in Michigan for \$1,500. The cost elsewhere, if the brick veneering were omitted, need not exceed this amount, but would of course depend largely upon the elaboration of the details of the exterior. The following is the description given of the Michigan church:

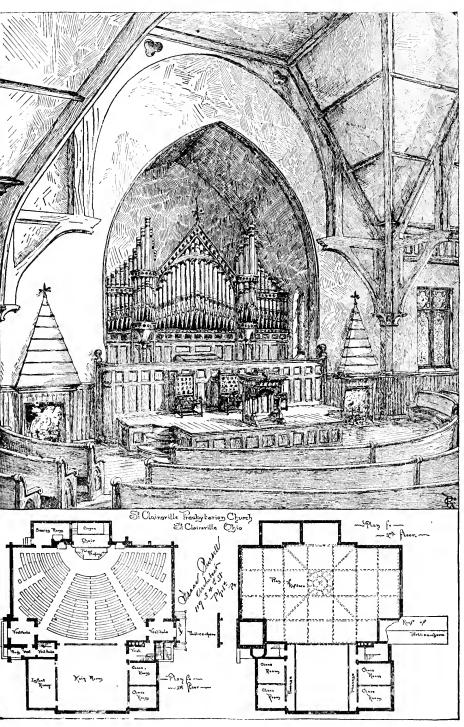

The building is a frame, veneered to the cornice with brick, gable ends and roof shingled. The plates are 12 feet from the sills, and the cornice extends across the ends below the shingles. It is set on a substantial stone foundation, three feet high, giving all the cellar room needed for a furnace when they want it. The audience room is 30 by 40 over all, seating 150 in opera chairs, arranged in a circle, with broad aisles and roomy pulpit and choir platform. The entrance is in the wing, which can be shut off from the audience room by sliding doors, and is 10 by 14. The peak of the ridge over the lecture room is as high as that of the main building; but the ceiling of the lecture room is below the cornice, giving ten feet or less as height of ceiling in lecture room, and an infant class-room above in a half story. The ceiling in the audience room follows the lines of the sub-rafters and collar beams. Above the roof of the wing is an open belfry, giving a place for a bell, and adding a "churchly" look to the building. This building is finished inside in red oak oiled, walls neatly papered, chandeliers, stoves, organ, carpets for aisles and platforms, upholstered chairs for pulpit, and pulpit with A row of horse-sheds which increased the total cost \$200. The chimney starts from the ground, and is outside the walls. The lecture room can be heated independently of the audience room.

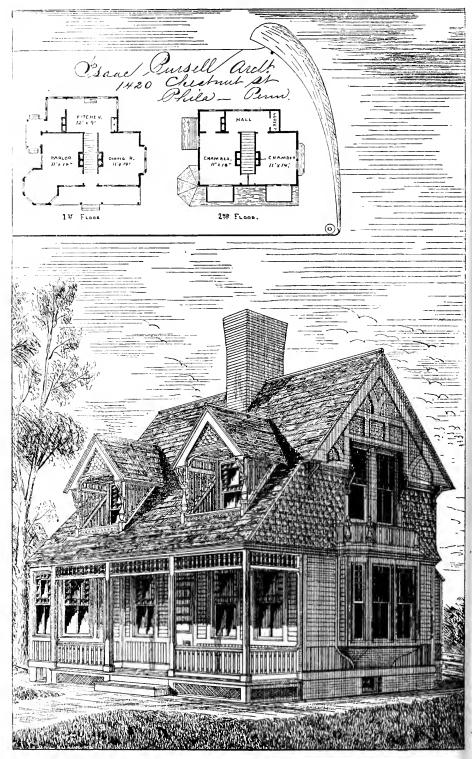

The Church here represented has been lately erected at St. Clairville, at an expense of less than \$20,000. It is of Ohio sandstone, with slate roof and stain-glass windows. The main room is 46 by 77 feet, with floor sloping towards the pulpit. The Sundayschool room is 32 by 34 feet, separated from the audience room by a sash partition, the sash being hung so that the whole can be used together. Each side of the main Sabbath-school room the building is two sories high, the main room opening up through both floors. The two-story portion is divided into two class rooms down stairs and two up on one side, infant room down and class rooms up on the other side. The audience room will seat 500; the choir, 16; the main Sabbath-school room, 200; class rooms, 25 each; infant room, 75—making a total for the whole building of 941.

# THIRTY-FOURTH ANNUAL REPORT

TO THE

# GENERAL ASSEMBLY.

# Presbyterian Board of Relief

FOR

Disabled Ministers, and the Widows and Orphans of Deceased Ministers.

PRESENTED AT NEW YORK, MAY, 1889.

PHILADELPHIA:

PRESBYTERIAN BOARD OF RELIEF, No. 1334 CHESTNUT STREET. 1889.

### MEMBERS OF THE BOARD.

Term	Expires	May,	1890.
------	---------	------	-------

REV. JOHN A. LIGGETT, D. D., ROBERT C. OGDEN, Esq., REV. J. HENRY SHARPE, D. D., JOHN D. WATTLES, Esq.

### Term Expires May, 1891.

REV. JAS. H. MASON KNOX, D. D., F. S. KIMBALL, Esq., REV. JNO. ELLIOTT WRIGHT, D. D., JOS. M. COLLINGWOOD, Esq.

### Term Expires May, 1892.

Rev. Henry E. Niles, d. d.,  $\begin{array}{ll} \text{George junkin, Esq,} \\ \text{Rev. robert d. Harper, d. d.,} \end{array} \quad \text{A. Charles barclay, Esq.}$ 

### OFFICERS.

GEORGE JUNKIN, Esq., President.
A. CHARLES BARCLAY, Esq., Vice-President.
REV. WILLIAM C. CATTELL, D. D., Corresponding Secretary.
REV. W. HEBERTON, Treasurer and Recording Secretary.

### CONTENTS.

## ANNUAL REPORT

TO

# THE GENERAL ASSEMBLY

OF

### MAY, 1889.

The Presbyterian Board of Relief for Disabled Ministers, and the Widows and Orphans of Deceased Ministers, respectfully presents to The General Assembly its Thirty-Fourth Annual Report. The Book of Minutes containing the proceedings of the Board for the year from April 1, 1888, to April 1, 1889, is also herewith presented.

THE HISTORICAL SKETCH OF THE BOARD.

"The Permanent Committee of Arrangements for the One Hundredth General Assembly" reported to the General Assembly of 1886, at Minneapolis, among other recommendations, "that each of the Boards of our Church be urged to provide for the preparation and publication of the *History* and *Outlook* of its work." This report was adopted by the Assembly, and in accordance therewith an Historical Sketch of the Board of Relief, with some notice of its Outlook, was prepared and submitted to the Assembly of last year. It has been printed, by order of the Board, in pamphlet form, and will be sent to any address that may be forwarded to the office of the Board.

### THE ROLL.

The number on the Roll of the Board to whom remittances were sent upon the recommendation of the Presbyteries during the year from April 1, 1888, to April 1, 1889, was 595: that is, ministers, 223; widows of ministers, 341; orphan families, 31. The number of families provided for during the year at the Ministers' House, Perth Amboy, N. J. (see page 4), was 20; making upon the Roll of the Board during the past year a total of 615 families, an increase of 31 over last year.

It should be borne in mind that there are more than 615 persons who share in these appropriations. These families are

often composed of aged couples; or the minister, laid aside from his active duties, may have a wife and children to support. There are also many families composed of dependent widows with little children to be cared for.

The Presbyterial recommendations in their behalf came from 154 Presbyteries. The Presbytery of West Africa recommends two families; the Presbytery of Lodiana (India), one. The Missionaries who have returned home and who may need help in their sickness or old age, are of course recommended by the Presbyteries with which they are connected in this country.

### WITHDRAWALS FROM THE ROLL.

There have been several withdrawals from the Roll, owing to a change in pecuniary circumstances or restored health which has rendered further aid from the Board no longer necessary. Thirty-five names have been removed from our Roll by death; that is, nineteen ministers, fifteen widows and one orphan. The death of the head of the family, however, does not always withdraw the family from the Roll of this Board. In many cases the helpless widow, or the orphan children are still to be provided for.

### ADDITIONS TO THE ROLL.

There have been one-hundred and thirteen families added to the Roll during the year; that is, forty-nine ministers, fiftyseven widows and seven orphan families.

### THE MINISTERS' HOUSE.

The number of families at the Ministers' House, Perth Amboy, N. J., has been twenty—in all twenty-six persons.

The Board expresses the earnest hope that the Commissioners to the present Assembly will take advantage of their proximity to Perth Amboy to pay a visit to this Home provided by the Church for its aged servants. It is distant one hour by rail from New York. The time by boat is a little longer, but the sail is one of remarkable beauty and interest. The Board will be specially gratified and the honored guests of The House will be greatly cheered, if the Assembly can as a body make this excursion to Perth Amboy.

An account of The Home, with a picture of the Mansion, will be found in the May number of *The Church at Home and Abroad*. It has also been printed in pamphlet form, and will be sent to any address upon application to the office of the Board.

### THE TREASURY.

The Board gratefully reports to the Assembly that its funds for current use last year were sufficient to pay in full all the appropriations asked for by the Presbyteries and to meet all the expenses of the Ministers' House at Perth Amboy, and we again report a "comfortable balance" in the Treasury with which to begin a new year. This balance (\$18,388.52) is not so large, indeed, as last year, or the year before; but large enough, it is hoped, to tide us over the Summer months, when the appropriations are large and the receipts, both from churches and individuals, are small.\*

But the year did not pass without a renewal of the anxieties of previous years. The large balance of \$26,142.79, with which we began the year was soon exhausted and November found our treasury overdrawn nearly \$9,000. A special appeal was therefore made to the churches through the columns of the papers and of *The Church at Home and Abroad*. It was also sent in the form of a circular† to all of those who had in previous years made special gifts to our Treasury. The result was most gratifying and was communicated to the churches in the following notice:

So generous has been the response of individuals and churches to the appeal of the Board of Ministerial Relief (recently reprinted from *The Church at Home and Abroad*, under the heading, *What shall be done with the New Appropriations?*), that at the March meeting, to-day—the last of the fiscal year—the entire arrearage of \$9,000 was reported as paid. And not only this, but we had enough money to pay all the March appropriations, and we shall end the year on the 31st with a comfortable balance to help us tide over the usual Treasury drought in the Summer months.

This happy result is due to the liberality of God's people during the year just closing, for, as is well known, the Board has not yet receive lone penny of interest from the Centennial Fund.

All of God's people are interested equally with the members of the Board in providing for the wants of the sick and aged servants of the Church. But our contact with our "suffering brethren" is so close, and we know so

<sup>\*</sup> Since the Report was adopted by the Board, the appropriations for April and May have been voted, and the balance in the Treasury is now only \$639.80!

<sup>†</sup> This circular, giving a brief statement of each one of the eighteen "new cases" brought before the Board at ene of its monthly meetings, shows what sad stories of want and sickness in the homes of the faithful and honored servants of the Church are sent by the Presbyteries to the Board every month during the year. It is therefore appended to this Report—page 11—in the the hope that it may have an interest for God's people irrespective of the occasion which called forth the appeal.

painfully their pressing needs that, naturally, we suffer with them more than those do who have not such an intimate knowledge of the facts. We feel, therefore, impelled to join with these "Wards of the Church" in special and heartfelt thanks to God's people for the generous gifs they have cast into the Treasury of the Board during the past year.

And now, as we address ourselves to our work for the coming year, we appeal hopefully to you for your continued liberality. These sick and aged servants of the Church—who are poor and who have a just and righteous claim upon the Church—these Ye have with you always.

Notwithstanding this favorable ending of the year, it will be seen by the comparative table given below that the contributions from the churches fell off from those of the year previous nearly six thousand dollars; and although the amount contributed by individuals was increased, our total receipts for the year were \$2,296.15 less than the year before. The number of contributing churches (see page 53) during the year just closed was 2,976; the year before it was 3,179—a falling off of 203. This is undoubtedly due to the reaction from the special efforts made in behalf of this Board during the Centennial year, and to the unfortunate impression that many received of our now having as much money as we needed for our work. Both of these reasons for a decline in contributions were foreshadowed in our report of last year, and we respectfully refer the Assembly to those pages (10-12) in which the subject is discussed, quoting the concluding words, which are as applicable to the situation now as then:

"In entering, therefore, upon the work of another year, under these peculiar circumstances, the Board—while renewing their pledges to the General Assembly to use their utmost endeavors to faithfully discharge the important, and frequently difficult and delicate, duties of the administration of this Fund—must appeal earnestly to all pastors and elders and deacons, and to all the women of our Church, and to the children in our Sabbath schools and to all of God's people, to bear this cause on their hearts, to give it a place in their prayers, and to support it with generous contributions."

COMPARATIVE STATEMENT OF RECEIPTS FOR CURRENT USE.

					1887-88	1888-89.
(.)	Cambailtani	f 1				
		from the Churches	•	٠	\$98,922 83	\$93,178 28
(2)	"	" Individuals			11,813 25	15.407 94
(3)	Interest from	Permanent Fund .			17,942 97	18,273 78
(4)	6 66	Deposits in Bank			423 00	377 16
(5)	Miscellaneous	s Recepts			696 <b>3</b> 8	265 12
					0	
					\$129.798 43	\$127,502 28

To the amount of contributions in money, as given above (\$108,586.22) should be added (to show what the churches have done for this cause during the year) the value of the boxes of clothing (\$6,455.87—pages 16, 17) sent by the ladies. For the amount added to our Permanent Fund the last year through legacies and special contributions, see page 20.

The Permanent Fund (as will be seen from the Treasurer's Statement, page 20) now amounts to \$417,960.05; of which \$263,448.99 is held by the Trustees of the General Assembly who pay over to our Treasurer the annual interest as it accrues.

### THE CENTENARY FUND.

The amount of the Centenary Fund in the hands of the Treasurer of the Board at the close of our fiscal year was, with the accrued interest, \$513,118.75. This sum\* is, of course, held by the Board as a temporary deposit, until the present Assembly shall act upon the Report of the Committee appointed by the last Assembly to "consider how, where and by whom the fund shall be invested and to report its conclusions and recommendations." Of course the Board did not feel at liberty to use one penny of the accrued interest, and can only do so after the express order of the Assembly.

THE OVERTURE FROM THE PRESBYTERY OF CANTON.

The Standing Committee upon Ministerial Relief in the last Assembly reported the following anent an overture from the Presbytery of Canton, and their report was unanimously adopted by the Assembly. (See Minutes, page 124.)

As to the Overture from the Presbytery of Canton, China, asking that the General Assembly to meet in Philadelphia in May, 1888, be requested to take action authorizing regularly appointed lay missionaries of the Presbyterian Board of Foreign Missions and their families to receive aid from the Board of Ministerial Relief on the same conditions as Ministers; we recommend that, in view of the innovation proposed by the Overture, and of the increase of expenditure necessarily entailed upon the Board by an affirmative answer, and in view, also, of the want of facts in relation to the subject accessible to the Committee, the whole subject be referred to the Board of Ministerial Relief, with instruction to ascertain the facts in reference to the obligations which would be imposed upon the Board by an affirmative answer to the Overture, and report the same, together with such action as in the opinion of the Board may be expedient, to the next meeting of the General Assembly.

<sup>\*</sup>Also whatever additional sums may be received by the Treasurer between the close of our fiscal year and the meeting of the Assembly. The full amount of the Centenary Fund will be given in the report of the Treasurer of that Fund to the present Assembly.

The Board have carefully considered the subject thus referred to them and would report:—

- 1. As to the facts bearing upon the case. The number of missionaries under the care of the Foreign Board, as given in their last report is 340. Of these 177 are ministers and 135 are female missionaries, who already come within the provisions of the Board by the action of the Assembly of 1885. The remaining 28 are laymen, 24 of whom are medical missionaries. The "increase of expenditure" likely to result from placing these laymen upon our roll will, therefore, not be great.
- 2. "The opinion of the Board" as to the action which should be taken by the Assembly is expressed in the following minute, which was unanimously adopted, and ordered to be transmitted to the Assembly:

Resolved, That in the opinion of the Board, the action of the General Assembly of 1885, directing "That women who have given themselves to the Missionary Work be placed on the roll for the benefactions of this Board upon the same conditions as Ministers," establishes a precedent upon which lay Missionaries, commissioned by the Foreign Board, should also be placed upon our Roll.

It should be added that this overture has received the approval of the Secretaries of the Foreign Board. One of them writes:

On the foreign field, the layman is just as helpless, with respect to outside resources, as a minister. Such are his environments, as a rule, that all sources of income, other than his salary, are impossible. In other cases, where he might receive income, as, for example, by taking up private practice as a physician, he is debarred from that privilege by the rules of the Board, which regards the moral influence of his example in receiving such income as detrimental to the whole missionary work. Our rule is that when a missionary physician does receive anything from general practice, it is to be paid over to the treasury of the Mission. This strictness is necessary to the prestige of the mission work, and, so long as it is enforced against physicians, it seems unjust not to allow them the same provisions that are made for their clerical-associates.

While it seems plain to the Board that there can be but one opinion as to the justice and equity of the claim made by these lay missionaries to be cared for by the Church in sickness and old age, we venture to express the hope that the Assembly, in developing the work of this Board, may think it wise to restrict its administration to the object originally marked out for it, namely, to care for disabled ministers and their families who may

be in want. The Board of Ministerial Relief is the agency by which the Church discharges its duty to the Ministry. women and laymen, who have devoted themselves to the missionary work at home or abroad are, it is true, very much in the same condition with most ministers as to the matter of support. It barely suffices to do more than keep the family from year to year. The Church, therefore, owes it to herself that those who under the direction of our Missionary Boards have rendered this efficient service in the work of evangelization, shall not be allowed to suffer when disabled by sickness or old age. From some points of view their claim is peculiarly sacred, and through some agency of the Church they ought to be tenderly and efficiently cared for. The only question is whether the Board of Ministerial Relief is the proper agency; and whether this interesting and sacred addition to its work, made by the General Assembly of 1885, may not obscure the testimony it was intended to bear to the obligation of the Church to the Ministry—those set apart by a Court of the Lord Jesus Christ, as well as by their solemn ordination vows, to give their whole time and strength, and to spend their whole lives in the service of the Church. But this is a matter for the Assembly to decide, and until such separate agency is established it would seem most fitting for this Board to care for those women and laymen, who are doing, under the direction of the Church, so largely the same work as the ordained minister of the Gospel.

But, in this connection, the Board begs leave to request the Assembly to call the attention of Presbyteries to the declaration of previous Assemblies as to the limitations set to our work, even in Ministerial Relief. In our last Report reference was made to cases of hardship and suffering among ministers and their families brought to our notice—sometimes even by Presbyterial recommendation—which, though they awaken the tenderest sympathy, are clearly beyond the limits set by the Assembly to our work. Although the General Assembly has declared "that ordinarily no appropriations can be made to ministers simply because they are poor, unless they are disabled by disease or the infirmities of age so as to be unable to sustain themselves by some suitable employment," it would nevertheless seem to be the impression among some Presbyteries that this Board is for the relief of all ministers who may really be in want from any cause what-

ever—such as inadequate support in the pastorate, a failure to secure a pastoral charge, etc., etc.

The General Assembly has also decided

That in the case of a minister who voluntarily and in health leaves the work of the ministry for some secular employment and follows that for a series of years and then by failure of business has come to want,—such a course should ordinarily be regarded as a voluntary relinquishment of all claims upon the Board; and that in ordinary cases no appropriations should be made to a widow of a minister who has children able to give her support.

Notwithstanding these positive deliverances of the Assembly, cases are frequently urged upon the Board by letter and in official communications, so manifestly opposed to their plain meaning that fidelity to our trust has obliged us to reply, deeply as our feelings are stirred by the want and suffering of such cases, that the Board has no authority from the Assembly to relieve them out of its Treasury.

Some more definite deliverance is also desirable as to what is meant by "orphans." There can be no doubt that the original intention of the Assembly was to care for the young and dependent children left destitute by the death of ministers. It was expected that the children as they grew up, would, (unless chronic invalids) take care of themselves—the daughters perhaps later than the sons, but when married it was certainly expected they would be taken care of by their husbands. But applications are made on behalf of those long past the age when children usually begin to take care of themselves. Even those who have been married and have families, are recommended to the Board for aid on the ground that they are "orphans" of Presbyterian ministers.\* The Board would be relieved from frequent embarrassment if there were some definite deliverance of the Assembly upon this subject.

The term of service of the following members of the Board expires with the present Assembly: Rev. Henry E. Niles, D. D., Rev. Robert D. Harper, D. D., George Junkin, Esq., A. Chas. Barclay, Esq. There are two vacancies in the class of 1891. caused by the resignations of Jacob Wilson, Esq., and Henry N. Paul, Esq.

Respectfully submitted on behalf of the Board,

WILLIAM C. CATTELL, Corresponding Secretary.

May 2d, 1889.

# WHAT SHALL BE DONE WITH THE NEW APPLICATIONS?

... Last November the Secretary of the Board of Relief sent a communication to all our Church papers under the heading "Burning the candle at both ends," announcing that, with diminished receipts and increased appropriations,

The Board of Relief needs more than eight thousand dollars to pay the amount due to the wards of the Presbyterian Church in this Thanksgiving

month of November.

This alarming and humiliating statement was left without argument or appeal; but an attempt was made to answer the question, Why did the Board at this November meeting entertain any of the new recommendations from the Presbyteries, when there was not enough money in the treasury to meet the small appropriations which those already on its roll had a right to expect? The answer (in brief) was, The Board believes that the great and wealthy Presbyterian Church can and will carry out its sacred pledge to provide for every needy and deserving case properly brought before its Board of Relief by the Presbyteries; that when God's people know the facts, the money will be forthcoming for the new cases as well as for the old.

There have been days in the history of the Board when, after long and sorrowful deliberation, it was felt that there was no other way to keep from ending the year in debt than by declining to entertain any new applications, or by a reduction in the amount of all the appropriations. In 1874 the Committee then having charge of the work did both. They reduced all the appropriations one-half, and then reported to the General Assembly that "there remained sixty-nine families to whom, owing to a lack of funds, no new appropriations could be made"!

But at our meeting in November it was not believed that another one of these dark days had arrived. We believed that the interest in this sacred cause was not all expended in the Centennial year, and that, in the four months yet remaining before the close of our fiscal year, God's people would see to it that the new cases, as well as the old, were amply provided for.

Holding this belief, which of the eighteen new cases ought the Board to have declined? Let us see.

One of the Presbyteries sent an application on behalf of a minister eighty years old, enfeebled not only by his fourscore years, but by disease contracted during his "vacation" (when a pastor) in volunteer service in the army hospital. Accompanying this application of Presbytery were statements emphasizing "his extensive learning, his moral strength and courage, which made him a great power for good" not only in the Faculty of one of oldest Presbyterian colleges, but "in unifying and building up feeble churches." He has now no means of support except the boarders he and his aged wife have taken since failing health obliged him to give up the pastorate. Would not your only question have been, Why did not this aged and honored servant of the Church make application years ago for the relief to which his

long and useful services to the Church entitled him? Another Presbytery applied on behalf of one of its members, eighty-three years old, all of whose ministry was spent in the Presbyterian Church as "an active, faithful and most able preacher." The Presbytery certified to his need; and was there not here also a debt that our Church could not defer paying? Was not the duty of the Church equally plain in the case of the minister of seventy-eight after forty-four years in the ministry, with no means of support except the mortgaged home in which his old age is passed? and of the frontier missionary, "a faithful and laborious worker for forty years," now seventy-six years old, without means of support? and of the minister of seventy, entirely dependent hitherto upon his children, who are really too poor to support him?—"he needs the money sadly," says his Presbytery; and of the minister, seventy two years old, of rare abilities, whose pen has given to the Church some of its most valuable helps to the study of the Bible, and who now, with "nervous prostration and failing eyesight, has no reliable means whatever"?

The whole amount to be distributed among these six families was \$1450—a yearly allowance of less than \$250 to each family. Which of these cases ought the Board to have rejected because it was new?

There were three younger men also recommended by their respective Presbyteries. One is fifty-two years old, "afflicted with spinal disease, aggravated by exposure to severe weather during ministerial labors." He has a little means, but his family, consisting of a wife, a son of seven years old and a daughter of five, sadly need the \$100 for which he was recommended. Board could not believe that our Church would refuse this pittance to its faithful servant because it was a new case. Another minister is fifty-five years old. After twenty-seven years in the ministry, prostrated by typhoid malaria, he is recommended by his Presbytery for \$150 "in the hope that he may be able in a few months to resume work." Not to speak of equity and justice, would it not be wise for the Church at once to extend this little aid to its broken down servant, that he may be restored to usefulness? Another (and this completes the list of nine ministers recommended at the November meeting) has been only ten years in the ministry, but consumption is rapidly hurrying him to the grave. He is endorsed by one of our secretaries as "one of the most useful men upon this board," and by a field secretary of the same board as a "faithful, able and consecrated minister." He will not live many months. He has not a dollar in this world; and shall not the Church which he so faithfully and ably served while God gave him strength see to it that in the few months or weeks remaining to him here he shall be tenderly cared for.

Then there were seven widows—cultured, educated women—struggling with bitter and cruel want. Which of their applications ought to have been rejected because it was new? All of them were recommended by Presbyteries that well knew the services to the Church of their husbands, too busy with the duties of the sucred office to "make money" for their support in the lonely and dependent days of their widowhood. Had not these blessed women also wrought in the Church work with their husbands, and perhaps borne the greatest share in the self-denial and sacrifice that the small salary necessitated in the manse? One of them wrought by the side of her husband

upon the foreign field, where some years ago he died, leaving her without any means of support. Another, aided and cheered her husband during many "years in the mission fields of Kansas." He died recently—seventy-three years old and blind-leaving her poor. Another, whose husband died at an earlier age, has "three young children to support and no way of earning money except by her needle." The Presbytery asks for her the pittance of \$100. For another, whose husband gave thirty-six years of faithful service, the Presbytery asks the same pittance of \$100. Another is the widow of a home missionary who died some years ago. "She is," says her pastor, "now almost hopelessly ill in her helpless old age; her only daughter is in very limited circumstances." The Presbytery asks for her \$100. Another, whose husband was forty years in the ministry, is now an invalid with an invalid daughter dependent upon her-" they are very helpless," says the Presbytery. But the last of these cases is the saddest of all. It is more than fifty years since her husband died. He was a useful and honored pastor, and for a time president of one of our colleges. God only knows the sorrow and anguish of this refined, accomplished woman, as through all these years of her widowhood she gradually but surely drifted away into obscurity and want, until recently, in her ninery-first year, some members of the presbytery found her in the common infirmary of the county poor house.

Two other cases made up the eighteen families added to our roll at the November meeting. They are classed as "orphans." One of them is an invalid daughter of a faithful and beloved minister, "unable to gain a support for herself, though she knits and sews some." The Board voted the \$100 asked for her by the Presbytery. I am sure you would have done the same. The other case is that of two children of a home missionary who was consecrated to his work. "They are both in poor health," says the Presbytery—the eldest, eighteen years old, far gone in consumption, and the other, two years younger, also fast running into a decline. The Presbytery asks, "just for one year—they may not last longer"—\$150 for each of them. A friend of theirs, an honored minister, writes to me asking if I cannot get them some suitable clothing. "They are almost destitute," says he "of such as they ought to have;" but he adds of one of them, "F—— will need nothing but suitable robes for the tomb!" This touching case is new, but it must be attended to now if ever.

Briefly and feebly as I have indicated the need and the claims of these eighteen new cases, you will be able to form some idea of what comes before the Board every month—to say nothing of the scores of "renewals" of the old cases by the Presbyteries that come also every month, with the same sad story of helplessness and sickness and want in the darkened homes of the servants of the Church. Oh, the sorrow and heartache of it all!—even when we have the money to send some relief. But does the Church really mean that we shall not send this relief to every needy and deserving case? Or is our empty treasury due to thoughtlessness and ignorance of the facts? or to the want of some active and thoroughly organized agency, in every congregation, to aid the pastor in bringing out the full strength of his people in behalf of the tender and sacred work of this Board?

From The Church at Home and Abroad, February, 1889.

### TWO NEW CASES-THAT WERE NOT VOTED.

In the January number of *The Church* each one of the eighteen "new cases," recommended by the Presbyteries at the last meeting of the Board, was briefly referred to. The object was to show that the Board, notwithstanding the sad condition of our treasury, could not do otherwise than vote the appropriation asked for in each case.

At the next monthly meeting two of the appropriations asked for "new cases" were *not* voted. You will perhaps be interested to know why.

One of these was an application signed by the Presbyterial Committee, in due form, on behalf of a widow whose husband died about ten years ago, in his eighty-sixth year. The facts as stated in the accompanying letters were such as surely to establish the claim of this mother in Israel to a comfortable allowance from the Board of Relief. Her husband had spent sixty-two years in the ministry, "always in the Presbyterian Church;" and he "preached occasionally up to the last year of his life." In one of his mission fields "he declined to receive missionary aid that more needy fields might be supplied." During a part of his self-denying ministry his devoted wife not only shared with him in work and privations, but "she spent much of her little patrimony in supplying his wants." And now, "very feeble and needing constant care," she is left at fourscore "with no means except what is done for her by remote relatives on whom she has little claim." The Presbytery asked for her \$100. Why did not the Board hasten to vote it?

The "case" was indeed placed among those to be laid before the Board for its action at the next meeting, and is, so far, a part of our records. But a day or two before the meeting there came another letter from her pastor, telling us "she will not need your aid." Yes; God has provided better things for the aged saint. She has joined her husband in the house of many mansions, where there shall be no more want or pain!

The Board had never been called upon to aid this aged and suffering disciple; and when at last the Church was on the point of doing somewhat in the line of its duty towards her, it was too late. It does not appear that anybody is to blame for this.

But the second case will probably set you to thinking whether you may not be somewhat to blame for the reason why the appropriation was "not voted."

It was the application of a Presbytery for a minister in his eighty-fourth year. He had been in the ministry nearly sixty years; was one of the first missionaries sent by our Board to the American Indians. "His disability," says the presbytery, "consists in nervous prostration produced by overwork and from the feebleness of old age." In this helpless condition the patriarch is, they add, "largely dependent upon the voluntary gifts of friends;" and they most cordially "recommend him for aid to the amount of \$150, believing that to be the least sum needed to keep him from want." The committee further speak of him as a "godly man—as ripe for heaven as he seems to be

near it." Were they not right in saying, "for his present worth and his past services he deserves to be tenderly cared for"?

Yet the Board did not vote the appropriation! The following letter, received from the patriarch himself just before the meeting, explains why. Please read it and think over it:

The object of my writing is this: Dr. —, the pastor of our church, asked me some time ago about applying to the Board of Ministerial Relief. If such an application has come before you, I hereby withdraw the application, and will so inform him by letter to-day. I have seen the statement, "Burning the candle at both ends," and fear that my name might crowd out some more needy brother. This is my principal reason for withdrawing my name for the present; and also I had hoped that by this time the basis would be more prominent "for services rendered."

In doing this I fully appreciate the kindness of Dr. — and the committee of Presbytery. May the Lord bless you personally and the noble work in which you are engaged. Yours affectionately.

Although the Board, with such a letter before them, could not vote the appropriation, did they not do the proper thing in directing the secretary to write to the veteran and urge him not to "withdraw the application" made on his behalf by the Presbytery? And if he shall consent to receive the appropriation of \$150 he has so justly earned by more than half a century of faithful service to the Church, and which is "the least sum needed to keep him from want," the Board at its next meeting will certainly vote it,—believing that you and others of God's people will send us the money for this and for the nearly six hundred other cases upon our roll, so that the patriarch will be released from the fear that his "name might crowd out some more needy brother."

### MEETINGS AND RULES OF THE BOARD.

The Board meets on the third Thursday of each month, except during July and August, when a committee, appointed by the Board, acts upon all matters requiring attention during the interim. All recommendations from the Presbyteries for aid are carefully examined by a committee of the Board, who report their conclusions at each meeting. Each case is then taken up by itself, and after a consideration of all the facts, it is decided by a vote of the Board. When the Board are unable to grant the appropriation asked for, the Chairman of the Presbyterial Committee sending the application is promptly notified, and the reasons given for the decision. The following rules, approved by the General Assembly, govern the Board in the administration of this Fund:

- 1. Only members of Presbyteries in connection with the General Assembly, and the families of those who were at their death in such connection, are entitled to aid.\*
- 2. All appropriations must be made on the recommendation of that Presbytery or of a Standing Committe of that Presbytery to which the applicant, if a minister, belongs; if the application be for a widow or orphan children, it may be made by the Presbytery within whose bounds the family

<sup>\*</sup>The General Assembly in 1885 directed that "women who have given themselves to the Missionary Work" and in 1889 that "lay Missionaries commissioned by the Foreign Board" should also "be placed on the roll for the benefactions of this Board, upon the same conditions as ministers."

resides or by the Presbytery with which the minister was connected at the time of his death. The same rule applies to the renewal of recommendations, if aid is continued.

3. Appropriations are made for one year, unless otherwise ordered; and the renewals must be made from year to year.\*

4. Applications for aid should, in case of a minister, state his age, his circumstances and the number of years he has been in the ministry; and in the case of a deceased minister's family, the application should state the circumstances of the widow, and the sex and age of the children who are dependent on her for support.

5. While the responsibility of recommending applicants rests with the Presbyteries, and these recommendations largely govern the action of the Board, yet there is reserved to the Board the right to appropriate according to

the merits of the case and the state of the treasury.

6. All the appropriations are paid in advance, provided the funds of the Board will allow; when the appropriation is at the rate of more than one hundred and fifty dollars per annum, it is paid semi-annually in advance.

7. Applications for admission to the Presbyterian Ministers' House, at Peith Amboy, are to be made in accordance with these Rules. Guests of the House who, in the judgment of the Superintendent, are a hindrance to its comfort and usefulness, shall be reported by her to the committee in charge, who shall have power of removal, subject to the approval of the Board.

### DEATH OF THE REV. GEORGE HALE, D. D.

The Rev. George Hale, D. D., for so many years the faithful and beloved Secretary of the Board of Ministerial Relief, departed this life, at his home in Frankford, Penna., on the eleventh day of last November. The following minute adopted by the Board at its meeting, November 17, was printed in *The Church at Home and Abroad*, January, 1889:

The death of the Rev. Dr. Hale, Corresponding Secretary of the Board from 1868 to 1884, having been announced, it was resolved that the Rev. Drs. Cattell and Knox be appointed a committee to prepare a minute to be placed on our records and a copy transmitted to Mrs. Hale. The committee reported as follows:

The Rev. Dr. George Hale was born in Catskill, N. Y., in 1812; was graduated from Williams College, Mass., in 1831. For three years after graduation he was a tutor in Williams College, and then entered the theological seminary at Princeton, N. J. In 1839 he was ordained to the gospel ministry and installed pastor of the Presbyterian church at Pennington, N. J. This was his only pastoral charge. In it he continued thirty years. It was a ministry of rare excellence and success. The intelligence and devotion of the pastor were the theme of men near and far, and rewarded richly by the blessing of God. Large numbers were added to the church, and Christians grew in grace and in the knowledge of the Lord Jesus Christ. Though now nearly twenty years have passed since Dr. Hale resigned his pastorate, his name is to-day "as ointment poured forth" in all that community.

Upon the death of the Rev. Dr. Joseph H. Jones in 1868, Dr. Hale was elected Secretary of the Committee of Ministerial Relief by the Trustees of the General Assembly, and upon the erection of the Board of Relief in 1876 he was chosen its Corresponding Secretary. He brought to the discharge of its duties qualifications of the very best kind. He was wise and tender, The ministers, aged or infirm, and the assiduous and most painstaking. widows and children of those who had been called to their reward, were upon his heart by day and by night, that he might serve them most effectively and most delicately. His knowledge of their condition and requirements was intimate, and he did not fail to discriminate wisely when, in relieving their temporal necessities, he spoke or wrote the word which would do them good spiritually. In this way his name became a blessed one in the households throughout the land to which, through him, the Board sent the kindly remembrance of the Church. In this work he continued for sixteen years, with ever-increasing delight, until age came on, and he was no more equal to the Four years ago he retired, leaving the interests for burden and the strain. which he had cared so sedulously, and with so much success for so long a time, in a condition of prosperity not before reached.

Having served God in his generation, he has fallen on sleep. He was a good man and full of the Holy Ghost. The Board cherishes his memory with affectionate and profound regard, and sincerely sympathizes with his bereaved family, assuring them them that it will ever remember most lovingly and gratefully their sainted husband and father, and fervently pray that the favor of his God and Saviour may abide on them to the latest generation.

# APPENDIX.

# Report of the General Assembly's Standing Committee upon the Board of Ministerial Relief.

### Ministers.

TEUNIS S. HAMLIN, D. D., Chairman, NATHAN S. SMITH, D. D., DAVID LYON, CYRUS J. HUNTER, D. D., EDWIN H. REINHART, THOMAS MARTIN, LYMAN D. CALKINS, SAMUEL J. MILLIKEN.

### Elders.

CHARLES A. DEWITT, ERNEST W. SNYDER, GEORGE BOWMAN, ROBERT T. SIMONS, FRANK E. HOAGLAND, JOHN P. HARTMAN, JR., JEREMIAH LONG.

The committee of the Assembly to which were referred the minutes and annual report of the Board of Ministerial Relief beg to report that they have carefully examined the same. They find the minutes very carefully and neatly kept, and recommend their approval.

We will not consume the time of the Assembly with any argument or appeal as to this cause, which already has your full sympathy. We record our gratitude to God for the measure of success which has attended the work during the past ecclesiastical year.

There has been an increase of thirty-one families in those aided by the Board. Several have withdrawn because they no longer need the aid; of course death has been busy. The present total of families, 615.

Of the Minister's Home at Perth Amboy, with its twenty-eight guests, we need not speak, as the Assembly saw for itself on Saturday last. We believe that this happy visit will greatly deepen interest not only in the Home, but in the entire work of which it is a part.

Several successive Assemblies have urgently recommended that at least \$150,000 be contributed annually by the churches for this work. But it has never been done. Recent reports show the following totals of funds received for current use from all sources: 1885, \$97,863.65; 1886, \$120,437.19; 1887, \$136,323.58; 1888, \$129,798.43; 1889, \$127,502.28.

At the best, then, including individual gifts and interest on the permanent fund and on current deposits, neither of which was ever intended to be included in the amount recommended to be raised, we have not reached that amount by almost \$14,000; while the past year we have fallen \$22,500 below it. Has the disposition of the Assembly been too liberal? Who thinks so? Who believes that our wealthy Church would fail to give this sum for this use if every congregation had the subject fairly presented to them and a fair chance to contribute afforded them? We should take special pains to correct the

impression that the endowment of the Board makes giving to it unnecessary. Thus far it has received no income from the Centennial fund; what it will receive will not mose than meet the increased and increasing demands. When the Report of the Board was prepared, there was a balance in the treasury of over \$18,000; but it is already reduced to less than \$640; and the period of the year for few and small gifts is at hand. The Board must have immediate receipts, or else borrow to pay maturing claims. Your committee beg to urge pastors of rural and village churches to take their offerings for this cause during the Summer months, in many cases their best time, in order to supplement the gifts that came from the city churches during the Winter season. And there should be advance all along the line. It certainly is not creditable to our Church to keep on recommending the same sum each year, and each year falling below it.

This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. The basis of work is not need, but service to the Church. Its title defines its functions; it exists to relieve "disabled ministers and the widows and orphans of deceased ministers." And this term "orphans" is to be understood to mean children under the age at which they are able to earn their own living, and, in exceptional instances, those who are chronic invalids. The Presbyteries should remember these things in making their applications.

The last Assembly referred to the Board an overture from the Presbytery of Canton asking that regularly appointed lay missionaries of the Board of Foreign Missions and their families receive aid from the Board of Relief. After careful consideration the Board resolved that in the opinion of the Board the action of the General Assembly of 1885, directing that women who have given themselves to the missionary work be placed on the roll for the benefactions of this Board upon the same conditions as ministers, establishes a precedent upon which lay missionaries commissioned by the Foreign Board should also be placed upon our roll. Your committee recommend that this be done as the best method for the present for supplying a felt need.

We have also considered the report of the special committee appointed last year on methods of administration of funds of the Board of Relief, which was referred to us, and we recommend as follows: Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as a missionary of the Home or Foreign Board or as a pastor or stated supply for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his indorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each, and to report the same to Presbytery for record on its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by his Prosbytery or the applicant himself, in view of a change in his

circumstances that may make the appropriation in whole or in part no longer necessary.

We heartily commend the wisdom, fidelity and zeal of the Board, and recommend that \$150,000 be raised by the churches for this work during the coming year. And the Assembly calls upon every pastor and stated supply to present this cause plainly and faithfully to the people, and upon every Session to afford its congregation an opportunity to give to this sacred cause. We recommend that the following members of the Board, whose terms of office now expire, be re-elected, viz.: The Rev. R. D. Harper, D. D.; Rev. Henry E. Niles, D. D.; Mr. George Junkin and Mr. A. Charles Barclay, and that the two vacancies be filled by the election of Messrs. F. S. Kimball and J. M. Collingwood.

### II. Report of the Secretary's Address.

(Reprinted from *The Tribune* Extra for June, containing a report of the proceedings of the Assembly.)

In rising to plead for his aged brethren yesterday, Doctor Cattell quoted the statement of Plutarch that Aristides the Just, after a long life of eminent service to the State, died in such poverty that not only could he make no provision for his family, but "he did not leave enough to pay the expenses of his funeral." This reference to the poverty of the great statesman was not merely to show that he was an honest man and had passed with clean hands through his administration of many and important public trusts. Plutarch emphasizes the fact that Aristides had voluntarily turned away from all the business pursuits by which he might have obtained honest wealth. He had done this, not from idleness or for selfish enjoyment, but that he might give to the service of the State his whole time and strength. And this, though it left him poor, bespeaks, says Plutarch, "a great and elevated mind." He then said:

"There is a class of men at the present day (you know to whom my thoughts are turning) who have also come to an old age of poverty, after lives of no less self denial and labor for the public good than that which has made the name of Aristides so illustrious. It was only last week I received a letter from one of these men-one brief sentence of which forcibly recalled to me this fact. Let me quote it: '-in case of my death the needed expenses for my burial would be wanting. I need not say to you that the pytriarch (he was born while Washington was President of the United States) has come to this old age of poverty, not because he has been idle or profligate-or reckless in some speculative enterprise. It is not because he has been careless or even improvident in his expenditures. If I were at liberty to give you his name, you would at once recognize him as a man of talents and of high character and of superior education. With all these gifts of mind and heart he has wrought for more than half a century, with unwearied and selfsacrificing toil for the good of others. Nor has he been overtaken in his old age by those reverses of fortune that sometimes sweep away the earnings of a long, laborious life. The simple fact is, this able and scholarly man chose a

vocation,—the highest indeed and noblest that any man can choose—but one that ordinarily offers, even with the most careful economy, only a bare support from year to year:—so that now, in his 93d year, he is so poor as to be without money for the 'needed expenses' of his burial. If the poverty of Aristides in his old age 'bespeaks a great and elevated mind,' what shall we say of this aged servant of the Church and the large class of worn-out and dependent ministers of which he is a representative?"

The speaker then referred to the example of the citizens of Athens who had insisted upon burying Aristides at their own expense and of making some provision for his dependent family. The Christian Church, he contended, should no less pay such tributes of respect to those worn out in its service. Nor should we wait for the funeral services of these veterans, to show our high appreciation of their useful and self-denying lives. We should hasten with full hands to the bare and comfortless homes where now bending beneath the burden of years and of want, dwell the patriarchs who have spent their whole lives lifting burdens from other people.

He said there were many of them and gave several illustrations, speaking from his own personal knowledge. One instance was that of a minister over eighty years of age, whom he had visited in his home beyond the Rocky Mountains. He. too, was without money for his burial. Before the Doctor left the town he secured the promise of a kind-hearted elder that when the end of this long and useful life should come, he would personally attend to all matters connected with the funeral, and send the bill of expenses to the Office of the Board of Relief, in Philadelphia. This was done, and the elder, in forwarding the bill said: "Was not Moses happy in being buried without having had the bill for his funeral expenses sent to the Board of Relief?" "No," said the speaker, "I could not think of it in that light. I thought rather of Aristides the Just; and of the tribute paid to his memory when the people of Athens, in whose service he had kept himself poor, gratefully bore at their own expense his body to the grave."

Dr. Cattell then spoke of the large number of families left destitute by the death of the minister who had been too busy in his sacred calling to make provision for their needs. "Who knows," he asked, "what minister's family may next be added to the sorrowful list?"

He then gave an account of his attending a Synodical meeting last Fall where one of the ministers read the report of the Committee on Ministerial Relief. It was a most earnest appeal for the worm-out servants of the Church and for the families so often left penniless by the death of ministers. He quoted one sentence: "We know not, dear brethren, how soon our loved ones may be dependent upon this Board." In a few weeks the Doctor received a letter from one of the members of the Synod announcing the death of this minister! The writer, after a glowing eulogy of this godly and scholarly man, "a Christian hero," described his visit to the bereaved family, whom he found in great destitution "arranging to sell their cow and other things to pay the expenses of the funeral!"

"Who can tell," said he, "over which of your homes, my brethren, shall next gather the deepening shadows, out of which shall come the bitter cry

that fell upon the ears of Elisha from 'a certain woman of the wives of the sons of the prophets' Thy servant, my husband, is dead! And thou knowest that Thy servant did fear the Lord! And these words were but a preface to the story of hard and cruel want in her darkened home. It is only for God to say out of what manse shall next come this cry to the Church. But is it not for the Church to give back the quick response that came from the lips of the prophet to this lonely, dependent widow, 'What shall I do for thee? Tell me, what hast thou in the house?'"

Doctor Cattell then referred at some length to the vocation of a minister as a voluntary relinquishment of all expectations of wealth. Rarely, indeed, does his salary admit of laying by anything for sickness or old age. There is no money to be made, he said, in the sacred calling. The pastor is content, if, with close economy, his modest salary keeps him from "worldly cares and avocations" and enables him to meet his expenditures year by year. Addressing the Elder-Commissioners, and thanking them warmly for the special interest they had taken in the work of this Board, he said: "I do not assert that, had the minister entered, like you, upon a business life, he would have become rich, or even that he certainly would have been kept from the old age of poverty that lies before so many of these servants of the Church. I only emphasize the fact that the minister gave up all hopes of wealth when he devoted himself to his sacred calling. It may be the allotment of Providence that some of you shall always be poor, notwithstanding all your industrious toil. But you hope and you expect to make money in your business. The minister does not. There is no money to be made in his calling. Nor does he regret His life is one that is linked with many benedictions. this. poverty is not an evil in itself. It was the Master who said: 'A man's life consisteth not in the abundance of the things which he possesseth.' You will ordinarily find no happier household than that in the Manse. But, all the same, the Church of God cannot afford to let these faithful servants suffer intheir sickness or in their helpless old age." Dr. Cattell admitted that some ministers whose rare gifts had made them eminent in the Church might have succeeded but poorly in a business life, but he argued that the general depreciation of the "business capacity" of ministers was unfair to them. "Is it surprising," he asked, "if ministers ordinarily give no great proof of business capacity when you consider first how little occasion they have for its use, and then that any faculty with which we are endowed becomes weakened if not exercised-like a muscle for want of use?"

Referring to the suggestion that the case might be met by increasing the salaries of ministers, he said: "But what is to be done with those who are now old and whose salaries have never averaged the pay of skilled mechanics, frequently not even that of the day laborer?" And he reminded them that this was not only the salary paid to ministers of the past generation. It is the salary of very many of those now bearing the heat and burden of the day in the field. He read from a circular recently issued by the Synodical Missionary of Eastern New York:

The Synod recommended that the minimum salary should be \$700.00; but many are putting forth their best energies with a salary of not more than \$600.00 or \$500.00, and not a few at still less.

"If this be true of Eastern New York," he asked, "what is the salary of a Presbyterian minister on the frontiers? Will there not be needed a Board of Ministerial Relief, thirty or forty years hence, when these now vigorous men serving the Church at a salary of five or six hundred dollars, and not a few at still less, shall have reached a helpless old age?"

He argued that the Board would always be needed to represent, as it does now, the obligation of the Church to its risen Lord for His ascension gift of the living ministry. Too often, indeed, is it looked upon as only one of the many agencies by which the Church relieves its poor. It is the sacred duty of the Church to care for the poor, but he contended that the Board of Ministerial Relief represented another obligation—the duty of the Church to the ministry, and that this duty was not wholly discharged when the salary was paid to the pastor in return for its immediate benefits. He said the aid extended by this Board to the sick or aged minister was no more charity or alms bestowed upon the poor, than was the salary paid to him when he was in the vigorous discharge of his work.

Dr. Cattell said that he was hopeful for the future, adding:-The Church will never give up its Board of Ministerial Relief. It may give to it another name-one that shall more distinctively represent its aim and object, and the speaker was sure that the Church would enlarge the administration of the Board along the lines of a retiring allowance, or an annuity or a pension, which the worn out veteran might draw without a thought of his being a recipient of charity, and without the necessity of annually appearing before a Presbytery and telling the pitiful story of his want in order to secure the payment of a debt which is justly due him. But this agency of the Church intended to honor the ministry and to pay the just debt of the Church to it, will never be given up. When the young ministers of this generation shall be white-haired patriarchs and shall come up to take their seats in the General Assembly, forty or fifty years hence, they will find this Board then, as they found it in their youth, the first on the docket of the Assembly; the very first, out of all the great agencies of the Church, to engage the attention of the brethren!

In conclusion, Dr. Cattell spoke of the visit of the Assembly last Saturday to Perth Amboy to see for themselves the comfortable Home which a grateful Church has there provided for its worn-out servants. It is true, there had been not unfrequently gatherings of God's people there. But it was mainly when, in the darkened House, some aged saint was robed for burial. The number of guests is not great, but, owing to their infirmities and to the advanced age of most of them, the number of deaths is comparatively large. In the first sixteen months after the House was opened, five of the number were called to the House not made with hands.

"No one," said he, "who has attended these burial services can ever forget the scene-I have referred to it in the forthcoming number of *The Church*—that little group of worn out voterans gathered in the spacious hall around the coffin of their departed brother, their 'good gray heads' bowed in the prayer and their tremulous voices swelling the sacred song. They have borne the consolations of the Gospel to many a dying bed, and have spoken words of

comfort in many a bereaved home. But they have finished their course. Their work for the Master is done. Their only service now is to stand and wait. How it cheered these aged Wards of the Church to witness again a gathering of this venerable body! Your presence and your kindly greeting brought back cherished memories of the days long gone by, when they, too, were wont to be members of this highest judicatory of our Church, and to deliberate, as you are now doing, upon the great interests of the Master's kingdom. These old men need all the cheer and sunlight you can put into their lives. Your visit will be to them a glad memory for the rest of their days.

The following is from the Article referred to in the concluding paragraph of the above address. It is reprinted from the June number of *The Church at Home and Abroad*.

\* \* \* A memory of special tenderness and interest connected with these services comes to me as I pen these lines. We gathered in the old hall around the lifeless form of one of the guests who had lived to enter upon his eighty-sixth year. Nearly twenty years before, he had been laid aside from active work by a severe and protracted illness. He and his family thought his days of usefulness were ended. But at the age of seventy, when most men feel that they have earned the right to rest, he regarded his strength as sufficiently restored for him to resume the work he loved so well. He applied again to our Home Board, and was sent by it to a new field of labor! Could the minister refrain from bidding joy! all joy! to the veteran whose warfare and toils were all ended and who had entered within the golden gates, crowned and glorified, to rejoice forever in the presence of the King?

Adjoining the hall was a room where upon a bed of weariness and pain lay one of the aged guests very near the brink of the dark river. the open door he heard the Scripture lesson, the words of prayer and of the hymn, and then the brief address of the minister. "Yes," said he when I entered his room after returning from the grave, "yes, I heard it all, and I heard what you said about our brother. He has seen Him! It will not be long before I, too, shall see the King in his beauty, and the land that is very far off." Then, placing his hand feebly in mine, he spoke of the comfort the Home had been to him in his helpless and dependent old age. He was very poor. A few months before, he had written to me that, owing to the exigencies of his wardrobe, he had borrowed a dollar trusting the Lord would provide some way for him to repay the loan. His last five cents, he said, had been reserved for the missionary box of his Sabbath-school class. he had learned that the ladies in one of our churches were preparing a box of clothing for him. They had sent to know his "measure" and to make some inquiries as to what articles of clothing he most needed. His voice trembled with emotion as he referred to this. "It is so kind of them," he added, "to think of doing all this for one of whom they never heard before, and know only that I am a poor worn-out, useless minister! Please write and thank them for me, but say I shall have no more use here for any clothing. Master has promised me a white robe yonder; I shall put on no other

Again he renewed the subject of the Home, and spoke of its restfulness and comfort. He had now only one ungratified wish, and this, said he, "I have dismissed from my thoughts, and am now ready to depart and to be with Christ, which is far better." I asked him to tell me frankly what this wish was. The tears gathered in his eyes as, with a voice trembling with deep feeling, he told me it was to look once more upon the face of his only child, a beloved daughter. "But that cannot be," he said. to work hard for her living, and has no money to spare for the long journey; and I have been too great a burden on the Church to ask for help in a matter like this." I told him that this should not keep his daughter from coming to his dying bed; that many of us would be only too glad to supply the money without drawing from the funds of the Board. The dear old man looked at me fixedly for a moment, as if to assure himself of my full meaning; and then, without saying a word, he feebly drew me down to his pillow and kissed me!

But it pleased the Lord not to grant the longing desire of his aged servant. Before his daughter could reach him, the little band of veterans had gathered once more in the old hall. Again we sang the hymn "Asleep in Jesus," and the good gray heads were again bowed in prayer as we stood around the coffin of the aged saint!

We bore his mortal body to the beautiful cemetery where the Board has purchased a lot for the burial of these honored servants of the Church. There we laid him gently by the side of his brethren. At the open grave stood four of the venerable guests of the House—all of them over eighty. One was in his ninety-third year. On the other side of the grave, in touching contrast with these aged men, stood the little girls of his Sabbath-school class, to whose missionary box the patriarch had contributed his "last five cents." They had brought flowers; and when the benediction was pronounced, they lovingly cast them upon the grave of their friend and teacher. He had long passed the age when men wanted to hear him preach, but to his Sabbath-school class he was still an "ambassador for Christ," and had won their young hearts by his gentle and tender words.

Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors; and their works do follow them.

## III. Meeting of the Elders during the Sessions of the Assembly.

During the sessions of the Assembly in New York, as in previous years, the subject of Ministerial Relief received special attention from the Elder-Commissioners.

A public meeting in the interests of the Board was called for Saturday morning, May 25th, at half-past eight o'clock. There was a very large attendance. The Chair was occupied by Elder J. C. Woodruff, Presbytery of Elizabeth. Brief addresses were made by many of the Elders, and the hour having expired, the meeting adjourned until Monday morning. At the second

meeting the chair was occupied by Elder Kiliaen Van Rens-elaer, Pre-bytery of New York, who was one of the Committee appointed by the General Assembly at Cincinnati, 1885, to arrange for the first public meeting of the Elder-Commissioners held in the interests of the Board.

Plans for increasing the efficiency of the Board and awakening a more general interest in its beneficent work were discussed at both meetings. The action taken by the Elder-Commissioners at previous Assemblies, with a view of aiding the pastor in the special work of the Board, was heartily endorsed. It seemed to be the general opinion that the aid of the Eldership would be most efficient if one elder in each session, as recommended by the General Assembly\* at Minneapolis and at Omaha, be selected and charged with the special responsibility of distributing information with reference to the Board in the congregation, and to advocate the cause on the day the collection is taken up.

The opinion was expressed by many of the speakers that the plan adopted by the Presbytery of Lackawanna to give efficiency to this recommendation of the General Assembly was another step in the right direction. The action of the Presbytery, as given in the *Church at Home and Abroad* (December, 1888—p. 560) was read, and is as follows.

- 1. That a special committee be appointed to nominate to the Presbytery one elder from each church, who shall be charged with the whole interests of this cause (Ministerial Relief) in his own church, and who shall be instructed to bring this cause before the people for their contributions in such ways as in conjunction with his pastor and session, he may deem most efficient. Further, that said elder be called upon at the Spring meeting to report his diligence therein.
- 2. That the stated clerk is instructed to notify each of these elders of this appointment, and to send a complete list of the same to the Board of Relief, so that they can be furnished with such papers and circulars as may aid them in their work.

It was thought that the selection by the Presbytery (instead of the session) of one elder in accordance with the General Assembly's recommenda-

Resolution of the General Assembly at Omaha, 1887;

<sup>\*</sup> Resolution of the General Assembly at Minneapolis, 1886.

<sup>3</sup>rd. Resolved, That the ministers of the Presbyterian Church be instructed to present the cause of Ministerial Relief in a sermon to their respective churches on the first Sabbath of September in each year, or as soon thereafter as practicable, and to take a collection for the purposes of this Board. And the Assembly recommends that each session select an elder to assist his pastor in presenting the cause to the people on this occasion.

Resolved. 4th. That the Assembly regards with favor the effort recently inaugurated to enlist and utilize the interest and influence of the Eldership in behalf of this agency for the relief and help of those laid aside from the active work of the Church. This Assembly would reiterate its approval of the special arrangements suggested last year by which an elder should be associated with the Pastor in the oversight of the interests of this Board in the congregation.

t'on, would give greater efficiency to his efforts. Several of the elders, however, while recognizing the wisdom of this arrangement as a general plan, said there were special reasons in their own Presbyteries why the Presbyterial appointment would not be needed. The plan was nevertheless unanimously recommended to the thoughtful consideration of all the Presbyteries.

It should be added that these two meetings on the special subject of Ministerial Relief awakened so much interest among the Elder-Commissioners, that it was resolved to hold another meeting the next morning to discuss the general subject of the relation of elders to Church work. At this meeting, Elder Israel Pierson, Presbytery of Elizabeth, presided. He reported that while the discussion embraced the whole subject of Church work, the drift of many of the speeches was still in the direction of the special obligation resting upon the elders to care for this Board, as set forth in the first address issued upon the subject, by the Elder-Commissioners at their meetings, during the sessions of the General Assembly at Cincinnati.

Note.—The "History and Outlook" of the Board, prepared by direction of the Assembly for the Centennial year, contains a full account of the movement by the Elders on behalf of the Board, commencing with the initial meeting held at Cincinnati, 1885. It will be sent to any address upon application to the Office of the Board, 1334 Chestnut St., Philadelphia.

## IV. The Report of the Special Committee Appointed by the last Assembly upon the Centenary Fund.

The Committee (Rev. Chas. L. Thompson, D. D., Chairman—see page 7 of the Report of the Board), appointed "to supervise the transfer of the Fund to the Board of Relief, etc.," reported that the "total amount of the Centennial offering was \$595,724.86, to which there is an addition of accrued interest paid into the Treasury, amounting to \$10,531.39."

The report recommended "that the action of the Centenary Committee of 1887, and the Committee on the Investment of the Centenary Fund of 1889, be printed as a preface to the report of the Treasurer and distributed to the churches in connection with the report of the Board of Relief for the present year."

These papers will be found appended to the present Report of the Board in the bound volume sent to all ministers and vacant churches upon the roll of the Assembly. Separate copies may be had upon application at the Office of the Board.

#### FORM OF BEQUEST.

The laws of the different states vary so much as to testamentary bequests that it is always desirable to secure the services of a competent lawyer. In all cases, however, where bequests are made to this Board, the corporate name should be used, as follows:

THE PRESENTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS, AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS.

# Receipts for the Relief Fund

THE

# CENTENARY FUND

---FOR---

## MINISTERIAL RELIEF.

REPORTS OF COMMITTEES AND EXHIBIT OF CONTRIBUTIONS.

## CINCINNATI:

Elm Street Printing Company, 176 and 178 Elm Street.

## CENTENARY FUND.

#### REPORTS OF COMMITTEES.

THESE Reports preceding the List of Contributions to the Centenary Fund are printed by direction of the General Assembly of 1889, in order that a record may be made in due form of the work accomplished in connection with the Fund. In addition to the statements contained in the Reports, it seems proper to print the names of the gentlemen who served upon the several committees, and also as officers of the Fund. They are as follows:

1. Committee of Arrangements for the One Hundredth General Assembly. ("Minutes" of 1885, p. 698.)

Rev. Joseph T. Smith, D.D., LL.D., Chairman.

Rev. William H. Roberts, D.D., LL.D., Secretary.

Rev. Wm E. Moore, D.D. Mr. Wm. E. Dodge.

Rev. David C. Marquis, D.D. Hon. S. M. Breckinridge.

Rev. E. R. Craven, D.D. Mr. Wm. B. Negley.

Rev. Geo. P. Hays, D.D. Mr. Geo. Junkin.

Rev. Henry A. Nelson, D.D. Mr. Samuel C. Perkins.

Rev. H. J. Van Dyke, D.D. Hon. Geo. H. Shields.

Rev. Wm. P. Breed, D.D. Mr. Warner Van Norden.

Rev. T. Ralston Smith, D.D. Mr. Ralph E. Prime.

Rev. Geo. C. Noyes, D.D. Mr. William Howard Neff. Hon. Wm. Strong, LL.D. Mr. William McAlpin.

2. The Executive Committee of the Centenary Fund. ("Minutes" of 1887, p. 28.)

Rev. Geo. P. Hays, D.D., LL.D., Chairman.

Rev. Geo. C. Heckman, D.D.. Corresponding Secretary.

Rev. William H. Roberts, D.D., LL.D., Treasurer.

Rev. Wm. E. Moore, D.D. Mr. William Howard Neff. Mr. William McAlpin. 3. Special Committee on the Centenary Fund, appointed by and reporting to the Assembly of 1888. ("Minutes" of 1888, p. 30.)

Rev. S. J. McPherson, D.D., *Chairman*.
Rev. Chas. A. Dickey, D.D. Mr. Dan P. Eells.
Rev. Geo. P. Wilson, D.D. Mr. Silas B. Brownell.
Mr. Ell Torrance. Mr. William A. Herron.

4. Special Committee on the Disposition and Investment of the Centenary Fund, appointed by the Assembly of 1888 and reporting to the Assembly of 1889. ("Minutes" of 1888, p. 139.)

Rev. Charles L. Thompson, D.D., *Chairman*.

Dr. William C. Gray. Mr. J. H. Converse.

Hon. Geo. H. Shields. Rev. John Hall, D.D.

Mr. Warner Van Norden. Rev. Robert Christie, D.D.

Rev. Edward D. Morris, D.D.

I. Report of the Permanent Committee of Arrangements for the One Hundredth General Assembly.

["Minutes" of 1888, p. 34.]

The Permanent Committee of Arrangements for the One Hundredth General Assembly made further Report, as follows:

The Permanent Committee was appointed by the Assembly of 1885 for the purpose of making suitable preparation for the celebration of the One Hundredth Meeting of the General Assembly ("Minutes" of 1885, pp. 628, 698). The Assemblies of 1886 and 1887 gave special instructions to the Committee, indicating the two main departments of the work which has been entrusted to them, viz.:

- a. The benevolent work by which the Church seeks to make appropriate recognition of the Assembly's first century;
- b. The exercises by which so auspicious an event should be formally celebrated.

The benevolent work entrusted to the Committee has been in general designated by the term, the Centenary Fund. The objects recommended under this name to the Church for contributions were:

- 1. The permanent fund of the Board of Relief.
- 2. The current work of the Board of Aid for Colleges and Academies.
- 3. The endowment of each of the Boards of the Church for office expenses.
- 4. The endowment of our Presbyterian theological seminaries.
- 5. Endowments for buildings for Presbyterian colleges and academies and other institutions of learning, in this land and in foreign lands.
- 6. Home Mission and evangelistic work under the care of a Synod or Presbytery.

The Assembly of 1887 recommended that the matters of "Board endowments," of "College endowments," and of "Seminary endowments," and other approved objects in whose interests agencies are already organized, be left to such agencies, with contributions made to them, however, to be duly credited. This Assembly, moreover, approved of the intention of the Committee to concentrate its efforts upon the raising of the \$1,000,000 for the permanent fund of the Board of Relief, as recommended by the Assembly of 1886. The record of the work done in this line of effort will be fully presented in the Reports upon the Centenary Fund by the Rev. George C. Heckman, Secretary, and Rev. William H. Roberts, Treasurer, which are made part of this Report.

It is recommended that the Moderator appoint a Committee of seven, to whom this Report shall be referred, who shall recommend to this Assembly such action as may be properly taken concerning the matters presented therein, who shall also recommend a suitable provision

for receiving outstanding and new subscriptions and for making the final Report on the Centenary Fund.

LOSEPH T. SMITH, Chairman.

## II. Report of the Executive Committee of the Centenary Fund, [Minutes of 1888, pp. 34-40.]

The Report of the Executive Committee of the Centenary Fund to the Permanent Committee of Arrangements for the One Hundredth General Assembly was read by the Corresponding Secretary, and is as follows:

In accordance with the recommendation of the Committee on Bills and Overtures of the General Assembly convened in Cincinnati, in May, 1885, it was unanimously resolved that so notable an epoch in the progress of our Church as the One Hundredth Annual Meeting of the Assembly should be suitably celebrated. A Permanent Committee of Arrangements was appointed by the Moderator, to which, as *cx-officio* members, were added the Stated and Permanent Clerks and the last Moderator ("Minutes of General Assembly," 1885, pp. 628 and 698).

To the ensuing Assembly, in session at Minneapolis, Minn., May 21, 1886, the Permanent Committee made a Report, which was unanimously adopted ("Minutes of General Assembly." 1886, pp. 16, 17). The same Committee, in their Annual Report to the Assembly in session at Omaha, Neb., May 20, 1887, gave in detail their so far perfected arrangements for the Centennial celebration, and with other action reported the election of a Corresponding Secretary and Treasurer and the appointment of an Executive Committee "from their own number," and further desired "the approval of the Assembly to the intention of this (the Permanent) Committee to concentrate its efforts upon the raising of one million dollars (\$1,000,000) for the endowment of the Board of Relief, as recommended by the last Assem-

bly," as the other benevolent schemes of the Church had their own agencies for raising special contributions to Centenary objects. This action was unanimously approved by the General Assembly, and the Executive Committee at once set itself to the accomplishment of this great undertaking.

The operations of the Committee were almost wholly along three lines of work; viz., the press, public addresses and correspondence.

- I. The Press.
- I. By circulars addressed to pastors and churches. Immediately on the adjournment of the Assembly at Omaha the Committee sent forth its first circular to the number of 50,000 copies. This circular was followed by other documents to the total number of thirty. Of these upward of 1,225,000 copies, covering 5,046,200 pages, were distributed throughout the Church. Many of these papers are of permanent value, the work of ministers, elders and women of our Church, and they greatly enlarge and enrich the literature of this department of Christian work, which had been already accumulated by our Board of Ministerial Relief.
- 2. The Church newspaper has been largely utilized, Without exception the dozen or more religious weeklies of our Church and *The Church at Home and Abroad* have heartily and effectively aided this great enterprise of the Assembly. Through them tens of thousands of copies of these publications have carried to the ministry and laity of our wide communion valuable historical sermons, addresses and records, Centennial articles and fervid appeals for the Centenary Fund; and ministers, elders and others have thus been made acquainted with the different newspapers of our national Church. To the editors of these papers, including *The Church at Home and Abroad*, your Committee desires to return hearty thanks for their willing and efficient help, and for

their valuable columns opened freely to the use of the Executive Committee.

II. The second method of work was by public addresses. This was found to be a most effective agency, and indeed proved to be almost essential to awakening the interest of the Church, and securing the necessary attention to printed matter concerning the Centennial celebration and the Centenary Fund. Provision was made to reach every Synod of the Church, as far as possible, by the Corresponding Secretary, and lay and clerical members of the Permanent and Executive Committee, and in the few cases where this was impossible, by other devoted friends of the cause. By the same methods a large number of our Presbyteries were also reached.

The Corresponding Secretary began this visitation of the churches by his first Centennial address, on the Sabbath evening preceding the meeting of the Assembly at Omaha, and with the intervention of one Sabbath, when illness prevented, continued this department of his work down to the present time. These addresses were delivered on Sabbaths and during the week to the churches in single congregations and union meetings, Sabbathschool conventions, ministerial associations, Presbyteries, Synods and General Assembly, visiting almost all the large cities of the Church, traversing twenty States and fifteen thousand miles of travel, with health and strength so kindly preserved that but four appointments were recalled, and but one of those on the Sabbath. elesires to add that he was received with cordial welcome and respect as a messenger of the General Assembly, pastors and elders generally exerting themselves to secure a full hearing for this great cause. As the work grew in the heart of the Church, invitations to present the Centennial work from all directions came in numbers far too great for possible acceptance. The Chairman and Treasurer of the Executive Committee were plied with similar invitations, which were complied with as far as pressing professional duties would permit. The Rev. Dr. Cattell, Secretary of the Board of Ministerial Rélief, on invitation of the Committee visited the churches and Synods on the Pacific coast, and with his characteristic energy and zeal presented the claims of the Centenary Fund to them; and also in the East rendered effective service in raising the endowment fund by addresses to churches and other ecclesiastical organizations.

III. A third, a very important, laborious and deeply interesting part of the Centennial work, was the correspondence of the office at Cincinnati, amounting to thousands of letters. This correspondence on the part of the Church, with hardly an exception so kind, so appreciative, so loyal to the General Assembly, so full of the noblest Christian sentiment of benevolence to man and consecration to Christ, must ever attach these officials of the Assembly to the ministry and laity of our wide-spread Church, by a higher admiration and larger affection for their Christian character.

The raising of one million dollars for a single benevolent purpose under any circumstances would be a vast undertaking. In the present case there were reasons making the effort almost heroic, eliciting; as it has done, the admiration of our sister denominations. One obstacle was encountered at the very beginning of our operations. The Church had awakened to no enthusiasm in the Centennial celebration; at the most there existed only a sentimental feeling in portions of the Church; in other larger portions there was passive indifference; and here and there opposition to connecting any beneficial financial features with the commemoration. There was no such steadily rising, deepening, widening tide as that which marked the growth for years and the final culmina-

tion of Reunion sentiment in 1870. The first discovery your Committee made was that Centennial sentiment had to be awakened, if not created.

Another reason giving an aspect of unusual courage to the undertaking to raise one million dollars for one simple purpose of benevolence, was that the Centenary effort was made to include large sums in behalf of other objects of Christian work, especial emphasis being given to the duty of the Church, to advance in all her columns along the whole line of aggressive conflict, which our system of evangelical work maintains against the kingdom of darkness.

With a large conception of the duty devolved upon it by the Assembly, but without experience of the difficulties to be overcome, the Executive Committee set itself to its task. By wide and varied correspondence, and by the study of the minutes of Presbyteries, Synods and the Assembly, it aimed to reach every minister and It is doubted whether one hundred of our 5,654 ministers, or one hundred of our 6,436 churches, were unreached by these communications, and such only because their post-office address could not to be obtained. And right here the Executive Committee would thank the Centennial Committees of Synods and Presbyteries, and also pastors, elders, Sunday-school superintendents and officers of women's societies and children's bands. for the valuable aid they furnished in this and other ways. so heartily, often so laboriously, and always with such filial, faithful devotion to their historic Church. wherever the executive officers of the Committee went, with exception so slight as barely to justify allusion, the latent enthusiasm of our Church awoke in quick, loving and generous response to the appeal of the Assembly in behalf of the one million for Ministerial Relief. fully told story of all this would electrify and delight the Church—the story of aroused and applauding assemblies,

of the large and notable benefactions of wealthy and liberal givers, and the self-denying gifts of those of humbler means, of infirm and impoverished ministers and their wives, and of the generous competition of rich and strong churches, and of weak and small churches struggling for existence or just starting into life on our wide frontier.

This Centenary Fund will not reach, nor was it intended or expected to reach, anything like the sum total of the Thanksgiving offering of 1870. Of that wonderful offering, however, a vast amount was given for purely local purposes, the special enterprises of Presbyteries and Synods, or chiefly retained by the churches contributing, and expended on the ground for strictly congregational purposes of every variety. the more than seven millions reported, but \$114,574.11 passed into and through the treasury of the Assembly's Committee. This present Centenary Memorial for Ministerial Relief is a Thanksgiving offering for a single benevolent object, not local in its application, but embracing the whole Church, a much larger and therefore more difficult undertaking, and therefore also more expressive of the unselfish consecration of the Church. For this special object, upon which the Committee was instructed to concentrate its efforts, we are, at this present time, able to report receipts in cash to the amount of \$419,000, pledges and subscriptions unpaid to the amount of \$140,-000, or a total of \$530,000. The number of churches contributing thus far is 2,180, and the number of special individual contributions 381.

But these statements and figures by no means conclude the great good, or perhaps the greatest good, accomplished by this Centenary work of the General Assembly. The denominational life of our Church has been quickened as, perhaps, never before; new and larger views obtain of the support of the active ministry, and of the maintenance of the infirm and aged ministry; and the bearing of the self-denial of the ministry on the establishment and growth of the Church of God is better understood. Nor will this endowment fund cease with contributions thus far secured. Many contributions will be made during the coming year, and large sums within our knowledge have been placed in wills, and in the succeeding years still others will be placed in bequests to this permanent fund for Ministerial Relief; while the annual contributions to the Board of Relief will flow in the larger currents of a more intelligent and general liberality.

The Executive Committee, and more especially the Corresponding Secretary, while pressing the one million Centenary Fund on the benevolence of the Church, have steadily impressed the higher right of the annual claims of the several Boards, and discouraged any contributions to Centenary funds at the sacrifice of existing and longestablished obligations. The whole conduct of this special undertaking has been consciously and earnestly to promote the growth of systematic beneficence in the Church at large; and every opportunity to further the interest of the different Boards and of Synodical institutions has been eagerly embraced. Especially has the Executive Committee sought to prevent any shrinkage in the annual receipts of the Board of Ministerial Relief. We have kept that Board thoroughly acquainted with our plans and operations, and have guarded against any interference with its field and methods. We are happy to report that, without collision or confusion, the Board and Committee each pursued the several and distinct duties imposed by the General Assembly. We would especially express our thankfulness for the valuable aid given us by the experience and cooperation of the Rev. Dr. Cattell, Secretary, and the Rev. W. W. Heberton, Treasurer of that Board. Thanks are also due for efficient help, cheerfully afforded, by the Board of Publication and Sabbath-school Work.

Spacious rooms, with light and fuel, free of all charge, were generously placed at the disposal of the Executive Committee by the Second Presbyterian Church of Cincinnati, in addition to the generous contribution of that church to the Centenary Fund, for which we desire to record our earnest thanks.

There is often expressed the plausible apprehension that the occasional efforts of the General Assembly to raise large sums of money for special objects would seriously affect the annual support of the permanent Boards of the Church. It was so feared when the Thanksgiving offering for the Reunion of the Church was proposed in 1870; yet the contributions to the Boards for that year showed an aggregate gain of more than \$77,-466; and, although another Board has since been added. during the seventeen years following, the annual contributions to the benevolent schemes of the Assembly have in the aggregate steadily increased with the passing years. We are happy to report like results in connection with the present special effort to raise this Centenary Fund, the increase in the receipts of the Boards being \$330,000 for the year ending April 1, 1888.

Thus, while doubtless special appeals by the Assembly to the beneficence of the Church should follow only at wide intervals, and be inspired only by memorable occasions or pressing exigencies that appeal forcibly to the consecrated spirit of the Church, yet these recent experiments, so wisely projected by the Assembly, seem to justify the belief that they have had a stimulating, instead of reactive, influence on Christian devotion and liberality.

In further answer to inquiries and suggestions as to the investment of this addition to the permanent Fund for Ministerial Relief, and the distribution of the annual income therefrom, we report that the Permanent and Executive Committees have not acted in any way as to investment or distribution, the consideration of such questions not having been devolved upon them by the General Assembly. The contributions to the one million fund for Relief, which have been paid into the hands of the Treasurer of the Centenary Fund, are held by him ready to be paid over on the order of the General Assembly.

For the Executive Committee,

George C. Heckman,

Corresponding Secretary.

III. Report of the Treasurer of the Centenary Fun l to the General Assembly of 1888. ["Minutes" of 1888, p. 40.]

The Report of the Treasurer of the Centenary Fund to the Permanent Committee of Arrangements for the One Hundredth General Assembly was also presented, as follows:

DR.

17 11.				
Subscriptions to Treasurer up to and including May 8 Interest to May 1	522	57	\$330,878	06
Cr.			4334,010	90
Expenses of Committee to May 5, incl	\$12,982	78		
Trenton, N. J	5,000	co		
Heberton	2,000	00		
panying paper Deposits as per accompanying Ceruficates—	3,100	00		
Third National Bank, Cincin-				
nati, Ohio	25,918	70		
Covington Ohio Valley National Bank,	54,106	40		
Cincinnati.	164,959	86		
W. W. Heberton, in trust	62,811	22	¢ 9	06
			\$330,878	90

The above sum was contributed by about 2,180 churches, 587 Sabbath-schools and 381 individual donors. All sums received, through the kindness of the banks of deposit, have drawn interest at the rate of three per cent. per annum.

The Treasurer desires to express his sense of obligation to the Rev. W. W. Heberton, Treasurer of the Board of Relief, for the efficient aid rendered during the course of the year in receipting contributions to the Fund, sent at the convenience of the churches directly to Philadelphia.

The Treasurer would also suggest that action by the Assembly is needed in two directions, viz.: An order for the transfer of the funds in the Treasurer's hands or subject to his order, to such agency as the Assembly may direct, and authority for the Treasurer of this Fund to complete his Report in all its parts and present the same to the Assembly of 1889.

To this Report are appended two exhibits, viz.: Exhibit A, being a detailed statement of the gifts to the permanent Fund of the Board of Relief made by churches and individuals up to May I, and Exhibit B, a statement of the pledges made of gifts to said permanent Fund from time to time up to the same date. To these exhibits there should be added, as soon as the reports from the churches admit, an Exhibit C, being a statement of the gifts by churches and individuals to the five other objects included within the Centenary Fund.

Respectfully submitted,

WM. H. ROBERTS,

Treasurer.

IV. Report of the Special Committee on the Centenary Fund, General Assembly of 1888. ["Minutes" of 1888, pp. 115-118.]

The Report of the Special Committee on the Centenary Fund was presented, read and adopted, and is as follows:

Your Special Committee on the Management and Disposition of the Centenary Fund, having examined the records in the case and carefully considered the terms and conditions under which the Fund has been raised, would respectully report as follows:

1. The Fund was gathered under the direction of the Executive Committee appointed by the Permanent Committee of Arrangements for the One Hundredth General Assembly. The members of this Permanent Committee deserve the appreciation and gratitude of the entire Church, for the disinterested industry and fidelity and the large success with which they have discharged their various, exacting and often perplexing duties, during the prolonged term of their service. The preparations for the comfort and convenience of this Assembly, and for the entertainment of the Southern Assembly, have been complete and satisfactory, and reflect great credit upon those who did the work. Many churches, Presbyteries and Synods have been induced to collect and publish the facts of their history. The two popular meetings in the interest of theological education were made interesting and instructive. The Centennial Day was marked by hearty fraternity between the two Assemblies, by high average excellence in the historic and philosophic discourses which were delivered, and by the enthusiasm of the throngs who attended its celebration. As to the Fund for the further endowment of the Board of Relief, while not vet reaching the desired amount of \$1,000,000, yet, considering that the object appealed to no local feeling, we may well thank God for moving the churches to

do so much in so short a period. About \$600,000 is now either in hand or in prospect. The earnest and untiring zeal of the Executive Committee in this effort, and of the churches and pastors who cooperated in it, are beyond all praise. In general, the work commended to the churches in recognition of our Centennial, and the exercises distinguishing its celebration, have alike been greatly blessed. We therefore recommend that the cordial thanks of this Assembly be returned to the General Committee, to the Local Committee of Arrangements and to the Executive Committee, with their respective Chairmen, and to the Secretary and Treasurer of the Centenary Fund, for their admirable services, and that, in accordance with their own wish, the members of the General or Permanent Committee, including the Executive Committee of the Centenary Fund, be now relieved of further duties and discharged.

- 2. We recommend that the General Assembly earnestly and affectionately remind the churches which have not contributed, as well as those which have already given most liberally to the Fund for the permanent endowment of Ministerial Relief, that there is yet lacking about \$400,000 to complete the one million dollars for which the faith of the Church is pledged, and express the hope that, without interfering with the current income of this and the other Boards, the liberality of the Church will not allow this promise to fail. They are requested to send their contributions to the Board of Relief, either directly to its Treasurer, or, if more convenient, through Dr. William H. Roberts, Treasurer of the Centenary Fund.
- 3. In accordance with the direction of the Assembly that measures should be recommended for the further collection, and the transfer and investment of the Centenary Fund, your Committee have examined into the matter, and have obtained a statement, in elucidation of the management of the Permanent Fund of the Board

of Ministerial Relief, from the President of the Trustees of the General Assembly, who is also a member of the Board of Relief. It is a pleasure to call the attention of the Assembly, the Church and the public to this statement, which is appended to this Report\*, and which we recommend the Assembly to publish with the Report, in the "Minutes," since it shows that for thirty years not a penny of principal or interest, in these trust funds, has been lost, by reason of the manner in which investments have been made.

- 4. We recommend that the Treasurer of the Centenary Fund be instructed to transfer the moneys now in his possession to the respective Boards to which they were contributed, and that the Board of Relief retain the funds transferred to it, subject to the direction of the next General Assembly.
- 5. We recommend that the Treasurer of the Centenary Fund be continued to October 1, 1888, to receive further contributions to it and transfer them to the Board to which they may be contributed, and that he present his final and complete Report to the next General Assembly, printed in a separate pamphlet.
- 6. We recommend that the Secretary of the Centenary Fund be continued until July 1, 1888, in order that he may have time to close his work. We also recommend that his Report, already presented to this Assembly, be printed in the "Minutes."
- 7. We recommend that the minutes of the General or Permanent Committee, and those of the Executive Committee, and copies of all their publications, be deposited by the Secretary of the Centenary Fund with the Presbyterian Historical Society.
- 8. We recommend that, in accordance with the instructions of the Assembly of 1886 ("Minutes," 1886,

<sup>\*</sup>Note. See Minutes of 1888, Pp. 118-121.

p. 16), all expenses connected with the Centenary Fund be paid out of that Fund.

o. The question of how the Centenary Fund shall be permanently invested has excited wide interest. thing of first importance is security. As secondary to that, but still very important, appears the matter of Differences of opinion seem to exist as to where and how the investments should be made. As good faith to the donors requires the Assembly to carry out their wishes as far as possible, your Committee is of the opinion that the investment of the Fund should receive more prolonged attention and consideration than can be given to it during the remaining sessions of this Assembly. It has also been asked whether the income of the Fund should be distributed according to the methods now followed by the Board of Relief, or should be controlled by new principles. Your Committee believe that, as this endowment was undertaken ("Minutes" of the Assembly of 1886, 6, a, p. 16) "as an addition to the Permanent Fund of the Board of Relief," no change can be adopted without altering the general principles of administration, and perhaps even the charter of that Board. At any rate, the proposed change is so serious that it ought not to be attempted without the most careful consideration. There are still other questions that may require investigation.

We therefore recommend that a Committee consisting of four elders and three ministers be appointed by the Moderator, to supervise the transfer of the Fund to the Board of Relief, to audit the accounts of the Treasurer, to determine what shall be included in his final Report, to receive and pass upon the final Report of the Secretary, to consider how, where and by whom the Fund shall be permanently invested, and to report its conclusions and recommendations to that Assembly.

In behalf of the Committee,

S. J. McPherson, Chairman.

V. Report of the Committee on the Disposition and Investment of the Centenary Fund to the General Assembly of 1889. ["Minutes" of 1889, pp. 107–109 and 127].

Your Committee on the Disposition and Investment of the Centenary Fund beg leave to submit the following report:

Your Committee were appointed "to superintend the transfer of the Fund to the Board of Relief, to audit the accounts of the Treasurer, to determine what shall be included in his final report, to receive and pass upon the final report of the Secretary, to consider how, where and by whom the Fund shall be permanently invested, and to report its conclusions and recommendations to the next Assembly."

Your Committee have held three full sessions of the Committee; the first in Chicago, Nov. 13 and 14, 1888; the second and the third in New York, May 15 and 22, 1889. A part of the Committee has also had conference with the officers of the Board of Relief in Philadelphia.

After full consideration of the subjects committed to us we report :

- 1. That according to the direction of the Assembly, the Funds in the hands of the Treasurer of the Centenary Fund were transferred to the Board of Relief, and they are now held by that Board subject to the direction of this Assembly.
- 2. Your Committee has audited the report of the Treasurer, whose accounts are found to be correct, and accompany this report. We find that the total amount of the Centennial Offering is \$595,734.86, to which there is an addition of accrued interest paid into the Treasury, amounting to \$10,531.39. To this there should be added about \$9,000 of interest due on or about June 1.
  - 3. Your Committee instructed the Secretary of the

Fund to make a somewhat full statement, showing the inception and conduct of the work of the Centenary Committee; which statement will be found in connection with the joint report of the Committees of last year. We recommend that the Reports of the Centenary Committees of 1887–88 and the Committee on the Investment of the Centenary Fund of 1888–89 be printed as a preface to the report of the Treasurer, and distributed to the churches in connection with the Report of the Board of Relief for the present year.

As to the investment of the Fund, your Committee recommend as follows:

FIRST. That all securities forming original donations to this Fund may, at the discretion of the Board of Relief, be retained without conversion, or sold and the proceeds be reinvested.

SECOND. That the balance of the Fund be invested by the Board of Ministerial Relief.

THIRD. That funds be invested—

- (a) In securities in which trust funds may be legally invested in States which have laws for the restriction of the investment of trust funds: or,
- (b) In first mortgages on improved real estate in cities; or,
- ( $\epsilon$ ) In the first mortgages of railroad corporations paying dividends on their capital stock.
- 4. And as the resolutions assume that loans will be made in different parts of the country, we recommend that investment shall be made in any part of the United States subject to the limitations above stated, and we also recommend that the Board call in the aid and advice of brethren conversant with the localities where it is proposed to make such investments.

The Committee, while recognizing with gratitude to Almighty God the spirit of liberality and generous cooperation manifested by all our people in the endeavor

to make this offering worthy of our history and of the Centennial occasion, in concluding this report ask the Assembly to make the following special acknowledgments:

- 1. To the Rev. Dr. Geo. P. Hays, Chairman of the Centenary Committee, for the singular ability and devotion shown by him in the advocacy and general management of this work, rendered without pecuniary compensation.
- 2. To the Rev. Dr. Wm. H. Roberts, Stated Clerk of the General Assembly, for the faithful and laborious discharge of the duties of his highly responsible office of Treasurer of the Centenary Fund, rendered without pecuniary compensation.
- 3. To the Officers of the Board of Relief, especially to Dr. W. C. Cattell, the Secretary, for especial work gratuitously rendered in this cause, and to the Rev. W. W. Heberton, Treasurer of the Board of Relief, for the faithful discharge of the duties and responsibilities entailed upon him by the work of the Centenary Committee, which were additional to the regular duties of his office.

To all of these, with Dr. Geo. C. Heckman, Corresponding Secretary of the Centenary Committee, who rendered efficient and valuable services in the duties of his office.

Respectfully submitted,

CHARLES L. THOMPSON, Chairman.

## The Final Report of the Treasurer of the Centenary Fund.

### Twenty-Fourth Annual Report

OF THE

### Board of Missions for Freedmen,

Of the Presbyterian Church in the United States
Of America.

To the General Assembly of the Presbyterian Church,

From March 31st, 1888, to April 1st, 1889.

THE PRESBYTERIAN BOARD OF MISSIONS FOR FREEDMEN respectfully presents to the General Assembly its Twenty-Fourth Annual Report, and in doing so would record, with gratitude to God, that the past year has been the most successful of all the years of its work among the Freedmen.

#### THE FUNDS.

The Board reports with grateful emotion towards God that although the contributions of the previous year exceeded those of any other year, those of the year just closed are in advance. The receipts from March 31, 1887, to April 1, 1888, were \$131,653.35 From March 31, 1888, to April 1, 1889, they were \$134,450.88, showing an increase of \$2,797.03. In this statement is not included what the Freedmen paid for the support of ministers, teachers, houses of worship and schools. We are glad to be able to report that the Freedmen have given for these purposes \$23,649.47. In addition to this sum they have also paid for scholarships in Scotia Seminary \$5,209, and in Mary Allen Seminary \$2,234. Showing they have paid during the year \$31,092.47 towards self support.

The Board would also gratefully mention the fact that church property to the value of \$10,000 was given for the benefit of one of the churches under its care, Knox church, Louisville, Ky., by Mr. Andrew Ferguson, a colored member of that church; and also

that Hon. James McMillan, of Detroit, Mich., has pledged \$16,000 for erecting and furnishing an additional hall to Mary Allen Seminary, Crockett, Texas. Of this sum \$5,000 has been paid, and the remainder is ready whenever called for, as the work now begun progresses.

The Board has the following

#### PERMANENT FUNDS.

	JAMES ALLISON, TREASURER.

We, the undersigned have examined the foregoing accounts and find them correct, showing balance J. C. McCoMBS, cash on hand April 1st, 1889, of \$3,274 27; and a net indebtedness of \$15,725.73.

PITTSBURGH, PA., April 1st, 1889.

#### THE WORK OF THE YEAR.

The work of the past year has been most gratifying and encouraging, and on the whole the most prosperous in the Board's history. We have sustained in the field 290 missionaries, of whom 229 are colored. The following tables will show the work of the year in detail.

#### MISSIONARIES.

Ordained ministerswhite, 15; colo	red,100
Licentiates, " 1; "	,
Catechists, " 0; "	13
Teachers, males,	32
" females, " 41; "	88
CHURCHES.	•
Organized during the year,	9
Whole number under care of the Board,	237
Communicants added on examination,	1,865
Average on examination to each church, nearly	7
" " minister, nearly	14
Whole number of communicants,	17,480
Baptized—adults,	1,670
Marriages reported,	301
Whole number of Sabbath schools,	237
" Scholars in Sabbath schools,	16,573
SCHOOLS.	
Whole number of schools,	76
" " pupils in these,	11,175
" teachers,	165
SOURCES OF INCOME.	
Number of Churches contributing,	2,816
" Sabbath schools,	245
" Churches not contributing,	3,727
" Women's Missionary Societies and Bands contributing	805

It will be noticed from the above that our day and Sunday schools are each less by 10 this year than last. We deeply regret this, but the embarrassed condition of the Board at the beginning and throughout the year compelled us to discontinue 10 day schools and decline 19 applications for new ones. When a day school is discontinued a Sunday school necessarily ceases.

#### THE GREAT WORK OF THE BOARD.

The future of the negroes in the United States is fast becoming the question of the day. During the past year it has been discussed on the platform and in the magazines and newspapers of the country as never before. It is attracting the attention of some of the best and wisest men in the Church, in both of the great political parties, and from all sections of the country, all of whom, in their consideration of the question, feel and confess its grave importance as well as the difficulty and danger attending it. Some of them pronounce it the gravest question to-day before the nation. A prominent Southern man says, "it dominates all other issues in the South." The rapidly growing numbers of the negroes, and the increasing illiteracy among them are justly exciting in their minds apprehensions and alarm. The increase of colored illiterate voters in the State of Georgia from 1870 to 1880, was 16,000; Kentucky, 11,000; Tennessee, 3,000; Texas, 12,000: total in those four States, 42,000. A similar ratio of increase will be found in the other Southern States. Facts like these have led all those who have been discussing this question, however widely they differ on other features of it, to but one and the same conclusion, viz., the negroes must be enlightened and educated. Universal education must go with universal suffrage. President Harrison, in his inaugural address, spoke wisely when he said, "if in any of the States the public security is thought to be threatened by ignorance among the electors, the obvious remedy is education." But education simply is not enough. The negroes must be Christianized. Theirs must be a Christian education. In solving the problem of the future of the negro we cannot afford to leave God out. hand of His providence has been distinctly manifest in all the past history of the negro, and He must be recognized in any and every effort to mould and determine his future. A Christian education under God is the only solution to this difficult question, which is now creating such serious apprehensions in regard to the future of the negro. And to this work the Board of Missions for Freedmen has given its best efforts for twenty-four years.

And inasmuch as the Board has reason to believe that the whole Church is very imperfectly acquainted with the history of its work, or with what it has done, we desire to present this review of its work for information and to stimulate to greater benevolence and more earnest activity, so that the Board may be able to enlarge its

operations still more rapidly. This is especially due to those who have contributed so long and so liberally in behalf of the Freedmen.

#### ORIGIN.

At a meeting of the Old School General Assembly in the City of Pittsburgh, in 1865, it was determined to appoint a committee for establishing schools, churches and the preaching of the Gospel among the Freedmen. Among those consulted it was found that only ministers and elders from Pittsburgh and its vicinity would agree to undertake the work. At the beginning, and for no inconsiderable time afterwards, the churches of Pittsburgh, Allegheny and the surrounding country were the only ones freely opened in behalf of the Freedmen. It was with the greatest difficulty that the first Secretary, Rev. S. C. Logan, D. D., succeeded in obtaining permission to present this cause to the churches of the larger cities and towns, and in many places in the country.

There was a wide spread prejudice against the work at the North as well as the South. Few seemed to realize its importance and many opposed it.

#### WHAT THE BOARD DOES.

This Board educates teachers and preachers, supplies teachers for schools and preachers for churches; builds school houses, churches, seminaries, academies, colleges and dormitories; prescribes courses of study; makes examination of the condition of buildings, and orders all repairs and extensions; elects teachers and professors and nominates trustees; provides for the boarding departments, cooking utensils, plates, cups, saucers, etc.; visits the institutions of learning, and audits all bills.

#### WHAT THE BOARD HAS ACCOMPLISHED.

Twenty-three years ago this Board, then a Committee, had not a single teacher, preacher, school house or church, and not a dollar of money. Teachers and preachers had to be educated, and every cent of money obtained.

What have we now? Fifteen white ministers and 100 colored, 1 white licentiate and 1 colored licentiate, 13 colored catechists, 4 white male and 32 colored male teachers, 41 white female teachers and 88 colored female teachers; total, 290 laborers.

We have now 237 churches, with 17,480 communicants; 237 Sabbath schools, with 16,573 pupils; 70 day schools, with 9,073

scholars; Biddle University, with 154 students, at Charlotte, N. C.; Scotia Seminary, with 234 girls, at Concord, N. C.; Brainerd Institute, with 461 students, at Chester, S. C.; Wallingford Academy, with 603 students, at Charleston, S. C.; Beaufort Industrial and Normal School, with 550 pupils, at Beaufort, S. C.; Mary Allen Seminary, with 200 girls, at Crockett, Texas; to say nothing of schools at Aiken, S. C., Rogersville, Tenn., Augusta, Georgia, and other places. Altogether, in the families of the members of the churches, in the Sabbath schools, in the day schools and in the higher institutions, the operations of the Board influence directly at least 100,000 persons, whose influence extends in one way or another to at least four times their number. So that the Church, through the Board of Missions for Freedmen, is reaching, directly, and indirectly, half a million of the colored population.

The receipts have increased from nothing, in May, 1865, to \$134,450.88 for the year ending April, 1889, not including the money paid by the colored churches for their own support, which increased from nothing, in May, 1865, to \$23,649.49 for the year ending April, 1889. Our property, secured to the Presbyterian Church, has grown from nothing to over \$300,000. We carry insurance on buildings to an amount over \$160,000, showing that they are valuable and substantial. Biddle University is the best public building in North Carolina, and Mary Allen Seminary is the best in Texas, with a single exception.

The cost of board at Biddle University is \$8.00 per month. regular cook is employed, but the students in turn act as waiters, wash dishes, etc. Scotia and Mary Allen Seminaries have also each a regular cook, but the girls perform the remaining work on the Mt. Holyoke plan. The average cost in money, last year, of boarding pupils and teachers, in these institutions, was \$4.10 per month.

Pupils are crowding to these schools. They come hundreds of miles, and yet have to be turned away for lack of room At Biddle University during last Summer we provided rooms for 36 more students, but so great has been the pressure that we have been compelled to obtain from the insurance companies permission to use the upper stories of the University building for study rooms and dormitories for between 40 and 50 students.

A generous gift of \$16,000 from United States Senator James McMillan, of Michigan, for erecting an additional building for Mary Allen Seminary will enable it to accommodate 250 pupils. That new building is now in course of erection.

The main building, a large and commodious structure, erected largely by the women of the Church, was dedicated last June, in the presence of a large concourse of colored people.

A bequest left to Scotia Seminary by the late Wm. H. Childs, of Niagara Falls, has enabled the President to put a steam apparatus into the building, thus securing a better and safer system of heating than formerly in use.

A "Training School for Nurses" has also been added to the industrial work of the institution, in which pupils will be taught how to take care of the body, and such instruction given them as will render them competent to wait on the sick.

Biddle University is our college for the education and training of young men as preachers and teachers for the coming race, and has been greatly blessed and prospered during the past year.

Scotia and Mary Allen Seminaries above alluded to are boarding schools for colored girls, and we regard the work they are accomplishing as among the best that is being done under the Board. In the latter institution a gracious work of the Holy Spirit was enjoyed during the winter, which pervaded the whole school.

#### INDUSTRIAL EDUCATION.

The Board has made the *Industrial* a special feature of its educational work for the last few years, and is now successfully carrying on Industrial Departments, supported in part by the Slater Fund, at Biddle University and Scotia Seminary, N. C., Brainerd Institute, S. C., and Mary Allen Seminary, Texas. In the latter institution, however, the Industrial Department is supported entirely by the Board. The benefit to the children of the Freedmen of the industrial feature in our educational work cannot be overestimated. There is no pretense about it, but solid and useful industrial training.

At Biddle instruction is given in carpentering, brick laying, plumbing, type setting, etc. The Superintendent of the Industrial Department, with the aid of the young men, prepared last Summer, at a very small expense, a building in which 36 young men are now lodged. When it became necessary as a matter of economy and safety to heat Scotia Seminary with steam, the lowest bid was \$4,500. This same Superintendent took young colored men from

Biddle and completed the work for \$2,500, thus saving to the Church \$2,000.

At Scotia and Mary Allen Seminaries the girls are taught everything pertaining to millinery and dress making, and they make their own clothes.

#### Under Disadvantages.

From 1865 until 1883, when this Board was incorporated, it labored under the disadvantage of being a mere committee appointed from year to year. The heavy debt incurred at the time of Re-union, 1870, from the Freedmen's Department of the New School Board of Home Missions, was no small obstacle. And it must not be overlooked that the mind of the Church had to be educated to the greatness and necessity of the work for the Freedmen; and this was of itself a very considerable work. But not-withstanding all these and other disadvantages, this Board is now in receipts the third Board of the Church.

#### ECONOMY.

In proportion to the work done and the amount of money received directly from the churches and expended, this Board costs less, in the way of administration, than any other Board.

#### EFFICIENCY.

The efficiency with which this Board has discharged the duties of the trust committed to it, will be seen by comparison with the other Boards of the Church.

### ADDITIONS TO THE CHURCHES. [From the Reports of 1888.]

The Board of Home Missions has 1,480 missionaries, and received on confession of faith last year, 10,132—a little less than 7 to each minister. The Board of Foreign Missions has 179 American missionaries, and 151 native missionaries—to say nothing of 171 licentiates—and received last year on confession of faith, 2,897, or about  $8\frac{1}{2}$  to each minister, leaving out the licentiates. The whole Presbyterian Church has 5,789 ministers, leaving out 314 licentiates, and received last year, on confession of faith, 51,062, or less than 9 to each minister. The Board of Missions for Freedmen has 26 white and 85 colored ministers, and received last year on confession of faith, 1,210, or within the smallest possible fraction of 11 to each minister.

#### THE SCHOOLS.

[From the Reports of 1888.]

The Board of Foreign Missions, after 51 years of existence, has 23,770 pupils in all schools—including boarding and day schools—and 21,168 Sabbath school pupils, though it has 492 ministers and licentiates. The Board of Home Missions has 100 schools and 264 teachers, with 4,008 scholars, only about 15 to each teacher and 40 to each school. The Board of Missions for Freedmen has 82 schools, 203 teachers, 9,347 scholars, over 40 scholars to each teacher and over 110 scholars to each school.

The Board of Foreign Missions has 91 students for the ministry, in its entire field, in Mexico, Guatemala, South America, Africa, India, Siam, China, Japan, Corea, Persia and Syria. But Biddle University, supported by the Board, alone, not to mention other institutions, has 64 candidates for the ministry.

#### NEW WORK.

The Board, in accordance with the order of the last General Assembly, has extended its work, especially in Arkansas, and among the colored people of the Indian Territory. In the Territory we have 8 churches and 4 schools. During the past year an Industrial Academy has been organized at Oak Hill, Choctaw Nation, under Mr. J. F. McBride and wife, which promises to be a power for good in the nation. Two young colored men, graduates of Lincoln University, have just been commissioned for two points in the Territory, and we hope to have others join them soon.

In Arkansas a new Presbytery has been organized, with 7 churches and 6 ministers, with the most promising outlook, as just now there is a large emigration of colored people from the Atlantic States to Arkansas. One community that went from these States has erected a house of worship and sent for the minister who served many of them in their old home, and promising to support him entirely after the first year. This brother has been commissioned and is now on the field. At Cotton Plant, in this State, a large and substantial building has been erected during the year at a cost of \$2,000, for our Academy located at that place, which has opened with 182 pupils. Another has been completed at Pine Bluff at about the same cost, and known as Richard Allen Institute, and has now over 200 pupils.

At Rogersville, East Tennessee, a desirable property of 7 acres of ground, with the buildings thereon, has been purchased and converted into an institution to be known as the "Swift Memorial Institute," in memory of the late lamented President of the Board. During the year, also, property has been purchased at Burkeville, Va., and Augusta, Georgia, on which to erect buildings during the present year, to meet the increasing demands of the institutions located at those points.

In giving this review of its work, which from its peculiar nature has been both difficult and delicate, the Board feels profoundly grateful that in not a single instance has the General Assembly, since the first appointment of the Committee on Freedmen in 1865, disapproved of a single act of the Committee or the Board, but has from year to year approved all its proceedings, and commended it in high terms. All ministers and others, of our Church and other Churches, who have visited our schools and churches, and have made themselves familiar with the work, have spoken and written most approvingly of what they have seen.

And now in view of the past history of the Board, of the great work it has accomplished, and of the greater work still to be done, in view of the vast harvest fields opening before us and ready for the Lord's reapers, and of the great responsibility resting on the Church, and the opportunity which God has laid at her feet, the Board feels itself justified in asking the Assembly to devise and recommend the most liberal measures for the more vigorous prosecution of the important and solemn work committed to its care.

The Board during the year has lost one of its members by death, Elder W. C. Aughinbaugh, who died November 17th.

Mr. Aughinbaugh entered upon the service of the General Assembly's Committee on Freedmen in 1871, and continued as a member under the present Board up to the time of his death. Until incapacitated by illness, and even when scarcely able to walk, he attended the meetings of the Board, giving the best evidence of his interest in this part of his Master's work.

#### WORK OF THE WOMEN.

For a fuller and more particular account of the Women's work, we would call the special attention of the Assembly to the following excellent report of the Secretary of this department:

# FIFTH ANNUAL REPORT OF THE FREEDMEN'S DEPARTMENT OF WOMAN'S EXECUTIVE COMMITTEE OF HOME MISSIONS.

It is with mingled feelings that we present to you the Fifth Annual Report of the Freedmen's Department. Feelings of sorrow and deep disappointment that for the first time we are not permitted to report progress in every direction, of joy and profound gratitude that the forebodings of the last few months have been so greatly relieved and that we have evidence of increasing interest. The work has taken a deeper hold upon the hearts of the women of the Church and is considered more as an integral part of Home Mission work than formerly. This is shown by the increased number of salaries and scholarships pledged by societies and bands. The full salaries of 19 teachers and partial ones for five others have been secured. Beside this special provision was made for three other teachers this year, thus making 27 teachers supported wholly or in part by this department. One hundred and fifty-four scholarships have been received by the Treasurer-a number of others were sent direct to the institutions to be aided. We have this year endeavored to practice that wise economy which gives until our purpose is accomplished, and have aided in making more comfortable twelve school buildings. The work done among the societies and bands has been accomplished principally by their own officers, fewer Synods and Presbyteries having been visited than usual by ladies from this department. The interest of the societies of Allegheny and Pittsburgh Presbyteries and of the Synod of Indiana has been greatly increased by the visit of Miss Lucy C. Laney, of Augusta, Georgia.

Our receipts this year from the Treasurer of the Woman's Executive Committee of Home Missions have been \$22,553.35; last year they were \$20,292.17, showing a gain of \$2,261.18. The Treasurer of the Board of Missions for Freedmen received direct from societies and bands last year \$6,746.39, this year from the same sources but \$2,224.65, showing that more societies are working through the regular channels than last year, and at the same time revealing a deficit in receipts from the women of the Church of \$2,260.56. Last year the whole amount received was \$27,038.56—this year but \$24,778.00. Of this sum more than half came in during the last month of the fiscal year. Various reasons

have been given for this falling off, yet the fact remains that instead of an advance of \$10,000 we have received \$2,260.56 less than last year. We are largely indebted to the faithfulness and energy of the Freedmen's Secretaries, appointed by many of our Presbyterial societies, that this deficit is not larger. This furnishes the minor strain of our report.

When we turn to the field we find our work in a most hopeful condition, with more than usual evidence of the presence of the Spirit, our schools crowded and the scholars realizing as never before what education means, and that it cannot be secured without hard work.

Of new work we can only report that at Louisville, Ky., an outline of which I will present, as it may be suggestive to others living in cities where there is a large colored population. The Christian ladies of Louisville, finding that while the public schools of the city afforded excellent educational advantages, nothing whatever was being done for their industrial training, decided to and established an industrial school. This school has a sewing department for girls, two large drawing classes for boys, and a kitchengarten, which is doing effective work in training both boys and girls for domestic avocations. It is held on Saturday, and is largely attended. Suitable teachers are employed for the various departments and a lady missionary to superintend and unify the work. During the week she visits the people in their homes, ascertains their wants, reads the Bible to them, conducts meetings and invites them to Sunday school and other services. Her work is reported to a committee appointed by the Presbyterial Society, as well as to this department. The missionary has the coöperation of the ladies in all her efforts. This work was planned and organized and is entirely supported by the ladies of Louisville.

But few changes have been made in our work or workers since the last report. Ingleside Seminary, now at Amelia C.·H., Va., will be removed to Burkeville, Va., as soon as suitable buildings are provided. We hoped they would be in process of erection by this time, but failing to secure the means, can only report that through the kindness of a lady in Pittsburgh a most desirable location for the building has been purchased. Miss Carpenter, with the assistance of Miss Gerhard, Miss McCreary, Miss Sallie Means and Miss Bettie Means, has carried on the school most successfully through the year. The second class graduates from this school in

June, all of whom are Christians. Cannot some one be found who will be glad to put up this much needed building as a memorial of a dear friend—or perhaps some would like to lend \$10,000 to the Lord, "and that which he hath given will he pay him again." Can better security be found?

Scotia Seminary, at Concord, N. C., has steadily gone forward in its good work. Mr. and Mrs. Satterfield are very anxious to add to their industrial department a "Training School for Nurses," as soon as they have the means to support it. In it they would teach all the pupils how to take proper care of the body, and give certain ones such instructions as will render them competent to wait on the sick. A knowledge of the treatment of the sick by ignorant nurses would emphasize the importance of such a school. Is any one ready to provide for this new department at Scotia?

The school at Keyser, N. C., taught by Miss Sara A. Gilchrist, a former pupil of Scotia, is continued through the generosity of a lady in Ogdensburg, N. Y., she having become responsible for its support.

Are there not others who will follow her example and enable us to place a light in many a dark place?

Our Goodwill school, in Sumter County, S. C., has been deprived, during the last year, of the services of Miss Kate Moorhead, who had been in charge since its organization 15 years ago. Her health made it necessary to lay down the work for a time. The school has been carried on by Mrs. M. E. Fister, Miss Ashley and Miss Boyden. A great joy has come to both school and church this year in the form of an organ. It seems to have given a new impetus in all directions to this music-loving people.

Haines' Academy, at Augusta, Georgia, under the care of Miss Lucy C. Laney, was one of the special objects brought before the ladies last year. The flood of September last, which overflowed the building now occupied, makes it more imperative that a house be provided for the school. A lot in a most desirable part of the city has been bought and paid for, and we are now ready to receive donations for the building. It would be a shame to leave this school of more than 300 pupils without suitable accommodations. Who will contribute to this school?

Our school at Gainesville, Florida, under the care of Rev. W. E. Partee and wife, suffers, like many others under the care of the Freedmen's Board, from want of a proper building. It is now

taught, and preaching services are held in an old cabin of two rooms. The number of scholars is only limited by the size of the house. Through the exertions of a young invalid girl in New Jersey a lot has been paid for upon which both church and school house could be erected. Three hundred dollars would put up a school building which could also be used for church purposes until the people recover from the effects of the yellow fever epidemic and are able to build.

Mary Allen Seminary, at Crockett, Texas, has had a wondrously prosperous year. The number of teachers remains the same as last year, while there has been a large increase of scholars. The new building is crowded, and girls have been turned away for want of room. Through the liberality of Hon. James McMillan, of Detroit, a wing will be added this summer as a memorial of his daughter Grace. This will furnish accommodations for 100 additional pupils.

In Arkansas the work is moving rapidly on. The building at Cotton Plant has been completed and is now occupied. With increased capacity they have increased numbers. I am sorry to say that there is a debt of \$540.00 on the house. The year has been a prosperous one. Rev. F. C. Potter is Principal;

Mrs. Potter and Miss Ellen Jarvis assist in teaching.

In the Indian Territory steady progress has been made by our schools. Pittsburgh Mission, at Atoka—under the care of Miss Osborn and Miss McCoy-Miss Ahren's school, at Lukfatah, and Miss Hunter's, at Wheelock, have all been quietly at work banishing ignorance and superstition. There has been a complete change of teachers at Oak Hill, Indian Territory. Last year Miss Haymaker lost her health and was obliged to return home. Miss Campbell took her place, but by the end of the year she, too, was obliged to return home for the same reason. In the summer Miss Hartford, who had been connected with the school from its organization, broke completely down and returned home. We were fortunate, however, in securing Mr. and Mrs. J. F. McBride, of Kansas, and Miss C. L. Peck, of Michigan, to take charge of the Miss Celestine Hodges, of Scotia Seminary, opened the school according to the requirements of Choctaw law in September, and taught until the arrival of the other teachers in October, since which time she has acted as assistant.

In looking for the cause of this failure of health in our three valued teachers, it seemed due to overwork and the condition of

the dilapidated building which they and the boarding pupils occupied. The ladies of this department decided that this cause should be removed, if possible, and with the sanction of the Board of Missions for Freedmen have made arrangements for building a plain house that will lessen the labor of the teachers and add greatly to their comfort. This building fund has not yet been completed. Who will help us?

Did time permit I would like to tell of all the schools with which we have been brought more or less in contact in our woman's work—of Jetersville, Nottoway C. H. and Danville, Va.; of New Berne, Hendersonville, Franklinton, N. C.; of Black Stock, Brainerd Institute, Greenville and Abbeville, S. C.; of Medway, in Georgia; of Maryville, Tenn.; of Lothian, Md., and of Pine Bluff, Ark. All of these schools are increasing in usefulness.

The work set before us is an extraordinary one—that of so educating 8,000,000 people that they may prove an element of strength to our Government, instead of "their mere presence being a direct menace to the tranquility of social life, stability of political institutions and prosperity of material affairs," and of preparing them for citizenship in that country where rich and poor, bond and free, all stand upon the same footing. This work cannot be accomplished in one nor in two generations; it would be wise, therefore, to look forward in forming our plans, and take hold of this work in earnest.

At the close of the war the negroes numbered but 4,000,000, and were in a most receptive state. Now the number has doubled, and the younger freedmen are more restless and impatient of restraint than, were their parents. Every unimproved opportunity adds to the difficulty of the task. In a recent book, by a Southern gentleman, is this paragraph: "It is the wives who really mould the institution of marriage among the plantation negroes; to them its present degradation is chiefly ascribable. Until a fundamental change takes place in their character, there can be no hope of improvement in the observance by either sex of this relation."

What an argument for our girls' boarding schools. As has been said, these schools go to the very heart of the negro problem. What a work rises before the women of the Church, to so train these millions of girls that they may mould a race for Christ!

MRS. C. E. COULTER,

General Sec'y.

For special interest from the field we submit the following report of the Field Secretary:

## FOURTH ANNUAL REPORT OF THE FIELD SECRETARY.

It is a high privilege to record the steady progress and development of a great cause. When that cause represents the salvation of lost souls, the elevation of fallen humanity, and the establishment of the Redeemer's Kingdom on earth, it is a joy to the philanthropist and the Christian to be assured that it is not going backward, or even standing still, but making that kind and degree of progress that assures its ultimate triumph. Such is the condition of the work of the Presbyterian Church among the Freedmen. We have every reason to "thank God and take courage" from the evidence we have that "our labor is not in vain in the Lord."

In our Southern work we have need to guard against impatience; against such an anxiety to see ultimate results as shall make us oblivious of present real progress; against an impatience that shall make us distrustful of God.

During the last year, in prosecuting the work committed to me, I have traveled 14,240 miles; have attended 3 Southern Synods, and 10 Presbyteries; have preached 86 sermons, and given 64 addresses. These sermons and addresses have mostly been delivered to individual congregations and schools scattered over every portion of the field. As I have visited our missionaries and conferred with them respecting their work, counseling them in difficulty and encouraging them in trial; as I have spoken cheerful, helpful, hopeful words to the congregations, it has been very gratifying to find an increasing sympathy with, and appreciation of the work to which I have been appointed, together with a growing consciousness of its necessity. Men who strongly opposed the appointment of a Field Secretary, and who since have sought the abolition of the office, have become convinced of their mistake, and have sought my sympathy and aid in the wearying and wearing work they are called to do. If I shall be the means of giving greater unity to the work, and of securing for it a larger sympathy from the Church, the wisdom of the Board in appointing a representative to live on the field, and become personally and familiarly acquainted with its missions and missionaries, will be apparent.

#### CONDITION OF THE WORK.

The Churches. The most marked advance in church life since my last report is in the organizing, by the General Assembly of 1888, of the Presbytery of Southern Virginia, with six ministers and eleven churches. Two of these churches were new. The others had been in existence for some time, but were sadly in need of the quickening, encouraging, strengthening influence of real Presbyterial Association. Already the churches are feeling this helpful influence. Unity of plan, concert of action, pleasant personal association between ministers and elders, and a growing feeling of love and loyalty to the great Church of which they are now more consciously a part, are the outgrowth of the wise action of the Assembly.

There is greater activity in the way of church extension in eastern North Carolina than elsewhere. In almost every town of prominence, and in many country places the way is clear for us to open hopeful missions. Some of these places we are occupying. The great and hitherto insuperable difficulty in the way of church extension has been the lack of money to support the work.

It has been very difficult for us to obtain suitable men for our work in Georgia, and several of the churches at important points have been vacant. It is hoped and believed that arrangements have been made whereby these vacancies will all be filled. There are important points in that State where we should organize missions. They are needed and desired, and with the Divine blessing would certainly prosper. In general it may be said the churches are growing in intelligence and activity.

The Ministers. As a rule these are men of ability and piety; in the character they bear, and in the work they do, they honor the Presbyterian name. This spring there are twenty new and hopeful men coming into our ministry; ten are from Lincoln University, six are from Biddle, and four came to us from other Churches. With these and the men already in the field, the work ought to make a great advance the next year.

The Schools. In this department, though we are far behind some other denominations, considerable is being done. The only hindrance to our large success is the lack of means. Our Church has not yet recognized her great opportunity in this respect.

Biddle University needs additional professors, needs apparatus, needs endowment.

Scotia Seminary is continuing the grand work in which she has been engaged for twenty years. The fact that nearly twice as many students apply for admission to her halls as there is room to accommodate proves three things: first, that the education given there is of the right sort; second, that it is appreciated by the colored people; and third, that we need to enlarge our work in this direction.

These facts have led to the location of our new Seminary at Burkeville, Va., to which point it is to be removed from Amelia C. H. Burkeville is central to the Presbytery of Southern Virginia; is at the intersection of two important railroads, and is readily accessible to the entire region lying between Richmond, Lynchburgh, Danville and Petersburgh. It is in the midst of the Black Belt of Virginia, in which the blacks outnumber the whites 5 to 3. We have a good church in Burkeville, and the people of that place, both white and colored, are ready to give the school a hearty welcome. We have secured a beautiful site containing 16 acres of land, and an expenditure of \$12,000 for buildings would not only promote the honor and prestige of our Church in that State, but would establish an institution that would be a perpetual and priceless blessing to this people. Who will indissolubly connect his name with the elevation and salvation of this race by erecting these buildings?

The foundations of an Industrial and Normal School are being laid in Carthage, N. C., by our able and efficient missionary, Rev. H. D. Wood. The new buildings will be ready for occupancy this fall.

The large building for recitation rooms and boys' dormitory, at Brainerd Institute, Chester, S. C., so greatly needed by this growing institution, is under way, but work has been suspended for lack of funds. A few hundred dollars would complete it. It is an interesting fact that the students and alumni of this institute have aided generously, according to their means, in the erection of this new building.

At Abbeville, S. C., a similar condition of things exists. Mr. and Mrs. Williams have been laboring therefor years in the midst of deep darkness, and now the dawn begins to break. The large four-storied brick building for school, teachers' home, and boarding hall, stands almost useless for lack of the \$2,000 needed to complete it.

At Aiken, S. C., Mr. Coles is happy in the completion of the building that will so largely increase the capacity of his school, while at Augusta, Ga., we are hopeful that the day is not far distant when "Haines' School," with its 375 scholars, will no longer be in a hired house, but in suitable buildings erected on land we already own in that important city. The school at Beaufort, S. C., (550 scholars) and that at Charleston, S. C., (650 scholars) are continuing their noble work, while the way is open for the founding of a school of academic grade at Rogersville, Tenn.

So the vast work goes on, and we are scattering seeds of kindness, of sympathy, of enlightening and saving truth "for the reaping by and by."

There are Northern Presbyterians who see little of success or hope in our work among the colored people. Now and then one of them makes a journey through the South, and judges not only what is needed, but what is possible by what he sees. Others take him for an authority. Such observations are usually very superficial, and the judgments based upon them are of little value. Our work in the Carolinas, where it is most extensive, speaks for Those who have seen it, praise it. But comparatively few tourists stop in the Carolinas. Who can tell what Presbyterianism could do for the half million colored people in Georgia by what it has accomplished? Last year we reported 7 ministers and 15 churches in that State. Several of these churches are in the country. How much Presbyterianism does the average tourist see among these people in passing through, or briefly sojourning in the State? In Florida we have but 2 churches. In Alabama, Mississippi, Louisiana and Texas, with their millions of colored people, we have absolutely not one minister engaged in preaching, and not one church. Is this because we have tried to work in these States and failed? No, indeed. It is because the Board has never had the money to enter them. But for this difficulty we might begin hopeful work there at any time. If our Church would undertake it with energy, why should not the results be as gratifying and satisfactory in those States as they are now in the Carolinas? is true, as has been said more than once, our Church is but playing with this great work. I am sometimes accused of being optimistic on this subject, and am told that I see only the best of the colored people. It is true that I am brought into more immediate relations with those connected with our Presbyterian work; but I see

the others, and while I note their sad, often terrible lack of all that makes up worthy or Christian character, I can but ask myself, What has made them to differ from what are called the best of their race but the Gospel of Jesus Christ? If that Gospel has accomplished such wonderful results with those, shall it not have equal power with these?

As for all people knowledge is better than ignorance, property better than poverty, virtue better than vice, and as it is our enjoined duty to "do good to all men as we have opportunity," it follows that it is the duty of the Presbyterian Church to prosecute—only with a better sense of its largeness and importance—the work God has given it among and for the colored people. Many anxious perplexing questions as to the future obtrude themselves upon us, but they do not demand a present answer. The best preparation for the future is the faithful performance of present duty. Having done that, we can calmly, trustfully leave coming events to Him who has given us a place among the nations, and who has appointed us a destiny that we have not yet fulfilled.

H. N. PAYNE,

Field Secretary.

ATLANTA, GA.

The term of service of the following members of the Board expires with the present Assembly:

TERM EXPIRES MAY, 1889.

REV. W. C. BURCHARD. ROBERT C. TOTTEN.

REV. GEO. T. PURVES. S. P. HARBISON.

Respectfully submitted on behalf of the Board.

E. P. COWAN,

R. H. ALLEN,

President.

Corresponding Secretary.

We regret to announce that John F. Loy, a member of the Board, died May 8th, 1889.

### ACTION

OF THE

### GENERAL ASSEMBLY.

Rev. John F. Magill, D. D., presented the report of the Standing Committee on Freedmen and submitted the following resolutions, which were unanimously adopted:

- 1. Resolved, That we gratefully recognize the good hand of God in leading forward the work of the Church, by the ministry of this Board, to such a measure of prosperity, and in the evidence that, notwithstanding some diversity of opinion as to matters of administration, there is substantial agreement as to the momentous importance of this department of our organization, in order to meet our share of the responsibility He has put upon us, in common with all the Churches of this country, in providing for the colored people the only kind of instruction and training that will fit them to serve God and their country.
- 2. Resolved, That we commend the progress made by the Board toward a higher degree of perfection in the organization of its work, and recommend that it be carried forward, so that it may be able to meet all reasonable demands as to business methods. This we can the more cheerfully do, inasmuch as the incidental occasions of restraint seem to be passing away.

- 3. Resolved, That we commend this Board to all our people as the medium by which they may do a great work, to which God in peculiar circumstances has called all the people of this land, and urge them by all the considerations of patriotism and Christianity each to take his part—assuring them of our solemn conviction of not only its importance, but necessity, and of our purpose that every avenue of their coöperation, by the help of God, shall be made worthy of the high nature of the work.
- 4. Resolved, That we again advise all our people, so far as practicable, to make their contributions directly to the Board, believing that they are likely to have better facilities for a decision in such matters, than those of us who have less opportunity to take into view the wants of the whole field.
- 5. Resolved, That we are glad that the Board has an established permanent fund, though as yet it is but small, and recommend that an appeal be made to all the churches for its enlargement.
- 6. Resolved, That we advise, as far as practicable, that this work be taken up by the women of our churches, having confidence in their ability to appreciate its peculiar character and accomplish great things for the improvement of the home life, especially of the women and girls, of colored families, and assuring them that these are ready to appreciate very highly even little things that may be done for their help.
- 7. The term of service of the following members of the Board expires with the meeting of this General Assembly, to wit: *Ministers*—William C. Burchard, George T. Purves, D. D.; *Ruling Elders*—Robert C. Totten and S. B. Harbison. We recommend that these gentlemen be reëlected to serve for another term, as provided in the Constitution of the Board.

Rev. Charles A. Dickey, D. D., presented the report of the Special Committee on the Board of Missions for Freedmen, and submitted the following resolutions, which were adopted:

RESOLVED, That the Board of Missions for Freedmen be continued as now constituted and located; and, should the judgment of the Assembly sustain the judgment of the Committee, and determine the continuance of the Board of Missions for Freedmen as a separate and distinct Board, your Committee would further recommend:

- 1. That the Board of Missions for Freedmen should control and sustain the entire work among the Freedmen, and not depend upon the contributions of the Church to other Boards; but, at the request of the Board of Missions for Freedmen, any other Board may render such needed assistance as may be justified by the condition of its treasury. All appeals for aid should be approved by the Board.
- 2. That the Board of Missions for Freedmen be instructed to give more prominence and attention to the establishment and promotion of industrial schools.
- 3. That it is advisable, and will tend to helpful coöperation, for the Board of Home Missions and the Board of Missions for Freedmen to appoint, at least once a year, committees of conference to consider questions of mutual interest; and, should the exigencies of the work require it, we further recommend like conferences with other Boards.
- 4. That the fidelity, patience and devoted service of the officers and members of the Board of Missions for Freedmen be heartily commended; and, with full confidence in their ability, details of management and administration, under the instructions of the Assembly, shall be left to their judgment.
- 5. That the work thus entrusted shall be pushed with renewed vigor, and the Board of Missions for Freedmen is commended to the Church, in the hope that it will be sustained by confidence, sympathy and generous gifts,

And finally, the General Assembly hereby expresses the hope that the work among the colored population of the Sonthern States may be so conducted as to lead to the increase of a spirit of true fraternity among all Christians, especially among all who bear the Presbyterian name; and the Board of Missions for Freedmen is hereby directed to continue to work in harmony with the corresponding agencies of the Presbyterian Church in the United States.

MISSIONS AND MISSIONARIES IN THE YEAR ENDING MARCH 31, 1889.

# BOARD OF AID

FOR

# COLLEGES AND ACADEMIES.

# SIXTH ANNUAL REPORT.

The Presbyterian Board of Aid for Colleges and Academies respectfully presents to the General Assembly its sixth annual report.

We acknowledge with gratitude the goodness of God in preserving the lives of the members of the Board, and in prospering their work.

#### THE YEAR'S FINANCES.

While our regular receipts have barely met our promise of paying 70 per cent. upon the appropriations of the year, the bulk of special giving to our cause has greatly increased. The totals of the year are here given. Particulars will appear in order.

The treasury of the Board has received from all sources \$45,445.94. In addition to this, our institutions have received directly from churches and individuals \$45,350.20. These two sums make an aggregate of \$90,796.14. The similar aggregate of the preceding year was \$68,069.61. But the entire financial advance of the year can not be seen without adding to the foregoing total the subscriptions to property referred to on page 15, which amount to \$26,675. These, no less than the subscriptions already paid in, are the direct outcome of this year's effort to secure the \$100,000, which the recommendation of the last Assembly encouraged

the Board's officers to seek for the increase of the properties of our institutions. These subscriptions being added, the year 1888–89 will be seen to have yielded for our work a total of \$117,471.14.

The foregoing general statement invites special attention to the distinction which we are compelled to make between the two kinds of aid which our institutions receive at our hands, namely: Aid in support of their current work, and aid in building up their necessary properties. Just as a successful church implies not only the good work of the pastor, but also a competent place, competently furnished, in which that work can be done, so a successful school implies a sustained teaching force and a well-furnished building for it to In the matter of planting new churches, the distinetion between the necessary support of men and the necessary creation of property is so plainly seen that each of those interests is committed to its own Board. The fact that the two distinct classes of college interests are committed to the care of a single Board makes it important to have each of them clearly defined and understood.

We hope, indeed, for an ultimate condition of things under which the distinction will not need to be pressed. So soon as the Church's contributions to this Board's treasury shall be sufficient to meet the reasonable needs of the new institutions in the matter of property as well as of work, the Board will be able to apportion in either direction from that one adequate store. And it should be understood that this branch of our Church's work can never be administered with true economy and success till such a supply of means is yearly put at the Board's disposal. But as yet, with thirty-six institutions to be aided and with the total of our general income stopping at thirty-four thousand dollars, it is evident that either the young schools must dispense with even the most modest counterpart of the buildings, furniture, apparatus, libraries, endowment, which are by the older institutions found to be indispensable, or an effort outside of our general income must be made to provide for such needs. So it comes to pass that we have to speak of the attention given by the Board during the past

year, to two distinct tasks: first, the support of current work, second, the provision of needed property.

## OUTLAY UPON CURRENT WORK.

The means thus expended have come chiefly from the collections forwarded to the Board's treasury by churches and Sabbath-schools. These have amounted to \$30,822.90, against \$29,641.21 received from such sources last year. Contributing churches this year number 1902, against 1865 last year. Contributing Sabbath-schools 60, against 46. [Will not the General Assembly think well of commending to pastors, superintendents and others who have influence in directing the gifts of Sabbath-schools, the wisdom of interesting children and youth in the cause which from among the Church's children and youth recruits so many of the most efficient soldiers of Christ? Could a more promising practical element be introduced into Sabbath-school work than an active sympathy with the distributed institutions which by Church aid open the way to Christian learning to all the young souls that crave it? would seem that the aim of this work could not be sympathetically described to a child of fair ability and honest heart without raising questions of personal duty and opportunity that might well turn him to study and distinguished usefulness.]

Outlay upon current work has been farther supplied by individual giving. From this source our general treasury has received \$3,145.79. A legacy of \$50 has been received by the same treasury; making its total receipts for the year \$34,018.69, against a similar total, last year, of \$31,524.26.

Some further contribution to the support of current work has been made without passing through our treasury. Churches interested in one or another of our institutions have made their contributions direct to the institutions for whose sake they were taken; while by understanding had between each institution and the Board the amounts so received have been recknowled to the Board's credit, just as they would have been if the Board's treasurer had handled them. In some justances this understanding between the Board and the institution has

been so specific that an amount has been agreed upon which the institution has been at liberty to receive directly from the contributing churches, the Board modifying its grant from its own treasury in view of such separate allowance of direct receipts. In other cases, where no such allowance was agreed upon, the direct receipts have been offset against the Board's promise of aid.

This year, as last, the Board limited its promise of payment to 70 per cent. of the appropriation made, farther payment being contingent on the sufficiency of income. It has paid only the 70 per cent. A part of the means for doing so much as this has come in just at the year's end, in response to special appeals, published and personal.

In the table of appropriations and receipts here following distinction is made, under the head of "appropriated," between what the Board appropriated from its own treasury and the amount which, as above explained, an institution was allowed to receive direct from the churches in excess of such appropriation. But under the head of "received" are included receipts of all the several sorts named in the foregoing statement. Where churches have made special gifts to designated institutions, such gifts, whether sent direct or through the Board, have not been offset against the 70 per cent. promised by the Board, but have been added to it. In what proportion the receipts of any institution have been made up of payments from the Board's treasury, of payments by friendly churches made through the Board's treasury, or of payments made direct from the churches to the institution, may be seen by reference to pages 27-8 of the Treasurer's report, compared with Detailed Statement of Church Collections, etc., page 62.

In the case of one appropriation a payment of thirty-five per cent. is delayed, pending necessary correspondence.

## STATISTICAL TABLES.

These will give an idea not only of the current work upon which the outlay, above described, has been made; but, by the comparison which they make of the aggregate of that kind of outlay since the Board's first year with the number of pupils\* now under instruction and with the details and the bulk of property already secured, they will show how generous and substantial are the results already accruing from so moderate an expenditure. It should further be known that already graduates of some of the Board's new colleges have completed their first year of study in theological seminaries. Two years more will put into the pulpit or into mission work on heathen ground the western youth who, but for this Board, would never have found their way into such sacred duties. It is too soon, in this sixth year, to make a place in our tables for the alumni occupied in such study or work. But very soon the statistics which we keep as yet in these few columns, and which stop at school conversions and a purpose to preach, will spread so wide that only the eye of God can trace them; for the young lips will be preaching in fact, and the "credible converts" will be found at the ends of the earth.

It will be seen that to reach the total of students in any college, the number of academic students must be added to that of college students. In our young colleges the first of these numbers must for some time largely exceed the other.

The institutions are distributed into groups which show at a glance which are older and which are new. The location of each will be seen on the map; and it can be understood without referring to the tables, that every name which the map gives in erect letters belongs to a new institution. The names printed in italies belong to institutions older than the Board. Those which incline backward are of like age with the Board, though not produced under its influence.

"Spring Reports," from which the following tables are made up, have not been received from Jamestown College and Salida Academy.

<sup>\*</sup>Care has been taken this year to print no returns of pupils below academic grade. The figures of one academy, however, appear to include primary scholars.

The tables and the map together will show two things that cannot be considered too attentively: 1. The breadth of this work. Leaving aside those parts of our Church's great territory which the older institutions fully supply, and those parts which are as yet too new to call for our grade of instruction, there is an immense remainder into which have come and are coming not only large populations of our spiritual kindred, but larger populations of alien and irreligious type, and an organized system of secular education. This makes a field so vast, so important, so needy, that the thought of occupying it largely with Christian schools should kindle to enthusiasm, not the Church's Board, but the Church. If this page should possibly be read a hundred years hence, we dare foretell that the largest piety and patriotism will set the seal of their unreserved approval on it where it says: The American Church of this closing century has no wiser, grander work for its consecrated means than that of planting the new American empires with the schools that train for Christ!

2. Our map and statistics show how far the Board is from allowing the breadth of this undertaking to betray it into extravagant attempts. Last year it aided the teaching work of thirty-six schools and colleges, and this year of the same number. With a work distributed from Indiana and Eastern Tennessee to the Pacific, and with no lack of new applications. it continues to cover, essentially, the same institutions that had been taken up three years ago. In one aspect the maintenance of these thirty-six schools might seem a trivial performance. The hum of their school-rooms might be compared to the chatter of a few birds distributed far apart over the long reaches between the Mississippi and the mountains, and between the mountains and the sea. But the Board understands that the hum of a young school that has been well placed and well tended lasts, not like the note of a bird, but like the murmur of a living stream. Our aim, accordingly, is to place no more institutions than the Church will enable us to supply and make strong. Of course the Church will approve this policy.

#### BOARD WORK IN RELATION TO PROPERTIES.

Thus arises that ulterior question upon which the Board and its great constituency of churches and individuals ought to have the most intelligent understanding: How can a young school come to strength and permanence? If it be a state school, or if it have a wealthy and liberal founder, the answer is at hand. But when it is begun by moderate gifts, and has nothing but such giving to count upon, how can it ever be established? The uniform history of such successes gives an explicit answer: The gifts of the institution's friends at length begin to come to it in such excess of its current outlay on mere teaching work, that it gradually acquires buildings, apparatus, endowment, and, above all these things, that invaluable advantage which the possession of them brings—the name of being established. That being won, farther gifts flow to it, just as surely as rivers flow into their lake.

Now this Board of Aid for Colleges and Academies owes its origin to the belief that just as the conjoint systematic giving of a whole Church can create one fund that is powerful for Home Missions, and another that is powerful for Foreign Missions, and another for each of the causes committed to the older Boards, the similar conjunction throughout the whole Church of such gifts as this cause of Founding Christian Schools may be expected to invite, will develop a power far beyond that of disconnected giving, which can be wielded to the production of great results. And already a great result In addition to all the help given to older institutions, about a score of widely-distributed academies and colleges have been produced not only, but brought to a state of forwardness, both in work and property, which, without the Board, probably the best of them would not have reached in twice as many years. The most of them would have had too little hope of success to warrant even a beginning. Of the more than half a million of new property shown by our statistical tables, nearly the whole has been given under the stimulus of this Board's promised yearly help; and given, as we have so often said, chiefly by the neighborhoods demanding

the schools. Up to this point, then, of starting the proposed system of Presbyterian institutions, this scheme of uniting the gifts of many has been most successful.

Now can systematic cooperation strengthen the young lives so happily begun? Not unless it shall attain, in some way, to a larger aggregate of power. We have come to that stage of the work of school-founding at which benevolence of this kind has always taken on larger views and attempted larger things. Often a crisis in the young institution's affairs has forced its friends to deliver it in order not to lose it; whereupon deliverance has proved to be more than deliverance; it has been enrichment and advance. Just such emergencies befall the new schools which the Board has been planting; for there is one thing to which no mortal system is competent: To secure every one of a large group of financial enterprises against financial straits. Experience can effect more and more in that direction; and some additional safeguards recently adopted by the Board (see General Information, in appendix), cannot fail of excellent effect. Yet it is vain to expect that mistakes will be so entirely precluded that co-workers in this general undertaking will not at times find duty and privilege just where individual munificence has often found it, in successfully meeting a crisis which the completest foresight might have avoided. When an excellent property, which the Church needs, is worth \$20,000, and is endangered for lack of \$5,000, there are two questions that may be asked about such a case: First, was it not foolish to get into that danger? And the answer to that question may often be, No, when halfknowledge would answer, Yes. But even when Yes is the true answer, another question remains: Is it so important to punish the error, which is measured by \$5,000, that the property must be sunk, though it gauges at \$15,000? This Board, that dreads a debt for itself, means to do its utmost in preventing debt in its institutions. \*It will never put a premium upon recklessness by saving it from deserved suffering. it will save actual values when it can: and to that end will challenge the help of all the wise friends of this great cause.

#### EASTERN AID AS YET INDISPENSABLE.

The fact that the eastern colleges which are now strong have had their early exigencies met from their own eastern territory might be thought to prove that the developing needs of these young western schools are to be met wholly at the West. But, in that particular, the West cannot yet match the East. It will, by and by. It will meet the needs which its schools must keep on developing. Foundations as magnificent as have grown up at Harvard, Yale and Princeton are to grow up in time, and, possibly, in much shorter time, on western sites—no doubt on some of those which this Board has helped to select and name. For the West, as much as the East, is normal America, and will yield American things. Neither youth fitted for study, nor alumni competent to succeed and grow rich, nor philanthropists that foresee the future, nor parents that love their children, nor Christians that are faithful stewards for Christ, are to be lacking at the West; and out of the fields, the cities and the mines are to come the substance that shall rise into piles and turrets as massive and stately, into alcoves as richly stored, as grace the grounds where the fathers planted their modest New England or New Jersey school a few generations ago. At the West, those generations have not yet handed down their legacy, either of wealth or the cultured wisdom of using it. Western means, where they exist, are at work upon their own increase; and the bulk of western means is yet to be developed. Yet the new conditions grow rapidly old. The best elements of eastern manhood come West in the blood, and a great part of the children born on the prairies or in the giant young cities begin life with such seeds of magnanimity in them as belong to the best American lineage. The West starts far on in the career of developed Christian and patriotic duty. No fear that she will deal niggardly with the Christian schools which God's providence, the Church's wisdom and her own liberality have conspired to found for her. But for the Church as a unit to begin those schools, and then, at the crisis of their first enlarging need, to divide herself into East, which will share the lighter burden of supporting their current work, and West, that must bear the heavier burden of securing them place and implements to work with, would be a policy without reason, and with no possible outcome but the defeat of the end toward which such hopeful advance has been made.

These considerations, coupled with the manifest fact that the Board's general income is less than enough to meet its necessary appropriations to current work, led the Board to ask from the General Assembly of 1888 the recommendation which it unanimously gave—that liberal individuals would, during the year now closed, place in the Board's hands, for meeting such needs of special institutions as have just been noticed, the sum of \$100,000. Such a request marked a new stage in the work of this young Board, and the Centennial Assembly was a fit body to hear and respond to it. The outcome has been very interesting.

#### GIFTS TO PROPERTY.

At the beginning of this year there was in the Board's treasury, to be laid out on the permanent or property interests of institutions, \$8,250. Of this amount \$3,000 had been given more than a year before, and was held on account of delay of the conditions on which it could be paid over. The remaining \$5,250 had been paid into the treasury just as the last year was closing, so that there had been, as yet, no opportunity for distributing it. To this balance from the former year the last year has added, under the Assembly's recommendation, an aggregate of \$11,427.25, making a total of \$19,677.25. For reasons that have been explained, no part of this fund has been asked or received from churches. This year's income from them, when kept to its prime office of sustaining school work, falls, as this report has shown, 30 per cent. short of meeting our appropriations. The gifts to property interests, therefore, have come only from individuals. The names of the givers of the present year appear on page 56.

In addition to the amounts already received by the Treasurer engagements are made by perfectly competent givers that will at early fixed dates add to the fund \$26,675. See page 57.

### DISTRIBUTION OF PROPERTY GIFTS.

The application of each of these personal gifts, when it is of any considerable amount, is made with the definite approval of the giver. In every case a lien is taken by the Board upon the property receiving the gift. This lien covers not only the amount of the gift so made, but any other advances which, not having been yet secured, may have been made through the Board to the same property. An account here follows of the distribution thus far made or definitely arranged for during the year now closing.

- 1. Three thousand dollars, the gift of the McCormick estate for that purpose, has been paid over to the College of the Southwest at Del Norte, Colo., toward the relief of the college (partly by this gift and partly by a loan at six per cent.) from a dangerous debt bearing high interest. The trustees are pledged to make farther improvement of their property, which is well placed for permanent value and usefulness and is of considerable extent. It is of sufficient present value to warrant the aid rendered. This financial relief has led to the re-opening of the school, which was closed for the first half of the year. Its present statistics, therefore, give no criterion of its real promise.
- 2. Salida Academy, also in Colorado, was aided with \$90 for the payment of past due interest on a mortgage of \$1,500 on its large grounds and new building worth \$8,200. The trustees had shown much liberality in creating their property, for which they were carrying personal burdens.
- 3. Oakdale Seminary, in Nebraska, receives \$300 toward the completion of a building worth more than \$5,000, to which a young community has contributed with much self-denial.
- 4. Emporia College, Kansas, having a floating debt of \$10,000 (a part of it consisting of balance on the cost of the

admirable college building), the Board, with consent of Mr. Howard, promised and paid out of his donation of \$3,000 made last year, the last \$2,500 needed to clear that debt. The net property of the college is reckoned at \$80,000.

- 5. Scotland Academy, South Dakota, receives \$1,500 for clearing off a mortgage of \$3,000, the remainder of the clearance money being raised by the trustees. The property so cleared is worth about \$10,000, the academy building of brick being new and handsome. Of the \$1,500 so applied by the Board \$1,000 was last year contributed for this special purpose by "Tithe of Inheritance."
- 6. Jamestown College, North Dakota, having ample extent of grounds and a commodious new building on a choice and commanding site (the whole worth nearly \$30,000) is secured against a peril that would have swallowed it up. Of the payment which saves it, nearly the whole, namely, \$7,780, has been given by special donors to save that particular property. This college occupies a very broad field, and is of great importance to the work of our Church.
- 7. Corning Academy, Iowa, the story of which was told at length in the May number of "The Church at Home and Abroad," has been similarly saved and secured by the application of \$3,500, of which sum \$2,500 was applied by one giver and \$500 by another to that special case. The property so saved has cost its local friends more than \$20,000. The fear of losing it being now removed, a new effort has at once begun toward the endowment of the school, \$10,000 of a proposed fund of \$25,000 being already subscribed.
- S. By the specific purpose of the giver, \$4,200 is applied to the purchase of land for adding to the building of Salt Lake Collegiate Institute. The importance and promise of the work there done are beyond question. The net value of the present property is reckoned at \$25,000.
- 9. By the same giver \$2,500 has been applied to the purchase of additional farming land for Park College.
- 10. Another giver has applied \$1,000 to the creation of a scholarship in the same college for the support of a student.

- 11. Fifty dollars was given for the building fund at Poynette Academy, Wisconsin.
- 12. Thirty-five hundred dollars is given for clearing a debt of that amount upon a valuable new property at Brookfield, Mo., which has hitherto been known as Brookfield College, but which the Board thus aids upon the understanding that it is henceforth to be graded as a collegiate institute or academy.

#### SOLID RESULTS.

Thus personal iliberality, employing the Board, has with less than \$30,000 effectually succored eleven widely distributed institutions, whose properties are not only necessary to the Church's fundamental and permanent work, but are of net value ten times larger than the amount which has succored them. If the giving had been postponed a single year, the damage of that delay could not have been repaired by tripling the gifts; for some of these issues were of life and death. That does not imply that the institutions were sickly. A very healthy child may come into danger of drowning; whereupon mere rescue promises both health and caution. Three institutions at least, at Jamestown, Corning and Brookfield, have this year been rescued.

#### CASES OF NEED.

Now there remain at least eleven institutions to which similar distribution onght immediately to be made. To a few of them for the purpose of rescue. To most of them in wise coöperation with local work that has been liberally and economically done up to the limit of local ability. There are balances on building accounts, which draw off in yearly interest the means which faithful teachers need for the payment of their small salaries. There are students offering for whom there are no accommodations. There is lack of needful apparatus, the possession of which gives the competing secular school an immense advantage, possibly large enough to draw to it many of the sons and daughters of the Church. In addition to needs like these, one great necessity asserts itself for all of our institutions older or younger—endowment. Education

with Christianity in it, but without enough backing by Christian means to keep it from being costly, is not going to supersede largely the education which eliminates both Christianity and cost. We shall all be wise if we give attention to that axiom, and rule ourselves by it. For the East, where the old colleges are endowed already, and have their prestige and their cohorts of affectionate alumni, and where to multitudes of families the question of a tuition-fee is of no practical account, the old terms of matriculation will be maintained. But when Christian education undertakes to leaven the West, the leaven and the mass must touch and mix. And the conception of a great body of Christian Americans so appreciating the growing outcome of such a contact that they unite their means up to the measure of its accomplishment is so reasonable, so Christian, so great, that the largest soul dilates under it, and it were a pity if it must stop short of fact. For the perceptible advance which this year has made in that direction we are devoutly and hopefully thankful. The \$35,000 given and pledged since the meeting of the last Assembly, to this effort in behalf of established institutions at the West, marks a great advance upon the amount similarly given the year before-\$9,984.

Yet it is manifest that to Presbyterian wealth, as a whole, the conception of such a use for it has hardly occurred, for the gifts of which we have been speaking have come from a very few persons. This is not to be wondered at, when the newness of our work is considered. Faithful stewardship feels bound by law. The largest wealth, however liberal, has no right to waste itself; and therefore it acts most freely in the lines of which it knows, being shy of new things. Especially is it shy of new schools, a great number of which have been irresponsibly floated and sunk, with great freight of indiscreet gifts.

#### THE BOARD'S APPEAL.

Yet, surely, when the Presbyterian Church applies her best wisdom to the prevention of that very class of mistakes, and guarantees the needfulness and promise of the institutions which she has caused to be planted by system, the most cautious of her members and helpers may safely work with her—unless this branch of Church work can not be prudently done. We know that consecrated means, to the amount of nearly a million a year, can safely be committed to selected men for distribution among several thousand Home Mission churches and stations; and that as much more can be committed as safely to other selected men for distribution to the numerous churches and stations in America, Africa and Asia, by which we send the Gospel to the heathen. Surely, then, the wise distribution of a few thousands of consecrated means to a score or two of educational stations in the midst of our own pioneering churches ought to be a task which selected Presbyterian men could profitably and trustily fulfill. The Home Board is intended to save its multitude of contributors from the need of personal inquiry into the worth and promise of the special fields to which their contributions go. Foreign Board is intended to do the same thing for its contributors. In one important regard the College Board would be sorry to effect a similar relief. Colleges and academies will always be few in comparison with churches, and college benefactors often act with a munificence which ought not to satisfy itself without minute personal knowledge of the end at which it aims. A College Board, therefore, can well afford to spread out the case of each of its beneficiaries as a Mission Board by no means could. Yet it is fair to urge that in advance of any such detail, and to all those who have no motive to enter into it, the institution which the Church by her Board has selected and put forward as the needful, promising, and entirely deserving recipient of the Church's organized aid, is as broadly distinguished from an independent western venture toward college-planting as is a recognized station of the Home or Foreign Board from an independent venture at home or foreign missions. If this plain fact had been so far accepted that the forty benefactors who have this year responded with succor for these young properties had been four hundred, and if their aid had come in the generous proportions of the giving we report, what an advance this cause would have made! Every drain of interest-money stopped, every incomplete building finished, every needed dormitory added! After all which, means enough would have remained to start a good endowment for every institution. And what would have been the immediate result? Better work done by relieved, hopeful, thankful men; more students; more conversions; a stronger tide of Christian ability at once made up, to enter into the pulses of the growing Church and nation, and other men's means encouraged to press on the vigorous and hopeful work! All this could have been done—for the means and the heart for doing it are both within our Church—if the whole Church had been really conscious of her own definite, energetic undertaking of creating her needed colleges by plan. For any thoughtful man who concedes these two things—that Christianity at the West will require Christian schools, and that he has from God any responsibility or opportunity in their behalf, will see such argument for his co-operation with this organized scheme as can not be challenged. It appears by the briefest statement of its features:

- 1. This scheme maps out the existing need, and locates institutions where the need exists.
- 2. In so doing, it secures the judgment of the presbyteries and synods that cover the ground and know it.
- 3. Needless and colliding institutions it discourages, and, in most eases, from being even begun. Should they persist in starting, it is with the knowledge, on their own part, that they have no promised backing from the Church; and with the equal knowledge of every well-informed Presbyterian that his Board does not advise him to risk his money in them.
- 4. Every approved institution starts with the very liberal financial support of its own interested community; for the eastern means that go into any of these young properties,

while of great value in consolidating and securing them, are small in comparison with the western.

- 5. A careful watch is kept against injudicious outlay on work or property, the Board annually demanding of each institution two financial statements: At the beginning of the scholastic year a statement of intended work and outlay, and at the close a detailed balance-sheet.
- 6. The best encouragement is afforded to any giver, whether at the West or East, to put his means into an institution's property, since two steady streams are flowing to it in concurrence with his gift: The stream of the Church's general benevolence, which, by the Board's appropriations, sustains the institution's current work, and the stream of other men's gifts for increasing its possessions.
- 7. Every gift of considerable amount that passes through the Board's treasury to the property of any institution is secured by lien which the institution makes to the Board.
- 8. This scheme insists upon systematic Bible study in the class-room as the rule for all pupils, the exception to which requires explanation. The yearly returns which cover that point bring to light the omissions which demand notice and repair.
- 9. The one aim which, in advance of all others, the whole scheme impresses upon teachers and students, in the classroom as well as the chapel, is the exaltation of Christ and His Gospel in the faith, conversion and life-long service of every student.

So far avails the human plan which the Church has developed through the Board. The divine plan to which these provisions are meant to be adapted reaches farther, and is operative in our sight. Witness the statistics of this report in the three particulars of the proportion of church members attending our schools, the number of students credibly reported as converted during the year, and the increasing number committed to the ministry. In further illustration of this spiritual and most practical bearing of this movement, two letters from the presidents of two young colleges may properly be quoted here.

#### FRESH FROM THE FIELD.

EMPORIA, KAS., April 1, 1889.

Last week six of our brightest, most promising boys were taken under care of our presbytery (as candidates for the ministry). Such a scene was never witnessed in the history of Kansas Presbyterianism before. It produced a profound impression on the presbytery. Fervent thanksgivings were offered to God. Tears of joy stood in more than one pair of eyes. Two more young men will be received by our presbytery at an adjourned meeting four weeks hence. Two additional youth were received by the Presbytery of Neosho last week. They will come to Emporia in the fall and enter as regular freshmen. We have now two youth from the Presbytery of Topeka (under its eare), and I know of two more from the same presbytery that will be here in the fall. Similar reports come from other presbyteries. I think it quite safe to say that twenty of those now here will be ministers; and next year I confidently expect that this number will be increased fifty per cent. I know you will rejoice with me. But to the dear Lord be all the glory. Ever faithfully yours,

JOHN F. HENDY.

The adjourned meeting above anticipated appears, from a report in the "Herald and Presbyter," to have added five, instead of two, to the six candidates accepted, as described, by the Presbytery of Emporia. These last five are students of Lewis Academy, at Wichita; for the Board aids both a college and an academy within that large presbytery.

Hastings, Neb., March 12, 1889.

\* \* \* \* The religious interest that was so manifest when you were with us has continued to be well sustained. There remain but four of the young ladies and thirteen of the young gentlemen who are not Christians. That is, in a total of ninety, there remain but seventeen who are not Christians.

A most remarkable work has been done in a community near by through the labors of the students, with some members of the faculty making occasional visits with them. Nine miles south of the city is a kind of abandoned community, where religious services had been repeatedly started, and were broken up by the rough elements of the place. The county Sunday school missionary, under the American Sunday School Union, started services there, taking out different companies of students from evening to evening, so that no one of them would be taken from their studies for any length of time. They would drive home after the evening services. On Friday evening some of them would go and remain over Saturday and Sabbath, visiting the families, reading the Scriptures, conversing and praying with them. I was there six nights, and watched the interesting work. Last Sabbath, under the direction of the Home Mission Committee, I organized a church of thirty-three members there, many of them heads of families, who have

set up the family altar, and have given satisfactory evidences of a great work of grace. Some who came to scoff were soundly converted. The entire community has been revolutionized. All of the thirty-three were received on profession of faith. I have never seen a work done in such a quiet, simple way, in which the word of God and the Holy Spirit were so honored and the human agency was so largely lost sight of. Most of those who seemed to have developed the most spiritual power were in the freshman and highest academy classes. To leave here at six o'clock in the evening, to be with them in their little prayer-meetings in the carriage on the way, to preach the gospel to such eager listeners, to witness the effectual personal work in approaching individuals in a crowded schoolhouse, and to see old, grayhaired men and women yielding to the power of the gospel, has been very refreshing to me in these past days in which these financial matters have been in such dark condition. There are at present seven students in attendance who have the ministry in view. There are about fifteen who have given themselves to the Foreign Missionary cause; but there are some four or five of these who are out of college from their financial condition. Yours fraternally,

W. F. RINGLAND.

#### THIS WORK WILL REACT ON ALL WESTERN COLLEGES.

Facts of this same complexion come from many other of our institutions. Are they not signs of a movement worthy of a Church? And if that movement shall be sustained with strength, can any thoughtful man have doubts concerning its immense power and reach? What it will do for the pupils whom it enlists and trains for Christ, is manifest enough. What it will do for those who "shall believe through their word," is also manifest, though it cannot be reckoned. But have good men at the East duly considered what bearing one or two score of strong institutions teaching from full equipment on their commanding sites in outspoken loyalty to the truth of Christ are to have upon the tone of education in a vast region where education, left to its own standards, would be Christless! No intelligent listener in these late years has failed to hear the growing echoes of Yale, Amherst, Princeton, Williams and the other Christian Colleges sounding within walls which, till they echoed, gave little murmur of faith. The Christian churches of a commonwealth, maintaining their Sabbaths and putting forward so much as one unfaltering Christian college as standardbearer, can compel a deference to Christ which, without the living example and power of such instructions, every secular institution within their borders might utterly discard.

#### IT WILL SERVE THE EASTERN COLLEGES.

And what relation should such younger institutions, competently supported, sustain to the completest development even of the oldest and ablest of the eastern Christian colleges? Can Princeton, for example, do a tithe of its characteristic and indispensable work at first hands? To what end does she create teachers, unless they come to opportunities to teach? And when the teacher is created, and has in him the best fitness to exalt Christ by knowledge that learning, at her best, can give, why shall he not do his work in that appointed empire of Christianized humanity which we now call the West? Mere rocks by reverberation can make an Alpine horn more harmonious than an organ. Let the young colleges reverberate to the old! If of the homage and tribute lovingly intended for the best aggrandizement of some noble institution some modicum should thoughtfully be applied to the founding and development of its real counterparts, the alma mater would soon be living on, not only in her own undving vigor and in her numerous sons, but in the fruitful mothers of sons innumerable.

More than that; the more respectable Christian learning is made by the young colleges of the West, the larger will be the regard which the West will pay directly to the older institutions of the East. For the newer schools will kindle more thirst than they can slake. Not only in the sons of the rich, ambitious of the name of being Yale men or Princeton men, but in special students who become intent upon drinking at the spring, the western academy or college will awaken the purpose of study which will send them to the older schools. So long as the world stands, every style of trained activity—in art, learning, manufactures; even in fashion and fashionable sins, will have its acknowledged capital; and the capitals grow with their kingdoms. The more of Florence and Paris there is outside of those cities, the more will be in them. And learning of all things is most cosmopolitan. Wherever her

heights are, they are sure to be crowded. The trustees of the old and strong American Colleges and Universities would be surprised, of course, to see their institutions on the list of the Presbyterian Board of College Aid. Nevertheless our aid they get. We are preparing their supplies as inevitably as forests and plowed ground extend the rain-fall.

There is a breadth, then, in this work which no eye can hastily measure, nor measure at all unless it looks from a height. What Christian education has achieved from the beginning, and particularly in America, is the specific preface to the history that is beginning to be written of the endeavor of the wise and consecrated wealth, not of one American Church, but of the whole awakened and loyal sisterhood, to secure for faith the mastery of mind in that teeming nation, under whose tread this land so soon shall tremble. Even if there were here no diligent propagation of unbelief, faith, which is positive, would still need to be taught. But with the propaganda of irreligion organized, mighty, diligent and efficient, the duty of the Christians of the nation to instill Christianity into the youth of the nation is so clear that a revelation written on the sky would not make it clearer. A Christianity that should demand less than that of such a people, and at such a stage of their shaping character and career, would be a religion doomed for its helplessness. Neither Paul, nor the Reformers, nor the Christian fathers of our nation, could away with it; still less Christ and the Holy Ghost.

#### HEADWAY.

Since then our Presbyterian Church assumes, with all other Churches of her grade, a share in this sacred, imperative and momentous work, her forecast and her means have need of each other. If having devised right plans she can enlist such vigor in their execution as fairly tests them, confidence will grow with every step. The facts of this year are entitled to produce such confidence. In view of them we ask enough presumption in favor of our plans to prompt inquiry by the men and women whose backing would have

a tenfold value now when it can avail for such needful and solid results. Hearty thanks, for the cause's and the Master's sake, to those who have taken our word as spoken by our officers, and the Assembly's word in our behalf, and have put it in our power to begin this vigorous advance.

We also ask very earnestly, as at the beginning of this report, for a large increase in our general receipts. The past year, like each of its predecessors, has added somewhat to the number of contributing churches, and to the amount of their gifts. But the churches still fall short of 2,000, and their gifts, of \$31,000. We believe that the stage to which this work has come, is entitled to command at once a very great increase of interest in pastors, sessions and congregations.

The term of service of the following members expires with this meeting of the Assembly, namely:

Ministers—Rev. Herrick Johnson, D. D., Rev. S. J. Mc-Pherson, D. D., Rev. John W. Dinsmore, D. D., Rev. J. L. Withrow, D. D.

Laymen—Charles M. Charnley, Hon. Homer N. Hibbard, Hon. Robert H. McClellan, W. H. Swift, Esq.

Respectfully submitted, by order of the Board.

H. D. GANSE,

Corresponding Secretary.

23 Montauk Block, CHICAGO, May 7, 1889.

# TREASURER'S REPORT.

C. M. Charnley, Treasurer, in account with the Board of Aid for Colleges and Academies of the Presbyterian Church in the United States of America.

The undersigned Auditing Committee report that they have examined the accounts of Charles M. Charnley, Treasurer, and find that they are correct.

H. W. HIBBARD,

H. W. JOHNSON,

Снісаво, Мау 7, 1889.

Auditing Committee.

# TREASURER'S STATEMENT OF CASH RECEIPTS.

#### 1. From Churches and Sabbath Schools.

Note.—When the name of any church stands in the following list in italics, it will be understood that such church has made a direct donation to one or another of the institutions of the Board, which has been reckoned as part of the institution's receipts, as stated on page 5. The amount so given could not be stated among the receipts of the Treasurer of the Board. They will all be found in the "Detailed Statement of Church Collections Sent Direct to Institutions," on page 62. It will be seen that in some instances churches have made double donations; both to the Board's treasury and to particular institutions. Credit for each will be found in its respective place.

Secretary.

#### DETAILED STATEMENT OF CHURCH COLLECTIONS

REFERRED TO IN THE PRECEDING EXHIBIT AS HAVING BEEN SENT DIRECT TO INSTITUTIONS.

Note.—The collections named in this statement have been reckoned, according to previous understanding with the institutions, among their receipts from the Board. The same recognition, therefore, is made of these gifts as of those which were passed through the Board's treasury. These amounts could not be set forth by the Treasurer as a part of his receipts, but the churches named below have also been named, in italics, in their proper alphabetical places, by synods and presbyteries, in the Treasurer's exhibit of cooperating churches. (See corresponding note on page 30.)

#### CONSTITUTIONAL PROVISIONS.

The following are the chief provisions under which this Board has been constituted, as determined by the act of the General Assembly of the Presbyterian Church in the United States of America, in session at Saratoga, N. Y., May, 1883:

The name of this Board shall be the Presbyterian Board of Aid for Colleges and Academies, and the general work shall have the limitations indicated by its title.

The Board shall consist of twenty-four members, divided into three classes, composed equally of ministers and laymen, and one class shall be elected each year.

The province of the Board shall be to secure an annual offering from the churches for this cause; to coöperate with local agencies in determining sites for new institutions; to decide what institutions shall be aided; to assign to those institutions seeking endowment the special fields open to their appeals, that clashing between them may be avoided; and to discourage all independent appeals to the Church at large.

The funds received by the Board shall be devoted either to current expenses of struggling institutions, or to permanent endowments.

The funds shall be secured (a) by annual offerings from the churches, mainly for current expenses of the institutions; (b) by special applications for endowment under the approval and general direction of the Board.

Every institution hereafter established, as a condition of receiving aid, either shall be organically connected with the Presbyterian Church in the United States of America, or shall, by charter provision, perpetually have two-thirds of its Board of Control members of the Presbyterian Church.

In the case of institutions already established, and not included under the above provisions, appropriations for endowment shall be so made as to revert to the Board whenever these institutions shall pass from Presbyterian control.

In all other respects the disbursement of funds by the Board shall be wholly discretionary with the Board, both as to amount and direction, subject always to the control of the General Assembly.

#### BY-LAWS.

The following are the more important By-Laws adopted by the Board for its guidance:

It shall be the duty of the Permanent Secretary to have charge of the general work of the Board, subject always to the direction of the Board or its Executive Committee. He shall conduct the correspondence; visit the Churches, Presbyteries, and Synods; inform himself as to proposed

College sites, and the character and prospects of institutions applying for aid; send out all notices; prepare an annual report to be submitted to the General Assembly; and in every way, as the chief executive agent of the Board, seek to promote the interests committed to it.

The Board shall hold three stated meetings each year as follows: On the Tuesday after the second Sunday of June and November respectively, and on the first Tuesday of May. It shall also meet on the call of the President, or, in his absence, of any member of the Executive Committee, when that call is authorized by the written request of any five members of the Board, duly signed and submitted. Seven members shall constitute a quorum.

The Board shall elect an Executive Committee consisting of seven members, the President and Vice-President being ex-officio members of this Committee. It shall be the duty of this Committee to supervise the work of the Board, to act as its executive on all matters committed to it by the Board, to forward the business of the Board by all proper arrangement of its details, and to report to the Board from time to time what may be deemed desirable or needful action; and, in the interval between the meetings of the Board, to take all needful original action not involving the appropriation of funds.

No application for aid shall be entertained without the endorsement of the Presbytery, in the case of an Academy, or of the Synod, in the case of a College or University, unless sixteen members of the Board are present, and the vote to consider the application be unanimous.

#### GENERAL INFORMATION.

#### INCOME SOLICITED.

This Board solicits two classes of gifts:

- I. Gifts to its general treasury, out of which it makes annual appropriation to the current expenses of those institutions which it finds to be entitled to such assistance. It is only for this general treasury, and for its current aid of the teaching work, that the collections of the churches are asked. Personal gifts to the same treasury are earnestly solicited.
- II. Gifts for the increase of the property of special institutions. Such gifts are asked of individuals only, and the Board will not acknowledge as a contribution to its work any church collection that shall be diverted from the Board's general treasury and applied to clearing a debt or increasing the property or endowment, even of one of its own institutions.

Whenever the Board assigns to an institution a field for its canvass for the increase of its endowment or property, the canvasser will bear the certificate of the Board, commissioning him by name, and defining the field and duration of his canvass, within which limits the Board engages to commission no competitor. Fields are not assigned for a less period than a year, so that the solicitors which the Board appoints cannot come in rapid succession. Such canvasser (as is said above) is in no case entitled to solicit or receive the collections of churches.

A lien similar to that of the Board of Church Erection is taken upon all property, for the purchase of, or payment for, which money, in any large amount, is advanced through the Board's channels.

The Board is incorporated under the laws of the State of Illinois, and bequests should be carefully made to "The Presbyterian Board of Aid for Colleges and Academies," the Board's corporate title.

Individuals who may think favorably of contributing, by gift or testament, to the property of some promising institution, are requested to seek particular information from the Secretary.

#### APPLICANTS AND MODE OF APPLICATION.

Aid cannot be given to institutions, however excellent, that are owned by individuals or by stockholders. The applying institutions may be owned and controlled by an ecclesiastical body belonging to our denomination, such as a synod or presbytery; or the ownership and control may be vested in a board of trustees elected or nominated from year to year by such ecclesiastical body; or such board of trustees may both nominate and elect their own successors, provided there be a stipulation in the charter or articles of incorporation that two-thirds of the trustees shall always be members of the Presbyterian Church in the United States of America.

Application for current aid must be made according to a form, which the Secretary will provide upon request. The application, having been made by the trustees of the institution, must be submitted, in the case of an academy, to the presbytery within whose bounds it falls, and in the case of a college, to the synod; and unless there be extraordinary reason for the exception, the approval of the application (not merely of the institution) must be voted by such body in formal session, and be indorsed upon the paper by the Stated Clerk.

The following explicit instructions to applying institutions have been adopted by the Board:

"Every institution receiving aid from this Board and every institution already at work and intending to apply for aid shall present to the Board, so that the paper shall be received not later than September 1, a complete balance-sheet of the current expenses of the scholastic year, then lately closed. Blanks for this purpose shall be prepared with the approval of the Executive Committee, and shall be forwarded on application made to the Secretary. This balance-sheet shall be signed by the treasurer of the institution and by as many as two auditors of the board of trustees. The same blank shall provide for a compact comparative statement of the amount of property and of debts at the beginning and at the close of the scholastic year which the blank concerns.

"Every board of trustees intending to add to its scale of expense for the next year shall forward, approved by formal vote of the trustees or of their executive committee, a statement of the intended addition, together with the reasons for it, and an explicit showing of the resources on which reliance is had for ability to meet the proposed increase. This paper shall be in the office of the Board not later than September 1, in order to admit of all

necessary correspondence and mutual understanding before the meeting of the Board of Aid in November.

"The above instructions do not at all dispense with the regular application of each institution, which is to be made with all existing formalities."

On the Tuesday after the second Sunday of November, the Board holds a meeting for acting upon applications. This time of meeting is fixed after the opening of the fall sessions of the institutions, in order that the statistics of those sessions may be given in the applications; and it is fixed after the fall meetings of the presbyteries and the synods, in order that the action of those bodies upon the several applications may be indersed upon them when they reach the Board. Institutions are requested to put their applications into the lands of the Secretary at least one week before that meeting, unless they wish it to be understood that they desire no aid from the Board during the current year.

Application for a field for canvass should be made by the trustees, and should include the name of the canvasser to whom they wish the Board's certificate to be given. Unless the institution shall have been already commended to the Board by the proper ecclesiastical body, as above provided, an approving vote of such body must accompany the application for a field for canvass. Those applicants will be surest of obtaining satisfactory response which will name a number of restricted fields (beginning with the most preferred), in either of which they would undertake to make a thorough canvass.

### PASTORS AND SESSIONS OF CONTRIBUTING CHURCHES,

Which have not arranged another time for taking their collections, are requested to take them in February, as was recommended by the General Assembly of 1884; and they are carnestly requested to accept the offer which, about January 1, is made of a brief document (of which a specimen is then forwarded to every pastor) for informing the congregation concerning this work.

## ACTION OF THE GENERAL ASSEMBLY

AT NEW YORK, MAY, 1889.

The sixth annual report of the Board of Aid for Colleges and Academies was, by the General Assembly, referred to the following Standing Committee:

Ministers: Thos. S. Hastings, D.D., Jeremiah Odell, Dormer L. Hickok, Robert B. Mattice, Henry L. Mayers, James F. Brewster, Augustus R. Rickenback. Elders: Henry M. Blossom, Martin L. Moore, Lemuel S. Fawcett, Charles L. Richards, Martin B. Lewis, Abram Whitehorn, M.D., Edward Kerr.

This committee presented by its chairman, Rev. Thos. S. Hastings, D.D., the following report, which was unanimously adopted:

The Standing Committee on the Board of Aid for Colleges and Academies respectfully submit the following report:

The closing years of the first century of our Church have given us no better legacy than the organization of this Board. The wonder is that ninety-four years were allowed to pass without any concerted effort of this nature. Much was, indeed, done by Presbyterians from the beginning in the interest of higher education, but it was done in a sporadic way, without the official or united action of the Church.

The truth of the old Prussian proverb has always been recognized by our Church: "Whatever you would have in the life of a nation you must put into the schools;" but until the year 1883, when this Board was established, the Church gave no organic expression of its high estimate of the value of academies and colleges. For sixty-six years we have had our annual "Day of prayer for Colleges and Schools," but the praying was not matched with concerted working. We enter upon the new century with this Board as the organic expression of the sentiment of our Church on the subject of education—an expression which corresponds to and justifies our annual concert of prayer.

For this we are devoutly thankful; it is full of promise for the century to come. We shall not pray less, but we shall work more and to better advantage. The excellent report of the Board, which we have carefully studied, shows encouraging progress. More churches have contributed to this object than in any previous year, and yet the fact is painfully evident that there is urgent need of a much more general loyalty to the repeated and earnest recommendations of the General Assembly. Of our 6,543 churches, only 1,902, or less than one-third, have contributed to the treasury of this Board during the past year. These contributions from the churches are applied to the maintenance of the emrent work of the institutions under the care of this Board. The importance of these contributions, in our judgment, cannot be overestimated. Thirty-six colleges and academics have been aided during the year.

Personal gifts, as a rule, are applied in securing the permanent properties of the institutions in lands, buildings and endowments. Such gifts, amounting to less than \$30,000, have effectively succored, if they have not actually saved, during the past year eleven institutions, widely scattered, whose aggregate value is more than ten times the amount thus devoted. The moneys so given are in each case secured to our Church by a lien on the property.

Any institution which would secure the aid of this Board must show that its own vicinage has contributed so liberally that what is asked will be small in amount in comparison with what has been already secured. The map which accompanies the report shows how wisely the institutions have been distributed, so as to secure strategic points, and at the same time avoid unwholesome competition, collision or rivalry.

There is a widespread prejudice in the Church against the multiplying of small and feeble colleges. That prejudice is thoroughly understood by this Board, for it has done excellent service in preventing the planting of institutions where they are not really needed, but are sought only from local ambition or from speculative motives. But it should be remembered that the eatalogues of our theological seminaries show that the small colleges are furnishing to-day by far the larger part of the recruits for the ranks of the ministry. The new college finds men whom the older colleges would never reach. As the population moves rapidly westward, the church and the college must follow, or we shall be left far behind. The memorable saying of

Burke-" Education is the cheap defense of nations"—we may apply to our work. Christian education is the cheap defense of the Church, especially in the frontier regions, where the con-Such education will not only give us more flict is hottest. ministers, but more men in every department of life-more men who can be trusted in the formation and settlement of society. It is certainly to be desired that the older and larger colleges should be still further strengthened and improved. But as all these institutions have large and ever increasing constituencies in their own alumni, it seems but fair and wise that they should be content with such gifts as these, their natural constituencies, can bestow; and that Presbyterians, when contributing beyond the colleges from which they were graduated, should, through this Board, give succor to those young institutions of our Church which cannot for years to come look to their alumni for help. We would suggest that those who are asked to contribute to particular institutions should inquire if the money given can go through this Board.

The Church is to be congratulated that the work of this voungest of our Boards has been done thus far with such wisdom and discretion. No debt has ever been reported. We are most fortunate in having as the Secretary one who unites so much ability with so much devotion, so much conservatism with so much enthusiasm; and we do most heartily commend him and his work to the generous sympathy and cooperation of all the churches. Last year the hope was expressed that \$100,000 would be given to this Board. This year we venture to say that it would make a far better entrance of our Church upon the work of the new century if \$200,000 should be intrusted to this Board for the strengthening of existing institutions, and for the securing of strategic points for such new institutions as the phenomenal growth of population in new districts will certainly require. Of the four new states just received into the Union, three have each a Christian college founded by this Board, while the fourth state has two Presbyterian academies secured by the same means. Other new states are coming, and surely each one must have a Christian college or become an element of weakness rather than of strength to our Union.

In conclusion your Committee recommends:

I. That no institution be taken under the care of this Board unless the Bible be systematically used as a text-book in the

curriculum, and that the institutions be required to show in detail, in their Spring Reports to the Board, what response they have made to this requisition; and that the Board be instructed to withhold, at its discretion, the annual appropriation in all cases in which the spirit of this requisition does not appear to have been met.

- II. That as this is the youngest and the least known of our Boards, special efforts should be made by the presbyteries and by the pastors to inform the people concerning this work.
- III. That as from nearly all the other Boards of our Church and from the Special Committee on the Board of Education, which has just reported to this Assembly, there comes the common cry for more ministers, the whole Church should turn its attention to this agency, which fosters those institutions to which we must mainly look for an increase in the supply of ministers.
- IV. That the Board be advised to give continued and special attention to the establishment of presbyterial academies, midway between the common school and the college; inasmuch as experience shows that if schools of this indispensable grade be left to the care of the States, they are in danger of being not only unserviceable to our cause, but positively antagonistic.
- V. That the Assembly earnestly insist that in loyalty to our denomination, every church within our bounds should make some contribution each year to the treasury of this Board.
- VI. That the attention of the young people and of the children in our Sabbath Schools be called to this object, as calculated to enlist their sympathies and their gifts in the cause of education.
- VII. That the following persons, whose terms of office expire with this meeting of the Assembly, be reëlected members of this Board:

Ministers: The Rev. Herrick Johnson, D.D., the Rev. S. J. McPherson, D.D., the Rev. John W. Dinsmore, D.D., the Rev. J. L. Withrow, D.D.

Laymen: Charles M. Charnley, the Hon. Homer N. Hibbard, the Hon. Robert H. McClellan, W. H. Swift, Esq.

All of which is respectfully submitted.

## REPORTL

OF THE

# General Assembly's Special Committee

-on-

## SYSTEMATIC BENEFICENCE.

1889

It is the Tenth Annual Report of the Assembly's Committee on Systematic Beneficence which is now respectfully presented. Your Committee, and our whole Church, have sustained grievous loss in the death of Elder Archibald McClure, of Albany, New York—one of our members for seven years past—a brother beloved, intelligent and earnest in the cause—wise in counsel, practicing the beneficence in which he believed. Taken from the midst of his broad plans and extended activities for humanity and for Christ's sake, he rests from his labors, and his works do follow him into the joy of his Lord.

The decade that has elapsed since this work of your Committee went into operation on its present organization, exhibits a quiet, but very pronounced advance in the results of improved system and more principled giving among the Churches. The more intelligent apprehension of Christian duty and of the word's needs—the more conscientious use of property—the increase of the proportionate method among individuals, and of the weekly offering among the Churches; the inspiring successes of Evangelistic labor; the more consistent fidelity of Pastors and Officers, and the higher spiritual tone of personal life among the people—all such factors have combined by God's blessing to bring about the result for which your Committee challenge the devout thanksgiving of the Assembly and our Church at large.

Our living membership in ten years has advanced 30 per cent., while the increase in Congregational expenses has been 39 per cent. —showing a more liberal support of Pastors and a better care for the appointments of God's house. Meanwhile the entire gifts of the people, including their own Church expenses, have advanced from an average of \$14.37 per member in 1879 to \$17.75 in 1889—a gain of \$3.38 per member, or  $23\frac{1}{2}$  per cent.

But, gratifying as this progression must appear, it is eclipsed by the increased average of 1889 over 1879—in the purely benevolent contributions bestowed upon our Boards, and the like agencies of Evangelism. The gifts in this regard in 1879 averaged \$3.39 and in 1889, \$5.56 per member. This is a gain of \$2.17 per member, or 64 per cent. advance!

Evidently the resultant of many progressive forces has been pushing our Church upon a loftier plane of beneficent consecration. Although still resting far below our ability and opportunity, we have reason for thankfulness that the tide of beneficence is rising steadily towards the high water mark that shall yet signal the climax of our Church's prosperity, and the fullness of her floods of spiritual power.

Your Committee have endeavored, as heretofore in their effort, to keep close to the line of organization and instruction originally marked out for its activity. We still deem it far more important to establish a system of growth in Christian giving, to breathe through the Church an atmosphere of principled generosity, and establish habits of individual life which shall permanently tell upon the years to come, than it is by any frantic appeals or excited challenge to secure in any one year, or for any cause, amounts which have no promise of continuance in them. Such ceaseless calls as God is making on us need steady fountains—not thunderstorm freshets—for their efficient supply.

We are glad to report a continued and advancing interest among our judicatories—our Ministers and Elders—in the purpose of our appointment. With trivial exceptions our whole Church is now organized with efficient Committees in Presbyteries and Synods—cooperating cordially with us, and without whose valued aid your Committee would be shorn of half its power.

This co-operation we have gained in such measure as to redound to our great encouragement and the pronounced furtherance of the cause we represent. We earnestly invite communications at any time—not only from our appointed helpers, but from any interested parties, which may enable us to keep our finger on the pulse of the Church in all localities, and may guide either our own activities or our recommendations to the General Assembly.

In the constantly enlarging work of our Boards it behooves us all to employ every influence that we can wield to rouse among our people the temper of steady, adequate, unintermitting beneficence, and to improve its practical methods.

If individual Churches in any Presbytery are conspicuously lacking in interest, are faulty in methods, or fail to reach the proper level of their recognized ability in giving, our Committee desires to help Committeemen, Ministers and Sessions as much as in us lies, in any wise measures for encouraging better things among them.

Let the attempt be made to guide each Presbytery into thoughtful discussion of the whole subject during the course of each meeting. See that each Church, in no mere comparison with others differently placed, is prompted to advance upon itself each year. Let the brethrens' pure minds be stirred up by way of remembrance. Let Pastors fill the minds of their people with the facts and the needs and the claims of Christ upon their property.

Face them with tabulated statistics of advance or decline—not merely in aid of single Boards, but along the whole line of their benevolent consecration. On behalf of the Assembly and the cause urge upon them the scriptural, practically successful method of weekly worshipful offering, commended to the whole Church in the new chapter VI. of our Directory for Worship—(q. v.)

Ply them with the duty and exceeding advantage of proportionate dedication of income among their people and on their own part to Christ, through his Church and its evangelizing agencies. We ask our Ministers and Elders to be on the lookout for facts, hindrances, encouragements among the Churches, and if such data be likely to prove instructive, to oblige by sending them at earliest convenience to the Assembly's Committee.

The excellent practice is spreading among the Presbyteries of publishing the reports and statistics of their Beneficence Committees. Some of these publications are models of careful compilation and helpful counsel. We specially note with satisfaction such reports as those made to the Presbyteries of Brooklyn, Baltimore, Bloomington, Clarion, Elizabeth, Hudson, Mattoon, New Brunswick, St. Paul, St. Louis, Southern Dakota, Washington City, and many others. Copies of those named could doubtless be procured by persons interested, through correspondence with Stated Clerks or with your Committee.

The published Minutes for 1888-9 of many Synods also contain excellent Beneficence reports, covering wider ground, as notably in the Synods of Catawba, Dakota, Indiana, Michigan, Missouri, New York and the Pacific.

Some of the members of this Committee have addressed several of our Synods by invitation. Presbyteries are becoming more accustomed to spending a fair portion of their time at every session in discussing ways and means, both spiritual and administrative, of pressing forward the giving of their Churches.

From the avails of a large correspondence, and from the returns during the year of inquiries that have reached every Presbytery, your Committee is confident that the march of habits and modes of giving is on the rising grade. Yet the majority of our Churches are still greatly behind the Assembly's injunctions and recommendations.

Now that the chapter VI. of our "Directory for Worship" is established as the mind of our Church in reference to God's worship by offerings, it must not be suffered either by neglect or listless acceptance, to become a dead letter. More important than any system, is the faithful, conscientious working of it.

This has added to our Constitution the principle and plan of statedly combining gifts for the extension of Christ's kingdom with the regular Lord's day services of God's house. It is commended not commanded. Yet, like the rest of that "Directory," it does express the convictions of our Church upon the subject in question as never before. It does place money-giving for God before the people It approves the habit of combining as a part of Christian duty. gifts with worship. It asks us to "bring an offering and come into It postulates the world's evangelism as a main object His Courts." of the Church's existence. It testifies that money is to be used as thoroughly as prayer or praise in carrying out the glorious object which we crave when we ask "Thy Kingdom Come." However largely in local detail the specific recommended plan be modified in practice, if these principles become rooted in the hearts of our people, the main object of that chapter will be, after all, achieved. Upon this fundamental plan of frequent worshipful giving, many a changed method might be erected—to get out of ruts or to suit pending cases —without at all a vital change or surrender of principle. It is to be feared that bringing the gifts of our Church-magnificent as they appear to be—to the property test, would make a somewhat meagre showing.

As stated in our last report, the question of proportionate giving on the part of the individual, appears to your Committee to indicate the line on which the main advances of the future are likely to travel. The desideratum is the distinct, arithmetical setting apart in sense of glad and conscientious duty—of some definite proportion—as God hath prospered, of every individual's income, whether large or small. So far as advices reach us, the poor and those of moderate means among us now practice this more thoroughly than the wealthier. They set apart for God in larger proportion of their income than the rich.

But all along the line—among ministers, officers and private Christians—the habit seems to be gaining. "Prevails to a limited extent"—"On the increase"—"Spreading slowly"—"Practiced by the majority of ministers and a small proportion of members." "Discovered in open Presbytery that it is practiced by all our ministers, and is decidedly increasing among our members." So run scores of testimonies from all parts of the Church. No possible advance would be sooner felt than this, in the treasuries of our.

Boards. Hence, among our publications of the year, we have issued the prospectus and the simple pledge (Doc. 28) of a Presbyterian Union of Proportionate Givers, as a severely simple plan, without expense or organization, of uniting together persons who are beginning or have already formed the habit of setting aside a definite percentage of income for religious and charitable purposes-and of enlisting their co-operation in the extension of this practice.

We have deemed it desirable that an opportunity should be given in our Church for a statement of purpose, and encouraging cooperation on the part of all our people who believe in regular proportionate storing and giving for God as the teaching of Scripture and of Christian wisdom. We are employing this method tentatively -using it in a few of the Synods first-with the idea, if it works well, to extend it, till every member of our whole Church is reached. Already several Presbyteries, through their Committees, have strongly urged the general circulation of this Document 28.

In our issues of this year, at the recommendation of the last Assembly, our Board of Publication have aided us in the printing of 20,000 copies of two of our standard pamphlets, Documents 16 and 20, for which they have our thanks. But generally our own mode of issue is fully as economical and much more convenient for our use. than whatever the Assembly could otherwise provide.

Many churches are adapting the literature and pledges of your Committee to their own local use.

Testimonies like the following have frequently come in, "Our offerings doubled upon using the pledge system"-"Contributions increased 200 per cent, and more last year by the use of your pledge B."

Our admirable Church Magazine has been of pronounced service, we believe, in exhibiting and aiding the unity of our Church work. Yet still the occasional evils face us of competition between our Boards for the gifts of the people—each pressing for all that can be reached—although not yet has the amount, secured for any, exceeded the sums recommended by the Assembly.

We receive many complaints of the irregular and independent canvassing of the Churches through appeals for the building of Churches or manses. If these canvassings are successful outside of our appointed agencies-whether endorsed by the Boards or notthey help to cripple the general work; they do injustice through partiality, and they shift responsibility where it does not belong. We should be glad if the Assembly could devise some just and wise method of lessening these special appeals, and securing every increase that they could furnish for the treasury of the particular Board whose province it is to deal with such eases.

It becomes a part of your Committee's duty to tabulate and compare with the preceding year the financial statistics of our Boards.

## TOTAL RECEIPTS OF THE BOARDS.

	1888	1889	Increase.	Decrease.
Home Missions	783,627	832,647	49,020	
Foreign Missions	901,180	932,893	31,713	
Education	87,497	89,934	2,437	
Publication and S. S. Work	73,381	75,130	1,749	
Church Erection	125,786	125,202		584
Relief Fund	129,798	142,417	12,619	
Freedmen	131,653	134,450	2,797	
Aid for Colleges	40,539	45,445	4,906	
Per. Com. on Temperance	1,062	1,290*	228	
	2,274,523	2,379,408	105,469	

<sup>\*</sup> Receipts of the Temperance Committee are included this year to show the advance.

Any receipts for Sustentation are included in the total for Home Missions.

In this table appears a net increase of \$104,885, but this will be considerably reduced by an amount taken temporarily for current expenses from the reserved funds of the Foreign Board. In regard to the sum of \$77,263, the Finance Committee of the Foreign Board say: "This has been received from the sale or redemption of securities protecting the Reserve and other funds entrusted to the Board's care, and is to be reinvested for like purposes. A deduction of this sum would show a deficit of \$46,096 in the current transactions."

The receipts of the Board of Church Erection include contributions to its Manse Fund. Repayment of Manse loans amounting to \$5,359 are included under the head of total receipts.

In the above table, legacies have swelled the gross amount received to the following extent: Home Missions, \$164,880; Foreign Missions, \$144,181; Education, \$18,874; Church erection, \$12,901; Relief Fund—with donations to Permanent Fund—\$14,915; Freedmen, \$11,870.

RECEIPTS FROM CHURCHES AND INDIVIDUALS.

	1888	1889	Increase.	Decrease.
Home Missions	634,479	667,767	33,288	
Foreign Missions	738,456	707,233		31,223
Education	62,342	64,231	1,889	
Publication and S. S. Work	59,766	65,985	6,219	
Church Erection	108,585	80,689		27,896
Relief Fund	110,736	108,586		2,150
Freedmen	117,214	93,486		23,728
Aid for Colleges		45,395	4,874	
Per. Com. on Temperance		1,290	228	
	1,873,161	1,834,662	46,498	84,997

Here appears a net decrease, much to be regretted, of \$38,499 in those receipts which testify most surely the vital beneficence of the living church. Yet Church Erection's decrease in this table is more formal than real, largely accounted for by the fact that last year legacies were included here, and not as now in the "total receipts." And moreover we are beginning now to feel the expected reaction from the unexampled struggle of a year ago in raising \$616,000 towards endowing the Board of Ministerial Relief. The net gain, however, it will be perceived, is enormous.

In Home Missions this schedule would show a far larger increase, viz., \$79,267, if the gifts of the Churches only were compared. With a balance of more than \$4,200 in the hands of this Board there appears a debt of \$37,614 on the part of three of its accounts—Sustentation, School and Chapel account—and the New York Synodical Aid Fund.

Education has a debt of \$5,800, with balance on hand of \$94; Freedmen's Board has a debt of \$19,000, with balance on hand of \$3,274.

Other Boards report balances as follows, and no debt: Church Erection, \$8,819; Publication and Sunday School work, \$34,818; Relief, \$18,388; Aid for Colleges, \$8,982; and Temperance, \$501.

Women's Societies have given the splendid totals of \$278,941 for Home Missions, not including the value of Boxes given; \$278,904 for Foreign Missions, and \$22,552 for the Freedmen. Sabbath Schools have aided to the amount of \$29,000 for the Home Board; \$33,400 for the Foreign; \$5,626 for Freedmen; \$1,873 for Relief, and \$29,114 for Publication and Sunday School work.

NUMBER OF CHURCHES CONTRIBUTING.

<sup>\*</sup>No report given this year.

The decrease in the number of Churches contributing to Ministerial Relief has not been significant of decreased gifts, as the last table shows. It testifies only that so many Churches forgot the current work in aiding the Centennial Endowment.

Your Committee recommend to the Assembly the following action:

- 1. That all Presbyteries and Synods be instructed as before to appoint and maintain efficient Committees on Beneficence, who shall co-operate with and report to the Assembly's Special Committee.
- 2. That Presbyteries be advised at some regular meeting annually to call their Churches to account in reference to their compliance with the Assembly's recommendations.
- 3. That the new chapter VI, Directory for Worship, be again earnestly commended to all our Churches, and the same advice given as last year, to discourage combination in the same offering between self-support and gifts for the Boards.
- 4. That the admirable practice of some Presbyteries through their Beneficence Committees be again approved, in publishing tables of the churches' gifts compared with previous years, for information and stimulus.
- 5. That Sessions be advised to make frequent report before their several churches of the amount contributed in their benevolent offerings, and the disposition made of the same.
- 6. That this Assembly approve the system of individual pledges or subscriptions, either to the general beneficences of the Church, or to the work of any special Board, paid either in the weekly offerings of the Lord's day, or at longer intervals, as engagement may be made, as superior in principle and practice to any occasional or uncertain contributions.
- 7. That every Minister be charged to instruct his congregation in the duty and grace of liberality for Christ's sake, and in scriptural principles of giving; to keep them informed as to the work of our Boards, and the needs of each cause.
- 8. That every member be earnestly advised to adopt proportionate giving as the practice of his christian stewardship.
- 9. That a general circulation of the periodicals and other publications of our Church be strongly urged as an invaluable help to Christian giving.
- 10. That this Assembly re-establish between the Boards an equitable ratio of contributions for the guidance of churches in apportioning undesignated gifts.
- 11. The bill of your committee, amounting to \$298, is herewith presented for payment. It has been reduced by the sum of \$100—again given by Alexander Guy, Esq., of Oxford, Ohio. We recommend that for the ensuing year advances should not be expected from our Secretary, as heretofore, but that your committee be authorized to draw from the Assembly's Treasurer for necessary current expenses, up to the sum of \$500, if so much be required.

In behalf of the Committee,

Respectfully presented.

Charles S. Pomeroy, Chairman.

DAN. P. EELLS, Secretary.

## THE EIGHTH ANNUAL REPORT

OF THE

# GENERAL ASSEMBLY'S PERMANENT COMMITTEE ON TEMPRANCE,

FOR THE YEAR ENDING MAY 1ST, 1889.

Presented to the General Assembly at New York.

We have to report the death of another of the original members of our Committee. The Rev. Neville B. C. Commingo, our Corresponding Secretary, by a singularly sad and distressing providence was taken from us almost one year ago. His admirable fitness for the position which he occupied and the zeal and enthusiasm which he threw into the work of the committee make his absence from our meetings a matter of universal regret.

The position thus left vacant was not filled until a short time ago, when Rev John F. Hill, of Canonsburg, accepted the office and has entered upon the discharge of its duties.

## WORK DONE,

The last has been by far the most busy year in the history of your Committee. The subject of temperance has at length got such a hold upon the popular mind that almost everyone is thinking and talking about it and wanting to know all the facts involved in an intelligent discussion of the subject and the duty of society in relation to it.

To meet this demand for information, we have republished both of Dr. Campbell's tracts, viz.: "Christian Temperance" and "The Duty of the State to Banish the Saloons." We have also printed 5,000 copies of The Deliverance of the General Assembly, bringing up these deliverances to date. Also a second edition of The Teachings of the Presbyterian Church on the Subject of Temperance. We have issued a new tract, entitled "Does Prohibition Prohibit," giving the most reliable testimony in regard to its practical success in the states where it has been tried. We aided Rev. John Manaul, of New Mexico, to publish ten thousand copies of his translation of our Temperance Catechism into the Spanish language. This catechism is thus being circulated among the Spanish speaking people on our western frontier, from San Francisco to Mexico, and even still further south.

We have recently published a ten thousand edition of a tract prepared by Hon. Daniel Agnew, of Beaver, Pa., late Chief Justice of the Supreme Court of Pennsylvania

All must admire the fairness and vigor with which this eminent jurist fortifies his positions, and his long experience on the bench enables him to speak in such a way as to command the attention of the thoughtful and with very excellent results.

Of these and other documents had on hands, we have distributed something over forty thousand during the past year. Some of these have been paid for, but most of them have been sent to pastors and others for their own use or for free distribution among those who either sought or needed the information. We have made it a rule never to decline a call, if we were able to respond to it, whether there was any money in it or not.

The publishing and distribution of these documents, together with a large amount of correspondence in regard to almost every phase of the temperance question has constituted the principal work of your Committee during the past year,

#### INCOME,

To meet our expenses, as you will see by examining the account of our Treasurer, there have been contributed twelve hundred and eighty-nine dollars and ninety-five cents, all of which has been given freely and without solicitation by the friends of the cause. We have never had to go in debt or overdraw our account, and for the last two years we have never had to make an appeal, even to our personal friends. All in the fullest sense has been the free-will offering of devoted friends, whose words of cheer have often been worth almost as much to us as their generous gifts, and for all of which we desire to return ourmost hearty thanks.

You will notice that we have had no salaried officers and that it has cost your Committee nothing during the last year for either book room or office hire, and that we have only paid for clerical help when documents had to be hurried off and we could get no one else to do the work.

#### REPORT FROM THE PRESBYTERIES.

We have not had an answer from near all the circulars of inquiry, which we sent out to the churches through the Chairmen of the Presbyterial Committees when we knew who they were, and when we did not, through the Stated Clerks of Presbyteries, but from what we have received, there are many reasons for encouragement.

These reports are very much more compact and explicit, and consequently much more easily summarized into a general report, than they were a year ago. In but very few instances is a backward movement indicated in any direction and in those instances it is to be accounted for by local or temporary causes, which will necessarily soon pass away. In all other cases, progress and in many very marked progress has been indicated. We think that one of the most cheering indications to be gathered from these reports is that more churches, as churches, are taking an interest in this subject and that the whole church is waking up to a higher sense of her responsibility in regard to this matter. In but two of these reports is the advanced position taken by our General Assembly even inferentially called in question. In one of these cases high license seems to be preferred as a remedy, and in the other a doubt is implied

whether our church has not taken too advanced position, while in all other cases the clear and unmistakable watchery is "Upward and onward, until this whole drink traffic shall be banished from the land." Most of these reports close with words of cheer to the Committee and with the emphatic injunction, "Let there be no backward steps taken in regard to this matter."

## THE LIQUOR TRAFFIC IN RELATION TO FOREIGN MISSIONS.

We would again call the attention of the Assembly to the facts set forth in our supplemental report of one year ago, especially as they relate to the Free Congo State in Africa.

It is not known to us whether the committee appointed one year ago laid this matter before the President, as it was directed, or if it did, what encouragement it received, but we all know that the evil has not been abated and that we as a great Christian nation are still bound under treaty stipulations to protect this nefarious traffic.

Is it not worth while for this Assembly to renew its protest and to urge upon the new administration at Washington to take prompt and effective measures to free us, as a nation, from our present responsibility in relation to this matter.

## A JOINT MEMORIAL TO CONGRESS.

Some time ago your Committee received a communication from Rev. Geo, F., Magoun, D. D., President of Iowa College, informing us of the fact that the National Council of the Congregational Churches of the United States had appointed a committee of five, at its last meeting, "to prepare and present to Congress a memorial, asking the appointment of a committee to gather and present facts and statistics concerning the manufacture and sale of intoxicating drinks, and the effects of their use, and to confer with other ecclesiastical bodies with a view to securing joint action with them in presenting such a memorial."

Vour Committee gave a favorable response to this communication, but believe it would come with far more force if the General Assembly would take action in relation to this matter, and authorize either this or some other committee to represent the whole church in presenting this memorial. There is certainly no reasonable objection to a petition addressed to Congress on this behalf, and reliable and well authenticate d facts and figures are what is wanted in the discussion of this question, on the basis of which the friends and foes of the temperance cause may meet and settle their differences.

In closing our report we would urge the Assembly to give this subject that thoughtful and prayerful consideration which its importance demands. We have a grand history in relation to this question, and easily stand first among the churches in regard to our testimony. The times are auspicious, and in the providence of God men have been led to think upon and consider this subject as never before. Ought we not, as a church, to be awake to the largeness of our opportunities and he greatness of our responsibilities in relation to God and coming generations?

Your committee would thankfully acknowledge the uniform kindness and courtesy which have characterized all our correspondence, and the hearty words of cheer and encouragement which have come to us, unmingled with a single word of censure or apparent lack of confidence.

Inasmuch as the term of service of Rev. T. II. Robinson, D. D., elected to fill out the time of Dr. Swift, Rev. I. N. Hays, Robert C. Totten, Esq., and Samuel E. Gill, Esq., will terminate during the sittings of this Assembly, it will be necessary to elect persons to fill these vacancies. We would also recommend that Rev. John F. Hill be put permanently in the place made vacant by the death of Rev. N. B. C. Comingo.

I. N. HAYS, Chaiman,

J. F. HILL Cor. Secretary.

JAMES ALLISON, TREASURER.

PITTSBURGH, May 1st, 1889.

## THE ACTION OF THE ASSEMBLY

#### ON THE FOREGOING REPORT.

The Standing Committee on Temperance presented its Report, which was read and adopted, and is as follows:

The Standing Committee on Temperance, to which has been referred the Eighth Annual Report of the Permanent Committee on this subject, respectfully reports:

That said Report, together with the Committee's records and copies of several tracts issued by them during the past year, have been submitted to us, all of which have been examined, and we are assured by them that the Committee have not been slothful in business, but fervent in spirit, as the servants of the Lord in this connection, according to the means and opportunities afforded them.

Says the report: 'The last has been by far the most busy year in the history of your Committee.' And the evidence of this fact appears in the work which they have accomplished in the preparation, publication and distribution of several thousands of tracts appropriate to the special needs of the Church on this subject, and adapted to the existing attitude of the temperance question in the public mind, and in the extensive correspondence which they have been compelled to sustain, all involving an amount of time and labor which only they who are engaged in such work can adequately estimate.

Let it be observed here that the members of this Committee are all busy men, having duties to perform aside from this Committee sufficient to tax their personal energies to the utmost, consistent with a proper regard for their limited powers of endurance; and that their service on this behalf is an unpaid service—a service that brings them no compensation except that of the consciousness of doing good as the servants of their

Divine Master, and as the promoters of the common weal of humanity

The entire amount of financial resources available for their use during the year was \$1,289.95. From this sum they have paid all the expenses which they incurred in their work, and have a balance left in their treasury of \$500.95. Such economy was not possible but for the self-denial of the Committee in taking upon themselves to perform manual as well as brain labor, in order that the money at their disposal for the Committee's use might be employed exclusively for the production and dissemination of temperance literature, especially fitted for circulation in our Presbyterian churches, and we are informed that all the moneys which have come into the hands of this Committee have been the free-will offerings of their donors, that no soliciting agency whatever has been employed to procure them; that the members of the Committee have not even sought pecuniary help from their personal friends on this behalf. Why should not these free-will offerings be greatly multiplied, and the means thus furnished to this Committee be ample to meet all its financial needs?

Every year the public mind and heart and conscience throughout all Christendom is becoming more and more awake to the enormous evils of intemperance and the curse of the saloon, which is but another and comprehensive name for the traffic in intoxicating liquors as a beverage. And yet, notwithstanding this fact, our modern civilization is disgraced beyond description by the partnership of our own national government with other prominent governments in Europe in affording protection to this traffic, peculiarly infamous, under the circumstances, among the savages of Africa in the Free State of Congo, the effects of which are more disastrous to that poor people than would be a death-dealing pestilence or a murderous war. Intemperance and its agencies are conspired against the Lord and His Annointed, saying: "Let us break their bands assunder and cast their cords from us." But He that sits in the heavens shall laugh at them; the Lord shall have them in derision. There is an enmity in the nature of things between the seed of the woman and the seed of the serpent. This enmity can never be subdued by compromise. The serpent is permitted to bruise

the heel of the seed of the woman, but this bruised heel will crush the head of the seed of the serpent. Let us not hesitate to withstand and labor to overthrow these conspiring foes of the King upon His holy hill of Zion, and of all that is pure and holy upon the face of the earth. The combat is deepening, and we must gird ourselves with might from on high that whatever defeats may be encountered in the struggle we may in the end come off victorious.

We recommend the adoption of the following resolutions by this Assembly:

1. That the Permanent Committee on Temperance be continued, and that it be commended to the confidence and free-will offerings of the Church in support of their special work.

<sup>1</sup> 2. That we earnestly request all our Presbyteries, through their Standing Committees, or otherwise, to co-operate with this Permanent Committee in aid of the purpose for

which it has been created.

3. That we hereby reiterate the deliverances of former Assemblies upon this whole subject, and express our warm sympathy with the wide-spread popular movement now in progress in favor of the complete suppression of the traffic in intoxicating liquors as a beverage, and we bid all wise and proper methods to secure this issue a hearty Godspeed.

4. In view of the ever-increasing labors connected with carrying on the work of this Committee, the General Assembly gives its approval to the employment of a clerk at a reasonable salary to aid in conducting its correspondence and distributing its literature,

provided the means put at its disposal will justify the expenditure.

5. That a Committee be appointed by this Assembly to bear our earnest protest against the infamcus traffic in intoxicating liquors now being carried on in the Free State of Congo, Africa, under the protection of several European governments and the Government of the United States, and to lay the same respectfully before the President of the United States, and, if deemed expedient by the Committee, also to lay the same before Congress, and beg their interposition, respectively, to rescue our nation from its unholy partnership in this iniquity.

6. Whereas, The National Council of the Congregational Churches of the United States appointed a committee of five, at its last meeting, to prepare and present to Congress a memorial, "asking the appointment of a commission to gather and present facts and statistics concerning the manufacture and sale of intoxicating drinks and the effects of their use," and, also, "to confer with other ecclesiastical bodies with a view

to securing joint action with them in presenting such memorial," therefore,

Resolved, That we appoint a Committee of five to unite with the above Committee of the Congregational Churches in memorializing Congress on the subject concerned.

7. We recommend the re-election of the following members of the Committee, whose terms expire with this date: *Minister*—Isaac N. Hays, D.D.; *Ruling Elders*—Robert C. Totten, Esq., Samuel E. Gill, Esq.; and that Rev. John F. Hill be elected to the vacancy created by the death of Rev. N. B. C. Commingo; and Rev. Robert D. Wilson, in place of Rev. Thos. H. Robinson, D.D., who declines a re-election.

It was resolved further that the General Assembly, in reaffirming the deliervances of former Assemblies on the subject of temperance, calls particular attention to the deliverance of 1853, as follows: "That we earnestly recommend to the ministers and congregations in our connection, and to all others, to persevere in vigorous efforts until laws shall be enacted in every State and Territory of our beloved country prohibiting entirely a traffic which is the principal cause of the drunkenness, and its consequent pauperism, crime, taxation, lamentation, war and ruin to the bodies and souls of men with which the country has so long been afflicted."

Resolved, That the deliverances of this Assembly on the subject of prohibition are

not to be construed as the advocacy of any particular political party.
